Independent Auditors' Report

To the Plan Administrator of
Sigilon Therapeutics, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Sigilon Therapeutics, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statements of Net Assets Available for Benefits – Liquidation Basis as of August 28, 2024 and December 31, 2023, and the related Statement of Changes in Net Assets Available for Benefits – Liquidation Basis for the period from January 1, 2024 through August 28, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Sigilon Therapeutics, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of August 28, 2024 and December 31, 2023, and for the period from January 1, 2024 through August 28, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Sigilon Therapeutics, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter

As discussed in Note 6 to the financial statements, the plan sponsor was acquired on August 11, 2023 and a termination amendment was executed by the plan sponsor on August 9, 2023 to terminate the Sigilon Therapeutics, Inc. 401(k) Plan effective August 10, 2023. As a result, management determined liquidation to be imminent in 2023 and has used the liquidation basis in presenting the financial statements as of August 28, 2024 and December 31, 2023, and for the period from January 1, 2024 through August 28, 2024.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Sigilon Therapeutics, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements referred to above, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Sigilon Therapeutics, Inc. 401(k) Plan

Notes to Financial Statements

August 28, 2024 and December 31, 2023

1. Description of Plan

The following description of the Sigilon Therapeutics, Inc. 401(k) Plan (the Plan) provides only general information. Plan participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Sigilon Therapeutics, Inc. (the Company or the Plan Sponsor) that have attained 21 years of age. Employees were allowed to enter the Plan on the first day of each month. The Plan was originally established on January 1, 2017 and was most recently amended on August 9, 2023, terminating the Plan effective August 10, 2023 due to the Plan Sponsor being acquired (see Note 6). Therefore, management has determined that liquidation of the Plan was imminent with an effective date of August 10, 2023. The Plan Sponsor communicated the Plan's termination and liquidation process to participants on August 14, 2023. The Plan's financial statements are presented in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic No. 205, *Presentation of Financial Statements: Liquidation Basis of Accounting* (ASC 205), see Note 2. Final distributions occurred on August 28, 2024. The Plan Administrator and the Compensation Committee was responsible for the oversight of the Plan, determining the appropriateness of the Plan's investment offerings, and monitoring investment performance.

The Plan is subject to the provisions of the Internal Revenue Code of 1986 (the Code), as amended, and the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants could contribute up to 100% of their eligible compensation, as defined. Participants could make pre-tax, Roth, and after-tax contributions to the Plan. Participants that had attained age 50 before the end of the plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants directed the investment of their contributions into various investment options offered by the Plan. Participant contributions and rollover contributions were suspended effective August 10, 2023 in conjunction with the Plan's termination (see Note 6); therefore, there were no participant contributions or rollover contributions for the period from January 1, 2024 through August 28, 2024.

The Plan provided for employer matching contributions for eligible participants. For the period from January 1, 2024 through August 28, 2024, there were no employer match contributions due to the Plan's termination (see Note 6). For the year ended December 31, 2023, employer matching contributions were 100% of each participant's contributions up to 3% of the participant's eligible compensation. The Plan provided for a true-up of employer matching contributions. As of December 31, 2023, a receivable related to the annual employer matching true-up calculation totaled \$33,494, which was funded to participant accounts during 2024 prior to the Plan's liquidation.

The Plan also provided for discretionary employer profit-sharing contributions to participants who were employed on the last day of the plan year, unless terminated after reaching normal retirement age (65), death, or disability. For the period from January 1, 2024 through August 28, 2024, no discretionary employer profit-sharing contributions were made due to the Plan's termination (see Note 6).

Contributions and compensation were subject to certain Internal Revenue Service (IRS) limitations.

