INDEPENDENT AUDITORS' REPORT

To the Investment Committee and Management of the
Confluent, Inc. Retirement Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed audits of the financial statements of Confluent, Inc. Retirement Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)" audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for a year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions users made based on these financial statements.

In performing an audit in accordance with GAAS, we: (a) exercise professional judgment and maintain professional skepticism throughout the audit, (b) identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements, (c) obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed, (d) evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements, and (e) conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

December 31, 2024

Note 1: Description of Plan

The following description of the Confluent, Inc. Retirement Trust (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General: The Plan is a defined contribution plan established on April 1, 2015. The Plan was amended and restated July 8, 2021, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan provides benefits for all eligible employees of Confluent, Inc. and Confluent Federal LLC (collectively, the “Company”). The Plan was subsequently amended on January 1, 2025, to allow for discretionary employer matching contributions.

The Company is the Plan administrator and retains the services of third parties to assist in the administration of the Plan. Through December 31, 2024, the trustee and third-party administrator was Fidelity Management Trust Company (“Fidelity”).

Eligibility: Except for excluded employees, all employees are eligible to participate in the Plan as there is no age or service requirement. Excluded employees include union employees, nonresident aliens, leased employees, foreign expats working in the U.S., and independent contractors earning W-2 wages. The plan was amended on January 1, 2024 to make temporary employees and interns eligible to participate. Employees may enter the Plan immediately upon becoming eligible for the Plan. An employee may elect not to participate in the Plan.

Participants contributions: Each year, participants may elect to contribute up to the maximum allowed under section 401(k) of the Internal Revenue Code on a pre-tax or Roth basis. Participants who have attained age 50 before the end of the Plan year are eligible to make “catch-up” contributions, subject to statutory limits. Participants may also contribute amounts representing distributions from other qualified retirement plans. Participants direct the allocation of their contributions to various investment options offered by the Plan.

Employer matching contributions: The Company may, at their sole discretion, make employer profit sharing contributions at the option of the Company’s Board of Directors. Participants must be employed on the last day of the Plan year to receive employer profit sharing contributions, if any. The Plan does permit employer matching contributions as of January 1, 2025. The Company did not make discretionary profit sharing contributions in 2024.

Notes to Financial Statements

December 31, 2024

Participant accounts: Participants may elect to contribute up to 100% of their compensation, subject to the maximum allowed under section 401(k) of the Internal Revenue Code. Each participant's account is credited with the participant's contribution and Company contributions and allocations of Plan earnings. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options: The Plan provides for investments to be directed by participants into a number of investment options held by the trustee. Some Plan investments are units of funds managed by the trustee, therefore, these investments and most investment transactions are party-in-interest transactions. Earnings of each investment fund are allocated to participant's accounts in proportion to each participant's share of that fund.

Vesting: Participants are immediately vested in their contributions, including rollovers of funds from other qualified retirement plans and earnings thereon. Participants become 100% vested in the Company's profit sharing contributions immediately.

Notes receivable from participants: Participants may borrow from their vested account balance a minimum of \$1,000. The maximum amount is 50% of their vested account balance, up to \$50,000. Note terms range from 1-5 years, but may not exceed 5 years, except for notes used for a purchase of a primary residence, which may be repaid over a longer period. The notes are secured by the balance in the participant's account and bear a reasonable interest rate, which are commensurate with prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions. Participants may only have one outstanding note at a time.

Payment of benefits: The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement, disability, death, or termination of employment. In service distributions of a participant's vested account balance are permitted providing the participant has attained normal retirement age (age 59 ½). Upon termination, the participants or beneficiaries may elect to leave their account balance in the Plan, or receive their total benefits in a lump sum amount equal to the value of the participant's vested interest in their account. Unless otherwise instructed by the participant, participants with vested account balances of \$1,000 or less upon separation will receive a lump sum cash payout, and participants with vested account balances ranging from \$1,000 to \$7,000 will automatically be rolled over to an individual retirement account ("IRA").

Forfeited accounts: Forfeitures are retained in the Plan and will first be used to pay administrative expenses. Forfeitures remaining in the Plan as of December 31, 2024 and 2023 were immaterial. For the year ended December 31, 2024, no forfeitures were used to reduce administrative expenses.

CONFLUENT, INC. RETIREMENT TRUST

Notes to Financial Statements

December 31, 2024

Administration and other costs: Substantially all administrative expenses of the Plan are paid by the Plan. Certain per participant administrative fees are charged to individual participants' accounts, as specified in the service agreement.

