Board of Trustees  
Michigan State Painters Insurance Plan  
6525 Centurion Drive  
Lansing, MI. 48917-9275

**INDEPENDENT AUDITOR'S REPORT**

To the Board of Trustees:

**Opinion**

We have audited the financial statements of Michigan State Painters Insurance Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and of benefit obligations as of August 31, 2024 and 2023, and the related statements of changes in net assets available for benefits and of changes in benefit obligations for the years ended August 31, 2024 and 2023 and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits and of benefit obligations of Michigan State Painters Insurance Plan as of August 31, 2024 and 2023, and the changes in its net assets available for benefits and changes in benefit obligations for the years ended August 31, 2024 and 2023, in accordance with accounting principles generally accepted in the United States of America.

**Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Michigan State Painters Insurance Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Michigan State Painters Insurance Plan's ability to continue as a going concern for twelve months beyond the issuance of the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Michigan State Painters Insurance Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Michigan State Painters Insurance Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Other Matter — Supplemental Schedule Required by ERISA**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held for investment is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

**INDEPENDENT AUDITOR'S REPORT**

To the Board of Trustees:

**Opinion**

We have audited the financial statements of Michigan State Painters Insurance Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and of benefit obligations as of August 31, 2024 and 2023, and the related statements of changes in net assets available for benefits and of changes in benefit obligations for the years ended August 31, 2024 and 2023 and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits and of benefit obligations of Michigan State Painters Insurance Plan as of August 31, 2024 and 2023, and the changes in its net assets available for benefits and changes in benefit obligations for the years ended August 31, 2024 and 2023, in accordance with accounting principles generally accepted in the United States of America.

**Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Michigan State Painters Insurance Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Michigan State Painters Insurance Plan's ability to continue as a going concern for twelve months beyond the issuance of the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Michigan State Painters Insurance Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Michigan State Painters Insurance Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Other Matter — Supplemental Schedule Required by ERISA**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held for investment is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

### 1. Description of the Plan

The following description of the Michigan State Painters Insurance Plan provides only general information about the Plan's provisions. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

#### General

The Plan, a multi-employer plan, was established July 10, 1962 under an agreement between participating locals of the Brotherhood of Painters and Allied Trades and the Michigan Council of Painting and Decorating Contractors of America and Michigan State Conference of Painters which represent employers. The Plan is governed by the Board of Trustees. The Plan provides medical and other benefits to eligible participants and their dependents. Retired participants are entitled to similar benefits on a self-pay basis. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

#### Eligibility

The eligibility rules of the Plan provide for insurance coverage for participants who have worked a sufficient number of hours during a specified period. Participants who are unemployed and registered as such at the local union may self-contribute for lack of hours worked, providing they are first eligible for benefits through previous employer contributions and have satisfied the initial eligibility requirements for active employees. A participant may also continue to remain eligible for benefits through the use of accumulated eligibility credits for times of unemployment (less than full time) and upon termination of employment through the Consolidated Omnibus Budget Reconciliation Act (COBRA).

Retired employees are entitled to benefits if they are an eligible retired participant and are receiving a standard, early retirement, or disability pension and were covered immediately prior to the effective date of retirement. Once the eligibility requirements are met, certain eligible dependents are also covered under the Plan upon submission of the applicable enrollment form and supporting documents to the Plan Administrator. Retired employees participate on a self-pay basis with rates as determined by the Board of Trustees.

#### Contributions

The Plan is non-contributory, except for self-payments made by participants in the event employer contributions fall below the minimum as specified by the Plan. Retirees must self-pay. The employer contribution rates are specified in their collective bargaining agreements. The agreements provide for employers to contribute to the Plan on the basis of participant hours worked. Self-payment contribution rates range from \$248.00 to \$976.00 per month depending on coverage selected.

#### Benefits

The Plan provides health benefits (medical, vision, hearing, dental, and prescription drugs), life insurance, short term disability benefits, and accidental death and dismemberment benefits. Retired employees are entitled to similar health benefits (in excess of Medicare coverage), excluding disability. The Plan also provides continuation of certain benefits upon termination of employment through the Consolidated Omnibus Budget Reconciliation Act (COBRA).

**1. Description of the Plan**  
-continued

**Insured Benefits**

The Plan fully insures post sixty-five medical, drug and life insurance benefits (basic, supplemental, and dependent). The Plan purchases annual insurance contracts for these insured benefits. In addition, the Plan purchases stop loss insurance to actively manage catastrophic claims. Premiums are paid to the insurance companies from the general assets of the Plan.

**Self-insured Benefits**

All other Plan benefits are self-insured. The claims for self-insured benefits are processed by the Plan's third-party claims processors under administrative services only (ASO) arrangements. The claims processors pay claims directly to or on behalf of participants and are then reimbursed by the Plan. Despite the Plan's utilization of third-party claims processors, ultimate responsibility for payments to providers and participants is retained by the Plan. The Plan uses a Pharmacy Benefit Manager (PBM), which periodically makes refunds to the Plan based on the Plan's actual utilization pattern of specific drugs.

