INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Integrity Outsource Retirement Savings Plan

Opinion on the Financial Statements

We have audited the financial statements of Integrity Outsource Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of August 19, 2024 and December 31, 2023, and the related statement of changes in net assets available for benefits for the period from January 1, 2024 through August 19, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Integrity Outsource Retirement Savings Plan as of August 19, 2024 and December 31, 2023, and the changes in net assets available for benefits for the period from January 1, 2024 through August 19, 2024 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Integrity Outsource Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Integrity Outsource Retirement Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Integrity Outsource Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Integrity Outsource Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Emphasis of Matter - Plan Merger

As further discussed in Note 6 to the financial statements, on November 7, 2023, G&A Partners, Inc. acquired Integrity Outsource, LLC. As a result of this acquisition, on August 19, 2024, the Plan merged with and into the G&A Partners, Inc. Multiple Employer 401(k) Plan (the Successor Plan). Our opinion is not modified with respect to this matter.

Other Matter - Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of delinquent participant contributions is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

INTEGRITY OUTSOURCE RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS AUGUST 19, 2024 AND DECEMBER 31, 2023

Note 1 - Description of the Plan

Effective September 1, 2011, Integrity Outsource, LLC (the Company) adopted the Integrity Outsource Retirement Savings Plan (the Plan) to provide retirement benefits for all eligible employees of the Adopting Employers (the Employers). The following description of the Plan is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a multiple employer defined contribution plan that covers all employees, as defined in the Plan, who have completed the age and service requirements selected by the Employers in the Adoption Agreement. New Employers entering the Plan may initially waive the eligibility requirements for employees employed by the Employers as of the date entering the Plan. Participation occurs on the first day of any month after completing each Employers' age and service requirements. The Plan is subject to the provision of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

On November 7, 2023, G&A Partners, Inc. acquired Integrity Outsource, LLC. See Note 6 for disclosure of merger of the Plan with and into the G&A Partners, Inc. Multiple Employer 401(k) Plan, transfer of assets occurring in 2024 related to this plan merger, and the resulting cessation of Plan operations.

Administration

The Plan's assets are held by Fidelity Brokerage Services, LLC (Fidelity), the Custodian of the Plan, and are invested through participant-directed accounts in various mutual funds or other investments offered by Fidelity. Duties of the Custodian include, among others, receiving and investing cash contributions and investment income and making payments from the Plan funds as directed by the participants and the Plan Administrator.

The Company retained Slavic Integrated Administration, Inc. to provide certain administration and recordkeeping services.

Integrity Outsource, LLC is the Plan Sponsor, Discretionary Trustee (Trustee), and named Plan Administrator. The Trustee executes the Plan Sponsor's Adoption Agreement. The Plan Administrator is responsible for oversight of the Plan. Administrative functions are performed by officers or employees of the Company. No officer or employee of the Company receives compensation from the Plan.

Contributions to the Plan

Each year, participants may contribute a portion of their eligible compensation, as defined in the Plan agreement. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other defined benefit or defined contribution plans.

Discretionary employer-provided matching contributions may be made to the Plan. The match, if any, will be a specified percentage of the elective contributions the employee makes to the Plan. The Employers will determine the amount of the discretionary contributions, if any, they will make each Plan year. The Employers may make Safe Harbor matching contributions on behalf of the participants as defined by the Plan and signed participation agreements. The Employers may also make a discretionary profit sharing contribution determined each year by each Employer. Employer matching and discretionary profit sharing contributions totaled \$310,537 during the period January 1, 2024 to August 19, 2024.

INTEGRITY OUTSOURCE RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS AUGUST 19, 2024 AND DECEMBER 31, 2023

Participants direct the investment of both their individual contributions plus their share of the Employers' contributions into various investment options offered by the Plan. The Employers' contributions are allocated in the same manner as that of the participant's elective contributions.

Contributions are subject to Internal Revenue Service (IRS) limitations.

Investments

Upon enrollment in the Plan, a participant may direct the allocation of their contributions and Employer contributions among various investment funds offered by the Plan's Custodian. Each participant may choose to deposit all contributions in one fund or allocate the investment among several funds in any whole percentages. The funds are invested in a broad range of stocks and bonds with varying risks. The allocation of investment income for each of the investment options is based on the ratio that each participant's account balance bears to the total account balance of all eligible participants.

