## REPORT OF INDEPENDENT AUDITORS

To the 401(k) Committee  
XMEK Inc. Retirement Saving Plan  
(formerly the ERIKS Seals and Plastics, Inc. Retirement Saving Plan)

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the XMEK Inc. Retirement Saving Plan (formerly the ERIKS Seals and Plastics, Inc. Retirement Saving Plan) (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor’s Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

#### **Other Matter — Supplemental Schedule Required by ERISA**

The supplemental schedule of Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for the purpose of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **XMEK, INC. RETIREMENT SAVING PLAN**

### **NOTES TO FINANCIAL STATEMENTS**

**December 31, 2024 and 2023**

#### **A. Description of Plan**

##### **General**

The following brief description of the XMEK, Inc. Retirement Saving Plan (formerly the ERIKS Seals and Plastics, Inc. Retirement Saving Plan) (the “Plan”) is provided for general information purposes only. The Plan is sponsored by XMEK Inc. (formerly ERIKS Seals and Plastics, Inc.) (the “Company”). Participants should refer to the Plan document for more complete information. The Company’s corporate offices are located in DFW Airport, Texas.

Effective June 7, 2024, the Plan sponsor changed its name to XMEK, Inc. and the Plan name changed to XMEK, Inc. Retirement Saving Plan.

The Plan is a defined contribution plan available to substantially all employees of the Company except for those employees covered by a collective bargaining agreement, leased employees, and nonresident aliens. Eligible employees may enter the Plan the first day of each month upon completing eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The purpose of the Plan is to encourage the Company’s employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement, or in the event of death.

##### **Contributions**

Participants may contribute up to 100% of pre-tax annual compensation, as defined by the Plan. In addition, participants may contribute designated Roth (after tax) contributions. Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (the “Code”) as defined in the Plan document. Eligible participants may make a rollover contribution to the Plan.

Participants who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the year may make catch-up contributions in accordance with, and subject to the limitations imposed by the Code.

The Plan includes an auto-enrollment provision, whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. In addition, unless these participants opt out of participation, their deferral rate increases by 1% (up to 10%) on January 1 of each year.

**XMEK, INC. RETIREMENT SAVING PLAN**  
**NOTES TO FINANCIAL STATEMENTS (continued)**

**A. Description of the Plan – continued**

**Contributions – continued**

The Company may make discretionary matching contributions to the Plan as determined annually by management. Participants must be an active participant and make eligible contributions during such year to be eligible to receive discretionary matching contributions. In 2024, the Company made discretionary matching contributions of 100% of the first 4% percent of each participant’s eligible compensation.

The Plan also allows for discretionary qualified matching employer contributions. Participants must be a non-highly compensated employee during the plan year to be eligible to receive discretionary qualified matching employer contributions. No such contributions were paid out during 2024. The Plan also allows for discretionary non-elective employer contributions. Participants must be an active participant and make eligible contributions during such year to be eligible to receive discretionary non-elective employer contributions. No such contributions were made during 2024.

**Participant Accounts**

Each participant’s account is credited with the participant’s contributions and allocations of: (a) the Company’s contribution; and (b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account.

**Vesting**

Participants are immediately vested in their voluntary contributions plus actual earnings thereon, as well as discretionary non-elective employer contributions and prior safe harbor employer matching contributions. The Plan’s vesting requirements in the Company’s discretionary matching contributions, plus actual earnings thereon is as follows:

<b>Years of Service</b>	<b>Vested Percentage</b>
Less than 1 year	0%
1 years	0%
2 years	50%
3 years	100%
4 years	100%
5 years	100%
6 or more years	100%

In the event of disability, early retirement, or death, the participant will become fully vested.

**XMEK, INC. RETIREMENT SAVING PLAN**  
**NOTES TO FINANCIAL STATEMENTS (continued)**

**A. Description of the Plan – continued**

**Participant Loans**

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% percent of their account balance. Loan terms range up to five years or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Company. As of December 31, 2024 and 2023, interest rates range from 4.25% to 9.50%. Principal and interest are paid ratably through payroll deductions. Participant loans are classified as notes receivable from participants in the Plan's financial statements.

