|---------------|--------------------------------------|

**1** Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

## INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the Incyte Corporation 401(k) Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Incyte Corporation 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Plan management, having determined it is permissible in the circumstances, has elected to have the audits of the Incyte Corporation 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Plan management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that Plan management determined meet the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Incyte Corporation 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### Responsibilities of Plan Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Plan management's election of the ERISA Section 103(a)(3)(C) audit does not affect Plan management's responsibility for the financial statements.

In preparing the financial statements, Plan management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Incyte Corporation 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Plan management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Incyte Corporation 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Plan management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Incyte Corporation 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedules Required by ERISA**

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2024, and Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Plan management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by institutions that Plan management determined meet the requirements of ERISA Section 103(a)(3)(C).

# Incyte Corporation 401(k) Plan

## Notes to Financial Statements

December 31, 2024

### **1. Description of the Plan**

The following description of the Incyte Corporation 401(k) Plan (the “Plan”) provides only general information about the Plan’s provisions. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

#### **General**

The Plan is a defined contribution plan covering substantially all employees of Incyte Corporation, Incyte Holding Corporation, Incyte Research Institute, LLC, and Escient Pharmaceuticals (see Note 8) (the “Company”) who are age 21 or older and who have completed one hour of service, except for leased employees, nonresident aliens who did not receive any earned income from the employer, employees covered by a collective bargaining agreement, interns, consultants, and agency workers. The Plan document excludes temporary employees with less than 1,000 hours of service from participating in the Plan. Salary deferral eligibility requirements for these employees have been modified to reflect provisions required by the Setting Every Community Up for Retirement Enhancement 2.0 Act of 2022 (“SECURE Act 2.0”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

#### **Contributions**

Each year, participants may elect to contribute up to 100% of annual compensation as a salary deferral contribution or as a Roth contribution, subject to annual deductibility limits specified under the Internal Revenue Code (the “Code”). The limitation was \$23,000 (\$30,500 for participants who are age 50 or older at the end of the plan year) for the calendar year 2024.

The Company makes matching contributions of 100% of the first 6% of base compensation that a participant contributes to the Plan for each payroll period, not to exceed Code limitations.

The Company may make profit-sharing contributions at its discretion. There were no profit-sharing contributions made by the Company in 2024.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants may direct the investment of their contributions and the Company’s matching and profit-sharing contributions to any of the Plan’s fund options.

# Incyte Corporation 401(k) Plan

## Notes to Financial Statements (continued)

### 1. Description of the Plan (continued)

#### Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's contributions and allocations of Plan earnings, and is charged with an allocation of administrative expenses, if applicable. Plan earnings are allocated based on the participant's share of net earnings or losses of his/her respective elected investment options. Allocations of administrative expenses, if any, are based on the participant's account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### Vesting

Participants are immediately vested in all salary deferrals, matching contributions, prior safe-harbor matching contributions and rollover contributions, plus actual earnings thereon. Any participant actively employed on or after January 1, 2016 is 100% vested in pre-2016 matching contributions. Pre-2016 matching contributions and profit-sharing contributions vest ratably over four years or credited service as defined in the Plan document, as well as upon death, disability, retirement age (62), or early retirement age (55). Forfeited balances of terminated participants' non-vested accounts shall be applied (1) to restore accounts of terminated participants who subsequently resume employment with the Company and whose accounts are restored pursuant to the terms of the Plan, (2) to reduce the Company's matching contributions, and (3) to pay administrative expenses. There was \$18,928 and \$66 of unallocated forfeitures as of December 31, 2024 and 2023, respectively. During 2024, the Company used \$0 of forfeitures to offset Company matching contributions.

#### Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of 50% of their vested account balance or \$50,000. The amount available for borrowing is reduced by the amount of the highest outstanding loan balance during the previous one-year period. Loan terms range from 1-5 years or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing commercial rates for loans of similar types. Principal and interest are paid ratably through biweekly payroll deductions. A participant may only have one loan outstanding at any given time.

## Incyte Corporation 401(k) Plan

### Notes to Financial Statements (continued)

#### **1. Description of the Plan (continued)**

##### **Payment of Benefits**

Upon termination of service, death, disability, retirement, or at age 59 ½ or older, participants may elect to receive an amount equal to the vested value of their accounts in the form of a lump-sum payment or annual installments. Hardship distributions are permitted if certain criteria are met.

##### **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants would become 100% vested in their accounts.

#### **2. Summary of Significant Accounting Policies**

##### **Basis of Accounting**

The accompanying financial statements have been prepared on the accrual basis of accounting.

##### **Contributions**

Contributions from Plan participants and matching contributions from the Company are generally recorded in the year in which the employee contributions are withheld from compensation. The Company may prefund participant and Company contributions based on the timing of its payroll cycles. For financial statement purposes, contributions recorded in 2024 include \$1,444,849 of participant contributions and \$793,523 of Company matching contributions related to prefunded 2025 Plan year contributions.

##### **Payment of Benefits**

Benefits are recorded when paid.

##### **Administrative Expenses**

Administrative expenses may be paid either by the Plan or the Company, as provided by the Plan's provisions. Expenses that are paid by the Company are excluded from these financial statements. Certain investment related expenses are included in the net appreciation or

#### **2. Summary of Significant Accounting Policies (continued)**

depreciation of fair value of investments. Plan participants pay loan origination and recordkeeping fees.

