INDEPENDENT AUDITOR'S REPORT

The ESOP Committee
Sanderson Farms, Inc. and Affiliates Employee Stock Ownership Plan

Opinion

We have audited the financial statements of Sanderson Farms, Inc. and Affiliates Employee Stock Ownership Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits in liquidation as of October 31, 2024 and 2023, the related statements of changes in net assets available for benefits in liquidation for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly in all material respects, the net assets available for benefits in liquidation as of October 31, 2024 and 2023 and the changes in net assets available for benefits in liquidation for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis

As discussed in Note 1 to the financial statements, the Plan's sponsor, Sanderson Farms, Inc. and Affiliates (the "Company") terminated the Plan, effective July 21, 2022, and management determined liquidation is imminent. The remaining plan assets were distributed on October 31, 2024. As a result, the accompanying financial statements have been prepared using the liquidation basis of accounting. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal-control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of October 31, 2024 and the schedule of reportable transactions for the year ended October 31, 2024, are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the

auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

SANDERSON FARMS, INC. AND AFFILIATES
EMPLOYEE STOCK OWNERSHIP PLAN
Years Ended October 31, 2024 and 2023

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan

The following description of the Sanderson Farms, Inc. and Affiliates Employee Stock Ownership Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan for all employees, age 21 or older, with one year of employment, provided the employee has attained 1,000 hours of service with Sanderson Farms, Inc., and its affiliates (collectively, the "Company"). Contributions are determined by the Board of Directors. If a contribution is made by the Company, it is allocated to the accounts of participants who are employed on the last day of the Plan year in the proportion that each participant's compensation bears to the compensation of all participants. Contributions are invested in Company stock. Earnings for the year are allocated based on the account balances of the participants. Benefits are based solely upon the amount contributed to each participant's account and any income, expenses, gains and losses and forfeitures that may be allocated to such participant's account. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by Charles Schwab Trust Bank (the "Trustee") prior to the time that such rights are to be exercised. The Trustee is permitted to vote any unallocated shares and allocated shares in which timely and proper direction on voting rights was not exercised after notice was provided in the same proportion, for and against propositions submitted to the vote of the shareholders, as exercised voting rights on allocated shares.

Plan Termination

Subject to the provisions of ERISA, the Company terminated the Plan, effective July 21, 2022, and determined liquidation was imminent as of July 21, 2022. The remaining plan assets were distributed on October 31, 2024.

Vesting

A participant vests in the Plan as follows:

<u>Completed Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

Regardless of the years of completed service, participants become fully vested in the event of retirement, reaching the age of 65, death or disability.

On July 21, 2022, the Company terminated the Plan. Upon termination, the accounts of all participants became fully vested.

Distributions to Participants

The form of distribution of a participant's interest is determined by a written or online election by the participant as to their preferred method of payment. No distribution from the Plan will be made until a participant retires, dies (in which case payment will be made to his or her beneficiary or, if none, his or her legal representative), otherwise terminates employment with the Company, obtains approval for a written hardship request, or reaches age 62 with ten or more years of service and elects in-service distributions. Distributions may be made in the form of stock certificates or cash distributions. Any cash in the participant's account that had not been used to purchase stock is distributed as cash distributions. Upon termination, all distributions are made in the form of cash distributions.

Pursuant to the enactment of the Setting Every Community Up for Retirement Act (the "SECURE Act"), effective January 1, 2020, the age at which required minimum distributions must begin was increased from 70 ½ to 72.

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account by requesting a distribution or rolling those funds into the Sanderson Farms, Inc. and Affiliates 401(k) Plan (the "401(k) Plan"). Effective December 30, 2023, the 401(k) Plan merged into the Wayne-Sanderson Farms 401(k) Retirement Plan (the "WSF Plan"). The majority of the 401(k) Plan assets were transferred to the control of the WSF Plan on January 3, 2024. The remaining 401(k) Plan assets were transferred to the WSF Plan by March 21, 2024. Effective November 1, 2019, participants must also have a vested account balance of at least \$500 to elect to diversify a portion of their account. Diversification is offered to each eligible participant over a 6-year period. In each of the first 5 years, a participant may diversify up to 25 percent of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent. Effective November 1, 2020, a participant may elect to have up to 25 percent (or 50 percent if a participant has participated in the Plan for thirty years or more) of the total number of shares allocated to his or her account, less the number of shares to which a previous diversification election(s) applied, distributed to the participant or transferred to the 401(k) Plan.

