## Report of Independent Auditors

Board of Directors  
Three Rivers Corporation Employees' Profit Sharing Plan  
Midland, Michigan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the accompanying financial statements of Three Rivers Corporation Employees' Profit Sharing Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of August 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended August 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Three Rivers Corporation Employees' Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Three Rivers Corporation Employees' Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Three Rivers Corporation Employees' Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Three Rivers Corporation Employees' Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedule Required by ERISA**

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Notes to Financial Statements

August 31, 2024

### **1. Description of the Plan**

The following description of the Three Rivers Corporation Employees' Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

#### **General**

The Plan is a defined contribution plan covering substantially all employees, except union and leased employees, interns, and nonresident aliens, of Three Rivers Corporation (Company) who are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and its amendments.

#### **Contributions**

Each year, participants may contribute their earnings, not to exceed amounts established by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Employee contributions are funded on a per payroll basis. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Newly eligible participants are automatically enrolled in the Plan at 3%, unless the participant elects not to participate.

The Company contributes 40% of the first 5% of compensation that a participant has elected to contribute to the Plan, if the participant had one year of service completed, as defined in the plan agreement. As of January 1, 2023, the Company began matching 50% for every 1% of employee deferrals with a limit of a 3% employer match and no service requirement.

Each year, the Company may contribute a discretionary nonelective contribution amount to the Plan as determined by the Company's Board of Directors. To receive the discretionary nonelective contribution, participants must be employed on the last day of the Plan year and have completed 1,000 hours of service during the Plan year. The participant will receive the contribution if they are not employed due to retirement, disability, or death. Contributions are subject to certain limitations.

#### **Investment Options**

Each participant directs the investment of Company contributions and elective wage deferrals among certain investment options offered by the Plan. Participants may change their investment options at any time.

### **1. Description of the Plan (continued)**

#### **Participant Accounts**

Each participant's account is credited with the participant's contributions, the Company's matching contribution, and allocations of (a) the Company's discretionary contribution (if any), (b) Plan earnings, and (c) applicable administrative expenses. Allocations are based on participant compensation during the year or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Participant loans are not permitted under the Plan.

#### **Vesting**

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portions of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

#### **Forfeited Accounts**

Forfeited non-vested account balances are used to pay Plan administrative expenses. As of August 31, 2024, forfeited non-vested accounts totaled \$52,822 (\$14,131 as of August 31, 2023). During the years ended August 31, 2024 and 2023, there were no forfeited non-vested accounts used to reduce trustee administrative expenses.

#### **Payment of Benefits**

Upon termination of service or the participant's total disability, death, retirement (age 65), or early retirement (age 60 or older and 5 or more years of service) the vested amount in the participant's account shall be paid to the participant. Participants may also take distributions at age 59.5. The participant may elect to receive a lump-sum payment, substantially equal installments, or partial withdrawals. If the value of a participant's vested account is less than \$5,000, the balance will be automatically distributed. Hardship distributions are allowed, as defined in the plan agreement.

#### **Administrative Expenses**

The Company pays certain Plan administrative expenses. Plan administrative expenses paid by the Company include legal fees and audit fees, and qualify as party-in-interest transactions which are exempt from prohibited transaction rules.

### 2. Summary of Significant Accounting Policies

#### Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

#### Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Accordingly, actual results could differ from those estimates.

#### Investment Valuation and Income Recognition

The Plan values its investment portfolio at fair value on a recurring basis. Financial Accounting Standards Board (FASB) Codification Section 820-20 on *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. This standard applies to all financial instruments that are measured and reported at fair value on a recurring basis.

The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 – Valuations for assets and liabilities traded in active exchange markets, such as the New York Stock Exchange. Valuations are obtained from readily available pricing sources for market transactions involving identical assets or liabilities.
- Level 2 – Valuations for assets and liabilities traded in less active dealer or broker markets. Valuations are obtained from third party pricing services for identical or similar assets or liabilities.
- Level 3 – Valuations for assets and liabilities that are derived from other valuation methodologies, including option pricing models, discounted cash flow models, and similar techniques, and not based on market exchange, dealer, or broker traded transactions. Level 3 valuations incorporate certain assumptions and projections in determining the fair value assigned to such assets or liabilities.

