(1) Name: PRICEWATERHOUSECOOPERS LLP

(2) EIN: 13-4008324

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		20000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.

Report of Independent Auditors

To the Administrator of New York University Retirement Plan for Adjunct Faculty Members

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform an audit of the financial statements of New York University Retirement Plan for Adjunct Faculty Members (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of August 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended August 31, 2024, including the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of August 31, 2024 and 2023 and for the year ended August 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

Basis for Disclaimer of Opinion

The Plan sponsor’s accounting records for contracts and custodial accounts issued to current or former employees prior to January 1, 2009 do not provide sufficient evidence supporting investments, benefit payments, investment income and net assets available for benefits to permit the application of adequate auditing procedures.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan’s transactions that are presented and disclosed in the financial statements are in conformity with the plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan’s financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors’ report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Supplemental Schedule Required by ERISA

Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of August 31, 2024 (“supplemental schedule”), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on this supplemental schedule.

Notes to Financial Statements

August 31, 2024 and 2023

1. Description of Plan

The following description of the New York University Retirement Plan for Adjunct Faculty Members (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was organized effective December 1, 2008. The Plan is a defined contribution 403(b) plan covering all adjunct faculty members (except adjunct faculty employed by the NYU Robert I. Grossman School of Medicine and NYU Grossman Long Island School of Medicine) whose employment is covered by the collective bargaining agreement (CBA) between New York University (NYU), the Plan Administrator, and International Union, United Auto Workers (UAW), The American Federation of Labor and Congress of Industrial Organizations (AFL-CIO) and Local 7902, Adjuncts Come Together (ACT). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended under the Pension Protection Act of 2006.

Effective September 2, 2022, a new CBA was ratified between NYU and UAW, AFL-CIO and ACT covering the period from September 1, 2022 through August 31, 2028. Effective December 1, 2023, pursuant to the new CBA, participant eligibility was expanded to include bargaining unit eligible employees who tutored.

The following modifications became effective December 1, 2024:

- Participant eligibility was expanded to include criteria based on a one-, two-, or three-year look back period. For additional information regarding eligibility and minimum hours worked, please reference the CBA;
- NYU's nonelective employer contributions were decreased from 6% to 5% of the participant's immediately previous academic year compensation; and
- A NYU matching contribution was introduced equal to the participant's pretax and/or Roth after-tax contributions to the New York University Supplemental Tax Deferred Annuity Plan in the immediately previous academic year that do not exceed 5% of eligible compensation from the adjunct participant's immediately previous academic year compensation.

The Plan assets are held by the Trustees, Teachers Insurance and Annuity Association of America (TIAA) and College Retirement Equities Fund (CREF), as insurance companies (collectively TIAA and CREF). TIAA is a legal reserve life insurance and annuity company. CREF is an open-end diversified management investment company. TIAA and CREF are insurance carriers regulated, supervised and subject to periodic examinations. The plan allows participants to purchase unallocated investments, notably mutual funds held in custodial accounts, through TIAA, and variable annuity contracts through CREF.

The balance in each participant's account is comprised of the NYU contributions made on their behalf and Plan earnings less expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Contributions

Prior to December 1, 2024 NYU made nonelective employer contributions to eligible participant accounts at a rate of 6% of the participant's base compensation for the preceding academic year.

New York University Retirement Plan for Adjunct Faculty Members

Notes to Financial Statements

August 31, 2024 and 2023

Effective December 1, 2024, NYU makes nonelective employer contributions to eligible participant accounts at a rate of 5% of the participant's base compensation for the preceding academic year and an NYU matching contribution equal to the participant's pretax and/or Roth after-tax contributions to the New York University Supplemental Tax Deferred Annuity Plan in the immediately previous academic year that do not exceed 5% of eligible compensation from the adjunct participant's immediately previous academic year compensation.

Vesting

Participants are fully vested in their account balances upon becoming an eligible participant. Employees become eligible to receive an employer contribution if employed in the bargaining unit as an adjunct faculty member during the Fall, Winter, Spring and/or Summer semesters of each of the previous three academic years. For additional information regarding minimum hours worked, please reference the CBA.

Payment of Benefits

On termination of service due to a participant's retirement, death, or termination of employment at NYU, plan benefits may be paid. Withdrawal options for participants include a lump sum withdrawal, a series of partial withdrawals or an annuity payout.