Note 2: Significant accounting policies

Basis of accounting: The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Contributions from participants are recorded when withheld from the participant. Benefit payments to participants are recorded when paid.

Use of estimates: The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and schedule. Actual results could differ from those estimates.

Investment valuation and income recognition: As described by GAAP, the Plan's investments are stated at their fair values. The shares of registered investment companies (mutual funds) are valued at quoted market prices, which represent the fair value of shares held by the Plan at year-end. Self-directed brokerage accounts consist of mutual funds, common stocks, cash, and interest-bearing cash accounts which are valued at fair value based on readily determinable market prices. The money market fund is valued at cost plus accrued interest, which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair value measurements: The Plan performs fair value measurements in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures. Refer to Note 3 for the fair value measurement disclosures associated with the Plan's investments.

Net appreciation (depreciation) in fair value of investments: The earnings, expenses, realized gains and losses, and unrealized appreciation (depreciation) in registered investments companies and other investments are recorded in the accompanying financial statements as net appreciation (depreciation) in fair value of investments.

Subsequent events: The Plan has evaluated subsequent events through the date that the financial statements were available to be issued which is the date of the independent auditors' report.

Note 3: Fair value

The Plan performs fair value measurement in accordance with ASC 820. ASC 820 defines fair value as the price that would be received from selling an asset in an orderly transaction between market participants at the measurement date. The accounting guidance for fair value measurement requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard establishes a fair value hierarchy based on the level of independent, objective evidence surrounding the inputs used to measure fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The fair value hierarchy is as follows:

- Level 1: quoted prices in active markets for identical assets or liabilities that the entity has the ability to access;
- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
- Level 3: unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

CONFLUENT, INC. RETIREMENT TRUST

Notes to Financial Statements

December 31, 2024

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31, 2024 and 2023 and have all been determined to be Level 1 by the Plan administrator:

	Fair Value Measurements	
	Using Input Type	
	2024	2023
Mutual funds	\$ 160,088,305	\$ 114,750,305
Self-directed brokerage accounts		
Mutual funds & common stock	7,574,530	3,239,991
Cash	897,620	486,220
Certificate of deposit	-	38,088
Money market fund	2,037,034	1,335,795
Total investments measured at fair value	\$ <u>170,597,489</u>	\$ <u>119,850,399</u>

The Plan's valuation methodology used to measure the fair value of mutual funds, self-directed brokerage accounts, and the money market fund were derived from quoted market prices as substantially all of these instruments have active markets.

Note 4: Investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan's independent accountants did not perform any auditing procedures with respect to this information certified by Fidelity, the trustee of the Plan, except for comparing such information to the related information included in the financial statements and supplemental schedule.

CONFLUENT, INC. RETIREMENT TRUST

Notes to Financial Statements

December 31, 2024

The following information, included in the financial statements and supplemental schedule was provided by and certified by the Plan's trustee as complete and accurate:

- Investments as shown in the Statement of Net Assets Available for Benefits as of December 31, 2024 and 2023.
- Notes receivable from participants as shown in the Statement of Net Assets Available for Benefits as of December 31, 2024 and 2023.
- Investment income (loss) and interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024.

Note 5: Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contribution account balances.

Note 6: Income tax status

The prototype plan obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Subsequent to receiving this opinion letter, the prototype plan was amended. The Plan administrator believes that the amended prototype plan, as adopted by the Company, is operating in compliance with the requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 7: Party-in-interest transactions

At December 31, 2024 and 2023, the Plan held investments available for benefits of approximately \$92,566,000 and \$67,773,000, respectively, in Fidelity's mutual funds and brokerage link account. Fidelity has custodial responsibility for investments held in Fidelity investment accounts.

Notes to Financial Statements

Note 8: Risks and uncertainties

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participant account balances.

Note 9: Reconciliation of financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2024 and 2023 to Schedule H of the Form 5500:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per financial statements	\$ 171,680,799	\$ 121,456,379
Less: Participants contributions receivable	-	(686,705)
Net assets per Form 5500	<u>\$ 171,680,799</u>	<u>\$ 120,769,674</u>

The following is a reconciliation of the net increase (decrease) in net assets per the financial statements for the year ended December 31, 2024 to Schedule H of the Form 5500:

Net increase in net assets per financial statements	\$ 50,224,420
Add: Prior year participants contributions receivable	<u>686,705</u>
Net increase per Form 5500	<u>\$ 50,911,125</u>

INDEPENDENT AUDITORS' REPORT

To the Investment Committee and Management of the
Confluent, Inc. Retirement Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed audits of the financial statements of Confluent, Inc. Retirement Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)" audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for a year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions users made based on these financial statements.

