INDEPENDENT AUDITORS' REPORT

To Those Charged with Plan Governance,
Plan Participants, and Beneficiaries
Milestone Electric 401(k) Plan
Garland, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Milestone Electric 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit) which comprise of the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosures under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP);
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedules of Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023 and Form 5500, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or are derived from the certified investment information, are presented, in all material respects, in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or are derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MILESTONE ELECTRIC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023

1. DESCRIPTION OF PLAN

The following description of the Milestone Electric 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is sponsored by Milestone Electric, Inc. (the “Sponsor” or “Company”) and is a single employer defined contribution 401(k) plan covering substantially all full-time employees of the Company, excluding non-resident aliens and union employees. Participants are eligible to enter the Plan the first day of the month coinciding with or next following attainment of age 18 and completion of 90 days of service. Upon meeting these eligibility requirements, employees are automatically enrolled in the Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) originally began on January 1, 2014.

Plan Amendment

Effective September 6, 2023, the Plan assets were transferred to John Hancock Trust Company LLC. The Plan went into a blackout period from September 1, 2023 to September 22, 2023. In addition, the Plan was modified to include an automatic escalation clause.

Contributions

Participants may elect to contribute a percentage or dollar amount of their eligible compensation as defined by the Plan. The maximum percentage a participant may elect to defer is 90% of eligible compensation. Participants who have attained age 50 by the end of the Plan year are also eligible to make catch up contributions. Participants may select from pre-tax or Roth deferrals. These contributions are elective contributions and are subject to annual limitations established by the Internal Revenue Service (IRS). The Plan provides an automatic enrollment provision whereby new participants are automatically enrolled in the Plan and have pre-tax elective deferral contributions equal to 3% of eligible pay unless they complete an alternative election or elect not to participate. Effective September 6, 2023, the participant may elect to increase the deferral rate by 1%, 2%, or 3% per year up to a maximum of 25% of eligible compensation on the anniversary of their enrollment. This automatic increase begins with the second Plan year following the date deferrals were first automatically withheld from a participant’s compensation.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. DESCRIPTION OF PLAN (CONTINUED)

Contributions (Continued)

Rollover contributions representing distributions from other qualified defined benefit or defined contribution plans are permitted and may be made prior to meeting the eligibility requirements for participation in the Plan.

The Company may elect to make a discretionary matching contribution equal to a percentage of a participant's elective deferrals. The Company elected to make a discretionary matching contribution equal to 50% of the participants' contributions up to a maximum of 6% of their eligible compensation, which totaled \$645,430, and is net of forfeitures used of \$61,756 for the year ended December 31, 2023. The Company may also elect to make discretionary non-elective employer contributions. No employer discretionary non-elective contribution was made for the Plan year ended December 31, 2023.

Investments

Participants direct the investments of their contributions and any allocated employer matching or employer discretionary non-elective contributions into various investment options offered by the Plan. As of December 31, 2023, the Plan offers several investment choices. Participants may change their investment options for future contributions at any time.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution, if any, (b) the Company's discretionary non-elective contribution, if any, (c) Plan earnings or losses, and (d) administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account balance.

MILESTONE ELECTRIC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their voluntary contributions and rollover contributions plus actual earnings thereon. Participants are vested in the employer matching contributions, non-elective contributions, and related investment earnings based on years of continuous service. The Plan utilizes the following vesting schedule:

<u>Years of service</u>	<u>Vested %</u>
Less than 2	0
2	20
3	40
4	60
5	80
6 or more	100

Participants will become fully vested upon death or disability, as defined by the Plan document.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of (a) 50% of their vested account balance or (b) \$50,000, reduced by the excess of the participant's highest outstanding loan balance during the 12-month period ending on the date of the loan and reduced by the participant's current outstanding participant loan balance on the date of the loan. Loan principal and interest is generally repaid through payroll deductions and is reinvested in the participant's account according to the individual's investment election. Loan terms may not exceed five years except for the purchase of a primary residence, for which the term cannot exceed a period of 15 years. Loans are secured by the balance in the participant's accounts and bear interest at a rate of prime plus 2%. Any loan origination fee will be described in the loan application form and will be included in the administrative expenses. Participants are allowed only one loan outstanding at a time. Loan prepayments are allowed without penalty.