Investments

Upon enrollment in the Plan, participants' contributions are allocated between the investment options in whole percentages to purchase accumulation units or annuity contracts. The number of units purchased is based on the net asset value (NAV) per unit on the day their contributions are received. Investment return is allocated to participants' accounts based upon the number of units the participant owns in each investment and the net appreciation of the assets in the investment.

The Plan allows participants to direct the investment of their accounts into the TIAA Traditional Annuity, the TIAA Real Estate pooled separate account, CREF variable annuities, and various mutual funds. Participants may change their investment options at their discretion.

2. Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of the Plan's financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingencies at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from these estimates and such differences could be material.

Investment Valuation and Income Recognition

The Plan's investments are held with the Trustees of the Plan. Shares of mutual funds are stated at fair value based upon quoted prices in actively traded markets as of August 31, 2024 and 2023, where a quoted market exists. Where no quoted market exists, fair value is determined by the Trustees or independent appraisers. Investments in pooled separate accounts and variable annuities are valued at the unit value at year end. Investments in fixed income annuity contracts are valued at fair value based on discounted cash flows as more fully described in Note 4.

Notes to Financial Statements

August 31, 2024 and 2023

Contributions to the TIAA Traditional Annuity are used to purchase a guaranteed amount of future retirement benefits. TIAA provides annuities, which are considered unallocated contracts. The TIAA Traditional Annuity guarantees principal and pays a guaranteed minimum interest rate during the accumulation and payout phases. The TIAA Traditional Annuity is offered through Group Supplemental Retirement Annuity (GSRA), Supplemental Retirement Annuity (SRA), and Retirement Annuity (RA) contracts, through April 2024. Effective April 2024, the TIAA Traditional Annuity is offered through Retirement Choice (RC) and Retirement Choice Plus (RCP) contracts. The TIAA Traditional Annuity offered through RA, GSRA, and SRA contracts prior to April 2024 will remain in a participant's account until they elect to make a transfer.

The TIAA Traditional Annuity holdings within the RA and RC contracts have liquidity restrictions and are nonfully benefit responsive. At August 31, 2024 and 2023, the balance of the TIAA Traditional Annuity offered through RA contracts was \$1,164,889 and \$806,909, respectively. At August 31, 2024, the balance of the TIAA Traditional Annuity offered through RC contracts was \$77,667. For the RA contracts, the guaranteed minimum interest rate is 3.00%. For RC contracts, the guaranteed minimum interest rate is between 1.00% and 3.00%. Additional amounts above the guaranteed minimum interest rate may be declared at the discretion of the TIAA Board of Trustees on an annual basis. When declared, the additional amounts remain in effect for the declaration year beginning each March 1, and are not guaranteed for future years. Together the guaranteed minimum interest rate and additional amounts make up the crediting rate in the accumulation phase. TIAA groups premium dollars received over defined periods for the purpose of determining the crediting rate for the applicable declaration year during the accumulation period. During the year ended August 31, 2024, the average monthly crediting rate for regular annuities in the accumulation phase for RA and RC contracts was 5.33% and 5.58%. Distributions and withdrawals can be made in 10 annual installments from the RA contracts and 84 monthly installments from the RC contracts through Transfer Payout Annuities.

The TIAA Traditional Annuity holdings within the GSRA, SRA and RCP contracts contain no liquidity restrictions and are fully benefit responsive and accordingly are reported at contract value. At August 31, 2024 and 2023, the balance of the TIAA Traditional Annuity offered through these contracts was \$1,483 and \$356, respectively. During the year ended August 31, 2024, the average monthly crediting rate for fully benefit responsive contracts was 4.83%.

The Plan presents the net appreciation in the fair value of its investments in the statement of changes in net assets available for benefits, which consists of the realized gains or losses and the net unrealized appreciation or depreciation on those investments less expenses. Interest credited on the TIAA Traditional Annuity is classified as interest income.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date and interest income is recorded on the accrual basis.

Payment of Benefits

Benefits are recorded when paid.

Loans

Loans are not available under the terms of the Plan.

Expenses of the Plan

Trustee-related expenses are deducted from the net assets of each account each valuation day for investment management, administration and distribution services. Investment management and operating expenses charged to the Plan for investments in mutual funds are deducted from income

earned on a daily basis. Expenses are not separately reflected within the statement of changes to net assets available for benefits but are included as an offset to net appreciation in fair value of investments. Certain other administrative expenses paid by NYU are not reflected in the Plan's financial statements.