### **2. Summary of Significant Accounting Policies (continued)**

#### **Investment Valuation and Income Recognition (continued)**

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of August 31, 2024 and 2023.

*Mutual funds:* Valued at fair value determined by quoted market prices of the underlying securities as reported by the custodian of the Plan.

*Collective investment trust fund:* The Plan's investment in the Great Gray CIT III for Metlife Group is stated at estimated fair value based on the net asset value of the participation units in each fund as a practical expedient. There are no unfunded commitments or redemption restrictions related to the investment.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value at the reporting date.

Fair value measurements are discussed further in Note 4.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation or an addition to net depreciation in the aggregate fair value of investments for such investments.

#### **Payment of Benefits**

Benefits are recorded when paid.

#### **Subsequent Events**

Management has evaluated subsequent events through May 29, 2025, the date the financial statements were available to be issued.

#### 3. Investments – Unaudited

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the completeness and accuracy of investment information reflected in the accompanying financial statements and the supplemental schedule including investment balances and the net change in fair value of investments, interest, and dividends has been certified by Newport Trust Company, LLC, for the period December 1, 2022 through August 31, 2024, and Huntington Bank for the period September 1, 2022 through December 1, 2022. Newport Trust Company, LLC became the Plan trustee effective December 1, 2022. This certified information has not been audited by independent auditors.

#### 4. Fair Value Measurements

The following tables set forth by level, within the fair value hierarchy.

The Plan's assets at fair value as of August 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 38,811,575	\$ -	\$ -	\$ 38,811,575
Total assets in the fair value hierarchy	38,811,575	-	-	38,811,575
Investments measured at net asset value (1)	-	-	-	908,844
Investments at fair value	\$ 38,811,575	\$ -	\$ -	\$ 39,720,419

The Plan's assets at fair value as of August 31, 2023:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 32,866,664	\$ -	\$ -	\$ 32,866,664
Total assets in the fair value hierarchy	32,866,664	-	-	32,866,664
Investments measured at net asset value (1)	-	-	-	729,540
Investments at fair value	\$ 32,866,664	\$ -	\$ -	\$ 33,596,204

(1) Investments are measured at fair value using NAV as a practical expedient and are not classified within the fair value hierarchy. The fair value amounts permit reconciliation of investments in the fair value hierarchy table to amounts presented in the statements of net assets available for benefits.

### **5. Related Party and Party-in-Interest Transactions**

The Plan's investments were managed by Huntington Bank's trust department through December 1, 2022, and Newport Trust Company, LLC (Newport) managed the investments during the period of December 1, 2022 through August 31, 2024. Huntington Bank was the Plan trustee during the period of September 1, 2022 through December 1, 2022. Newport and its affiliates are the Plan trustee and record keeper for the period starting December 1, 2022 through August 31, 2024, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Newport and Tri-Star Trust Bank for investment management services were \$159,942 for the year ended August 31, 2024, and fees paid to Huntington Bank and Newport were \$111,131 for the year ended August 31, 2023. During 2022, Tri-Star Trust Bank became an advisor to the Plan, which qualifies as a party-in-interest.

### **6. Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

### **7. Risks and Uncertainties**

The Plan invests in various mutual funds and other investments with underlying securities consisting of any combination of stocks, bonds, fixed income securities, and other investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

### **8. Income Tax Status**

The Internal Revenue Service has determined and informed Newport, by a letter dated November 30, 2020, that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Generally, tax years 2020 through the current year remain open to examination. The Plan does not believe that the results from any examination of these open years would have a material adverse effect on the Plan.

