Independent Auditor's Report

To the Plan Administrator
Dura Bond Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Dura Bond Retirement Savings Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits - modified cash basis as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits - modified cash basis for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Fidelity Management Trust Company, a qualified institution, as of December 31, 2024 and 2023, and for the years ended, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditor's Report

(continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Dura Bond Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter — Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Dura Bond Retirement Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

(continued)

Independent Auditor's Report

(continued)

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Dura Bond Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Dura Bond Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

(continued)

Independent Auditor's Report

(continued)

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DURA BOND RETIREMENT SAVINGS PLAN
Notes to the Financial Statements
December 31, 2024 and 2023

NOTE 1 – PLAN DESCRIPTION

The following description of the Dura Bond Retirement Savings Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan with a 401(k) employer matching feature covering substantially all employees of Dura-Bond Industries, Inc. and related companies, Dura-Bond Pipe, LLC, Dura-Bond Steel Corp., Dura-Bond Coating Co., Inc. and DB Pipe, LLC (Employer). Employees aged twenty-one or older are eligible to participate upon completion of three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan agreement utilized a nonstandardized prototype sponsored by Fidelity Management and Research Company. Fidelity Management Trust Company (Fidelity), is the recordkeeper and trustee of the Plan. The administrator of the Plan and Plan sponsor is Dura-Bond Industries, Inc.

Contributions

Plan participants may contribute up to 60% of their annual compensation on a pretax basis, as defined by the Plan document, subject to certain limitations under the Internal Revenue Code (IRC). The Plan document was amended effective April 1, 2024 to allow for Roth deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, subject to limitations under the IRC. The Plan has an automatic enrollment feature, whereby employees who met the eligibility requirements will automatically be enrolled unless the employee affirmatively elects otherwise. Employees who are automatically enrolled will have 2% of their eligible compensation withheld as a pretax salary deferral and their contributions invested in a designated fund until changed by the participant. The Plan also allows participants to make qualified rollover contributions.

For the years ended December 31, 2024 and 2023, the Employer made discretionary matching contributions equal to 50% of the first 7% that a participant contributed to the Plan.

At the discretion of the Employer, a profit sharing contribution may be allocated to all eligible employees annually. Employees are eligible for profit sharing allocations if they are employed on the last day of the Plan year and have completed three months of service provided they are at least twenty-one years of age. In addition, employees will share in profit sharing allocation for the year regardless of any last day requirement during the Plan year of their death, disability or retirement, provided they are still employed at that time. Profit sharing shall be allocated in the ratio that each Participant's compensation bears to the compensation of all members of the group who are eligible to receive allocations of profit sharing contributions. Profit sharing contributions declared and accrued by the Employer for the years ended December 31, 2024 and 2023 were \$150,000 and \$600,000, respectively.

Participant Accounts

Participants direct the investment of their contributions including Employer contributions into various investment options offered by the Plan. Participants may change their investment election for future contributions, or the percentage(s) invested in each of these options or transfer funds among these options on any business day. All investments are participant directed.

NOTE 1 – PLAN DESCRIPTION (continued)

Participant Accounts (continued)

Individual accounts are maintained for each Plan participant to reflect the participant’s contributions, the Employer’s related matching and profit sharing contributions and the net investment income (loss) attributable to the participant’s account. Participant accounts are also charged with administrative expenses based on participant initiated transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit which can be provided from the participant’s vested account balance.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms generally range from one to five years but may be up to ten years for the purchase of a principal residence. A participant may not have more than one outstanding loan at any time. Loans are secured by the balance in the participant’s account and bear interest at 1% plus the prime rate published in the Wall Street Journal on the first business day of the month before the loan is originated. Principal and interest are paid ratably through monthly payroll deductions. Upon termination of employment, loans will immediately become payable. If a loan is not repaid within a reasonable time following termination of employment, the loan will be recorded as a distribution against the participant’s vested account balance.

