Contributions

Contributions to the Plan are made by the participants. Participants may elect to defer up to the annual amount allowed by the Internal Revenue Service, and as defined by the Plan. Additionally, participants may rollover or transfer to the Plan any portion or all of the property received from another qualified employee benefit trust (rollover contribution).

The Employer makes matching contributions equal to 100% of each participant’s elective deferral contributions which are not over 3% of the participant’s pay, plus 50% of the participant’s elective deferral contributions which are over 3% over the participant’s pay but not over 5% of the participant’s pay. In addition, the Employer may make a discretionary contribution, at the option of the Employer, and a qualified nonelective contribution. The Employer’s discretionary contribution and qualified non-elective contribution is contributed to participants who are eligible on June 30. Participants are eligible if the participant is active on that date and the participant has 1,000 or more hours of service during that plan year. Highly paid employees, as defined by the Plan, are not eligible for qualified nonelective contributions. Employer contributions amounted to \$241,303 during the year ended June 30, 2024.

Participant Accounts

Each account is credited with the participant’s contribution, an allocation of the Employer’s contribution and the Plan’s earnings. Allocations of earnings are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their voluntary contributions (salary savings agreement and rollover accounts) and matching contributions plus actual earnings thereon and shall not be subject to forfeiture for any reason. Vesting in the remainder of the accounts (additional discretionary Employer contributions) is based on years of service in accordance with the following:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2024

1. DESCRIPTION OF PLAN (CONTINUED)

Vesting (continued)

Years of service applies to all periods, regardless of hours of service that the employee has provided after the effective date of the Plan.

Notwithstanding the above, a participant shall become fully vested upon his normal retirement date, total disability as defined by the Plan, or death.

Notes Receivable from Participants

A participant may borrow from the Plan an aggregate amount not to exceed the lesser of: (a) \$50,000 or (b) 50% of the participant's vested account balance. Interest on notes from participants is equal to 2% above the prime rate and will be fixed for the duration of the loan. Notes receivable from participants are available to all participants who request a minimum of \$1,000. Principal and interest are paid ratably through payroll deductions.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions into any of several investment options including guaranteed interest investment contract account and registered investment companies. Participants may change their investment options at their discretion.

Payment of Benefits

On termination of service due to death or retirement, a participant or his or her beneficiary may elect to receive the vested portion in the participant's account in a lump sum distribution or in installment payments. Hardship withdrawals may be taken for reasons as defined in the Plan document.

Forfeited Accounts

Forfeitures of nonvested amounts may first be applied to Plan expenses and any excess may be applied to Employer contributions. Forfeitures that have not been used to pay administrative expenses or used to reduce Employer contributions shall be allocated as of June 30 to the participants' accounts. At June 30, 2024, forfeiture nonvested amounts totaled \$0. During the year ended June 30, 2024, no amounts of forfeitures were applied to Employer contributions.

Administrative Expenses

Fees and expenses of the Plan are deducted pro-rata from the participants' accounts. If forfeitures are available, the forfeitures will be used to offset the fees and expenses before any other means. Fees that cannot be deducted from the participants' accounts per the Plan document or applicable law will be paid by the Employer. The fees and expenses incurred during the year ended June 30, 2024 were \$5,135.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

OPUSCARE MANAGEMENT LLC 401(K) SAFE HARBOR PLAN

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See NOTE 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation in fair value of investments include the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment Management Fees and Operating Expenses

Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned and are reflected as a component of net (depreciation) appreciation in fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Accounts Receivable

Accounts receivable primarily consist of participant and employer contributions owed to the Plan but not yet received as of the Plan year-end. These contributions relate to payroll periods before year-end and are typically remitted to the Plan shortly thereafter in accordance with Department of Labor regulations.

Receivables are recorded at the amount expected to be collected and are not considered impaired or past due at year-end. Management believes all contributions receivable are fully collectible and therefore, no allowance for doubtful accounts is considered necessary. As of June 30, 2024, accounts receivable totaled \$140,019.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of June 30, 2024. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Tax Status

The Plan adopted its latest Prototype Non-standardized Profit Sharing Plan with a cash or deferral arrangement developed by Nationwide Financial Services Inc. ("Nationwide"), effective August 1, 2000, which obtained a favorable Internal Revenue Service ("IRS") determination letter on March 31, 2014 in which the IRS stated that the form of the underlying prototype plan was acceptable under provisions of the Internal Revenue Code ("Code") and that any employer adopting this form of the plan will be considered to have a plan qualified under the Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2024

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Subsequent Events

The Plan has evaluated subsequent events through June 3, 2025, which is the date the financial statements were available to be issued.

3. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a guaranteed interest investment contract with Nationwide with a contract value totaling \$103,276 and \$92,641 as of June 30, 2024 and 2023, respectively. During the years ended June 30, 2024 and 2023, Nationwide maintained the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed interest investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed periodically for resetting. As of June 30, 2024 and 2023, the Plan held one guaranteed interest investment contract which is reported at fair value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

4. FAIR VALUE MEASUREMENTS

The FASB Accounting Standards Codification ("ASC"), *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the FASB ASC are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

OPUSCARE MANAGEMENT LLC 401(K) SAFE HARBOR PLAN

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2024

4. FAIR VALUE MEASUREMENTS (CONTINUED)

- Level 2 Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means; and
 If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2024.

Guaranteed interest investment contract accounts are valued at fair value. Fair value represents the amount the Plan would receive if the Plan terminated the contract at the reporting date, which is book value less an early withdrawal charge. Registered investment companies are valued at fair value. These assets have observable level 1 pricing inputs. Pooled separate investment accounts are valued at fair value. The majority of the underlying assets in the pooled separate investment accounts have observable level 1 pricing inputs with the remaining underlying assets having observable level 2 pricing inputs. Most of the prices for the underlying assets were obtained using a pricing service, Interactive Data Corporation. These methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value on a recurring basis as of June 30, 2024 and 2023.

Description	Fair Value 6/30/2024	Fair Value Measurements at Reporting Date Using:

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, each participant will automatically become 100% vested in their accounts.

6. PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments are administered by Nationwide. Nationwide is the custodian as defined in the Plan, and therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also constitute party-in-interest transactions under ERISA.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Nationwide, the custodian of the Plan, has certified that the following data included in the accompanying financial statements and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is complete and accurate.