**Benefit Payments**

Participants withdrawing during the year for reasons of service or disability, retirement, death, or termination are entitled to their vested account balance. Benefits are distributed in the form of rollovers, installments, or lump sum payments. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited.

Certain in-service withdrawals are allowed. A participant may also elect to withdraw all or a portion of their vested account balance while employed after reaching age 59 ½. A participant may receive a hardship distribution from salary reduction contributions if the distribution is: (1) on account of uninsured medical expenses incurred by the participant, their spouse, or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) for the payment of post-secondary tuition expenses; (4) needed to prevent eviction of the participant from their principal residence or foreclosure upon the mortgage of the participant's principal residence; (5) payments for burial or funeral expenses for the participant's parent, spouse, children or dependents; (6) expenses for the repair of damage to the participant's principal residence; or (7) any other financial need determined to be immediate and heavy under rules and regulations issued by the Secretary of the Treasury or his delegate.

**Forfeitures**

Forfeited balances of terminated participants' non-vested accounts may be used to pay administrative expenses or offset employer contributions. Forfeitures of \$18,815 were allocated to pay administrative expenses as of December 31, 2024. Unallocated forfeitures outstanding as of December 31, 2024 and 2023 were \$11,147 and \$11,114, respectively.

**Investment Options**

Upon enrollment in the Plan, a participant may direct their salary deferrals in 1% increments into any of the Plan's investment options.

**XMEK, INC. RETIREMENT SAVING PLAN**  
**NOTES TO FINANCIAL STATEMENTS (continued)**

**A. Description of the Plan – continued**

**Plan Expenses**

Employees of the Company perform certain administrative functions with no compensation from the Plan. In accordance with the Plan's provisions, the Company can pay substantially all costs relating to asset charges and recordkeeping. All significant administrative expenses that are paid by the Company are not reflected in the accompanying financial statements.

**B. Summary of Significant Accounting Policies**

**Basis of Accounting**

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in United States of America ("GAAP").

**Use of Estimates**

The preparation of the financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

**Contributions**

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan's administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

**Investment Valuation and Income Recognition**

The investments of the Plan are stated at fair value as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note C for information related to the Plan's valuation methodologies.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

**XMEK, INC. RETIREMENT SAVING PLAN**  
**NOTES TO FINANCIAL STATEMENTS (continued)**

**B. Summary of Significant Accounting Policies**

**Notes Receivable from Participants**

Notes receivable from participants are recorded at the unpaid principal balance plus accrued but unpaid interest.

**Payment of Benefits**

Benefits are recorded when paid.

**C. Fair Value Measurements**

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used.

The three levels defined are as follows:

- Level 1 – observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.
- Level 2 – observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.
- Level 3 – inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

GAAP requires that management describe the methodologies used to measure the fair value of assets and liabilities. The methodologies used to measure the fair value of the Plan's investments are as follows:

- *Mutual funds*: The Plan contains mutual funds which are valued at the published per share net asset value ("NAV") of shares held by the Plan and are classified within Level 1 of the valuation hierarchy. There are no significant restrictions on redeeming these investments at NAV.

**XMEK, INC. RETIREMENT SAVING PLAN**  
**NOTES TO FINANCIAL STATEMENTS (continued)**

**C. Fair Value Measurements – continued**

- *Stable value fund:* The Plan contains one stable value fund, the Putnam Stable Value Fund, which is a common/collective trust. The Fund invests in high-quality guaranteed investment contracts (GICs) and similar contracts issued by insurance companies, banks, and other financial institutions. The investments are reported at the NAV of the fund. The NAV is not publicly quoted but is available to current investors via the Fidelity website or when the Plan participants access their account value. The stable value fund can be redeemed at NAV as of the measurement date which is published for the participating investor, which is identified as \$1.00. The value is considered readily determinable, therefore, the stable value fund is classified within Level 2 of the valuation hierarchy.
- *Common/Collective trusts:* The Plan contains two additional common/collective trusts, which primarily invest in equity securities of issuers with medium market capitalization that are valued at the NAV of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require five business day notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

There have been no changes in the methodologies used at December 31, 2024 and 2023. The following table details the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2024 and 2023. The Plan has no assets classified within Level 3 of the valuation hierarchy.