Payment of Benefits

Upon termination of service, a participant who has a vested interest in their account which is less than or equal to \$5,000 shall receive a lump sum equal to the vested interest of their account. A participant who has a vested interest in their account which exceeds \$5,000 may elect to leave their account balance in the Plan or receive a lump sum payment equal to the vested interest of their account. Alternatively, they may elect to rollover their account balance to another qualified account. Under the terms of the Plan, participants who attain retirement age or become totally disabled prior to their retirement date are entitled to receive all amounts credited to their accounts. Upon the death of the participant while actively employed, the distribution is made in accordance with the participant's previous direction. All participants will receive their account balance in either a lump sum or in installments equal to the vested interest of their account.

Participants may request early withdrawals of all or a portion of their elective deferral contributions in their account under the hardship provision of the Plan. A participant may request unrestricted withdrawals of their vested accounts on or after age 59½.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Each participating employer provides for different vesting of employer contributions, as described in each participating employer's adoption agreement. Participants also become 100% vested upon death, disability, or attainment of normal retirement age.

Forfeitures

As of August 19, 2024 and December 31, 2023, the forfeiture account balance totaled \$-0- and \$29,576, respectively, and is available to pay plan expenses, reduce any future employer contributions, or make qualified non-elective contributions to Plan participants. During 2024, \$15,695 of available forfeitures were used to make qualified non-elective contributions to Plan participants.

Plan Expense Reimbursement Account

The Plan utilizes a plan expense reimbursement account (PERA) to pay Plan related expenses. The PERA is funded by an annual charge to participant accounts of 0.15%. PERA funds can be used to pay Plan related expenses approved by the Company or can be allocated to Plan participants at the end of the year. At August 19, 2024 and December 31, 2023, the PERA totaled \$-0- and \$6,035, respectively. During 2024, \$13,143 was used to pay Plan related expenses from the PERA.

INTEGRITY OUTSOURCE RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS AUGUST 19, 2024 AND DECEMBER 31, 2023

Participant Accounts

Each participant's account is credited with the participant's contributions and the Employer matching contributions, as well as allocations of the Employer's profit sharing contribution and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Funds contributed by participants are invested at percentages as directed by participants in any one or more of several investment alternatives.

The income, gains or losses in each fund are allocated daily to the applicable participants' accounts in that fund based on the previously reported account balances, adjusted for current period contributions and withdrawals.

Participant Notes Receivable

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loan fund. Loan terms range from one to five years except for the purchase of a primary residence, in which case the term may not extend beyond fifteen years. The loans are collateralized by the vested balance in the participants' accounts and bear interest at the rate of 1% over the prevailing rate charged by persons in the business of lending money for loans which would be made under similar circumstances. Interest rates ranged from 4.25% to 9.50% prior to the Plan's merger described in Note 6. Principal and interest are paid through periodic payroll deductions.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP). Income from investments is recorded when they are earned. Employee contributions are recorded when withheld from pay. Employer contributions are recorded in the period to which they pertain. Expenses are recorded in the accounting period in which they are incurred.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant Notes Receivable

Participant notes receivable are valued at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of August 19, 2024 and December 31, 2023. Delinquent participant notes receivable is reclassified as distributions based upon the terms of the Plan agreement.

INTEGRITY OUTSOURCE RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS AUGUST 19, 2024 AND DECEMBER 31, 2023

Payments of Benefits

Benefits are recorded when paid.

Fees and Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation in fair value of investments presented in the accompanying statement of changes in net assets available for benefits. Fees are recorded when paid.

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including June 13, 2025, which is the date the financial statements were available to be issued. No additional subsequent events occurred which would require adjustment or disclosure to the financial statements as of August 19, 2024.

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

INTEGRITY OUTSOURCE RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS AUGUST 19, 2024 AND DECEMBER 31, 2023

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of August 19, 2024 and December 31, 2023.

Mutual funds: Investments in mutual funds are valued at the daily quoted net asset value closing price of the shares as reported by the fund at year end. Mutual funds held by the Plan are open ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no assets measured at fair value as of August 19, 2024. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	As of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 12,155,296	\$ -	\$ -	\$ 12,155,296
Investments at fair value	\$ 12,155,296	\$ -	\$ -	\$ 12,155,296

Note 4 - Tax Status

The Plan is utilizing a non-standardized pre-approved plan, which has been filed with the IRS and has received a favorable opinion letter dated June 30, 2020 from the IRS. The Plan Administrator has elected not to apply for an individual IRS Determination Letter upon adoption of the non-standardized pre-approved plan nor on any subsequent amendments. However, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, the Plan Administrator believes that the Plan is qualified under Section 401(a) and the related trust is tax-exempt as of the financial statement date.