1. Description of Plan...continued

Participant Accounts

Each participant's account was credited with the participant's contributions, the Company's contributions, and an allocation of the Plan's earnings or losses, and charged with an allocation of administrative expenses that were paid by the Plan. The allocations of earnings or losses were based on participant's account balances, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Notes Receivable from Participants

Prior to the Plan's termination, the Plan permitted its participants to obtain loans against their account balances, excluding Roth deferral accounts. A participant could borrow from his or her vested account a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000, reduced by the highest outstanding balance in the last 12 months, or 50% of his or her vested account balance. Participants could only have one loan outstanding at any given time. With the exception of loans used to purchase a primary residence, loan terms were limited to a maximum of five years. The notes receivable from participants had interest at the Wall Street prime rate plus 1% at the date the loan application was processed. Principal and interest were paid ratably through regular payroll deductions for actively employed participants. Upon termination of employment, any remaining payments were due within 60 days after termination unless transferred or rolled out of the Plan. Repayments could be suspended for 12 months for a bona fide leave of absence and for the entire time the borrower was on qualified military leave. Loans could not be refinanced. Loans were treated as a taxable distribution until the end of the quarter following the quarter in which default occurred. Any unpaid balances at the time of default incurred a 10% penalty if the participant was under the age of 59 ½. All outstanding loans were repaid in full during the year ended December 31, 2023 and no new loans were issued subsequent to the August 10, 2023 termination date. Therefore, there were no loans outstanding as of August 28, 2024 and December 31, 2023.

Vesting

Prior to the Plan's termination, participants were immediately vested in their voluntary contributions, rollover contributions, and employer matching contributions, plus earnings thereon.

Prior to the Plan's termination, participants vested in discretionary employer profit-sharing contributions based on years of continuous service, starting after their second year of service and becoming fully vested after the six years of credited service. Participants became fully vested upon death or incurring a disability.

Participants became fully vested in all contribution sources upon the Plan's termination on August 10, 2023 (see Note 6).

Forfeitures

Prior to the Plan's termination, each participant who left the Company, forfeited the nonvested portion of terminated participants' account balances plus related earnings. Forfeitures also represented corrective actions for excess employer matching contributions. These amounts could be used to reduce employer matching contributions. As of August 28, 2024 and December 31, 2023, no forfeited nonvested accounts were held by the Plan.

Payment of Benefits

All distributions were subject to the applicable provisions of the Plan. Upon the decision to terminate the Plan effective August 10, 2023 (see Note 6), all participant balances became eligible for distribution. Prior to the Plan's termination, withdrawals could be made from a participant's account at age 59 ½, death, disability, or termination of employment. The participant's vested account could be distributed to the participant (or to the participant's beneficiary in the event of the participant's death) in the form of cash, as a single lump-sum payment or partial withdrawals. If a participant terminated service, the entire vested amount in his or her account could be distributed or rolled over into another qualified plan, as directed by the participant. A participant who was eligible for a hardship withdrawal could elect to withdraw all or a portion of his or her vested account. A participant was entitled to receive a distribution from his or her rollover contribution account at any time. A participant could initiate direct in-plan Roth rollovers at any time from his or her vested account balance that was not a designated Roth account. The Plan Administrator could elect to distribute funds out of the Plan when a participant terminated employment and had a vested balance in the Plan less than \$1,000. Required minimum distributions were required to begin no later than the participant's attainment of age 73.

In connection with the Plan's termination, participants were afforded the opportunity to request a distribution through August 9, 2024 prior to their account balances being transferred to individual retirement accounts (see Note 6).

Investment Elections

Each participant could direct the investment of his or her account and could elect among various mutual funds and a common collective trust fund. Each participant had the ability to change his or her investment allocations at any time.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared in accordance with accounting standards set by the FASB. The FASB sets generally accepted accounting principles in the United States of America (GAAP) to ensure net assets available for benefits and changes in net assets available for benefits are consistently reported. References to GAAP issued by the FASB in these notes are to the FASB ASC.

As mentioned in Note 1, in connection with the termination of the Plan, the Plan's financial statements are presented in accordance with ASC 205, on the liquidation basis of accounting, as liquidation was deemed to be imminent during the year ended December 31, 2023.

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies...continued

Investment Valuation and Income Recognition

All investments in the Statement of Net Assets Available for Benefits – Liquidation Basis as of December 31, 2023 were reported at liquidation value due to the Plan's termination discussed in Note 1. There were no investments held as of August 28, 2024. For all investments, fair value approximated the amount the Plan expected to collect at liquidation. The Plan Administrator determined the Plan's valuation policies utilizing information provided by investment advisers and the trustees. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities were recorded on a settlement-date basis. Interest and dividends were recorded on the liquidation basis. Net appreciation included the Plan's gains and losses on investments bought and sold as well as held during the period.

Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest was recorded on an accrual basis. There were no notes receivable from participants outstanding as of August 28, 2024 and December 31, 2023. Related fees were recorded as administrative expenses when they were incurred. No allowance for credit losses were recorded as of August 28, 2024 or December 31, 2023. Prior to the plan's termination, if a participant ceased to make loan repayments and the Plan Administrator deemed the note receivable from the participant to be a distribution, the receivable balance was reduced and a benefit payment was recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan were paid by the Plan, unless otherwise paid by the Company. Expenses that were paid by the Company were excluded from these financial statements. Fees related to participant-initiated transactions were charged directly to the participant's account and were included in administrative expenses. Investment related expenses were included in net appreciation in fair value of investments. For the period from January 1, 2024 through August 28, 2024, the Company paid certain other administrative expenses incurred by the Plan.

3. Fair Value Measurements

The Plan discloses the fair value of investments in accordance with FASB ASC Topic No. 820, *Fair Value Measurements* (ASC 820). The framework under ASC 820 provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

Notes to Financial Statements

August 28, 2024 and December 31, 2023

3. Fair Value Measurements...continued

The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means; or
 - If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of August 28, 2024 and December 31, 2023.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan were open-end mutual funds that were registered with the U.S. Securities and Exchange Commission (SEC) and were required to publish their daily net asset value (NAV) in order to transact at that price. The mutual funds held by the Plan were deemed to be actively traded.

Common collective trust fund - Valued at the NAV of units of the common collective trust. The NAV, as provided by Ascensus Trust Company and Newport Trust Company LLC was used as a practical expedient to estimate fair value. The NAV was based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient was not used when it was determined to be probable that the fund would sell the investment for an amount different than the reported NAV. Transactions of investments on or withdrawals could occur on a daily basis. The Plan's investment in the fund was fully liquidated on August 28, 2024. There were no unfunded commitments as of August 28, 2024 and December 31, 2023.

3. Fair Value Measurements...continued

Due to the Plan's liquidation, the Plan did not hold any assets as of August 28, 2024. The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 5,222,139</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 5,222,139</u>
Investments measured at NAV				<u>345,033</u>
Total investments at fair value				<u>\$ 5,567,172</u>

4. Information Prepared and Certified by Plan's Trustees

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustees of the Plan, Ascensus Trust Company and Newport Trust Company, LLC, have certified to the completeness and accuracy of all investments reflected on the accompanying Statements of Net Assets Available for Benefits – Liquidation Basis as of August 28, 2024 and December 31, 2023 and the related investment activity reflected in the Statement of Changes in Net Assets Available for Benefits – Liquidation Basis for the period from January 1, 2024 through August 28, 2024.

5. Tax Status

The Plan had adopted a pre-approved plan in which the IRS determined, by an opinion letter dated June 30, 2020, that the Plan was designed in accordance with applicable sections of the Code. The Plan was amended since receiving the opinion letter; however, the Plan Administrator believes the Plan's termination at liquidation does not adversely affect the tax qualification of the Plan.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Plan Termination

The Plan Sponsor was acquired on August 11, 2023 and the Plan was formally terminated August 10, 2023. Participants were notified of the Plan's termination on August 14, 2023 and the liquidation process on June 3, 2024. Participants were afforded the opportunity to request a distribution through August 9, 2024, otherwise their account balances would be transferred into individual retirement accounts with Merrill Lynch at the Plan Sponsor's request. The final participant contribution was made on August 9, 2023 and the final annual employer matching true-up contribution for the year ended December 31, 2023 was made on March 27, 2024. Upon the Plan's termination effective August 10, 2023, all participants became fully vested. The remaining assets were liquidated on August 28, 2024.

Notes to Financial Statements

August 28, 2024 and December 31, 2023

7. Party-in-Interest Transactions

Certain investments of the Plan were funds managed by Vanguard, a third-party service provider of the Plan, and therefore, these transactions qualify as party-in-interest transactions.

8. Risk and Uncertainties

The Plan invested in various investment securities that were exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it was at least reasonably possible that changes in the values of investment securities could have occurred in the near term and that such changes could have materially affected participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits – Liquidation Basis.

9. Subsequent Events

The Plan has evaluated subsequent events for potential disclosure or recognition through June 10, 2025, the date the financial statements were available to be issued.