In performing an audit in accordance with GAAS, we: (a) exercise professional judgment and maintain professional skepticism throughout the audit, (b) identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements, (c) obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed, (d) evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements, and (e) conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1: Description of Plan

The following description of the Confluent, Inc. Retirement Trust (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General: The Plan is a defined contribution plan established on April 1, 2015. The Plan was amended and restated July 8, 2021, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan provides benefits for all eligible employees of Confluent, Inc. and Confluent Federal LLC (collectively, the “Company”). The Plan was subsequently amended on January 1, 2025, to allow for discretionary employer matching contributions.

The Company is the Plan administrator and retains the services of third parties to assist in the administration of the Plan. Through December 31, 2024, the trustee and third-party administrator was Fidelity Management Trust Company (“Fidelity”).

Eligibility: Except for excluded employees, all employees are eligible to participate in the Plan as there is no age or service requirement. Excluded employees include union employees, nonresident aliens, leased employees, foreign expats working in the U.S., and independent contractors earning W-2 wages. The plan was amended on January 1, 2024 to make temporary employees and interns eligible to participate. Employees may enter the Plan immediately upon becoming eligible for the Plan. An employee may elect not to participate in the Plan.

Participants contributions: Each year, participants may elect to contribute up to the maximum allowed under section 401(k) of the Internal Revenue Code on a pre-tax or Roth basis. Participants who have attained age 50 before the end of the Plan year are eligible to make “catch-up” contributions, subject to statutory limits. Participants may also contribute amounts representing distributions from other qualified retirement plans. Participants direct the allocation of their contributions to various investment options offered by the Plan.

Employer matching contributions: The Company may, at their sole discretion, make employer profit sharing contributions at the option of the Company’s Board of Directors. Participants must be employed on the last day of the Plan year to receive employer profit sharing contributions, if any. The Plan does permit employer matching contributions as of January 1, 2025. The Company did not make discretionary profit sharing contributions in 2024.

December 31, 2024

Participant accounts: Participants may elect to contribute up to 100% of their compensation, subject to the maximum allowed under section 401(k) of the Internal Revenue Code. Each participant's account is credited with the participant's contribution and Company contributions and allocations of Plan earnings. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options: The Plan provides for investments to be directed by participants into a number of investment options held by the trustee. Some Plan investments are units of funds managed by the trustee, therefore, these investments and most investment transactions are party-in-interest transactions. Earnings of each investment fund are allocated to participant's accounts in proportion to each participant's share of that fund.

Vesting: Participants are immediately vested in their contributions, including rollovers of funds from other qualified retirement plans and earnings thereon. Participants become 100% vested in the Company's profit sharing contributions immediately.

Notes receivable from participants: Participants may borrow from their vested account balance a minimum of \$1,000. The maximum amount is 50% of their vested account balance, up to \$50,000. Note terms range from 1-5 years, but may not exceed 5 years, except for notes used for a purchase of a primary residence, which may be repaid over a longer period. The notes are secured by the balance in the participant's account and bear a reasonable interest rate, which are commensurate with prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions. Participants may only have one outstanding note at a time.

Payment of benefits: The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement, disability, death, or termination of employment. In service distributions of a participant's vested account balance are permitted providing the participant has attained normal retirement age (age 59 ½). Upon termination, the participants or beneficiaries may elect to leave their account balance in the Plan, or receive their total benefits in a lump sum amount equal to the value of the participant's vested interest in their account. Unless otherwise instructed by the participant, participants with vested account balances of \$1,000 or less upon separation will receive a lump sum cash payout, and participants with vested account balances ranging from \$1,000 to \$7,000 will automatically be rolled over to an individual retirement account ("IRA").

Forfeited accounts: Forfeitures are retained in the Plan and will first be used to pay administrative expenses. Forfeitures remaining in the Plan as of December 31, 2024 and 2023 were immaterial. For the year ended December 31, 2024, no forfeitures were used to reduce administrative expenses.

Notes to Financial Statements

Administration and other costs: Substantially all administrative expenses of the Plan are paid by the Plan. Certain per participant administrative fees are charged to individual participants' accounts, as specified in the service agreement.

