Independent Auditor's Report

To the Plan Administrator
Sibelco North America Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Sibelco North America Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions (Schedule H, Line 4a) for the year ended December 31, 2023 and supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Dear Sir/Madam:

The Plan's audited financial statements have not been attached to the 2023 Form 5500 Annual Return/Report of Employee Benefit Plan for the Sibelco North America Retirement Savings Plan as of and for the year ended December 31, 2023 as our independent qualified public accountant has informed us that they have not obtained sufficient audit evidence to render an opinion on the Plan's financial statements as of the date of this filing.

The audit is in process and the Plan intends to submit an amended Form 5500 promptly upon receipt of the finalized audited financial statements.

Sincerely,

Sibelco North America Retirement Savings Plan

Notes to Financial Statements December 31, 2023

Note 1 - Description of Plan

The following description of Sibelco North America Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document, and any amendments thereto, for a more complete description of the Plan's provisions.

General

The Plan is designed as a safe harbor 401(k) defined contribution retirement plan covering all eligible employees of Sibelco North America, Inc. (the "Company"). All eligible employees age 21 or older may begin participating in the Plan on the first day of the month following their date of hire. Nonresident aliens, temporary, seasonal and part-time employees, as defined, and residents of Puerto Rico or United States possessions are excluded from participation in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Company's Board of Directors is responsible for oversight of the Plan. The Plan administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Company's Board of Directors.

Contributions

Each year, participants may make salary deferral contributions to the Plan based upon a percentage (ranging from 1% to 80%) or a flat dollar amount of their pre-tax eligible compensation, as defined by the Plan. Participants may designate all or a portion of their salary deferral contributions as Roth deferral contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may make after-tax contributions to the Plan up to 10% of their eligible annual compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their pre-tax deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The deferral rate for automatically enrolled participants will increase by 1% each year on January 1st up to a maximum automatic deferral rate of 6%. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company is required to make safe harbor matching contributions to the Plan on behalf of each eligible participant equal to 100% of the first 1% of the participant's eligible compensation contributed as elective deferrals, plus 50% of the next 5% of the participant's eligible compensation contributed as elective deferrals. Employees covered by a collective bargaining (union) agreement are excluded from receiving any Company matching contributions, unless the terms of the bargaining agreement otherwise provide.

Sibelco North America Retirement Savings Plan

Notes to Financial Statements December 31, 2023

The Company's Board of Directors has also elected to make Transitional and Regular profit sharing contributions to the Plan. Eligible participants must be actively employed on the last day of the Plan year to share in an allocation of any profit sharing contributions. For periods between January 1, 2019 and December 31, 2023, the Company will make Transitional profit sharing contributions to the Plan equal to a percentage of the participant's eligible compensation based upon their employment classification as follows:

<u>Classification</u>	<u>Transitional profit sharing percentage</u>
Salaried employees	8%
Hourly employees	1%
Union employees	4%

Effective August 30, 2021, the Plan was amended to allow any former union employees that became hourly employees in connection with the decertification of their union group under the Plan that occurred on April 13, 2019, the Transitional profit sharing contribution shall be equal to 4% of compensation for the period of April 13, 2019 through December 31, 2023.

Effective January 1, 2019, the Company will make Regular (nontransitional) profit sharing contributions to the Plan equal to a percentage of the participant's eligible compensation based upon their employment classification as follows:

<u>Classification</u>	<u>Regular (nontransitional) profit sharing percentage</u>
Salaried employees	4%
Hourly employees	4%
Union employees	4%

Effective August 30, 2021, the Plan was amended to change the Regular (nontransitional) profit sharing contribution to 4% of compensation for both salaried and hourly employees (union and nonunion employees). This amendment was retroactively applied to periods beginning on or after April 13, 2019.

Participants also direct the investment of their employer contributions into various investment options offered by the Plan. All contributions are subject to certain Internal Revenue Code ("IRC") limitations.

Participant accounts

Each participant's account is credited with the participant's contributions and safe harbor matching contributions, as well as an allocation of Transitional or Regular profit sharing contributions and Plan earnings. Participant accounts are also charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their salary deferral contributions, any rollover contributions and Transitional profit sharing contributions, plus actual earnings thereon. In the event of termination due to death, permanent and total disability or upon reaching normal retirement age, participants shall become 100% vested in the employer safe harbor matching and Regular (nontransitional) profit sharing contribution portions of their account. For all other participants, vesting in the employer safe harbor matching contribution portion of their account is based on credited years of service, as defined by the Plan, according to the following schedule:

<u>Years of service</u>	<u>Vested percentage</u>
Less than 2	0%
2 or more	100%

Vesting in the Regular (nontransitional) profit sharing contribution portion of participant accounts is based on credited years of service, as defined in the Plan, according to the following schedule:

<u>Years of service</u>	<u>Vested percentage</u>
Less than 3	0%
3 or more	100%

Participants who joined the Plan as a result of the spin-off from Unimin Corporation will continue to vest in their transferred account balances from the Unimin Corporation Savings Plan in accordance with its vesting provisions as of December 31, 2018.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account. The loan interest rate is set at 1.50% above the prime rate as published in *The Wall Street Journal* on the day the loan is initiated. Principal and interest are paid ratably through payroll deductions over a period not to exceed five years, except for the purchase of a primary residence.

Payment of benefits

Upon termination of service for any reason, participants with a vested account balance less than \$1,000 will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For participants with a vested account balance greater than \$1,000, but less than \$5,000, the Plan administrator will make a direct rollover of the participant's account to an individual retirement account designated by the Plan administrator. Participants with a vested account balance greater

Sibelco North America Retirement Savings Plan

Notes to Financial Statements December 31, 2023

than \$5,000 may defer payment of benefits until a later date. Qualifying participants may receive the value of the vested interest in their account in the form of a lump-sum, a single-sum distribution of a portion of their vested account balance or installment payments.

