## **Independent Auditors' Report**

Plan Administrator and Participants  
Collegiate Association Resource of the Southwest, Inc. Health Plan

### **Opinion**

We have audited the financial statements of the Collegiate Association Resource of the Southwest, Inc. Health Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of benefit obligations and net assets available for benefits as of August 31, 2024 and 2023, and the related statements of changes in benefit obligations and net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the benefit obligations and net assets available for benefits of the Plan as of August 31, 2024 and 2023, and the changes in its benefit obligations and net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Supplemental Schedules Required by ERISA**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) and Schedule of Reportable Transactions as of or for the year ended August 31, 2024, are presented for the purposes of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Collegiate Association Resource of the Southwest, Inc. Health Plan  
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of the Collegiate Association Resource of the Southwest, Inc. Health Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a complete description of the Plan’s provisions.

General

The Collegiate Association Resource of the Southwest, Inc. Health Plan was established on September 1, 2004 by Collegiate Association Resource of the Southwest, Inc. (“CARES” or the “Plan Sponsor”), as a health and welfare plan to provide for the payment of life, health, dental, vision, accident and other similar benefits for eligible employees and eligible dependents of participating employer members, certain retirees, and former employees electing coverage under the Consolidated Omnibus Budget Reconciliation Act of 1985 (“COBRA”) provisions, of participating employers. Participants must pay the full cost of coverage if electing COBRA benefits. Employees are generally eligible for coverage under the Plan if they are a full-time employee of a participating employer member. The Plan is tax-exempt organization under Section 501(c)(9) of the Internal Revenue Code and is sponsored by the Trustees of the Collegiate Association Resource of the Southwest, Inc. Trust (the “Trust”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Benefits

The Plan provides self-funded medical benefits, prescription drug benefits, an employee assistance program, a wellness program, and fully insured dental, vision, life, and long-term disability benefits. Benefits are also provided to dependents of individuals who elect coverage on their behalf. Plan benefits are specifically described in the Plan Document. If an employee or their dependents are enrolled in the health care benefit program, they are automatically enrolled in the prescription drug program.

The Trust has contracted with unaffiliated claims administrators under administrative services only (“ASO”) arrangements for the duties of substantiation of all medical claims and payment of those benefits, but the responsibility for payment to participants and providers is retained by the Plan. Dental, vision, life, and long-term disability benefits are provided through fully insured contracts provided by unaffiliated insurance companies, which also provide claims administration services for the Plan. The claims processors pay claims directly to or on behalf of participants and are then reimbursed by the Plan. All Plan benefits are specifically described in the Plan brochure.

The Plan utilizes a pharmacy benefit manager (“PBM”) which periodically makes refunds to the Plan based on the Plan’s actual utilization pattern of specific drugs.

Plan Administration

The Plan is administered by the Board of Trustees (“Trustees”). The duties of the Trustees are to oversee the operations of the Plan and to provide for prudent investments of Plan assets. Accordingly, the Trustees have been granted discretionary authority concerning investment and management activities. The Trustees have the authority under the Plan to modify the benefits provided, deductibles, maximums, co-payments, exclusions, limitations, definitions, eligibility, and other provisions.

Contributions

Participating employers make monthly contributions to the Plan, which are due by the end of each month. The contribution rate is determined annually by the Trustees based partially upon calculations performed by the Plan’s actuary. The Plan in turn uses the contributions to pay claims and administrative expenses. If a participating employer has funded to the required level as communicated to such participating employer, the Plan, to the extent that it has funds available, will subsidize claims expense in excess of such participating employer’s contributions up to the individual or aggregate stop-loss amount in the reinsurance contract. To the extent permitted by any policy, rules, regulations, and laws that are applicable, each participating employer may require contributions from its employees, and such contributions shall be included in the payments of the participating employers to the Plan. To the extent the Plan is not adequately funded to pay benefits due and owing under the Plan because a participating employer does not fund to the levels specified by the Trustees, participants employed by such participating employer shall look to the participating employer for payment.

Collegiate Association Resource of the Southwest, Inc. Health Plan  
NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies used in the preparation of the accompanying financial statements is as follows:

Adoption of New Accounting Pronouncement

Effective September 1, 2023, the Plan adopted Accounting Standards Update (“ASU”) No. 2016-13, *Financial Instruments—Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments*. The ASU replaces the incurred loss impairment methodology with a current expected credit losses model for all financial assets measured at amortized cost. The Plan adopted the standard using a modified retrospective approach as of the effective date. No cumulative-effect adjustment to net assets available for benefits was required. The adoption of the standard did not have a material impact on the financial statements.

Method of Accounting and Administrative Expenses

The accompanying financial statements are prepared on the accrual basis of accounting.

The Plan pays administrative expenses that consist primarily of administrative fees paid to third-party claims administrators, professional fees, salaries, and benefits.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of benefit obligations and net assets available for benefits and liabilities at the date of the financial statements and the changes in benefit obligations and net assets available for benefits during the reporting period, and when applicable, the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ materially from those estimates.

Accounts Receivable

Accounts receivable are carried at the amount management expects to collect. Reinsurance receivables and pharmacy rebates receivable are recorded when earned. The Plan considers receivables fully collectible based on management’s assessment of the status of individual accounts, past transaction history, current economic conditions, and forecasted economic conditions; accordingly, any allowance for credit losses would be immaterial to the Plan. If accounts are determined to be delinquent or become uncollectible, they will be charged to operations at that time. In the event of complete nonperformance, the maximum exposure to the Plan is the outstanding accounts receivable balance at the date of nonperformance. Accounts receivable are expected to be collected within one year.