**2. Significant Accounting Policies**

**Basis of Accounting and Use of Estimates**

The accompanying financial statements have been prepared using the accrual basis of accounting. The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Payment of Benefits**

Premiums paid by the Plan are recorded as premium payments in the accompanying statement of changes in net assets available for benefits. Claim payments are recorded when paid by the third-party claims processor. Short-term disability payments are processed and paid from the general assets of the Plan. These payments are recorded as medical benefits paid in the accompanying statement of changes in net assets available for benefits.

Claims paid by the claims processor prior to year-end or claim payments submitted to the Plan by the third-party claims processor that are not yet paid are recorded as an amount currently payable in the accompanying statements of benefit obligations. Premiums not yet paid at year-end are included as an amount currently payable in the accompanying statement of benefit obligations.

**Refunds and Rebates**

Prescription refunds due from the Plan's Pharmacy Benefit Manager are recorded when earned. Pharmacy rebates totaling \$ 707,469 and \$449,823 for the years ended August 31, 2024 and 2023 respectively, have been netted against claims paid in the accompanying statement of changes in net assets available for benefits.

### 2. Significant Accounting Policies - continued

#### Stop-Loss

Claims that were already paid from the Plan that exceeded the stop-loss coverage and are due to the Plan at year-end are recorded as a receivable. Premiums for stop-loss insurance are included in premium payments in the accompanying statement of changes in net assets available for benefits. Stop-loss statement of changes in net assets available for benefits. Stop-loss refunds totaling \$583,548 and \$322,363 for the years ended August 31 2024 and 2023 respectively have been netted against claims paid in the accompanying statement of changes in net assets available for benefits.

#### Medicare Subsidy

The Plan's postretirement benefit obligation does not reflect an amount associated with the Medicare subsidy allowed under the Medicare Prescription Drug Improvement and Modernization Act of 2003 in the current plan year because the Plan is not directly entitled to the Medicare subsidy.

#### Employers' Contributions and Related Receivable

Contributions receivable are reported at their outstanding balances and were deemed to be fully collectible.

#### Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

#### Subsequent Events

The Plan has evaluated subsequent events through the date of the independent auditor's report, the date the financial statements were available to be issued.

### 3. Postretirement, Accumulated Eligibility Credits And Postemployment Benefit Obligations

The post-retirement benefit obligation represents the total actuarial present value of those estimated future benefits that are attributed to employee service rendered to August 31. Post-retirement benefits include future benefits expected to be paid to or for (1) currently retired or terminated employees and their beneficiaries and dependents and (2) active employees and their beneficiaries and dependents after retirement from service with participating employers. Prior to an active employee's full eligibility date, the post-retirement benefit obligation is the portion of the expected post-retirement benefit obligation that is attributed to that employee's service in the industry rendered to the valuation date.

### 3. Postretirement, Accumulated Eligibility Credits and Postemployment Benefit Obligations - continued

A post-retirement benefit obligation has been recognized for future benefits expected to be paid to or for (1) currently retired participants and their beneficiaries and dependents, and (2) active participants and their beneficiaries and dependents after retirement from service with the participating employers. These benefit obligations represent the actuarial present value of the cost of those estimated future benefits that are attributed by the terms of the Plan to participant service rendered to the date of the financial statements, reduced by the actuarial present value of contributions expected to be received in the future from current retirees of the Plan. The obligations represent the amounts that are expected to be funded by contributions from the participating employers, retiree self payments and from existing assets of the Plan. Prior to an active participant's full eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributable to that employee's service with a participating employer or employers rendered to the valuation date.

The actuarial present value of the expected post-retirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payments (by means of decrements such as those for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The Plan is required to provide benefits to certain participants, if such members have accumulated credit amounts (expressed in dollars) in excess of that required for current coverage. Participants draw on their accumulated credits whenever they fail to meet the monthly requirement. The estimated future liability represents the present value of an extension of future benefits that occurs prior to eligibility for retirement with medical benefits per the rules specified in the Plan agreement. The calculation of the accumulated eligibility credit reserves at August 31, 2024 and 2023 utilized a weighted-average discount rate of 5.00 percent and 5.25 percent respectively.

For measurement purposes, a 7.20 percent annual rate of increase in the per capita cost of covered health care benefits; 8.20 percent annual rate increase for prescription drugs; 5.4 percent annual rate of increase for dental benefits was assumed for 2024. The rates are assumed to decrease gradually to 4.0 percent for 2040 and to remain at that level thereafter.

The weighted average health care cost trend rate assumption has a significant effect on the amounts reported as postretirement benefit obligations. If the assumed rates increased by 1 percentage point in each year, it would increase the obligation as of August 31, 2024 and 2023 by \$2,085,197 and \$1,700,638 respectively.

### 3. Postretirement, Accumulated Eligibility Credits and Postemployment Benefit Obligations - continued

The following were other significant assumptions used to determine the post retirement benefit obligations.