## Notes to Financial Statements

### **9. Subsequent Events**

On April 8, 2022, Newport Trust Company was acquired by Ascensus Company (Ascensus). On April 24, 2025, the Plan's assets were transferred to Ascensus in full, and Ascensus became the Plan's third-party administrator and trustee for the Plan's investments beginning on this date.

## Report of Independent Auditors

Board of Directors  
Three Rivers Corporation Employees' Profit Sharing Plan  
Midland, Michigan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Three Rivers Corporation Employees' Profit Sharing Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of August 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended August 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Three Rivers Corporation Employees' Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Three Rivers Corporation Employees' Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Three Rivers Corporation Employees' Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Three Rivers Corporation Employees' Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedule Required by ERISA**

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Notes to Financial Statements

### **1. Description of the Plan**

The following description of the Three Rivers Corporation Employees' Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

#### **General**

The Plan is a defined contribution plan covering substantially all employees, except union and leased employees, interns, and nonresident aliens, of Three Rivers Corporation (Company) who are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and its amendments.

#### **Contributions**

Each year, participants may contribute their earnings, not to exceed amounts established by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Employee contributions are funded on a per payroll basis. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Newly eligible participants are automatically enrolled in the Plan at 3%, unless the participant elects not to participate.

The Company contributes 40% of the first 5% of compensation that a participant has elected to contribute to the Plan, if the participant had one year of service completed, as defined in the plan agreement. As of January 1, 2023, the Company began matching 50% for every 1% of employee deferrals with a limit of a 3% employer match and no service requirement.

Each year, the Company may contribute a discretionary nonelective contribution amount to the Plan as determined by the Company's Board of Directors. To receive the discretionary nonelective contribution, participants must be employed on the last day of the Plan year and have completed 1,000 hours of service during the Plan year. The participant will receive the contribution if they are not employed due to retirement, disability, or death. Contributions are subject to certain limitations.

#### **Investment Options**

Each participant directs the investment of Company contributions and elective wage deferrals among certain investment options offered by the Plan. Participants may change their investment options at any time.

### **1. Description of the Plan (continued)**

#### **Participant Accounts**

Each participant's account is credited with the participant's contributions, the Company's matching contribution, and allocations of (a) the Company's discretionary contribution (if any), (b) Plan earnings, and (c) applicable administrative expenses. Allocations are based on participant compensation during the year or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Participant loans are not permitted under the Plan.

#### **Vesting**

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portions of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

#### **Forfeited Accounts**

Forfeited non-vested account balances are used to pay Plan administrative expenses. As of August 31, 2024, forfeited non-vested accounts totaled \$52,822 (\$14,131 as of August 31, 2023). During the years ended August 31, 2024 and 2023, there were no forfeited non-vested accounts used to reduce trustee administrative expenses.

#### **Payment of Benefits**

Upon termination of service or the participant's total disability, death, retirement (age 65), or early retirement (age 60 or older and 5 or more years of service) the vested amount in the participant's account shall be paid to the participant. Participants may also take distributions at age 59.5. The participant may elect to receive a lump-sum payment, substantially equal installments, or partial withdrawals. If the value of a participant's vested account is less than \$5,000, the balance will be automatically distributed. Hardship distributions are allowed, as defined in the plan agreement.

#### **Administrative Expenses**

The Company pays certain Plan administrative expenses. Plan administrative expenses paid by the Company include legal fees and audit fees, and qualify as party-in-interest transactions which are exempt from prohibited transaction rules.

### 2. Summary of Significant Accounting Policies

#### Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

#### Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Accordingly, actual results could differ from those estimates.

#### Investment Valuation and Income Recognition

The Plan values its investment portfolio at fair value on a recurring basis. Financial Accounting Standards Board (FASB) Codification Section 820-20 on *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. This standard applies to all financial instruments that are measured and reported at fair value on a recurring basis.