#### **Notes Receivable from Participants**

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

#### **Investment Valuation and Income Recognition**

The Plan's investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

#### **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedules. Actual results could differ from those estimates.

#### **Subsequent Events**

Subsequent events have been evaluated through May 30, 2025, which is the date the financial statements were available to be issued.

## Incyte Corporation 401(k) Plan

### Notes to Financial Statements (continued)

#### **3. Information Certified by Qualified Institutions**

The Plan administrator having determined that it is permissible in the circumstances elected to have the audits of the Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information included in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year) was obtained or derived from information obtained by the Plan administrator and certified as complete and accurate by State Street Bank and Trust Company and Transamerica Trust Company, qualified institutions and trustees of the Plan, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

- Investments, at fair value, cash, accrued income, and notes receivable from participants as reported in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Investment activity, including interest and dividends, net appreciation in fair value of investments, and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
- The information for all mutual funds, collective trust fund, and participant loans listed in the schedule of assets (held at end of year) as of December 31, 2024 as shown in the ERISA-required supplemental schedules.

#### **4. Fair Value Measurements**

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

## Incyte Corporation 401(k) Plan

### Notes to Financial Statements (continued)

#### 4. Fair Value Measurements (continued)

- Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:
  - quoted prices for similar assets and liabilities in active markets;
  - quoted prices for identical or similar assets or liabilities in markets that are not active;
  - observable inputs other than quoted prices that are used in the valuation of the assets or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals);
  - inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management’s own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

The following is a description of the valuation techniques and inputs used for each general type of assets measured at fair value by the Plan.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Collective trust fund:* Valued based at NAV per share, which is determined by dividing the fund’s net assets at fair value by its units outstanding at the valuation date. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

## Incyte Corporation 401(k) Plan

### Notes to Financial Statements (continued)

#### 4. Fair Value Measurements (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets carried at fair value.

| <b>Assets at Fair Value as of December 31, 2024</b> |                |                |                |                |
|---|----------------|----------------|----------------|----------------|
|   | <b>Level 1</b> | <b>Level 2</b> | <b>Level 3</b> | <b>Total</b>   |
| Mutual funds  | \$ 441,995,284 | \$ -           | \$ -           | \$ 441,995,284 |
| Collective trust fund <sup>(a)</sup>                |                |                |                | \$ 441,995,284 |
| Total assets at fair value                          |                |                |                | \$ 69,055,131  |

| <b>Assets at Fair Value as of December 31, 2023</b> |                |                |                |                |
|---|----------------|----------------|----------------|----------------|
|   | <b>Level 1</b> | <b>Level 2</b> | <b>Level 3</b> | <b>Total</b>   |
| Mutual funds  | \$ 349,946,709 | \$ -           | \$ -           | \$ 349,946,709 |
| Collective trust fund <sup>(a)</sup>                |                |                |                | \$ 349,946,709 |
| Total assets at fair value                          |                |                |                | \$ 61,782,278  |

<sup>(a)</sup>In accordance with fair value measurement guidance, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented as investments in the statements of net assets available for benefits.

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31, 2024 and 2023.

## Incyte Corporation 401(k) Plan

### Notes to Financial Statements (continued)

#### **4. Fair Value Measurements (continued)**

The Transamerica Retirement Solutions Corporation Stable Pooled Fund has invested all of its assets in the Galliard Stable Return Fund (formerly, Wells Fargo Stable Return Fund), a collective trust fund. The Galliard Stable Return Fund is designed to protect principal while providing a higher rate of return than shorter maturity investments, such as money market funds or certificates of deposit. Participant-directed redemptions are permitted, subject to a 90-day provision when transferring to non-competing funds. A written notice is required if the Plan's participation in the fund is terminated and withdrawals from the fund will be made within the 12-month period following receipt of the written withdrawal request.

#### **5. Risks and Uncertainties**

The Plan provides for various investment options to its participants. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

#### **6. Related-Party and Party in Interest Transactions**

The Plan holds units of a collective trust fund managed by Transamerica Retirement Solutions Corp, which is affiliated with Transamerica Retirement Solutions, LLC ("Transamerica"), the Plan recordkeeper. The Plan may also invest in interest-bearing cash managed by State Street Bank and Trust Company, a trustee of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

During 2024, the Company failed to remit to the Plan's trustee certain employee contributions for one participant totaling \$2,764 within the period prescribed by the Department of Labor regulations. During 2025, the Company made contributions to the affected participant's account to compensate for potential lost income due to the processing delay. The Company believes this error and correction do not affect the tax status of the Plan and that it has taken all actions prescribed by the regulations to remedy the error.

#### **7. Tax Status**

The Plan has received a determination letter from the Internal Revenue Service ("IRS") dated May 7, 2015, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan has been amended since receiving the determination letter. The Plan administrator believes the Plan is being operated in

#### **7. Tax Status (Continued)**

compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

#### **8. Plan Amendments**

Effective January 1, 2024, the Plan was amended and restated for the following:

- To include Escient Pharmaceuticals as a participating employer as of July 1, 2024;
- To increase the mandatory distribution amount to \$7,000;
- Make other general administrative changes.
