The financial statements comprise the statements of net assets available for benefits as of September 30, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Rare, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended September 30, 2024 and 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Rare, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Rare, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Rare, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Rare, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matters - Supplemental Schedule Required by ERISA**

The supplemental schedule of assets (held at end of year) as of September 30, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# RARE, INC. 401(K) PLAN

## NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2024 AND 2023

### Note 1. Description of Plan

The following description of the Rare, Inc. 401(k) Plan (the Plan) provides only general information. A complete description of the Plan is contained in the Plan Document which governs the operation of the Plan.

#### General

The Plan is a defined contribution plan established for employees of Rare, Inc. (the Company or Plan Sponsor). Employees are eligible to participate in the Plan when hired by the Company. They can enter the Plan on the first day of the month after becoming eligible and begin making deferral contributions and receiving employer contributions at that time. Participants are automatically enrolled in the Plan unless they specifically opt-out. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The original effective date of the Plan was May 15, 1997. The Plan was amended and restated effective January 27, 2022.

The Plan's investments are held with Fidelity Management Trust Company (Fidelity), the Plan trustee. The assets held by the trustee are comprised of investments in cash and cash equivalents, mutual funds and common collective trusts. Fidelity also provides record keeping services to the Plan.

In January 2020, Congress passed the Setting Every Community Up for Retirement Enhancement (SECURE) Act of 2019 that contained the largest package of retirement system reform in over a decade. Many of the provisions of the SECURE Act were effective on January 1, 2020 and required changes to plan administration and recordkeeping. In late 2022, the SECURE 2.0 Act was enacted which builds on the significant retirement savings changes of the original SECURE Act. While some provisions of the SECURE 2.0 Act have delayed effective dates, many of the changes were effective immediately.

#### Contributions

Participant contributions are determined by each individual participant. Participants may contribute from their eligible compensation subject to the limits established by the Internal Revenue Code. Participants who are age 50 or older may make additional catch-up contributions up to the maximum amount allowed. Participant rollover contributions are also allowed. Participants elect to have their contributions invested in various investment options offered by the Plan's trustee. Each participant's account is credited with the participant's contributions and earnings on these contributions. Allocation of plan earnings is based on the investment types and account balances and is allocated based on the proportion of each participant's account balance as it relates to all participant account balances in that investment type.

The Company also makes matching contributions of up to 100% of the first 4% of plan compensation. The matching contributions are paid each pay period. The Company may also elect to make non-elective profit sharing contributions. Profit-sharing contributions of 3% of plan compensation were paid each pay period during the plan years ending September 30, 2024 and 2023.

Participant contributions, including \$13,639 and \$37,002 of rollovers, totaled \$1,284,756 and \$1,177,983; matching contributions, totaled \$478,799 and \$440,655; and profit sharing contributions totaled \$376,060 and \$327,787 during the plan years ending September 30, 2024 and 2023, respectively.

# RARE, INC. 401(K) PLAN

## NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2024 AND 2023

### Note 1. Description of Plan (Concluded)

#### Vesting

Participants are immediately vested in their 401(k) elective deferral and rollover contributions to the Plan. Participants hired prior to October 1, 2008 are also immediately vested in employer matching and discretionary contributions. Vesting in employer matching and discretionary contributions for participants hired after October 1, 2008 is based on years of service. At September 30, 2024, the vesting schedule for employer contributions is as follows:

<u>Years of Service</u>	<u>% Vested</u>
0 – 1 year	0%
1 year	0%
2 years	100%

#### Payment of Benefits

The Plan provides for benefit payments upon termination, death, disability, age 59 1/2 in-service distributions or normal retirement, based on the vested balance in the participant's account. Hardship withdrawals and participant loans are also permitted if certain conditions are met as outlined in the Plan Document. There were no significant benefits payable to terminated participants who have withdrawn from the Plan as of September 30, 2024 or 2023.

#### Notes Receivable – Participant Loans

Participants may borrow up to one-half of their vested account balance up to a maximum of \$50,000 (except as adjusted under the CARES Act and CAA). The notes are secured by a portion of the participant's vested account balance and bear interest at a reasonable rate. Notes are generally repaid within five years.

#### Administrative Expenses

The Company pays for certain administrative costs of the Plan, and the remaining administrative costs of the Plan are paid from the assets of the Plan and allocated to the Plan participants.

#### Forfeitures

A participant who terminates and has vested in the employer matching and discretionary contributions retains the vested portion, and the nonvested portion is forfeited when vested amounts are distributed. Forfeitures may first be used to pay Plan expenses. Any forfeitures remaining after paying Plan expenses are used to offset employer contributions. Forfeitures applied to offset administrative expenses and employer contributions were \$0 for both the year ended September 30, 2024 and 2023. Forfeitures available to offset administrative expenses and employer contributions were \$49,157 and \$12,987 at September 30, 2024 and 2023, respectively.

### Note 2. Summary of Significant Accounting Policies

#### Basis of Accounting

The Plan's financial statements are prepared on the accrual basis.

