(1) Name: **BDO USA PC**

(2) EIN: **13-5381590**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		10000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.		X

Independent Auditor's Report

To the Plan Administrator
MBIA Inc. Employees Pension Plan
Purchase, New York

Opinion

We have audited the financial statements of MBIA Inc. Employees Pension Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including

comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

1. Plan Description

General and Contributions

The MBIA Inc. Employees Pension Plan (the "Plan") is a non-contributory money-purchase defined contribution pension plan for eligible employees of MBIA Inc. and Subsidiaries (the "Company") who are at least 21 years of age. Leased employees, temporary employees and employees classified as interns are not eligible to participate in the Plan. Contributions are made once a year by the Company at the rate of 10% of eligible compensation paid to eligible participants who have completed 1,000 hours of service during the Plan year and are employees as of the last day of the Plan year. Contributions are subject to certain limitations.

Effective November 12, 2024, new optional withdrawal and distribution provisions, all of which are exceptions to the additional tax on early distributions, were made available for inclusion under the Plan. These options allow for emergency expense distributions of up to \$1,000, allow domestic abuse victim distributions up to \$10,000, allow for qualified birth or adoption distributions in an amount of up to \$5,000 per child, allow for participants living in the area of a major FEMA declared disaster withdrawals up to \$22,000 and allow access to earnings on elective deferral amounts for hardship withdrawals.

The Plan is administered by the MBIA Inc. Investment Management Committee and the Plan's assets are managed by Fidelity Management Trust Company ("Fidelity"), the investment advisor, trustee and custodian.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Participants should refer to the Summary Plan Description and Plan Document for specific information regarding Plan provisions.

Vesting and Forfeitures

Vesting begins after two years of service with full vesting achieved after five years of service. The Plan's vesting methodology is based on an "elapsed time" methodology, which provides for employees to be credited with a number of years of service equal to the number of whole years (12 consecutive months) based on an employee's period of service starting with hire date with the employer regardless of whether or not such periods of service were completed consecutively. Upon reaching the normal retirement date, death or becoming disabled, a participant becomes fully vested in the Company's contributions. Nonvested benefits remaining after termination of employment are forfeited upon the earlier of a distribution or five-year period break in service and may serve to reduce future Company contributions. The forfeiture balance as of December 31, 2024 and 2023 was \$64,514 and \$124, respectively. The December 31, 2024 and 2023 forfeiture balances were utilized to reduce the 2024 and 2023 Company contributions funded in early 2025 and 2024, respectively.

MBIA INC.
EMPLOYEES PENSION PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
DECEMBER 31, 2024 AND 2023

Participant Accounts

Each participant has an account which is credited with the Company's contribution and the net results from the investment activities of the participant's accounts, reduced for any withdrawal activity and fees associated with certain participant initiated transactions and self-directed brokerage accounts. Upon retirement, disability, death or termination, a participant or beneficiary can elect to receive a lump-sum distribution, installment distributions or purchase a joint and survivor annuity contract or single life annuity contract. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

A participant may borrow from his or her account a minimum of \$1,000 up to a maximum for all participant loans equal to the lesser of \$50,000 reduced by the excess, if any, of the highest outstanding balance of loans from the Plan during the one-year period prior to the date of the loan over the current outstanding balance of loans or 50% of his or her vested account balance reduced by the then outstanding balance of any other loans that a participant received from the Plan. The Plan includes cross-plan loan service, which allows the Plan to take multiple plans maintained by the Company into consideration in calculating a participant's maximum loan available amount. This calculation combines the participant's vested account balances and outstanding loan balances across related plans. In addition, all loans across all plans will be aggregated in determining the highest loan balance over the past twelve months. Loan terms may range from 1 to 5 years, or longer for the purchase of a principal residence but not to exceed 10 years. The loans are collateralized by the vested account balance and bear a reasonable rate of interest as managed by Fidelity based on the interest rates charged for similar types of loans by other lenders. Principal and interest are paid ratably through semi-monthly payroll deductions or through direct payment from former employees.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements have been prepared using the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported changes in net assets available for benefits during the reporting period. Actual amounts could differ from those estimates.

Investments

The Plan's investments are stated at fair value.

MBIA INC.
EMPLOYEES PENSION PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
DECEMBER 31, 2024 AND 2023

The Plan's shares of mutual funds are valued at quoted market prices which represent the net asset value ("NAV") of shares held by the Plan at each year-end. The mutual funds held by the Plan are deemed to be actively traded. The investments in the collective trusts are valued at NAV per unit, as determined by the trustee at year-end. The NAV is used as the practical expedient to estimate fair value. One of the Plan's investment options includes a participant directed brokerage account which allows participants to establish a brokerage account and select various investments consisting of mutual funds and Exchange Traded Funds ("ETF"). Investments in ETF's are stated at fair value based on the last reported sales price on the last business day of the year in the active market in which the security is traded.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income from investments is recorded on an accrual basis. Dividend income is recorded on the ex-dividend date. The Plan's net appreciation in the fair value of its investments consists of the realized gains and losses and unrealized appreciation and depreciation on investments.