	<b>2024</b>			
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
Mutual funds	\$11,946,628	\$ -	\$ -	\$11,946,628
Stable value fund	-	199,357	-	199,357
Total investments in the fair value hierarchy	<u>\$11,946,628</u>	<u>\$ 199,357</u>	<u>\$ -</u>	12,145,985
Investments measured at NAV <sup>(a)</sup>				<u>661,271</u>
Total investments at fair value				<u>\$12,807,256</u>

**XMEK, INC. RETIREMENT SAVING PLAN**  
**NOTES TO FINANCIAL STATEMENTS (continued)**

**C. Fair Value Measurements – continued**

	2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$10,270,598	\$ -	\$ -	\$10,270,598
Stable value fund	-	246,562	-	246,562
Total investments in the fair value hierarchy	\$10,270,598	\$ 246,562	\$ -	10,517,160
Investments measured at NAV <sup>(a)</sup>				620,865
Total investments at fair value				\$11,138,025

<sup>(a)</sup> In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

These items are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the placement of assets and liabilities within the levels of the fair value hierarchy.

**D. Certified Investments**

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, (the “Trustee” of the Plan).

**E. Tax Status**

Effective May 5, 2023, the Plan adopted the FMR LLC Non-Standardized Pre-Approved Profit Sharing Plan with CODA which has a favorable opinion letter from the IRS dated June 30, 2020. This opinion letter states that the form of the prototype plan is acceptable under Section 401 of the Code. The Company may rely on this letter with respect to the qualification of the Plan under Code Section 401(a) with certain limitations.

**XMEK, INC. RETIREMENT SAVING PLAN**  
**NOTES TO FINANCIAL STATEMENTS (continued)**

**E. Tax Status – continued**

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Company believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**F. Plan Termination**

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, all amounts credited to participant's accounts will become 100% vested.

**G. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

**H. Parties-in-Interest Transactions**

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The Plan invests in shares of mutual funds managed by the Trustee. Transactions in such investments, as well as loans made to participants, qualify as party in interest transactions, which are exempt from the prohibited transaction rules. The Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party in interest transactions under ERISA which are exempt from the prohibited transaction rules.

**XMEK, INC. RETIREMENT SAVING PLAN**  
**NOTES TO FINANCIAL STATEMENTS (continued)**

**I. Reconciliation of Financial Statements to Form 5500**

The following is a reconciliation of net assets available for benefits as of December 31, 2024, per the accompanying financial statements to the Form 5500:

Net assets available for benefits per the financial statements	\$13,143,948
Deemed loans	<u>(2,717)</u>
Net assets available for benefits per the Form 5500	<u><u>\$13,141,231</u></u>

The following is a reconciliation of the net increase in net assets available for benefits for the year ended December 31, 2024, per the accompanying financial statements to the Form 5500:

Net increase in net assets available for benefits per the financial statements	\$ 1,751,505
Deemed loans	<u>(2,717)</u>
Net increase in net assets available for benefits per the Form 5500	<u><u>\$ 1,748,788</u></u>

The reconciling items noted above are due to the difference in the method of accounting used in preparing the Form 5500 as compared to the Plan's financial statements.

**J. Subsequent Events**

In preparing the accompanying financial statements, management has evaluated all subsequent events and transactions for potential recognition or disclosure through June 12, 2025, the date the financial statements were available for issuance.