Withdrawals from the pre-tax and/or Roth salary deferral contribution portion of a participant's account may be made in the event of a financial hardship, in accordance with the provisions specified in the Plan. Participants who are at least 59½ years of age or who have reached normal retirement age may withdraw all or a portion of their vested account balance prior to termination. Participants may make withdrawals from the after-tax and rollover portions of their account at any time.

Forfeited accounts

At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$236,289 and \$341,722, respectively. These accounts will be used to reduce future employer contributions or to pay Plan administrative expenses, as defined by the Plan. For the year ended December 31, 2023, forfeited nonvested accounts of \$165,938 were utilized to reduce employer contributions.

Note 2 - Summary of accounting policies

Basis of presentation

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount that participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment valuation and income recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Contributions

Contributions from Plan participants and the safe harbor matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation. The Transitional and Regular profit sharing contributions from the Company are based upon each participant's taxable compensation for the Plan year.

Payment of benefits

Benefits are recorded when paid.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Sibelco North America Retirement Savings Plan

Notes to Financial Statements December 31, 2023

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid directly by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and self-directed brokerage accounts, distributions, and an asset-based investment management fee for certain investment options are charged directly to the respective participant's account and are included in administrative expenses. Other indirect investment related expenses are included in the net appreciation in fair value of investments.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events

The Plan has evaluated subsequent events through June 10, 2025, the date the financial statements were available to be issued.

Note 3 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2023 and 2022, and investment income and interest income on notes receivable from participants for the year ended December 31, 2023, that are disclosed in the accompanying financial statements and supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i), were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by John Hancock Trust Company, LLC, the trustee of the Plan.

Note 4 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board issued Accounting Standards Codification 820, *Fair Value Measurement*, are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Sibelco North America Retirement Savings Plan

Notes to Financial Statements December 31, 2023

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022:

Mutual funds and money market fund: Valued at the daily closing price as reported by the funds. The mutual funds and money market fund held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds and money market fund held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Primarily contain investments in mutual funds, common stocks and interest-bearing cash. Mutual funds are valued at NAV in the same manner as noted in the previous paragraph. Common stocks are valued at the closing price reported on the active market on which the individual securities are traded. Interest-bearing cash is valued at amortized cost, which approximates fair value.

Common collective trusts: Valued at the NAV of units of various collective trusts. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of a collective trust, the issuer reserves the right to require either 5 or 30 days notification, depending on the terms of the trust, in order to ensure that securities liquidations will be carried out in an orderly business manner.

Notes to Financial Statements December 31, 2023

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at fair value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy

Note 5 - Fully benefit-responsive investment contract

The Plan has entered into a traditional fully benefit-responsive guaranteed investment contract with New York Life Insurance Company ("New York Life") totaling \$6,715,158 and \$6,288,032 as of December 31, 2023 and 2022, respectively. New York Life maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1%. The crediting rate is reviewed semi-annually for resetting. The guaranteed

Sibelco North America Retirement Savings Plan

Notes to Financial Statements December 31, 2023

investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by New York Life, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

Note 6 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7 - Tax status

The Plan has been designed using a pre-approved defined contribution plan document sponsored by John Hancock Retirement Plan Services, LLC. John Hancock Retirement Plan Services, LLC received an opinion letter dated June 30, 2020 in which the Internal Revenue Service ("IRS") stated that the pre-approved defined contribution plan document, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan itself has not received a determination letter from the IRS, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is deemed to be tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained

Sibelco North America Retirement Savings Plan

Notes to Financial Statements December 31, 2023

upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Related party and party-in-interest transactions

Plan investments include a variety of mutual funds, common collective trusts, a money market fund, and a guaranteed investment contract held by John Hancock Trust Company, LLC. John Hancock Trust Company, LLC is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Plan investments also include self-directed brokerage accounts managed by Charles Schwab & Co., Inc. (formally managed by TD Ameritrade Retirement Services), which are also considered parties-in-interest. Indirect fees incurred by the Plan for investment management services are included in the net appreciation in fair value of investments. Administrative expenses paid directly from Plan assets to the trustee amounted to \$18,014 for the year ended December 31, 2023. Administrative expenses paid directly from Plan assets to Charles Schwab & Co., Inc. and TD Ameritrade Retirement Services amounted to \$281 for the year end December 31, 2023. The Plan sponsor pays directly any other fees related to the Plan's operations. The Plan allows participants to take loans against their account balances, which are also considered exempt party-in-interest transactions.

At December 31, 2023 and 2022, the Plan's revenue sharing account totaled \$0 and \$0, respectively. This account is used to pay Plan expenses and any excess amounts may be re-allocated to participant accounts. The Plan received revenue sharing credits from John Hancock Trust Company, LLC in the amount of \$0 for the year ended December 31, 2023. For the year ended December 31, 2023, no amounts were utilized from the revenue sharing account to pay certain administrative expenses to the trustee.

Note 10 - Nonexempt transactions

As reported on the supplemental Schedule of Delinquent Participant Contributions (Schedule H, Line 4a), certain salary deferral contributions were not remitted to the Plan within the time frame specified by DOL Regulation 29 CFR2510.3-102, thus constituting nonexempt transactions between the Plan and the Company for the year ended December 31, 2023. These delinquent participant contributions pertain to payroll periods during the years ended December 31, 2022 and 2023. The Company is currently working with its third-party administrator to correct the delinquent participant contributions relating to payroll for the years ended December 31, 2022 and 2023. The Company believes that these transactions should not affect the tax-qualified status of the Plan.