Payment of Benefits

Distributions generally will be made in the event of retirement, death, disability, resignation, or dismissal. Vested account balances can be distributed by rollover, lump sum distributions, or partial withdrawals. Vested account balances that do not exceed \$5,000 are subject to automatic distribution without participant's consent. Rollover contributions are included in determining the \$5,000 threshold. All other accounts must receive participant consent before distribution to the participant can occur.

See accompanying independent auditors' report.

Certain in-service withdrawals are allowed. A participant may also elect to withdrawal all or a portion of their vested account balance while employed after reaching age 59.5. Hardship withdrawals are allowed only for immediate and heavy financial needs for reasons defined by the Plan document.

Forfeitures

A non-vested amount remaining in a participant account of a terminated employee after the earlier of a) the distribution of his or her vested account balance or b) five consecutive one-year breaks in service, is defined as a forfeiture. Forfeitures derived are used to pay for administrative expenses, deducted from future employer matching and/or discretionary non-elective contributions. Total outstanding forfeitures are included in investments on the accompanying statements of net assets available for benefits and amounted to \$29,792 and \$34,459 as of December 31, 2023 and 2022, respectively. 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements for the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of American (GAAP).

The preparation of financial statements in accordance GAAP requires the Plan's management to make estimates and assumptions that affect certain amounts reported in the financial statements, accompanying notes, and the supplemental schedules. Actual results may vary from those estimates.

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation in the fair value of investments includes the Plan's realized gains and losses on investments bought and sold as well as unrealized gains and losses on investments held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2023 and 2022, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits and Receipt of Contributions

Benefits paid to participants are recorded when paid. Contributions are recorded when deemed a receivable by the Plan.

Excess Contribution Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with corresponding reduction to contributions. There were no excess contributions payable for the years ended December 31, 2023 or 2022.

Administrative Expenses

Certain administrative expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to notes receivable from participants and benefits paid to participants are charged directly to the participant's accounts are included in administrative expenses on the statement of changes in net assets available for benefits. Investment related expenses are included in net appreciation in fair value of investments on the statement of changes in net assets available for benefits.

3. INFORMATION PREPARED AND CERTIFIED BY PLAN CUSTODIANS

The Plan Sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company and John Hancock Trust Company LLC, the Custodians of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- a. Investments, cash, and notes receivable from participants, as shown in the statements of net assets available for benefits, as of December 31, 2023 and 2022.
- b. Net appreciation in fair value of investments and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits, for the year ended December 31, 2023.
- c. The Form 5500, Schedule H, Line 4i - Schedule of Assets (Held at Year End) as of December 31, 2023, as shown in the supplemental schedule.

John Hancock Life Insurance Company held the Plan's investment assets and executed investment transactions from January 1, 2023 to September 5, 2023 when the assets transitioned to John Hancock Trust Company LLC who held the Plan's investment assets and executed investment transactions as of December 31, 2023, and for the period September 5, 2023 to December 31, 2023.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENTS

Valuation techniques used to measure fair value use a hierarchy, which gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Quoted prices in active markets for identical assets or liabilities.

Level 2 - Valuations based on inputs other than quoted prices included within Level 1 that are observable, either directly or indirectly, such as quoted prices in markets that are not active; other inputs that are observable or can be corroborated by observable market data for substantially the full term of the asset or liabilities.

Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the classification of assets and liabilities within the fair value hierarchy. Because of the long-term nature of certain assets and liabilities measured at fair value as well as differences in the availability of market prices and market liquidity over their terms, inputs for some assets and liabilities may fall into any one of the three levels in the fair value hierarchy. GAAP requires the Plan to classify these assets and liabilities in the lowest level in the hierarchy for which inputs are significant to the fair value measurement; a portion of that measurement may be determined using inputs from a higher level in the hierarchy.

