## Independent Auditors' Report

Board of Trustees  
Local 649, International Brotherhood of Electrical Workers  
Supplemental Unemployment Benefit Welfare Fund  
St. Louis, Missouri

### **Opinion**

We have audited the accompanying financial statements of Local 649, International Brotherhood of Electrical Workers ("IBEW") Supplemental Unemployment Benefit Welfare Fund (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of August 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of August 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedules Required by ERISA**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

### **Report on Additional Information**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The additional Schedules of Administrative Expenses are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the additional information is fairly stated in all material respects in relation to the financial statements as a whole.

**1. Plan Description**

The following description of Local 649, International Brotherhood of Electrical Workers ("IBEW") Supplemental Unemployment Benefit Welfare Fund (the "Plan") provides only general information. Participants of the Plan should refer to the plan document and summary plan description for a more complete description of the Plan's provisions.

**General**

The Plan is a multiemployer defined contribution health and welfare plan. The Plan was established in 1998, pursuant to a collective bargaining agreement ("CBA") between the Alton-Wood River Division of the Illinois Chapter of the National Electrical Contractors Association, Inc. ("NECA"), which represents the participating employers (the "Employers"), the American Line Builders Chapter-NECA, and the IBEW Local No. 649 (the "Unions") to provide supplemental unemployment benefits for participants and other income security benefits such as disability, retiree medical, severance pay, and death benefits for eligible participants and beneficiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Administration of the Plan is the responsibility of the Board of Trustees (the "Trustees") and is governed by a joint board consisting of equal representation from the Employers and the Union.

**Eligibility**

To become eligible for benefits from the Plan, an employee must work under a CBA requiring Employer contributions to the Plan for hours worked by the employee. These contributions create eligibility credits. An employee must accumulate a specified number of eligibility credits to be entitled to benefits. Credits can be forfeited for various reasons as described in the Plan's summary plan description.

Participants receive two and one half eligibility credits for each hour worked under a CBA for which an Employer contribution is received by the Plan.

**Employer Contributions**

The Plan is funded by contributions from Employers based on hours worked by covered employees.

For work performed in the Unions jurisdiction, Employers contribute to the Plan at a rate of \$1.25 per clock hour worked.

**Benefits**

Supplemental Unemployment Benefits

Under the Plan, participants who attain the minimum requirement of 5,000 credits will be eligible for supplemental unemployment benefits. The amount of the weekly benefit is \$300 and is payable only if the participant is eligible for state unemployment benefits and has received two consecutive weeks of state unemployment benefits.

**Local 649, International Brotherhood of Electrical Workers Supplemental  
Unemployment Benefit Welfare Fund  
Notes to Financial Statements  
August 31, 2024 and 2023**

Death Benefits

A participant is eligible for death benefits if they have met the 5,000 minimum eligibility credit requirement. Upon the death of a participant, a death benefit will be paid to the participant's beneficiary based upon the participant's accumulated credits multiplied by the death benefit factor, currently at 50 cents per credit.

Spousal-Dependent Medical Benefits

A participant's spouse or dependent is eligible for spousal-dependent medical benefits, including vision and dental, if the participant had at least 5,000 credits at the time of their death, was not retired, and was an active employee prior to death, meeting the requirements for a year of service of 1,000 hours during at least one of the two calendar years immediately preceding the year of their death. This benefit is available only to a surviving spouse or other dependents of the employee at the time of death, covered under the medical plan then covering the employee. This benefit is payable to the deceased employee's medical plan in the amount of the self-pay premium required for coverage of the spouse or other dependents up to a maximum of \$300 per month for up to 12 months.

Retiree Medical Benefits

A participant is eligible for retiree medical benefits, including vision and dental, if they have retired on or after September 1, 1999. Once the employee has met the general eligibility requirement of 5,000 credits, they will be eligible for this benefit to the extent of their remaining credits. The Plan provides benefits for continuation of medical coverage of an eligible retiree the greater of \$300 per month or 50% of the retiree monthly premium. This benefit is paid directly to the related plan.