Note 2: Significant accounting policies

Basis of accounting: The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Contributions from participants are recorded when withheld from the participant. Benefit payments to participants are recorded when paid.

Use of estimates: The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and schedule. Actual results could differ from those estimates.

Investment valuation and income recognition: As described by GAAP, the Plan's investments are stated at their fair values. The shares of registered investment companies (mutual funds) are valued at quoted market prices, which represent the fair value of shares held by the Plan at year-end. Self-directed brokerage accounts consist of mutual funds, common stocks, cash, and interest-bearing cash accounts which are valued at fair value based on readily determinable market prices. The money market fund is valued at cost plus accrued interest, which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair value measurements: The Plan performs fair value measurements in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures. Refer to Note 3 for the fair value measurement disclosures associated with the Plan's investments.

Net appreciation (depreciation) in fair value of investments: The earnings, expenses, realized gains and losses, and unrealized appreciation (depreciation) in registered investments companies and other investments are recorded in the accompanying financial statements as net appreciation (depreciation) in fair value of investments.

Subsequent events: The Plan has evaluated subsequent events through the date that the financial statements were available to be issued which is the date of the independent auditors' report.

Note 3: Fair value

The Plan performs fair value measurement in accordance with ASC 820. ASC 820 defines fair value as the price that would be received from selling an asset in an orderly transaction between market participants at the measurement date. The accounting guidance for fair value measurement requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard establishes a fair value hierarchy based on the level of independent, objective evidence surrounding the inputs used to measure fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The fair value hierarchy is as follows:

- Level 1: quoted prices in active markets for identical assets or liabilities that the entity has the ability to access;
- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
- Level 3: unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

CONFLUENT, INC. RETIREMENT TRUST

Notes to Financial Statements

December 31, 2024

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31, 2024 and 2023 and have all been determined to be Level 1 by the Plan administrator:

	Fair Value Measurements	
	Using Input Type	
	2024	2023
Mutual funds	\$ 160,088,305	\$ 114,750,305
Self-directed brokerage accounts		
Mutual funds & common stock	7,574,530	3,239,991
Cash	897,620	486,220
Certificate of deposit	-	38,088
Money market fund	2,037,034	1,335,795
Total investments measured at fair value	\$ <u>170,597,489</u>	\$ <u>119,850,399</u>

The Plan's valuation methodology used to measure the fair value of mutual funds, self-directed brokerage accounts, and the money market fund were derived from quoted market prices as substantially all of these instruments have active markets.

Note 4: Investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan's independent accountants did not perform any auditing procedures with respect to this information certified by Fidelity, the trustee of the Plan, except for comparing such information to the related information included in the financial statements and supplemental schedule.

CONFLUENT, INC. RETIREMENT TRUST

Notes to Financial Statements

December 31, 2024

The following information, included in the financial statements and supplemental schedule was provided by and certified by the Plan's trustee as complete and accurate:

- Investments as shown in the Statement of Net Assets Available for Benefits as of December 31, 2024 and 2023.
- Notes receivable from participants as shown in the Statement of Net Assets Available for Benefits as of December 31, 2024 and 2023.
- Investment income (loss) and interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024.

Note 5: Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contribution account balances.

Note 6: Income tax status

The prototype plan obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Subsequent to receiving this opinion letter, the prototype plan was amended. The Plan administrator believes that the amended prototype plan, as adopted by the Company, is operating in compliance with the requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 7: Party-in-interest transactions

At December 31, 2024 and 2023, the Plan held investments available for benefits of approximately \$92,566,000 and \$67,773,000, respectively, in Fidelity's mutual funds and brokerage link account. Fidelity has custodial responsibility for investments held in Fidelity investment accounts.

Note 8: Risks and uncertainties

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participant account balances.

Note 9: Reconciliation of financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2024 and 2023 to Schedule H of the Form 5500:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per financial statements	\$ 171,680,799	\$ 121,456,379
Less: Participants contributions receivable	<u>-</u>	<u>(686,705)</u>
Net assets per Form 5500	<u>\$ 171,680,799</u>	<u>\$ 120,769,674</u>

The following is a reconciliation of the net increase (decrease) in net assets per the financial statements for the year ended December 31, 2024 to Schedule H of the Form 5500:

Net increase in net assets per financial statements	\$ 50,224,420
Add: Prior year participants contributions receivable	<u>686,705</u>
Net increase per Form 5500	<u>\$ 50,911,125</u>