## REPORT OF INDEPENDENT AUDITORS

To the 401(k) Committee  
XMEK Inc. Retirement Saving Plan  
(formerly the ERIKS Seals and Plastics, Inc. Retirement Saving Plan)

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the XMEK Inc. Retirement Saving Plan (formerly the ERIKS Seals and Plastics, Inc. Retirement Saving Plan) (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor’s Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

#### **Other Matter — Supplemental Schedule Required by ERISA**

The supplemental schedule of Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for the purpose of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **XMEK, INC. RETIREMENT SAVING PLAN**

### **NOTES TO FINANCIAL STATEMENTS**

**December 31, 2024 and 2023**

#### **A. Description of Plan**

##### **General**

The following brief description of the XMEK, Inc. Retirement Saving Plan (formerly the ERIKS Seals and Plastics, Inc. Retirement Saving Plan) (the “Plan”) is provided for general information purposes only. The Plan is sponsored by XMEK Inc. (formerly ERIKS Seals and Plastics, Inc.) (the “Company”). Participants should refer to the Plan document for more complete information. The Company’s corporate offices are located in DFW Airport, Texas.

Effective June 7, 2024, the Plan sponsor changed its name to XMEK, Inc. and the Plan name changed to XMEK, Inc. Retirement Saving Plan.

The Plan is a defined contribution plan available to substantially all employees of the Company except for those employees covered by a collective bargaining agreement, leased employees, and nonresident aliens. Eligible employees may enter the Plan the first day of each month upon completing eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The purpose of the Plan is to encourage the Company’s employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement, or in the event of death.

##### **Contributions**

Participants may contribute up to 100% of pre-tax annual compensation, as defined by the Plan. In addition, participants may contribute designated Roth (after tax) contributions. Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (the “Code”) as defined in the Plan document. Eligible participants may make a rollover contribution to the Plan.

Participants who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the year may make catch-up contributions in accordance with, and subject to the limitations imposed by the Code.

The Plan includes an auto-enrollment provision, whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. In addition, unless these participants opt out of participation, their deferral rate increases by 1% (up to 10%) on January 1 of each year.

**XMEK, INC. RETIREMENT SAVING PLAN**  
**NOTES TO FINANCIAL STATEMENTS (continued)**

**A. Description of the Plan – continued**

**Contributions – continued**

The Company may make discretionary matching contributions to the Plan as determined annually by management. Participants must be an active participant and make eligible contributions during such year to be eligible to receive discretionary matching contributions. In 2024, the Company made discretionary matching contributions of 100% of the first 4% percent of each participant’s eligible compensation.

The Plan also allows for discretionary qualified matching employer contributions. Participants must be a non-highly compensated employee during the plan year to be eligible to receive discretionary qualified matching employer contributions. No such contributions were paid out during 2024. The Plan also allows for discretionary non-elective employer contributions. Participants must be an active participant and make eligible contributions during such year to be eligible to receive discretionary non-elective employer contributions. No such contributions were made during 2024.

**Participant Accounts**

Each participant’s account is credited with the participant’s contributions and allocations of: (a) the Company’s contribution; and (b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account.

**Vesting**

Participants are immediately vested in their voluntary contributions plus actual earnings thereon, as well as discretionary non-elective employer contributions and prior safe harbor employer matching contributions. The Plan’s vesting requirements in the Company’s discretionary matching contributions, plus actual earnings thereon is as follows:

<b>Years of Service</b>	<b>Vested Percentage</b>
Less than 1 year	0%
1 years	0%
2 years	50%
3 years	100%
4 years	100%
5 years	100%
6 or more years	100%

In the event of disability, early retirement, or death, the participant will become fully vested.

**XMEK, INC. RETIREMENT SAVING PLAN**  
**NOTES TO FINANCIAL STATEMENTS (continued)**

**A. Description of the Plan – continued**

**Participant Loans**

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% percent of their account balance. Loan terms range up to five years or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Company. As of December 31, 2024 and 2023, interest rates range from 4.25% to 9.50%. Principal and interest are paid ratably through payroll deductions. Participant loans are classified as notes receivable from participants in the Plan's financial statements.