Disabled Employee Medical Benefit

A participant is eligible for the disabled employee medical benefit if they have 5,000 credits and are totally and permanently disabled. Total and permanent disability may be established by a determination of such status by an award for disability benefits by the Social Security Administration, or by the National Electrical Benefit Fund, or as otherwise determined by the Trustees of the Plan. The Plan will pay the greater of (1) \$300 per month or (2) 50% of the self-pay family premium required to maintain coverage in the medical plan covering the employee as an active employee at the time of their disability, or the medical plan which last covered them as an active employee to the extent of the disabled employee's eligibility credits.

Employee Deductible Benefit

A participant is eligible for the employee deductible benefit if they have 5,000 credits and has met the eligibility requirements for employee group medical benefits under the Alton IBEW-NECA Health and Welfare Fund. The participant must provide receipts showing payment for medical expenses not already covered. Annually, the Plan will pay part of the employees' deductible up to \$200. For each dollar paid, the participant's eligibility credits will be reduced by two credits.

**2. Summary of Significant Accounting Policies**

**Basis of Accounting**

The financial statements of the Plan have been prepared in accordance with the provisions of the Financial Accounting Standards Board ("FASB"), Accounting Standards Codification (the "FASB ASC"), which is the source of authoritative, non-governmental accounting principles generally accepted in the United States of America ("GAAP"). All references to authoritative accounting guidance contained in our disclosures are based on the general accounting topics within the FASB ASC.

**Use of Estimates**

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

**Investment Valuation and Income Recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

**Fair Value Measurements**

The Plan follows guidance issued by the FASB on fair value measurements, which establishes a framework for measuring fair value, clarifies the definition of fair value within that framework, and expands disclosures about the use of fair value measurements. This guidance applies whenever fair value is the applicable measurement. The three general valuation techniques used to measure fair value are the market approach, cost approach, and income approach.

**Employer Contributions Receivable**

Employer contributions receivable represents Employer contributions due to the Plan for hours worked prior to the end of the Plan year, but not yet received by year-end. Employer contributions receivables are reported at their outstanding balances, net of an estimate made for credit losses. Management estimates the allowance for credit losses by regularly evaluating individual Employer receivables and considering an Employer's financial condition, payment history, current economic conditions, and management's expectations of conditions in the future. Employer contributions receivables are written off when deemed uncollectible and collection enforcement efforts have failed to produce payments and additional efforts are not warranted. Management is of the opinion that no allowance is necessary as of August 31, 2024 or 2023.

**Local 649, International Brotherhood of Electrical Workers Supplemental  
Unemployment Benefit Welfare Fund  
Notes to Financial Statements  
August 31, 2024 and 2023**

Employer contributions are due by the 15th of the month following the month hours are worked. Contributions not received by the 15th of the month are considered past due.

**Payments of Benefits**

Benefits payments to participants or their beneficiaries are recorded upon distribution.

**Administrative Expenses**

The Plan permits the payment of Plan expenses from Plan assets. Expenses incurred in the general administration of the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. The Plan shares certain administrative costs with other related plans. In computing these allocated costs, various factors were considered, including time spent, space used, costs incurred, and volume of transactions relating to the Plan in relation to the other plans.

**Reclassifications**

Certain amounts in the 2023 financial statements have been reclassified to conform to current year presentation.

**Subsequent Events**

The Plan has evaluated subsequent events through June 11, 2025, the date on which the financial statements were available to be issued.