The Plan Adoption Agreement was most recently amended and restated effective April 1, 2022.

GAAP requires the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of August 19, 2024 and December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

INTEGRITY OUTSOURCE RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS AUGUST 19, 2024 AND DECEMBER 31, 2023

The Plan has adopted mandatory provisions of the SECURE Act 2.0. Written amendments to the Plan document to reflect these operational changes will be executed at a later date in accordance with deadlines pursuant to applicable laws and IRS guidance.

Note 5 - Transfer of Assets

During 2024, certain employers entered into and exited the Plan. \$36,752 was transferred into the Plan from an unrelated plan. The Plan also transferred out \$858,883 to unrelated plans during 2024. These amounts represent the balances of the participants' accounts when transferred. These transfers occurred due to a participating employer management election, not as an election at the participant level.

Note 6 - Plan Merger

As disclosed in Note 1, on November 7, 2023, G&A Partners, Inc. acquired Integrity Outsource, LLC. As a result of this acquisition, on August 19, 2024, the Plan merged with and into the G&A Partners, Inc. Multiple Employer 401(k) Plan (the Successor Plan). In connection therewith, investments of \$11,548,622 and notes receivable from Plan participants of \$97,081 transferred to the Successor Plan. As of August 19, 2024, net assets available for benefits were reduced to zero and Plan operations ceased. The extended deadline of the Plan's final Form 5500 filing is June 16, 2025.

Note 7 - Party-in-Interest Transactions

Certain plan investments are shares of mutual funds managed by Fidelity. Fidelity is the Custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan had participant loans receivable during the period from January 1, 2024 to August 19, 2024 and as of December 31, 2023.. As a result, these investments, the participant loans and all related transactions qualify as party-in-interest transactions. These transactions are exempt from being prohibited transactions by ERISA.

Slavic Integrated Administration, Inc. ("SIA"), the Plan's third-party administrator receives fees for recordkeeping services along with participant account administrative and asset fees. The total fee paid by the Plan for the period from January 1, 2024 through August 19, 2024 was \$59,703.

Slavic Mutual Funds Management Corporation ("SMF"), which is owned by the stockholders of SIA, is the investment advisor to the Plan. Participants, if they elect this service, are charged a quarterly advisor fee. The total fee paid by the period from January 1, 2024 through August 19, 2024 was \$18,242.

In addition, the Plan has an investment advisory agreement with BKS Retirement Services. Advisory fees to BKS Retirement Services are paid quarterly. For the period from January 1, 2024 through August 19, 2024, the annual advisor fee was \$13,143.

Note 8 - Plan Termination

Although it has not expressed any intent to do so, the Employers have the right under the Plan to discontinue contributions at any time and to terminate their participation in the Plan. Although they have not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts and the Plan's asset custodian will distribute the Plan assets to the participants as soon as practicable.

INTEGRITY OUTSOURCE RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS AUGUST 19, 2024 AND DECEMBER 31, 2023

As described in Note 6, the Plan merged with and into the Successor Plan on August 19, 2024. As a result of the merger, net assets available for benefits were reduced to zero and Plan operations ceased. Although the Integrity Outsource Retirement Savings Plan ceased to exist as a standalone employee benefit plan after the merger, the Plan's participants continued to participate in the Successor Plan post-merger. As such, participant benefits were not changed significantly.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 - Prohibited Transactions

Department of Labor (DOL) Regulation 2510.3-102 requires employers to remit amounts paid by a participant or beneficiary to an employer and/or withheld by an employer for contribution to a 401(k) plan as soon as they can be reasonably segregated from the employer's general assets. Any contributions and loan repayments remitted to the plan beyond the time frame set forth by this criterion was considered a prohibited transaction and in violation of the provisions of ERISA and the Internal Revenue Code.

As reported on Form 5500, Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions, certain participant contributions were not remitted to the Plan within the time frame specified by the Department of Labor's ("DOL") Regulation 29 CFR 2510.3-102, thus constituting prohibited transactions between the Plan and the Company during the period from January 1, 2024 through August 19, 2024. Late remittances for this period totaled \$5,925.