Forfeited Accounts

Forfeitures, which result from participants withdrawing from the Plan prior to being fully vested, are reallocated to participants' accounts. There were no amounts allocated to participants' accounts during the years ended October 31, 2024 and 2023. There were no unallocated forfeitures as of October 31, 2024 and 2023.

Note 2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared using the liquidation basis of accounting in accordance with accounting principles generally accepted in the United States of America.

SANDERSON FARMS, INC. AND AFFILIATES
EMPLOYEE STOCK OWNERSHIP PLAN
Years Ended October 31, 2024 and 2023

NOTES TO FINANCIAL STATEMENTS

Note 2. Continued

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of Assets and Income Recognition

The Plan's assets are reported at liquidation value. For all assets fair value approximates the amount the Plan expects to collect at liquidation.

Purchases and sales of investments are recorded as of the trade date. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Realized gains and losses on sales of investments and distributions of corporate stock are determined based on the difference between the value as of the date of the distribution and the cost of the corporate stock.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company.

Distributions to Participants

Distributions to participants are recorded by the Plan when paid. Subsequent to termination of the Plan, effective July 21, 2022, all distributions are to be made in the form of lump sum cash payment, provided, however, that the Plan's Administrative Committee may direct that a partial lump sum payment be made as soon as reasonably practicable following Plan termination with a remaining lump sum payment made after the Plan has received a favorable determination letter from the Internal Revenue Service ("IRS"). On January 24, 2024, a favorable determination letter from the IRS, with stipulations for which the Plan has complied with through May 29, 2025, was received for distribution of the remaining plan assets. The remaining plan assets were distributed on October 31, 2024.

Note 3. Income Tax Status

The Plan was restated effective November 1, 2013 in order to incorporate all interim amendments since the Plan was last restated and to otherwise include items required under the IRS cumulative list for such submissions. The Plan has received a determination letter from the IRS dated June 3, 2014, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Subsequent to this determination by the IRS, the Plan was amended. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax-exempt.

NOTES TO FINANCIAL STATEMENTS

Note 4. Administration of Plan Assets

The Plan's assets, which consist principally of cash and a money market fund, are held by the Trustee of the Plan. The fund invests its assets in cash, U.S. government securities, and/or repurchase agreements that are collateralized fully by cash and/or U.S. government securities.

Company contributions are held and managed by the Trustee, which invests cash received, interest and dividend income and makes distributions to participants.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Administrative expenses for the Trustee's fees are paid either by the Plan or directly by the Company.

Note 5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Accounting Standards Codification ("ASC") Topic 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. As discussed in Note 2, fair value approximates the amount the Plan expects to collect at liquidation.

Money market fund (Level 1): The money market fund is valued at quoted market prices that represent the net asset value of shares held by the Plan at year-end.

Note 5. Continued

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 6. Related Party Transactions and Party-In-Interest Transactions

Certain Plan investments are cash and money market funds managed by the Trustee; therefore, these transactions qualify as exempt party-in-interest transactions. For the year ended October 31, 2024, the Plan paid \$131,325 to OneDigital Investment Advisors, the custodian of the Plan effective July 26, 2024. For the years ended October 31, 2024 and 2023 the Plan paid \$12,811 and \$329,844 to Milliman, Inc., the custodian of the Plan through July 25, 2024, respectively. As OneDigital and Milliman, Inc. are service providers to the Plan, these transactions qualify as exempt party-in-interest transactions. Plan expenses paid by the Company on behalf of the Plan qualify as exempt party-in-interest transactions. Additionally, the Plan incurred \$105 and \$0 in fees related to stale-dated checks during 2024 and 2023, respectively.

Note 7. Plan Termination

Subject to the provisions of ERISA, the Company terminated the Plan, effective July 21, 2022, and the accounts of all participants became fully vested. On January 24, 2024, a favorable determination letter from the IRS, with stipulations for which the Plan has complied with through May 29, 2025, was received for distribution of the remaining Plan assets. The remaining plan assets were distributed on October 31, 2024.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits in liquidation.

Note 9. Subsequent Events

The Plan has evaluated subsequent events through May 29, 2025, the date the financial statements were available to be issued. As of October 31, 2024, distributions in the amount of \$2,520 were pending and are recorded within the participants distributions payable on the accompanying statement of net assets available for benefits in liquidation. Final distributions cleared the Plan in April 17, 2025.
