4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		10000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.		☒

Independent Auditors' Report

**To the Trustees of
Adventist Health System
Consolidated ERISA 403(b) Plan**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Adventist Health System Consolidated ERISA 403(b) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (a qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

**To the Trustees of
Adventist Health System
Consolidated ERISA 403(b) Plan**
Page 3

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified by qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
December 31, 2023

1. Description of Plan

The following description of the Adventist Health System Consolidated ERISA 403(b) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a tax sheltered annuity plan covering eligible employees of Adventist Health System Sunbelt Healthcare Corporation (the “Employer”) and other participating employers. AIG Federal Savings Bank (“AIG”), Variable Annuity Life Insurance Company (“VALIC”) and Voya Retirement Insurance and Annuity Company (“VOYA”) serve as the custodians of the Plan and Fidelity Management Trust Company (“Fidelity”) serves as the trustee of the Plan. During 2023 the plan held two separate contracts at Fidelity, the (“old Fidelity contract”) and (“new Fidelity contract”)

The Plan was adopted on January 1, 2015 and constitutes a consolidation of the Memorial Health Systems, Inc. Retirement Plan effective January 1, 2015, Helen Ellis Memorial Hospital 403(b) Plan effective January 1, 2015, University Community Hospital Thrift Plan effective January 1, 2015 and West Florida Health, Inc. 403(b) Plan (“West Florida”), effective January 1, 2019. Although the Plan continues to be eligible to qualify as a church plan for periods prior to January 1, 2016, effective January 1, 2016, the trustees of the Plan have elected to have the Plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”) and those provisions of the Internal Revenue Code (“IRC”) to which the Plan would otherwise be exempt as a church plan.

On May 22, 2023 the assets from VOYA and the old Fidelity contract totaling \$1,050,707 were transferred out of the Plan into the AdventHealth Consolidated ERISA Spin Off 403(b) Plan. The assets stayed in the contracts they were originally in, and the AdventHealth Consolidated ERISA Spin Off 403(b) Plan is to be terminated as soon as administratively practicable following its establishment.

During October of 2023 the assets held by AIG and VALIC totaling \$71,267,289 were transferred to the new Fidelity contract.

CommonSpirit 401(k) Plan and AdventHealth Consolidated ERISA 401(a) Plan had a joint venture referred to as Centura. In 2024 that joint venture was dissolve and as a result an additional \$50,729,570 was transferred into the Plan from the CommonSpirit 401(k) Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility

Employees who were previously participants in the Memorial Health Systems, Inc. Retirement Plan, Helen Ellis Memorial Hospital 403(b) Plan, University Community Hospital Thrift Plan and West Florida Plan, are covered by this Plan. Other than the individuals described above, no additional individuals shall be eligible to become participants in the Plan.

Contributions

No contributions shall be made under this Plan on or after January 1, 2015.

Notes to Financial Statements
December 31, 2023

1. Description of Plan (*continued*)

Vesting

Participants are 100% vested in their contributions plus allocated earnings thereon.

As of November 1, 2020, participants are 100% vested in employer contributions plus allocated earnings thereon.

Forfeited Accounts

Forfeited accounts are amounts forfeited by employees with a non-vested portion in their account that have terminated their employment and who have withdrawn from the Plan. Forfeited contributions will be used to reduce future Plan expenses. At December 31, 2023 and 2022 forfeited non-vested amounts totaled \$4,149 and \$236.382, respectively. During 2023, Plan expenses were reduced by \$237,909 from the forfeited non-vested accounts and no amounts were allocated back to participant accounts.

Participant's Accounts

A participant's account is credited with the allocation of Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested balance. The loans are secured by the participant's vested account balance and bear a reasonable interest rate which is established by the plan administrator. Loan repayments must be made by participants over a term not to exceed five years unless the proceeds of the loan are used to purchase the participant's principal residence. Participants may have a maximum of two loans outstanding at any time.

Collateral Loans

In addition to account reduction loans, the Plan offers collateral loans to participants. Such loans do not reduce a participants' account balance; instead that account balance serves as collateral for such loans. At December 31, 2023 and 2022, collateral loans amounted to \$11,130 and \$19,387, respectively. At December 31, 2023 and 2022, \$8,945 and \$15,768, respectively, were in default. The collateral loans are secured by the balance in the participants' accounts, and bear interest at 3% per annum.

Payment of Benefits

Upon retirement, death, disability, or resignation of a participant, or upon termination of the Plan, a participant or beneficiary may receive a distribution in the form of a lump sum payment. In-service withdrawals of employee contributions are allowed once participants attain age 59½.

Benefits can also be distributed in the event of a participant's immediate and heavy financial need. Such distributions, which are considered hardship withdrawals, cannot exceed the amount required to relieve the financial need.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Investment Valuation and Income Recognition

All of the Plan's investments are stated at fair value except for the fixed accounts, which are stated at contract value. Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Separate accounts are reported at the value reported to the Plan by the insurance company, which represents the fair value of the underlying investments comprising the accounts. The fully benefit responsive insurance company investment contracts are reported at contract value, which represents the beginning balance plus any deposits and credited interest, less any withdrawals, charges, or expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the Plan year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

2. Summary of Significant Accounting Policies (continued)

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Employer and are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is February 26, 2025.

