INDEPENDENT AUDITORS' REPORT

To the Participants and Administrator of
PMA Retirement Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed an audit of the financial statements of PMA Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of August 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended August 31, 2024, and the related notes to the 2024 and 2023 financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of and for the years ended August 31, 2024 and 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year at August 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

To the Participants and Administrator of
PMA Retirement Savings Plan
Page 4

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. REPORTING ENTITY AND DESCRIPTION OF THE PLAN

The following description of PMA Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

The Plan is effective as of September 1, 1997 and on such date the PMA Retirement Plan previously established as of September 8, 1992 was merged with and into the plan, under the laws of the Commonwealth of Puerto Rico. The Plan is subject to the provisions of the Employees Retirement Income Security Act of 1974 (“ERISA”).

Eligibility – Employees of Pietrantonio Mendez & Alvarez LLC (“PMA”) are eligible to participate in the Plan immediately upon hiring.

Contributions – Participants are entitled to the following contributions:

- **Participants’ Contributions** - Participants may elect to contribute to the Plan up to \$15,000, for the years ended August 31, 2024 and 2023, of pre-tax contribution and up to 10% of compensation as post-tax contribution, as such term is defined in the Plan document. Catch-up contributions allow participants that have reached the age of fifty (50) by the end of the Plan's year to make an additional pre-tax contribution up to a maximum of \$1,500. Compensation for this purpose means all compensation for service rendered including overtime pay, and bonuses received during the Plan Year from PMA, including salary deduction contributions to any tax qualified plan or arrangement maintained by PMA. For PMA’s partners, compensation includes the partner’s share in the allocable net income of PMA. For purpose of the Plan, only the compensation received after the date of entry into the Plan is considered.
- **Employer Matching Contributions** - The employer at its discretion may elect to perform employer matching contributions. During the years ended August 31, 2024 and 2023, there were no employer matching contributions.
- **Profit Sharing Contributions** – The employer at its discretion may elect to perform profit sharing contributions. During the years ended August 31, 2024 and 2023, profit sharing contributions to the Plan amounted to \$515,431 and \$482,595, respectively, and were recorded as receivables in the accompanying statements of net assets available for benefits at August 31, 2024 and 2023.
- **Participant Accounts** – Each participant account is credited with the participant’s contributions and allocations of; (a) the employer contributions; and (b) investment earnings. The benefit to which a participant is entitled is equal to the vested balance of the participant’s account.

PMA RETIREMENT SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS
AUGUST 31, 2024 AND 2023

Investment Options – Upon enrollment in the Plan, participants direct their contributions into several investment options offered by the Plan.

Forfeitures - Forfeited balances of terminated non-vested participants may first be used to pay administrative expenses and any remaining amount to reduce future employer contributions. For the years ended August 31, 2024 and 2023, the balance in the forfeitures account amounted to \$4,908 and \$4,666, respectively.

Notes Receivable from Participants – Starting November 1, 2016, plan participants who are in current employment with the Plan sponsor may borrow from their accounts from a minimum of \$1,000 up to a maximum of 50% of their vested account balance. The loans are secured by the balance in the participants accounts and bear interest at prime rate plus 1% on the date of the loan. The term of the loan shall not exceed 5 years. At August 31, 2024 and 2023, notes receivable from participants amounts to \$150,989 and \$194,925, respectively.

Vesting Periods – Participant contributions are vested immediately. Employer matching contributions are vested after completing 3 years of service. Notwithstanding this service term, a participant will be 100% vested upon death, attaining his/her 65th birthday, becoming disabled or upon discontinuance of employer's contributions to the Plan.

Plan Administration – Banco Popular de Puerto Rico was the Plan's trustee, custodian and record keeper as of August 31, 2024 and 2023. The fees and expenses in connection with the administration of the Plan are paid by the Plan Sponsor.

Payment of Benefits – Upon separation from service due to death, disability or retirement, or other termination of employment, a participant or beneficiary will receive payment of his/her vested account balance in a cash lump sum. The normal retirement age is the first day of the month following the participant's 65th birthday.