The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 – Valuations for assets and liabilities traded in active exchange markets, such as the New York Stock Exchange. Valuations are obtained from readily available pricing sources for market transactions involving identical assets or liabilities.
- Level 2 – Valuations for assets and liabilities traded in less active dealer or broker markets. Valuations are obtained from third party pricing services for identical or similar assets or liabilities.
- Level 3 – Valuations for assets and liabilities that are derived from other valuation methodologies, including option pricing models, discounted cash flow models, and similar techniques, and not based on market exchange, dealer, or broker traded transactions. Level 3 valuations incorporate certain assumptions and projections in determining the fair value assigned to such assets or liabilities.

### **2. Summary of Significant Accounting Policies (continued)**

#### **Investment Valuation and Income Recognition (continued)**

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of August 31, 2024 and 2023.

*Mutual funds:* Valued at fair value determined by quoted market prices of the underlying securities as reported by the custodian of the Plan.

*Collective investment trust fund:* The Plan's investment in the Great Gray CIT III for Metlife Group is stated at estimated fair value based on the net asset value of the participation units in each fund as a practical expedient. There are no unfunded commitments or redemption restrictions related to the investment.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value at the reporting date.

Fair value measurements are discussed further in Note 4.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation or an addition to net depreciation in the aggregate fair value of investments for such investments.

#### **Payment of Benefits**

Benefits are recorded when paid.

#### **Subsequent Events**

Management has evaluated subsequent events through May 29, 2025, the date the financial statements were available to be issued.

#### 3. Investments – Unaudited

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the completeness and accuracy of investment information reflected in the accompanying financial statements and the supplemental schedule including investment balances and the net change in fair value of investments, interest, and dividends has been certified by Newport Trust Company, LLC, for the period December 1, 2022 through August 31, 2024, and Huntington Bank for the period September 1, 2022 through December 1, 2022. Newport Trust Company, LLC became the Plan trustee effective December 1, 2022. This certified information has not been audited by independent auditors.

#### 4. Fair Value Measurements

The following tables set forth by level, within the fair value hierarchy.

The Plan's assets at fair value as of August 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 38,811,575	\$ -	\$ -	\$ 38,811,575
Total assets in the fair value hierarchy	38,811,575	-	-	38,811,575
Investments measured at net asset value (1)	-	-	-	908,844
Investments at fair value	\$ 38,811,575	\$ -	\$ -	\$ 39,720,419

The Plan's assets at fair value as of August 31, 2023:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 32,866,664	\$ -	\$ -	\$ 32,866,664
Total assets in the fair value hierarchy	32,866,664	-	-	32,866,664
Investments measured at net asset value (1)	-	-	-	729,540
Investments at fair value	\$ 32,866,664	\$ -	\$ -	\$ 33,596,204

- (1) Investments are measured at fair value using NAV as a practical expedient and are not classified within the fair value hierarchy. The fair value amounts permit reconciliation of investments in the fair value hierarchy table to amounts presented in the statements of net assets available for benefits.

### **5. Related Party and Party-in-Interest Transactions**

The Plan's investments were managed by Huntington Bank's trust department through December 1, 2022, and Newport Trust Company, LLC (Newport) managed the investments during the period of December 1, 2022 through August 31, 2024. Huntington Bank was the Plan trustee during the period of September 1, 2022 through December 1, 2022. Newport and its affiliates are the Plan trustee and record keeper for the period starting December 1, 2022 through August 31, 2024, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Newport and Tri-Star Trust Bank for investment management services were \$159,942 for the year ended August 31, 2024, and fees paid to Huntington Bank and Newport were \$111,131 for the year ended August 31, 2023. During 2022, Tri-Star Trust Bank became an advisor to the Plan, which qualifies as a party-in-interest.

### **6. Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

### **7. Risks and Uncertainties**

The Plan invests in various mutual funds and other investments with underlying securities consisting of any combination of stocks, bonds, fixed income securities, and other investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

### **8. Income Tax Status**

The Internal Revenue Service has determined and informed Newport, by a letter dated November 30, 2020, that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Generally, tax years 2020 through the current year remain open to examination. The Plan does not believe that the results from any examination of these open years would have a material adverse effect on the Plan.