**3. Change in Accounting Principle**

Effective September 1, 2023, the Plan adopted ASU 2016-13, *Financial Instruments - Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments*, as amended. FASB ASC 326 replaces the incurred loss methodology with an expected loss methodology that is referred to as the current expected credit loss ("CECL") methodology. CECL requires an estimate of future credit losses for the remaining estimated lives of financial assets based on relevant information about historical experience, current conditions, and reasonable and supportable financial forecasts that affect the collectibility of the reported amounts. The measurement of expected credit losses under CECL is applicable to financial assets measured at amortized cost. Such assets are presented at the net amount expected to be collected over their remaining contractual lives using an allowance for credit losses. The adoption of FASB ASC 326, resulted in no change in the allowance from credit losses.

**4. Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy which prioritizes the inputs to valuation techniques used to measure fair value into Levels 1, 2, and 3. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

**Local 649, International Brotherhood of Electrical Workers Supplemental  
Unemployment Benefit Welfare Fund  
Notes to Financial Statements  
August 31, 2024 and 2023**

- Level 1      Inputs to the valuation methodology are unadjusted quoted prices for identical instruments in active markets.
- Level 2      Inputs to the valuation method to include quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in inactive markets, inputs other than quoted prices that are observable for the instrument, or inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3      Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The instruments' fair value measurement levels within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value.

Level 1 investments consist of mutual funds. Mutual funds are recorded at the closing price reported by the funds. These are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The fair value of investments is measured as of August 31, as follows:

	2024			
	Total	Fair Value Measurements		Level 3
		Level 1	Level 2	
Mutual funds	\$ 8,650,755	\$ 8,650,755	\$ -	\$ -
Total assets in fair value hierarchy	<u>\$ 8,650,755</u>	<u>\$ 8,650,755</u>	<u>\$ -</u>	<u>\$ -</u>

Notes to Financial Statements  
August 31, 2024 and 2023**

**5. Related Party and Party-in-Interest Transactions**

The IBEW-NECA Service Center (the "Service Center") was established to administer benefit funds professionally for the benefit of IBEW members. Fees paid during the year for administrative services rendered by the Service Center represent the Plan's portion of expenses allocated to all funds serviced by the Service Center. Total expenses allocated to the Plan and paid to the Service Center amounted to \$31,547 and \$48,585 for the years ended August 31, 2024 and 2023, respectively.

The Plan pays Local 649 IBEW Health and Welfare Fund for monthly health and welfare premiums on behalf of eligible retired participants. The Plan paid premiums amounting to \$88,460 and \$118,148 for the years ended August 31, 2024 and 2023, respectively.

**6. Plan Termination**

It is the intent of the Trustees to continue the Plan in full force and effect; however, the right to discontinue the Plan is reserved by the Trustees. During termination, the Plan's assets should not be used for or diverted to purposes other than for the exclusive benefit of the participants and beneficiaries. In the event of termination, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations.

**7. Tax Status of Plan**

The Internal Revenue Service has determined and informed the Trustees by a letter dated June 8, 1999, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. Management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

In accordance with GAAP, management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. Management has analyzed the tax positions taken by the Plan and has concluded that as of August 31, 2024 and 2023, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. Management believes the Plan is no longer subject to income tax examinations for years prior to 2020. The Plan is also subject to routine audits by the Department of Labor, generally for six years after the statutory due date of the annual information return. There are currently no audits in progress for any tax periods.

**8. Risks and Uncertainties**

**Investments**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**Contribution Receivables**

The majority of receivables are from electrical Employers primarily located in or working in the central Illinois region. The Plan generally does not require collateral, but in some cases can require a performance bond.

**9. Participant Credits**

Participants accumulate credits in order to be eligible for certain benefits of the Plan.

The plan document authorizes the Trustees to grant additional credits at the end of each year to participants based upon the financial condition of the Plan and anticipated experience.

At the Trustee meeting held on January 13, 2025, the Trustees voted to issue a credit dividend of 6% to be applied to eligible participant credit balances as of August 31, 2024.

At the Trustee meeting held on January 9, 2024, the Trustees voted to issue a credit dividend of 6% to be applied to eligible participant credit balances as of August 31, 2023.