The availability of valuation techniques and observable inputs can vary from investment to investment and is affected by a wide array of factors. In certain cases, the inputs used to measure fair value may fall into different levels of the hierarchy. For disclosure purposes, the level in the hierarchy within which the fair value measurement in its entirety falls is determined based on the lowest level input that is significant to the fair value measurement. The estimated values do not necessarily represent the amounts that may be ultimately realized due to the occurrence of future circumstances that cannot be reasonably determined.

To the extent that a specific valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. As such, the degree of judgment exercised by the Plan in determining fair value is greatest for investments in Level 3.

4. FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

- *Mutual funds of registered investment companies.* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Pooled separate accounts.* Pooled separate accounts are considered to be measured at readily determinable fair values. The values are based on observable prices regularly reported and transacted. Participant transactions (purchases and sales) may occur daily.
- *Stable value fund.* The stable value fund is an investment option within a group annuity contract. The net asset value is based on observable prices regularly reported and transacted.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value reported in the statements of net assets available for benefits as follows:

December 31, 2023				
Fair Value Measurements Using:				
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total

	December 31, 2022			
	Fair Value Measurements Using:			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total

Stable value fund	179,261	-	-	179,261
Total investments, at fair value	\$ 4,656,084	\$ -	\$ -	\$ 4,656,084

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been categorized in the fair value hierarchy. The amounts presented in this table are intended to permit reconciliation of the amounts in the hierarchy to the total investments at fair value line presented in the statements of net assets available for benefits.

The Plan has no financial instruments which were categorized using Level 3 inputs as of December 31, 2023 and 2022.

The Plan recognizes transfers between levels in the fair value hierarchy as of the end of the reporting period. There were no transfers between levels for the years ended December 31, 2023 and 2022.

Investments Measured Using Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023, respectively. There are no participant redemption restrictions for these investments; the redemption notice is applicable only to the Plan.

5. NON-PARTICIPANT DIRECTED INVESTMENTS

The Plan's participants direct all investments. There are no non-participant directed investments as of December 31, 2023 and 2022.

6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are invested in funds offered by John Hancock Life Insurance Company and John Hancock Trust Company LLC, the Custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

The Plan also permits loans to participants.

Certain administrative functions are performed by officers and employees of the Company for which the officers or employees receive no compensation from the Plan nor is the Plan charged by the Company for these services.

These transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

7. PLAN TERMINATION

Although no intent to do so has been expressed, the Sponsor has the right under the Plan to discontinue its contributions, if any, at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will automatically become 100% vested in their accounts and Plan assets will be distributed in accordance with the Plan document.

8. TAX STATUS

Effective September 6, 2023, the Plan is based on a non-standardized pre-approved profit sharing/money purchase/CODA plan developed by John Hancock Retirement Plan Services LLC which received a favorable opinion letter dated June 30, 2020 from the IRS stating plan constitutes a qualified plan under Section 401 of the Internal Revenue Code (IRC).

Prior to September 6, 2023, the Plan was governed by a favorable determination letter dated June 30, 2020 based on a non-standardized per-approved profit sharing/money purchase/CODA plan developed by Nova 401k Associates Inc. The Plan is currently designed and being operated in compliance with the applicable requirement of the IRC.

8. TAX STATUS (CONTINUED)

GAAP requires Plan management to evaluate the tax positions taken by the Plan and recognize a liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect a participants' account balance and the amounts reported in the statements of net assets available for benefits.

10. DELINQUENT TRANSMITTALS

During the Plan year ended December 31, 2023, 2022 and 2021, the Plan failed to remit certain participant contributions and loan payments totaling \$561,621, \$171,868, and \$22,580, respectively, within the period prescribed by the DOL's regulations. The participant contributions have all been remitted, and the Company is the process of funding the amount of corrective lost earnings to make the Plan whole.