Contributions

Company contributions are made and recorded annually. The actual amounts funded for the 2024 and 2023 Company contributions are shown as an employer contribution receivable on the Statements of Net Assets Available for Benefits. The employer contribution receivable was funded in early 2025 and 2024, respectively.

Notes Receivable from Participants

Notes receivable from participants are stated at their unpaid principal balance, plus any accrued but unpaid interest. Loans outstanding are reflected as a receivable of the Plan. Interest income is recorded on an accrual basis. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses and Revenue Credit Account

Administrative expenses, which consist primarily of investment management, recordkeeping and auditing fees, are paid directly by the Company rather than from Plan assets, and are not reflected in the Plan's financial statements. Fees charged by Fidelity

MBIA INC.
EMPLOYEES PENSION PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
DECEMBER 31, 2024 AND 2023

relating to certain participant initiated transactions and fees associated with self-directed brokerage accounts are paid from the respective participants' accounts.

The Plan may elect to allocate the revenue credit received from Fidelity, on a quarterly basis, to eligible participants' accounts based on a defined formula. The amount allocated for the year ended December 31, 2024 was \$26,642. The revenue credit received from Fidelity exceeds the administrative fees charged by Fidelity for the year ended December 31, 2024. The net amount is not material to the financial statements and is included in interest and dividends.

Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board, Accounting Standards Codification Topic 820, "Fair Value Measurement" are described as follows:

Level 1 – Valuations based on unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Valuations based on: a) quoted prices for similar assets or liabilities in active markets, b) quoted prices for identical or similar assets or liabilities in inactive markets, c) inputs other than quoted prices that are observable for the asset or liability, and d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Valuations based on inputs that are unobservable and supported by little or no market activity and that are significant to the overall fair value measurement.

To the extent that the valuation is based on inputs that are less observable or unobservable, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is more significant for the investments categorized in Level 3. In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined based on the lowest level input that is significant to the fair value measurement in its entirety. Estimated values do not necessarily represent the amounts that may be ultimately realized due to the occurrence of future circumstances that cannot be reasonably determined. Because of the inherent uncertainty of valuation, those estimated values may be materially higher or lower than the values that would have been used had the securities been readily marketable. There have been no changes in the valuation methodologies or

MBIA INC.
EMPLOYEES PENSION PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
DECEMBER 31, 2024 AND 2023

inputs used to value Plan assets at December 31, 2024 and 2023. Refer to Note 5, Investments, for information regarding the fair value of Plan investments.

3. Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

4. Plan Termination

The Company has not expressed any intent to discontinue its contributions or terminate the Plan. However, it reserves the right to temporarily suspend contributions to or amend or terminate the Plan. Upon termination of the Plan, the accounts of all affected participants shall become fully vested, and the net assets of the Plan shall be distributed among the participants and beneficiaries of the Plan in proportion to their respective account balances, subject to the provisions of ERISA.

5. Investments

The Plan's investment assets recorded at fair value have been categorized based upon a fair value hierarchy, as described in Note 2. The following tables set forth by level, within the fair value hierarchy, information about the Plan's assets measured at fair value as of December 31, 2024 and 2023:

Assets at Fair Value as of December 31, 2024

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2024 and 2023, respectively.

	Fair Value 12/31/24	Fair Value 12/31/23	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Collective trusts	\$ 38,025,157	\$ 31,696,048	N/A	Daily	Daily

Collective Trusts

The Plan has two collective trust investments, the Fidelity Managed Income Portfolio (the "MIP") and the Fidelity Growth Company Commingled Pool (the "Growth Co. Pool"). Under the terms of each respective investment's Declaration of Trust, withdrawals directed by the Plan Sponsor, not the participants, must be preceded by a 12 month written notice to the MIP and a 30 day written notice to the Growth Co. Pool. These are direct filing entities.

6. Tax Status

Effective August 13, 2021, the Plan adopted the Fidelity Pre-Approved Money Purchase Pension Plan ("Pre-Approved Plan"). The Internal Revenue Service ("IRS") ruled on June 30, 2020, that the Pre-Approved Plan, including related amendments, as designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since the adoption of the Pre-Approved Plan. The Plan Administrator believes the Plan is currently designed and is being operated in accordance with the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more-likely-than-not would not be sustained on examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

7. Related Party Transactions

Certain Plan investments are managed by Fidelity, the investment advisor, trustee and custodian for the Plan. The Plan also holds notes receivable from participants. These transactions qualify as party-in-interest transactions.

8. Subsequent Events

The Plan's management has evaluated subsequent events through June 2, 2025, the date the financial statements were available to be issued. There were no subsequent events requiring adjustments to the financial statements or disclosures.