3. Information Certified (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) including investments and notes receivable from participants held at December 31, 2023 and 2022, and interest and dividends, net appreciation in value of investments, and interest on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Voya Retirement Insurance and Annuity Company, AIG Federal Savings Bank, the Variable Annuity Life Insurance Company and Fidelity Management Trust Company, qualified institutions.

4. Investments

The following are the major categories of investments measured at fair value on a recurring basis at December 31, 2023 and 2022, grouped by the fair value hierarchy:

5. Insurance Company Investment Contracts

VALIC Fixed Interest Option

The VALIC Fixed Interest Option, VALIC Fixed Account Plus, and VALIC Short Term Fixed Account (the “Options”) are fully benefit-responsive investment contracts with VALIC. The Options guarantee principal and a rate of return, which is backed by the claims-paying ability of VALIC. Amounts allocated to the Options are placed in the VALIC General Account, where assets are invested to maximize return subject to the constraints of safety, liquidity and diversification.

Generally, participants may transfer assets from the Options into equity options at any time and, after 90 days, from equity options into another fixed-income option such as a money market fund, a stable value fund or certain short-term bond funds, if such “competing options” are allowed in the Plan. The Options are subject to a market value adjustment if the Plan sponsor ever withdraws funds. However, in no event can any amount withdrawn be less than the total amount of contributions accumulated at the contract minimum interest rate less withdrawals.

Because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. The Options are presented on the face of the statements of net assets available for benefits at contract value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

VALIC is contractually obligated to repay the principal and the specified interest rate that is guaranteed to the Plan. The credit risk of the issuer, VALIC, was evaluated by nationally recognized statistical rating agencies as follows: Moody's Investors Service (A2 as of January 2024), Standard and Poor's (A+ as of January 2024), A.M. Best (A as of January 2024), and Fitch (A+ as of January 2024).

The Options represent approximately 15% and 26% of net assets available for benefits as of December 31, 2023 and 2022, respectively.

VOYA Fixed Account

The VOYA Fixed Account, VOYA Fixed Plus Account and VOYA Fixed Plus Account II (the “Accounts”) are fully benefit-responsive insurance company investment contracts with VOYA. The Accounts guarantee principal and a minimum guaranteed interest rate for the life of the contracts, as well as featuring two declared interest rates: a current rate, determined at least monthly, and a guaranteed minimum floor rate declared for a defined period – currently one calendar year. The guaranteed minimum floor rate may change after the defined period, but it will never be lower than the minimum guaranteed interest rate that applies for the life of each contract. The current rate, the guaranteed minimum floor rate and the minimum guaranteed interest rate are expressed as annual effective yields.

5. Insurance Company Investment Contracts (*continued*)

VOYA Fixed Account (continued)

Taking the effect of compounding into account, the interest credited to a participant's account daily yields the then current credited rate. VOYA's determination of credited interest rates reflects a number of factors, including mortality and expense risks, interest rate guarantees, the investment income earned on invested assets and the amortization of any capital gains and/or losses realized on the sale of invested assets. Under this option, VOYA assumes the risk of investment gain or loss by guaranteeing the principal amount allocated to this option and promises a minimum interest rate during the accumulation period and also throughout the annuity payout period. VOYA may impose limitations on the ability to transfer funds out of each investment option. Withdrawals from the Accounts for other than the payment of benefits to participants may be subject to a market value adjustment and a surrender charge.

Because the Accounts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to each insurance company investment contract. The Accounts are presented in insurance company investment contracts in the statements of net assets available for benefits at contract value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

VOYA is contractually obligated to repay the principal and the specified interest rate that is guaranteed to the Plan. The credit risk of the issuer was evaluated by nationally recognized statistical rating agencies as follows: Moody's Investors Service (A2 as of November 2022), Standard and Poor's (A+ as of November 2022), and Fitch (A as of November 2022).

The Accounts represent approximately 0% and 1% of net assets available for benefits as of December 31, 2023 and 2022.

6. Party-in-Interest Transactions

Certain Plan investments are managed by the record-keeper, custodians and the trustee of the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statements of net assets available for benefits.

Certain employees of the Employer, who may also be participants in the Plan, perform administrative services to the Plan at no cost to the Plan.

7. Plan Termination

Although the Employer has not expressed any intent to do so, the Employer has the right under the Plan to terminate the Plan subject to provisions of ERISA.

8. Tax Status

The Plan, effective January 1, 2015, represents a consolidation of existing 403(b) tax sheltered annuity and custodial account plans. The Plan is intended to meet the Internal Revenue Service final 403(b) regulations. The Employer believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine examination by taxing jurisdictions for periods since 2020.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Global and domestic economic uncertainty has resulted in significant volatility in financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2023 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted.