**Benefit Payments**

Participants withdrawing during the year for reasons of service or disability, retirement, death, or termination are entitled to their vested account balance. Benefits are distributed in the form of rollovers, installments, or lump sum payments. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited.

Certain in-service withdrawals are allowed. A participant may also elect to withdraw all or a portion of their vested account balance while employed after reaching age 59 ½. A participant may receive a hardship distribution from salary reduction contributions if the distribution is: (1) on account of uninsured medical expenses incurred by the participant, their spouse, or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) for the payment of post-secondary tuition expenses; (4) needed to prevent eviction of the participant from their principal residence or foreclosure upon the mortgage of the participant's principal residence; (5) payments for burial or funeral expenses for the participant's parent, spouse, children or dependents; (6) expenses for the repair of damage to the participant's principal residence; or (7) any other financial need determined to be immediate and heavy under rules and regulations issued by the Secretary of the Treasury or his delegate.

**Forfeitures**

Forfeited balances of terminated participants' non-vested accounts may be used to pay administrative expenses or offset employer contributions. Forfeitures of \$18,815 were allocated to pay administrative expenses as of December 31, 2024. Unallocated forfeitures outstanding as of December 31, 2024 and 2023 were \$11,147 and \$11,114, respectively.

**Investment Options**

Upon enrollment in the Plan, a participant may direct their salary deferrals in 1% increments into any of the Plan's investment options.

**XMEK, INC. RETIREMENT SAVING PLAN**  
**NOTES TO FINANCIAL STATEMENTS (continued)**

**A. Description of the Plan – continued**

**Plan Expenses**

Employees of the Company perform certain administrative functions with no compensation from the Plan. In accordance with the Plan's provisions, the Company can pay substantially all costs relating to asset charges and recordkeeping. All significant administrative expenses that are paid by the Company are not reflected in the accompanying financial statements.

**B. Summary of Significant Accounting Policies**

**Basis of Accounting**

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in United States of America ("GAAP").

**Use of Estimates**

The preparation of the financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

**Contributions**

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan's administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

**Investment Valuation and Income Recognition**

The investments of the Plan are stated at fair value as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note C for information related to the Plan's valuation methodologies.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

**XMEK, INC. RETIREMENT SAVING PLAN**  
**NOTES TO FINANCIAL STATEMENTS (continued)**

**B. Summary of Significant Accounting Policies**

**Notes Receivable from Participants**

Notes receivable from participants are recorded at the unpaid principal balance plus accrued but unpaid interest.

**Payment of Benefits**

Benefits are recorded when paid.

**C. Fair Value Measurements**

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used.

The three levels defined are as follows:

- Level 1 – observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.
- Level 2 – observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.
- Level 3 – inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

GAAP requires that management describe the methodologies used to measure the fair value of assets and liabilities. The methodologies used to measure the fair value of the Plan's investments are as follows:

- *Mutual funds*: The Plan contains mutual funds which are valued at the published per share net asset value ("NAV") of shares held by the Plan and are classified within Level 1 of the valuation hierarchy. There are no significant restrictions on redeeming these investments at NAV.

**XMEK, INC. RETIREMENT SAVING PLAN**  
**NOTES TO FINANCIAL STATEMENTS (continued)**

**C. Fair Value Measurements – continued**

- *Stable value fund:* The Plan contains one stable value fund, the Putnam Stable Value Fund, which is a common/collective trust. The Fund invests in high-quality guaranteed investment contracts (GICs) and similar contracts issued by insurance companies, banks, and other financial institutions. The investments are reported at the NAV of the fund. The NAV is not publicly quoted but is available to current investors via the Fidelity website or when the Plan participants access their account value. The stable value fund can be redeemed at NAV as of the measurement date which is published for the participating investor, which is identified as \$1.00. The value is considered readily determinable, therefore, the stable value fund is classified within Level 2 of the valuation hierarchy.
- *Common/Collective trusts:* The Plan contains two additional common/collective trusts, which primarily invest in equity securities of issuers with medium market capitalization that are valued at the NAV of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require five business day notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

There have been no changes in the methodologies used at December 31, 2024 and 2023. The following table details the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2024 and 2023. The Plan has no assets classified within Level 3 of the valuation hierarchy.

