INDEPENDENT AUDITORS' REPORT

Trustees, Supervisory Committee, and Plan Participants
Police and Fire Federal Credit Union Employees' Retirement Plan
Philadelphia, Pennsylvania

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Police and Fire Federal Credit Union Employees' Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Police and Fire Federal Credit Union Employees' Retirement Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Police and Fire Federal Credit Union Employees' Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Police and Fire Federal Credit Union Employees' Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Trustees, Supervisory Committee, and Plan Participants
Police and Fire Federal Credit Union Employees' Retirement Plan

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Police and Fire Federal Credit Union Employees' Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Police and Fire Federal Credit Union Employees' Retirement Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Police and Fire Federal Credit Union Employees' Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Police and Fire Federal Credit Union Employees' Retirement Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Police and Fire Federal Credit Union Employees' Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Police and Fire Federal Credit Union Employees' Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Police and Fire Federal Credit Union Employees' Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Police and Fire Federal Credit Union Employees' Retirement Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

DECEMBER 31, 2024 AND 2023

NOTE 1 DESCRIPTION OF PLAN

The following description of Police and Fire Federal Credit Union Employees' Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan Sponsor is Police and Fire Federal Credit Union (the Credit Union).

General

The Plan is a defined contribution plan covering all employees of the Credit Union. The Plan was originally effective June 1, 1946 and has been amended throughout the years to comply with tax legislation and was most recently restated effective January 1, 2021. The Plan is subject to the provisions of ERISA, as amended.

Eligibility

Employees of the Credit Union are eligible to enter the Plan if they are 18 years of age or older. Employees of the Credit Union are eligible to receive the credit union contribution if they are 18 years of age or older, worked one year, and have completed 1,000 hours of service.

Once employees have met the eligibility requirements, they are allowed to enter the Plan immediately. After entering the Plan, an employee must complete at least 1,000 hours of service during a calendar year to remain eligible to receive the Credit Union profit sharing contribution but will remain eligible to make 401(k) deferrals regardless of hours of service completed.

Recordkeeping for the Plan is performed by Vanguard Fiduciary Trust Company (Vanguard).

Contributions

Participant: Participants may elect to contribute a certain percentage of their pre-tax annual eligible compensation to the Plan up to a maximum of 60%, not to exceed Internal Revenue Service (IRS) limits (voluntary or 401(k) contributions). Effective January 1, 2024, the Plan was amended to allow for Roth deferrals. Participants may elect to change their contribution percentage biweekly. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their pre-tax deferral rate set at 3% of eligible compensation. The automatic deferral amount is increased by 1% starting in July of the year following enrollment. This increase will occur each year until a 10% deferral rate is reached. The automatic increase feature will apply to participants who were automatically enrolled and elected a deferral amount below 10%. Participants may change their contribution percentage at any time despite the automatic deferral rate and automatic increases.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Contributions (Continued)

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans, commonly referred to as rollover contributions. Participants who attain age 50 or older by the end of the year may make catch-up deferral contributions up to \$7,500 for the years ended December 31, 2024 and 2023, not to exceed the catch-up limitations set by the IRS. Participants may direct their contributions into any of the Plan's fund options. The Plan currently offers 20 fund options for participants, including money market, balanced, index, fixed income, and growth funds.

Credit Union: The Credit Union makes a mandatory profit sharing contribution that is equal to 6% of the participant's eligible compensation, as defined. If an employee does not work 1,000 hours during a Plan year, the contribution will be forfeited from their account after year-end.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Credit Union's contribution, and Plan earnings and is reduced by participant's distributions, Plan losses, and administrative expenses, if applicable. Allocations are based on participant compensation, account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus net investment income allocated thereon. The portion of a participant's account attributable to the Credit Union's mandatory profit sharing contribution and net investment income thereon is 100% vested after three years of credited service, or if the participant dies or becomes disabled. Vesting does not mean the amount is guaranteed as vested amounts are subject to various market risks no differently than non vested amounts.