Vesting

Participants are vested immediately in their elective contributions, including rollovers, catch-up contributions, plus actual earnings thereon. Vesting in the Employer’s discretionary matching and profit sharing contribution portions of their accounts plus actual earnings thereon is based on years of continuous service. In order to be credited with a year of service the participant must complete a minimum of 1,000 hours of service during the Plan year. A participant is 100% vested after five years of credited service. Additionally, participants will become 100% vested regardless of years of completed service, in the year of their death, disability and or retirement, provided they are still employed at that time. The vesting schedule is as follows:

Employer Matching and Profit Sharing Accounts	
<u>Years of Service</u>	<u>Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5 or more	100%

Forfeitures

Participant account balances which are not 100% vested upon termination of services are forfeited. Forfeitures can be used to pay for Plan administrative expenses or to reduce the Employer’s contributions. As of December 31, 2024 and 2023 the forfeiture account balance was \$10,643, and \$20,941, respectively. During the years ended December 31, 2024 and 2023, \$169,323 and \$65,113, respectively were used to reduce the Employer’s contributions.

NOTE 1 – PLAN DESCRIPTION (continued)

Payment of Benefits

Benefits may be distributed to participants, spouses or designated beneficiaries, as appropriate, upon normal retirement (age 65), early retirement (age 55 with a minimum of ten years of vesting service), death, disability or termination of employment. Prior to termination of service, participants who have attained the age of 59 ½ may take in-service withdrawals from all accounts. Participants who have not yet attained the age of 59 ½ may only withdraw their rollover accounts. The Plan provides for required minimum distributions commencing at age 72 for certain participants. The required minimum distribution age was increased to age 73 effective January 1, 2023 in accordance with the Setting Every Community Up for Retirement Enhancement Act 2.0. The Plan provides participants may make emergency withdrawals from the Plan to meet certain hardships. The minimum in-service and hardship distribution is \$500. The permitted hardships are defined by the Internal Revenue Service (IRS) and the requirements are strict.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America (GAAP). Under this basis, certain revenues and the related assets are recognized when received rather than when earned; and certain expenses are recognized when paid rather than when the obligation is incurred. This basis differs from GAAP, primarily because the Plan has not recognized contribution receivables from participants and the Employer.

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting, requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and reported changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid by the Plan.

Plan Administration Costs

Certain costs of administering the Plan are paid either by the Plan or the Employer, as defined by the Plan document. The Employer has historically paid all Plan administrative expenses.

DURA BOND RETIREMENT SAVINGS PLAN
Notes to the Financial Statements
December 31, 2024 and 2023

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Plan Administration Costs (continued)

Expenses that are paid directly by the Employer are excluded from these financial statements. In addition, certain investment related expenses are included in the net appreciation in fair value of investments presented in the accompanying statements of changes in net assets available for benefits. Participant accounts are charged with an allocation of administrative expenses based on participant initiated transactions, as defined by the Plan document. Certain administrative functions are performed by officers or employees of the Employer. No such officer or employee receives compensation from the Plan.

Investment Valuation and Income Recognition

Investments in all funds are presented at fair value (except fully benefit-responsive investment contracts, which are reported at contract value), based on quoted market prices of the underlying securities within each fund at December 31, 2024 and 2023. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Participant loans are valued at amortized cost which represents fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Fidelity Managed Income Portfolio Fund Class 1 (MIP) is reported at fair value by calculating the net asset value (NAV) per share (or its equivalent) in a manner consistent with the measurement principles of Accounting Standards Codification (ASC) 946 *Financial Services Investment Companies*. As required by ASC 946, the NAV calculated by the fund is based on “net assets” which includes fully benefit-responsive investment contracts at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold, as well as, held during the year.

ASC 820, *Fair Value Measurements*, establishes a framework for measuring fair value that requires or permits fair value measurements and enhances disclosures about fair value measurements. ASC defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy, which requires an entity to maximize the use of observable inputs when measuring fair value. The required disclosures concerning inputs used to measure fair value are included in Note 7.

Subsequent Events

The Plan sponsor evaluated subsequent events through the date of this report, which is the date the financial statements were available to be issued. The Plan sponsor received a letter from the Department of Labor (DOL) dated April 11, 2025, in which they requested review of the audit workpapers for the Plan year ended December 31, 2023. The Plan’s auditors provided all necessary workpapers directly to the DOL. The Plan sponsor received a subsequent letter from the DOL dated May 1, 2025, stating that after review of the audit workpapers no further action was required. The Plan sponsor is not aware of any other subsequent events which would require recognition or disclosure in the financial statements.