	<b>2024</b>			
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
Mutual funds	\$11,946,628	\$ -	\$ -	\$11,946,628

Total investments in the fair value hierarchy	<u>\$11,946,628</u>	<u>\$ 199,357</u>	<u>\$ -</u>	12,145,985
Investments measured at NAV <sup>(a)</sup>				<u>661,271</u>
Total investments at fair value				<u>\$12,807,256</u>

**XMEK, INC. RETIREMENT SAVING PLAN**  
**NOTES TO FINANCIAL STATEMENTS (continued)**

**C. Fair Value Measurements – continued**

	<b>2023</b>			
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
Mutual funds	\$10,270,598	\$ -	\$ -	\$10,270,598
Stable value fund	-	246,562	-	246,562
Total investments in the fair value hierarchy	<u>\$10,270,598</u>	<u>\$ 246,562</u>	<u>\$ -</u>	10,517,160
Investments measured at NAV <sup>(a)</sup>				<u>620,865</u>
Total investments at fair value				<u>\$11,138,025</u>

<sup>(a)</sup> In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

These items are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the placement of assets and liabilities within the levels of the fair value hierarchy.

**D. Certified Investments**

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, (the “Trustee” of the Plan).

**E. Tax Status**

Effective May 5, 2023, the Plan adopted the FMR LLC Non-Standardized Pre-Approved Profit Sharing Plan with CODA which has a favorable opinion letter from the IRS dated June 30, 2020. This opinion letter states that the form of the prototype plan is acceptable under Section 401 of the Code. The Company may rely on this letter with respect to the qualification of the Plan under Code Section 401(a) with certain limitations.

**XMEK, INC. RETIREMENT SAVING PLAN**  
**NOTES TO FINANCIAL STATEMENTS (continued)**

**E. Tax Status – continued**

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Company believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**F. Plan Termination**

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, all amounts credited to participant's accounts will become 100% vested.

**G. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

**H. Parties-in-Interest Transactions**

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The Plan invests in shares of mutual funds managed by the Trustee. Transactions in such investments, as well as loans made to participants, qualify as party in interest transactions, which are exempt from the prohibited transaction rules. The Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party in interest transactions under ERISA which are exempt from the prohibited transaction rules.

**XMEK, INC. RETIREMENT SAVING PLAN**  
**NOTES TO FINANCIAL STATEMENTS (continued)**

**I. Reconciliation of Financial Statements to Form 5500**

The following is a reconciliation of net assets available for benefits as of December 31, 2024, per the accompanying financial statements to the Form 5500:

Net assets available for benefits per the financial statements	\$13,143,948
Deemed loans	<u>(2,717)</u>
Net assets available for benefits per the Form 5500	<u><u>\$13,141,231</u></u>

The following is a reconciliation of the net increase in net assets available for benefits for the year ended December 31, 2024, per the accompanying financial statements to the Form 5500:

Net increase in net assets available for benefits per the financial statements	\$ 1,751,505
Deemed loans	<u>(2,717)</u>
Net increase in net assets available for benefits per the Form 5500	<u><u>\$ 1,748,788</u></u>

The reconciling items noted above are due to the difference in the method of accounting used in preparing the Form 5500 as compared to the Plan's financial statements.

**J. Subsequent Events**

In preparing the accompanying financial statements, management has evaluated all subsequent events and transactions for potential recognition or disclosure through June 12, 2025, the date the financial statements were available for issuance.