Risks and Uncertainties

The Plan invests in various types of investment securities including mutual funds, variable annuities, a pooled separate account and a fixed dollar annuity contract. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the value of participant account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Reclassifications

Certain amounts in the 2023 financial statements have been reclassified to conform to the current year's presentation. These reclassifications have no impact on the net assets available for benefits or changes in net assets available for benefits previously reported.

3. Certified Financial Data

The following is a summary of financial information included in the Plan's financial statements and supplemental schedule which was certified by TIAA and CREF as of August 31, 2024 and 2023, and for the year ended August 31, 2024. TIAA and CREF has been authorized by its directed custodian (Note 1) to certify the data as complete and accurate in accordance with 29 CFR Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements

Authoritative guidance on fair value measurements, Accounting Standards Codification Topic (ASC) 820, *Fair Value Measurement*, establishes a hierarchy of valuation methodologies based on the extent to which asset valuations are observable in the marketplace. The following describes the hierarchy of methodologies used to measure fair value of investments:

- Fair value for Level 1 is based upon quoted prices in actively traded markets that the Plan has the ability to access for identical assets and liabilities. Market price data is generally obtained from exchange or dealer markets. The Plan does not adjust the quoted price for such assets and liabilities.
- Fair value for Level 2 is based on quoted prices for instruments similar to those held by the Plan in actively traded markets, quoted prices for identical instruments similar to those held by the Plan in markets that are not actively traded and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data. Inputs are obtained from various sources including market participants, dealers, and brokers.
- Fair value for Level 3 is based on valuation techniques used to assess prices that are unobservable as the assets and liabilities trade infrequently or not at all.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date. There have been no changes in the methodologies used as of August 31, 2024.

(1) This category includes investments in CREF variable annuities. In an effort to reduce market timing and excessive trading, shareholders are not permitted to make electronic transfers back into the same account with a purchase or exchange for 90 calendar days, if a purchase, sale or repurchase within the account is made within a 60-day period.

(2) This category includes investments in real estate and real estate-related investments. Although the underlying assets of the pooled separate account cannot be quickly sold and converted to liquid assets, the TIAA General Account provides a liquidating guarantee to meet participants' redemption, transfer or cash withdrawal requests varying from one to three days. Redemptions out of this investment are limited to one per quarter. Internal transfers into the TIAA Real Estate account are prohibited if the transfer causes the value of the participant's total accumulation in the account to exceed \$150,000. The purpose of this limitation is to ensure more predictable account inflows and outflows, which is expected to facilitate efficient portfolio management over the long term.

There are no redemption notice periods required by nor significant fees imposed by the insurance companies should the Plan choose to no longer allow Plan assets to be invested in a particular variable annuity or pooled separate account. Trade settlement terms are 1-3 day(s).

Level 3 Investments

The Level 3 investment assets consist of fixed income annuity investments in the TIAA Traditional Annuity RA and RC contracts. The Plan had Level 3 purchases in the amount of \$413,425 for the year ended August 31, 2024. There were no transfers into or out of Level 3 during the year.

5. Plan Termination

NYU has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. NYU has not expressed any intent to discontinue the Plan.

6. Tax Status

The Plan has been designed to qualify for tax-exempt status under Section 403(b) of the Internal Revenue Code (the Code). The Plan Administrator believes that the Plan is currently designed and operating in accordance with the applicable requirements of Section 403(b) of the Code and, therefore, believes the Plan is qualified and the related custodial accounts and tax deferred annuities are tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires an evaluation of tax positions taken by the Plan and recognition of a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of August 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2021.

7. Party-In-Interest and Related Party Transactions

Certain of the Plan's investments are managed by the Trustees, TIAA and CREF, and therefore these transactions qualify as party-in-interest. The fair value of investments that qualify as party-in-

interest transactions was \$2,032,355 as of August 31, 2024 and \$1,361,264 as of August 31, 2023, respectively.

8. Subsequent Events

The Plan Administrator has evaluated subsequent events through May 23, 2025, the date the financial statements were available to be issued. There have been no subsequent events that occurred during this period that would require recognition or disclosure in the financial statements as of August 31, 2024 or for the year then ended.