Payment of Benefits

The payment of benefits to the participant, participant's spouse, or designated beneficiary will commence upon death, disability, retirement, or termination of employment. The method of payment may be a single lump sum cash payment or installments. Only participants who are receiving required minimum distributions are permitted to take installment payments. In lieu of payment, the participant has the option to roll the funds into a qualified defined benefit or contribution plan or individual retirement account (IRA) that the participant has outside of the Plan.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits (Continued)

Participants may make withdrawals from their 401(k) balances, subject to certain restrictions. If a participant terminates employment and the participant's account balance does not exceed \$1,000, the Credit Union will authorize the benefit payment without the participant's consent. Prior to March 1, 2024, if the balance of the terminated participant's account is between \$1,000 and \$5,000, the Credit Union may authorize that the benefit payment be rolled into an IRA in the participant's name. Effective March 1, 2024, terminated participants with an account balance between \$1,000 and \$7,000 may have their benefit payment rolled into an IRA in the participant's name. Participants are not permitted to make withdrawals from Credit Union contributions while still employed at the Credit Union, regardless of vesting. In-service 401(k) withdrawals of participant contributions are allowed for participants who are at least 59½ years old, participants in certain qualified active military duty, and for reason of financial hardship under specific guidelines set forth in the Plan.

Forfeitures

If a participant terminates employment prior to vesting of the Credit Union contributions, such unvested contributions will be forfeited and used to reduce future Credit Union contributions to the Plan. At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$172,078 and \$77,566, respectively. For the years ended December 31, 2024 and 2023, Credit Union contributions were reduced by \$100,000 and \$253,896, respectively, from forfeited nonvested accounts.

Investment Options

Participants direct both participant and Credit Union contributions among various investment options as made available and determined by the Plan administrator. If participants fail to provide investment directions, their contributions to the Plan will be automatically invested in the Vanguard Wellington Fund. The investment options are more fully described in the Plan's literature. Participants may change their investment options any time throughout the year via direct phone or internet access to Vanguard Fiduciary Trust Company (VFTC), which is the Plan's trustee.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates in Preparing Financial Statements

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from participants and Credit Union profit sharing contributions are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Credit Union and are excluded from these financial statements. The Credit Union has no obligation to pay the Plan's expenses and may decide to discontinue payment at which point the expenses would be paid from the Plan's income and assets. Investment related expenses are included in net appreciation of fair value of investments. Fees related to the administration of benefit payments are charged directly to the participant's account and are included in administrative expenses on the statements of changes in net assets available for benefits.

NOTE 3 FAIR VALUE MEASUREMENTS

The fair value measurement framework provides a fair value hierarchy for the inputs used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

POLICE AND FIRE FEDERAL CREDIT UNION EMPLOYEES' RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 3 FAIR VALUE MEASUREMENTS (CONTINUED)

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Money market and mutual funds: Investments in these funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables summarize by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2024			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 90,775,003	\$ -	\$ -	\$ 90,775,003

NOTE 4 RISKS AND UNCERTAINTIES

Although the Plan's assets are diversified in a money market fund and among various types of mutual funds, these funds are all managed by The Vanguard Group. This concentration of all investment options with one fund family makes it reasonably possible that events could occur in the near-term that could cause a financial impact for which a reasonable estimate cannot be made.

The Plan invests in various investment securities which are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. Plan investment balances are not insured by the federal government, its agencies, or any other entity, nor does the Credit Union guarantee the balances or any return on those balances.

The Credit Union's financial position and performance have a direct bearing on any changes the Credit Union may make to the Plan. Although the Credit Union currently has no plans to materially change the Employees' Retirement Plan, this could change and the Credit Union could amend the Plan to, among other things, modify eligibility requirements for participation, modify vesting requirements, modify payment of benefits, modify investment options, and reduce or eliminate the Credit Union's contributions to the Plan.

NOTE 5 TAX STATUS

The Plan is based on a nonstandardized pre-approved profit sharing plan sponsored by the Vanguard Group. The Plan is placing reliance on an opinion letter from the IRS on the pre-approved plan indicating that the Plan is designed in accordance with the applicable section of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan does not believe it has taken any such positions. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Credit Union has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their entire accounts.

NOTE 7 RELATED PARTIES

All plan investments are shares of mutual funds and a money market fund managed by The Vanguard Group, an affiliate of Vanguard Fiduciary Trust Company, which is the trustee as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules of ERISA.

Credit Union officers and management responsible for the Plan may also participate in the Plan subject to the same rules, requirements, and restrictions that apply to all other Plan participants.

NOTE 8 SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through June 2, 2025, the date the financial statements were available to be issued.