Hardship withdrawals – Under the provisions of the Plan, participants are permitted to withdraw all or any part of the fair market value of their vested balance, only if related to: a) financial hardship, b) medical expenses not paid or reimbursed by insurance, c) purchase of participant's principal residence or to prevent foreclosure on the mortgage of the participant's primary residence, d) funeral expenses, e) other withdrawals allowable under Puerto Rico Income Tax Code.

Plan Termination – Although it has not expressed any intent to do so, the Sponsor has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, participants would become 100 percent vested in their employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation – The Plan’s financial statements are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (“U.S. GAAP”). A summary of the more significant accounting policies used by the Plan follows:

Use of Estimates in the Preparation of Financial Statements – The preparation of the financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amount of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of changes in net assets available for benefits during the reporting periods. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Refer to Note 4 to the Financial Statements for additional disclosures related to fair value measurements.

The Plan investment return includes interest income, gains and losses on sales of investments and unrealized appreciation or depreciation of investments. The financial statements reflect the net appreciation or depreciation in the fair value of the Plan's investments. This net appreciation or depreciation consists of realized gains and losses calculated as the difference between proceeds from a sales transaction and cost, and unrealized gains and losses calculated as the change in the fair value between beginning of the year (or purchase date if later) and the end of the year.

Payment of Benefits – Benefits are recorded when paid. At August 31, 2024 and 2023, there were no benefits payable deductions from the participant’s earnings.

3. TAX STATUS

The Puerto Rico Treasury Department (the “Department”) has determined and informed in a letter dated December 21, 2016, that the Plan and related trust are designed in accordance with applicable sections entitling them to exemption of income taxes under the Puerto Rico income tax laws. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan’s tax counsel believe that the Plan is designed, and is currently being operated, in compliance with applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. In Puerto Rico, the tax laws permit examination of the Plan Sponsor’s income tax returns for up to four years after the initial return is filed. The tax years of the Plan Sponsor with respect to the Plan that remain open for examination are from 2020 to 2024.

4. PARTIES-IN-INTEREST

Plan investments consist of funds administered by Banco Popular de Puerto Rico, the Plan's trustee, custodian and record keeper. These transactions qualify as party-in-interest transactions. Other related parties consist of Pietrantonio Mendez & Alvarez LLC as employer; directors, officers and employees of Pietrantonio Mendez & Alvarez LLC; and Driven, PSC, as service providers. At August 31, 2024 and 2023, the Plan had transactions that are allowable party-in-interest transactions under ERISA and the regulations promulgated thereunder.

5. RISKS AND UNCERTAINTIES

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits. Individual participants' accounts bear the risk of loss resulting from fluctuations in fund values.

Recent market conditions have resulted in an unusually high degree of volatility and increased the risks and short-term liquidity associated with certain investments held by the Plan, which could impact the value of investments after the date of these financial statements.

6. FAIR VALUE MEASUREMENTS

The FASB's authoritative guidance on Fair Value Measurement and Disclosures, establishes a framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active market that the plan has the ability to access.

Level 2 - Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;

**PMA RETIREMENT SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS
AUGUST 31, 2024 AND 2023**

- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for the Plan assets measured at fair value:

Mutual funds. Valued at net asset value (“NAV”) of shares held by the Plan at year-end obtained directly from unadjusted quoted market prices, therefore classified as Level 1 assets. The mutual funds held by the Plan are deemed to be actively traded.

Money market account. Valued at the NAV of the fund on a daily basis, therefore classified as level 1.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level and asset category, within the fair value hierarchy, the Plan's assets at fair value at August 31, 2024 and 2023:

	<u>Level I</u>

7. SUBSEQUENT EVENTS

The Plan Administrator evaluated subsequent events through May 30, 2025, the date on which the financial statements were available to be issued. There are no material subsequent events that would require disclosure in the Plan's financial statements, aside from those disclosed below.

On January 20, 2025, the newly inaugurated U.S. administration announced a series of trade-related policies, including the imposition of broad-based tariffs on imported goods. These measures have contributed to increased volatility and uncertainty in global financial markets. A federal court froze most of these sweeping tariffs, ruling the levies exceed the administration's legal authority. The administration will appeal this ruling. The ultimate outcome of this matter is uncertain as of the issuance date of these financial statements. Although these developments occurred subsequent to the reporting date and do not affect the amounts reported herein, they are considered non-recognized subsequent events under ASC 855.