DURA BOND RETIREMENT SAVINGS PLAN
Notes to the Financial Statements
December 31, 2024 and 2023

NOTE 3 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their investments, including all employer accounts.

NOTE 4 – INCOME TAX STATUS

The underlying nonstandardized prototype Plan has received an opinion letter dated June 30, 2020 from the IRS that stated the Plan and related Trust are designed in accordance with applicable sections of the IRC. Subsequent to the receipt of the determination letter from the IRS, the Plan document has been amended. The Plan is required to operate in conformity with the IRC to maintain its qualification. In the opinion of the Plan administrator, the Plan and the related Trust are currently operated in accordance with the Plan document and in conformity with applicable provisions of the IRC and are exempt from federal taxes.

Plan management evaluates tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits of any tax periods in process. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

NOTE 5 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities that are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Fees paid in the ordinary course of business during 2024 and 2023 for professional, administrative and custodial services were paid by the Employer and/or Plan based on customary and reasonable rates for services. While these transactions qualify as party-in-interest activity, they are expressly exempt from the prohibited transaction rules. Fidelity is the Plan's trustee and recordkeeper. During the years ended December 31, 2024 and 2023, the Plan's investments included shares of portfolios managed by Fidelity and, therefore these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Administrative expenses noted in the statements of changes in net assets available for benefits were paid to Fidelity by participants for participant initiated transactions.

NOTE 7 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Statement ASC 820, *Fair Value Measurements* (FASB ASC 820), establishes a framework for measuring fair value and requires certain disclosures about the fair value measurement (see Note 2). The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

DURA BOND RETIREMENT SAVINGS PLAN
Notes to the Financial Statements
December 31, 2024 and 2023

NOTE 7 – FAIR VALUE MEASUREMENTS (continued)

The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's investments measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

- *Mutual funds* – Valued at the NAV of shares held by the Plan at year end. The NAV is based upon quoted market prices.
- *Fidelity managed income portfolio fund* – A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchase and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidation will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan sponsor believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 7 – FAIR VALUE MEASUREMENTS (continued)

The following table set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 24,806,180	\$ -	\$ -	\$ 24,806,180

NOTE 8 – SUMMARY OF FINANCIAL DATA CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, all investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2024 and 2023, net appreciation in fair value of investments, interest and dividends and interest on notes receivable from participants for the years then ended, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the trustee.

The trustee has certified the following investments, notes receivable from participants and investment income as of and for the years ended December 31:

NOTE 9 – PLAN AMENDMENTS

The Setting Every Community Up for Retirement Enhancement Act 2.0 (SECURE Act 2.0) of 2022 was signed into law on December 29, 2022. The SECURE Act 2.0 is a retirement plan bill that aims to increase access to retirement plans and encourage Americans to save for their future. It builds on the changes made by the SECURE Act of 2019, which was signed into law in December 2019. Some of the SECURE Act 2.0 changes affecting the Dura Bond Retirement Savings Plan include, increasing the required minimum distribution age (RMD), additionally, Roth accounts in employer retirement plans are exempt from the RMD requirements as of 2024, increasing the dollar limit for mandatory distributions of former participants from \$5,000 to \$7,000, and allows participant self-certification for hardship distributions and expanded eligibility to long-term part-time employees (LTPT). The long-term part-time employee rules noted in the SECURE Act and SECURE Act 2.0 do not apply to the Plan as the Plan document does not exclude part-time employees. The SECURE ACT 2.0 also allows participants to take one self-certified, penalty-free withdrawal of up to \$1,000 per calendar year for unforeseeable or immediate financial needs relating to personal or family emergency expenses. Only one withdrawal per 3-year repayment period is permitted if the first withdrawal has not been repaid. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with law and IRS guidance.

The Plan document was amended effective April 1, 2024, to allow for Roth deferrals.

NOTE 10 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
