Opinion

We have audited the accompanying statements of International Association of Machinists and Aerospace Workers Local Lodge PM #2848 Defined Pension Plan, which comprise the statements of net assets available for benefits (in liquidation) as of August 31, 2024 and 2023 and the related statements of changes in net assets available for benefits (in liquidation) for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, statements of net assets available for benefits (in liquidation) of International Association of Machinists and Aerospace Workers Local Lodge PM #2848 Defined Pension Plan as of August 31, 2024 and 2023, and the statements of changes in net assets available for benefits (in liquidation) for the year ended August 31, 2024 and 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of International Association of Machinists and Aerospace Workers Local Lodge PM #2848 Defined Pension Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about International Association of Machinists and Aerospace Workers Local Lodge PM #2848 Defined Pension Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of International Association of Machinists and Aerospace Workers Local Lodge PM #2848 Defined Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about International Association of Machinists and Aerospace Workers Local Lodge PM #2848 Defined Pension Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Operating Expenses is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

International Association of Machinists and Aerospace Workers
Local Lodge PM #2848 Defined Benefit Pension Plan
Notes to Financial Statements
Years Ended August 31, 2024 and 2023

A. Description of the Fund

The following brief description of the International Association of Machinists and Aerospace Workers Local Lodge PM #2848 Defined Benefit Pension Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a complete description of the Plan’s provisions.

General

The Plan is a defined benefit pension plan providing retirement benefits to eligible employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Plan Termination and Mass Withdrawal of Employers

During the fiscal year ended August 31, 2003, the Plan experienced the withdrawal of all employers which terminated the Plan under ERISA Section 4041A(a)(2).

Upon termination, all assets of the Plan shall be used for the exclusive benefit of participants and beneficiaries and shall be allocated among them in accordance with the Plan agreement.

Certain benefits under the Plan are insured by the PBGC. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor’s pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations.

Whether all participants receive their benefits will depend on the sufficiency of the Plan’s net assets to provide those benefits and also may depend on the level of benefits guaranteed by the PBGC.

Pension Benefit Guaranty Corporation (“PBGC”) Assistance

On December 20, 2013, the Plan entered into an agreement with the PBGC for financial assistance in the amount of \$486,300. The agreement provides for the PBGC to provide the Plan additional amounts and that such additional amounts shall be added to the amount in the original agreement. Such amounts are evidenced by promissory notes. Monthly, the Plan must provide the PBGC with (a) an estimate of funds needed to pay benefits and administrative expenses for the following month, and (b) a reconciliation of financial assistance received from the PBGC and payments of benefits and administrative expenses of the prior month. As of August 31, 2024, total financial assistance from the PBGC amounted to \$17,542,100.

The Plan has no resources nor does it expect to have resources in the future to repay these notes. Accordingly, such amounts have been included as additions to Plan assets in the statements of changes in net assets available for benefits (in liquidation) for the years ended August 31, 2024 and 2023.

Plan Benefits

Pension benefits under the Plan depend primarily on the following factors:

- Credited service
- Whether service was continuous or interrupted
- Benefit tables

A. Description of the Fund (Continued)

Plan Benefits (Continued)

The various types of benefits and requirements are described as follows:

- Normal Pension Benefits: 65 years of age without incurring a permanent break in service.
- Early Pension Benefits: An employee must have (a) attained age 60 and completed 10 years of credited service. The benefit amount is reduced ½% for each month early retirement precedes age 65.
- Disability Pension Benefits: If an employee becomes totally and permanently disabled, while a Plan participant, after completing 10 years of credited service and submits an application prior to September 25, 2003.
- Pre-Retirement Spouse's Protection: After February 1, 1985, if a participant dies on or after he has become eligible for any retirement benefit, and dies prior to commencement of his retirement benefit, and is survived by a spouse, such spouse shall be entitled to the benefit that would be payable, if the participant has retired on the first day of the month in which he died.
- Supplemental Benefit: For participants born between January 1, 1920 and December 31, 1936, an additional monthly benefit equal to years of vesting service earned after January 31, 1985 (but prior to age 65) times the benefit rates as set forth in the Plan.
- Surviving Spouse Pre- Retirement Death Benefit: If a participant dies after February 1, 1985 but prior to attaining eligibility for early or normal retirement and is survived by a spouse, the spouse shall be entitled to the benefit that would have been payable if the participant had retired on the first day of the month in which he died without any reduction, payable as of the first day of the month in which the deceased participant would have attained the later of age 60 or his age at the date of death, had he met the eligibility requirements.

The Plan also provides for a joint and survivor annuity benefit whereby the employee will receive a reduced pension benefit, as actuarially determined, for his or her lifetime. Thereafter, upon the employee's death, his or her survivor will receive a joint and survivor annuity benefit equal to 50% of the employee's pension. An option which allows a survivor to receive a joint and survivor annuity benefit equal to 100% of the employee's reduced pension benefit.