Benefit Obligations

Benefit obligations include the Plan’s liability for claims incurred as of August 31, 2024 and 2023 but not reported, and the Plan’s liability for claims reported as of August 31, 2024 and 2023 but not yet processed. The Plan’s liability for claims incurred but not reported is estimated by the actuary who takes into consideration prior claims experience and the expected time period from the date such claims are incurred to the date that the related claims are submitted and paid. These amounts are paid by the Plan only if claims are submitted and approved for payment.

Investment Valuation and Income Recognition

Investments are stated at fair value. Changes in market value are reflected in operations. Purchases and sales of investments are recorded on the trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation (depreciation) of investments, including realized gains and losses on sales during the year and current changes in unrealized appreciation (depreciation) in the fair value of investments held at year-end, is presented in the statements of changes in benefit obligations and net assets available for benefits.

Collegiate Association Resource of the Southwest, Inc. Health Plan  
NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits

The Plan provides medical benefits, including prescription drug benefits, to participants. In accordance with Plan provisions, the participant incurs an eligible medical expense upon receiving the medical service or product, regardless of when the participant is billed or pays for the eligible medical expense. Benefit payments (claims) are recorded when paid by the third-party claims' processors. Benefit payments are presented net of reimbursements (See Note 7).

3. RISKS AND UNCERTAINTIES

Plan investments are exposed to various risks, such as interest rate, credit, active management, and overall market volatility risks. Market risks include global events, which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and those changes could materially affect the amounts reported in the Statements of Benefit Obligations and Net Assets Available for Benefits. Because the value of investments fluctuates with market conditions, the amount of gains or losses that will be recognized in subsequent periods, if any, cannot be determined.

Market conditions have resulted in an unusually high degree of volatility and increased the risk and may affect the short-term liquidity associated with certain investments held by the Plan which could impact the value of investments after the date of these financial statements. Because the values of individual investments fluctuate with market conditions, the amount of gains or losses that will be recognized in subsequent periods, if any, cannot be determined.

The Plan's interest-bearing cash balances, including certificates of deposit, may at times, exceed federally insured limits. The Plan has not experienced any losses in such accounts and believes it is not exposed to significant credit risk.

Another source of risk is the Plan's liability for incurred but not reported claims. This liability is calculated by reviewing lag reports, determining the average rapidity of past claim payments, and applying that average to the projected claims. The risks involved generally include an abnormally longer pay-out period for singular, unknown large claims, interest rates, stop-loss recoveries and pharmacy rebates, loss adjustment expenses, health care inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would-be material to the financial statements.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs that are other than quoted prices included in Level 1, which are either directly observable or can be derived from or corroborated by observable market data at the reporting date.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Collegiate Association Resource of the Southwest, Inc. Health Plan  
NOTES TO FINANCIAL STATEMENTS

4. FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. For the years ended August 31, 2024 and 2023, there were no significant transfers in or out of levels 1, 2 or 3.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used as of August 31, 2024 and 2023.

*Saving accounts and bank insured deposits:* Fair value approximates cost because of the highly liquid nature and maturities of those instruments.

*Certificates of deposit and treasury bonds:* Valued using pricing information from various sources including pricing vendors and investment managers.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of August 31, 2024. There were no Level 3 assets.

6. INCOME TAX STATUS

CARES has received a determination letter from the Internal Revenue Service dated August 31, 2006, stating that it is exempt from taxation under Section 501(c)(9) of the Internal Revenue Code (“IRC”) and its regulations. The Trust established under the Plan to hold the Plan’s assets is also intended to be exempt. The Plan and Trust are required to operate in conformity with the IRC to maintain their tax-exempt status. The Plan Administrator believes that the Plan and Trust, as amended, are designed and are currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan and Trust are tax-exempt. However, from time to time, the Plan and Trust can be subject to unrelated business income taxes. For 2024 and 2023 no federal or state income taxes have been recorded as a result of unrelated business taxable income.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of August 31, 2024 and 2023 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. INSURANCE

The Plan is self-insured but maintained specific stop-loss insurance with unaffiliated insurance companies at an attachment point of \$300,000, which the Plan and its actuary consider reasonable and appropriate in an effort to limit its exposure for self-insured benefits. The Plan received stop-loss recoveries from insurance companies, netted against benefit payments in the Statements of Changes in Benefit Obligations and Net Assets Available for Benefits, of \$1,486,215 and \$573,649 for the years ended August 31, 2024 and 2023, respectively. The Plan also maintains aggregate stop-loss insurance at an attachment point of \$1,000,000.

8. PLAN TERMINATION

CARES fully intends to maintain the Plan indefinitely, however, under certain conditions, the Plan may be terminated, subject to the provisions set forth in ERISA and the IRC. Upon termination, the assets remaining should be subject to the applicable provisions of the Plan then in effect and should be used until exhausted to pay benefits to employees in the order of their entitlement.

The continued participation in the Plan is completely voluntary on the part of the member schools that have adopted the Plan. While each member school expects to continue its participation in the Plan indefinitely, each member school reserves the right at any time and for any reason, in its sole discretion, to cease participation in the Plan.

9. PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan pays administrative expenses that consist primarily of administrative fees paid to third-party claims administrators, legal and audit fees, consulting fees, salaries, and management fees. These expenses are reported on the statement of changes in net assets available for benefits as administrative expenses.