	<u>August 31,</u>	
	<u>2024</u>	<u>2023</u>
Weighted-average discount rate	<u>5.00%</u>	<u>5.25%</u>
Mortality Rate	105% for males and 110% for females of the PRI-2012 Blue Collar Mortality Tables for employees and healthy annuitants projected forward using the MP-2021 projection scale.	
Retirement Rates	<u>Age</u>	<u>Rate</u>
	55-57	10%
	58	40%
	59-64	30%
	65+	100%
Administrative Expenses	3% addition to claim costs	

The actuarial assumptions used in this valuation differ from those used in the prior valuation in the following respects:

- The discount rate was changed from 5.25% used last year to 5.00%.
- Medical, drug and self-payment trend rates were changed to reflect the best projection for future medical inflation.

The Plan's excess of benefit obligations over net assets at August 31, 2024 and 2023 relates primarily to the postretirement benefit obligation, the funding of which is not covered by the contribution rate provided by the current Collective Bargaining Agreements. However, the Plan empowers the board of Trustees to establish self-payments by eligible retired participants and modify the terms and conditions under which retiree eligibility may be maintained; therefore, the cost to the Plan can be reduced or eliminated prospectively by action of the Board of Trustees.

### 4. Claims Incurred But Not Reported and Accumulated Eligibility

Plan obligations at August 31, for health claims incurred by active participants but not reported at that date and accumulated eligibility of participants are estimated. Such estimated amounts are reported in the accompanying statements of the Plan's benefit obligations at present value, based on a 5.00 percent discount rate. Health claims incurred by retired participants but not reported at year end are included in post-retirement benefit obligations.

### 5. Fair Value Measurements

#### Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

### 5. Fair Value Measurements -continued

Following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at August 31, 2024 and 2023.

#### Common Collective Trusts

Based on the beginning of the year fair value of the Trusts' underlying investments plus actual contributions and allocated investment income less actual distributions and allocated expenses. Common Collective Trusts consist of common stocks and government and corporate bonds and are valued at NAV.

#### Assets at Fair Value as of August 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Total</u>
Money market	\$ 5 036	\$ -	\$ 5 036
Common Collective Trusts			
Common stocks	3 616 255	-	3 616 255
Government & corporate bonds	<u>-</u>	<u>14 394 673</u>	<u>14 394 673</u>
 Total investments at fair value	 <u>\$ 3 621 291</u>	 <u>\$ 14 394 673</u>	 <u>\$ 18 015 964</u>

#### Assets at Fair Value as of August 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Total</u>
Common Collective Trusts			
Common stocks	\$ 3 266 200	\$ -	\$ 3 266 200
Government & corporate bonds	<u>-</u>	<u>13 319 800</u>	<u>13 319 800</u>
 Total investments at fair value	 <u>\$ 3 266 200</u>	 <u>\$ 13 319 800</u>	 <u>\$ 16 586 000</u>

The funds invest in common collective trusts which include bonds and common stocks that are traded daily. There are no commitments and may be redeemed daily.

### 6. Reciprocity Agreements

The Plan entered into a Master Health and Welfare Reciprocity Agreement. In accordance with this agreement, the Plan is required to remit funds received and is entitled to receive funds from participating employers on behalf of temporary employees to and from the employees' participating local union.

For the years ended August 31, 2024 and 2023, the Plan remitted \$10,489 and \$3,397 respectively of reciprocal cash payments in accordance with these agreements with the participating local unions.

### 7. Administrative Expenses

Expenses incurred in connection with the general administration of the Plan and investment related expenses are paid directly by the Plan and are recorded as deductions in the accompanying statement of changes in net assets available for benefits.

### 8. Tax Status

The Plan received an exemption letter from the Internal Revenue Service stating that the trust is tax-exempt under the provisions of Section 501(c)9 of the IRC.

In addition, the Plan and the trust are required to operate in conformity with the IRC to maintain the tax-exempt status of the trust. The plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service, state or local taxing authorities. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

### 9. Priorities Upon Termination of the Plan

Although they have not expressed any intention to do so, the Trustees have the right under the Plan to modify the benefits provided to, and contributions required of, participants and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits for or on account of the participants. No assets of the Plan may revert to any employer or be used for purposes other than for the exclusive benefit of the Plan's participants.

### 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500.

	August 31,

Net investment gain from common collective trusts	<u>\$ -</u>	<u>\$ 272 433</u>

### 11. Party in Interest Transactions

As described previously, the Plan pays fees for several arrangements with service providers and affiliated entities. Also, certain Plan assets are invested in Funds managed by the custodian of the Plan. These transactions are considered exempt party in interest transactions under ERISA.

### 12. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rates, health care inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Cash consists of monies held in non-interest-bearing transaction accounts. The Plan places its cash with a financial institution deemed to be creditworthy. Balances are insured by the FDIC up to \$250,000. At August 31, 2024 and 2023, the Plan's cash exceeded federally insured limits by approximately \$801,460 and \$132,000 respectively.