Due to the insolvency of the Pension Fund, effective September 1, 2013, benefit payments are limited to the amounts guaranteed by the PBGC, which is generally 100% of the first \$11, plus 75% of the next \$30, of the Plan's monthly benefit accrual rate, times each year of credited service. Payments are subject to PBGC rules and procedures regarding the determination of guaranteed benefits, and in the event of a difference between the manner of calculating benefits by the Plan and the PBGC, the rules and procedures of the PBGC will be applied.

B. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the liquidation basis of accounting due to the Plan's termination and the mass withdrawal of employers during the fiscal year ended August 31, 2003.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan's management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Accordingly, actual results could differ from these estimates.

Concentration of Credit Risk

Financial instruments that potentially expose the Plan to concentrations of credit risk include cash. In assessing its risk, the Plan's policy is to maintain funds only with reputable financial institutions. While the Plan attempts to limit any financial exposure, its deposit balances may, at times, exceed federally insured limits. The Plan has not experienced any losses on such accounts.

Actuarial Present Value of Accumulated Vested Plan Benefits

The Plan experienced a mass withdrawal termination on August 31, 2003. Because of these events, non-vested benefits can no longer become vested. Therefore, the actuarial present value of non-vested accrued benefits was not determined.

Administrative Expenses

Administrative expenses, including Trustees' expenses, are the responsibility of the Fund and are paid from assets of the Fund.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

C. Actuarial Present Value of Accumulated Plan Benefits

The actuarial present value of accumulated vested Plan benefits is the present value of expected future payments for benefits to Plan participants which have been accrued as of the termination date. Accumulated benefits include amounts expected to be paid to (a) retired or terminated participants or their beneficiaries, (b) beneficiaries of vested participants who have died, and (c) present participants or their beneficiaries.

C. Actuarial Present Value of Accumulated Plan Benefits (Continued)

The actuarial present value of accumulated Plan benefits is that amount which results from applying actuarial assumptions to adjust the accumulated Plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The actuarial present value of accumulated vested benefits of the Plan was determined by the Plan's actuary, United Actuarial Services, Inc. as of August 31, 2022. These valuations were determined in accordance with PBGC Regulation Part 4281, Subpart B – Valuation of Plan Benefits and Plan Assets Following Mass Withdrawal.

Per regulations by the Pension Benefit Guaranty Corporation (PBGC), the regulations disclose that a terminated insolvent PBGC-finalized Defined Benefit Plan, whose present value of non-forfeitable benefits is \$50 million or less, only needs to obtain an actuarial valuation every five years. The last actuary valuation completed before the August 2022 valuation was in August 2017.

The following table presents the actuarial present value of accumulated vested Plan benefits as of August 31, 2022 and 2017 as determined by the Plan's actuary:

	<u>August 2022</u>	<u>August 2017</u>
Actuarial present value of accumulated vested plan benefits:		
Vested Benefits:		
Participants currently receiving benefits	\$ 13,900,646	\$ 17,673,020
Other Participants	5,313,299	7,715,105
PBGC expense load	317,764	366,029
Total actuarial present value of accumulated vested plan benefits	<u>\$ 19,531,709</u>	<u>\$ 25,754,154</u>

The factors which affected the change in the actuarial present value of accumulated plan benefits from the preceding to the current benefit information date are as follows:

C. Actuarial Present Value of Accumulated Plan Benefits (Continued)

The significant actuarial assumptions used in the August 31, 2022 valuation are as follows:

- Investment Return – 2.44% for the first 20 years, and 2.74% thereafter for 2017 and 2.81% for the first 20 years, and 2.94% thereafter for 2022.
- Mortality – 1994 Group Annuity Mortality Table.
- Retirement Age – Age 60 if 10 years of service, otherwise 65.
- Expense Load – Calculated in accordance with ERISA section 4044.
- Marriage Assumptions – All deceased inactive vested participants are due a death benefit to a surviving spouse until a death benefit is reported by the Plan Administrator.

D. Tax Status

The Internal Revenue Service (“IRS”) determined and informed the Plan by a letter dated September 15, 2003, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (“IRC”). The Plan is designed in accordance with applicable sections of the IRC. The Plan administrator and the Plan’s counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has conducted that, as of August 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2020.

E. Minimum Funding Standards

As discussed in Notes A and D to the financial statements, any funds needed to pay benefits and administrative expenses of the Plan shall be received from former contributing employers as settlement of their withdrawal liability and minimum funding deficiency obligations and from the PBGC in accordance with its financial assistance agreement with the Plan.

F. Subsequent Events

For purposes of determining the effect of subsequent events on these financial statements, management has evaluated events subsequent to June 9, 2025, the date on which the financial statements were available to be issued.