# RARE, INC. 401(K) PLAN

## NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2024 AND 2023

### Note 2. Summary of Significant Accounting Policies (Concluded)

#### Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

#### Notes Receivable - Participant Loans

Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of September 30, 2024 or 2023.

#### Payment of Benefits

Benefits are recorded when paid.

#### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

### Note 3. Income Tax Status

The Plan has adopted a volume submitter plan designed by Fidelity. The volume submitter plan obtained its latest determination letter on June 30, 2020 in which the Internal Revenue Service stated that the volume submitter plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (Code). The volume submitter plan has been amended since receiving its latest determination letter. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, no provision for income taxes has been included in the Plan's financial statements.

In line with generally accepted accounting principles in the United States of America, the Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of September 30, 2024 and 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there is no audit in progress for any tax period.

# RARE, INC. 401(K) PLAN

## NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2024 AND 2023

### Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, are described below.

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset;
- Inputs that are derived principally from or corroborated by observable market data by correction or other means.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2024 or 2023.

Mutual Funds: Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded and are classified within level 1 of the fair value hierarchy.

Common Collective Trusts (CCT): Valued at the Net Asset Value (NAV) of the underlying investments as determined by Fidelity or the CCT's vendor/pricing agent.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30, 2024:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual Funds	\$ 18,250,758	\$ 18,250,758	\$ -	\$ -
Common Collective Trusts (1)	<u>46,866</u>			
Total Investments at Fair Value	<u>\$ 18,297,624</u>

### NOTES TO FINANCIAL STATEMENTS

#### SEPTEMBER 30, 2024 AND 2023

#### Note 4. Fair Value Measurements (Concluded)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30, 2023:

	Total	Level 1	Level 2	Level 3

Common Collective Trusts (1)	24,542			
Total Investments at Fair Value	\$ 13,537,231			

(1) The Common Collective Trust assets are valued by Fidelity or the CCT's vendor/pricing agent at net asset value, and in accordance with ASU 2015-07 have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

#### Note 5. Information Certified by the Plan Trustee

The following information included in the assets and income of the Plan as of, and for the years ended September 30, 2024 and 2023 was obtained from data that has been prepared and certified as complete and accurate by Fidelity.

	2024	2023

Additionally, the trustee certified the net appreciation (depreciation) in fair value of the investments for the years ended September 30, 2024 and 2023 and the information included in the supplemental schedule of assets held at end of year.

#### Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

## NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2024 AND 2023

### Note 7. Administration of Plan Assets

Certain transactions that are considered party-in-interest transactions relate to normal management and administrative services, and the payment of expenses related thereto. Certain administrative functions are performed by officers or employees of the Company. No such officers or employees receive compensation from the Plan. Certain Plan investments are managed by Fidelity, the trustee of the Plan and a party-in-interest to the Plan. Fees paid by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments.

### Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

### Note 9. Reconciliation of Financial Statements to Form 5500

Form 5500 reports Plan assets on a cash basis; US GAAP uses an accrual basis. The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at September 30, 2024 and 2023:

	<u>2024</u>	<u>2023</u>

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Rare, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of September 30, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Rare, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended September 30, 2024 and 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Rare, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Rare, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Rare, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Rare, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matters - Supplemental Schedule Required by ERISA**

The supplemental schedule of assets (held at end of year) as of September 30, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# RARE, INC. 401(K) PLAN

## NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2024 AND 2023

### Note 1. Description of Plan

The following description of the Rare, Inc. 401(k) Plan (the Plan) provides only general information. A complete description of the Plan is contained in the Plan Document which governs the operation of the Plan.

#### General

The Plan is a defined contribution plan established for employees of Rare, Inc. (the Company or Plan Sponsor). Employees are eligible to participate in the Plan when hired by the Company. They can enter the Plan on the first day of the month after becoming eligible and begin making deferral contributions and receiving employer contributions at that time. Participants are automatically enrolled in the Plan unless they specifically opt-out. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The original effective date of the Plan was May 15, 1997. The Plan was amended and restated effective January 27, 2022.

The Plan's investments are held with Fidelity Management Trust Company (Fidelity), the Plan trustee. The assets held by the trustee are comprised of investments in cash and cash equivalents, mutual funds and common collective trusts. Fidelity also provides record keeping services to the Plan.

In January 2020, Congress passed the Setting Every Community Up for Retirement Enhancement (SECURE) Act of 2019 that contained the largest package of retirement system reform in over a decade. Many of the provisions of the SECURE Act were effective on January 1, 2020 and required changes to plan administration and recordkeeping. In late 2022, the SECURE 2.0 Act was enacted which builds on the significant retirement savings changes of the original SECURE Act. While some provisions of the SECURE 2.0 Act have delayed effective dates, many of the changes were effective immediately.

#### Contributions

Participant contributions are determined by each individual participant. Participants may contribute from their eligible compensation subject to the limits established by the Internal Revenue Code. Participants who are age 50 or older may make additional catch-up contributions up to the maximum amount allowed. Participant rollover contributions are also allowed. Participants elect to have their contributions invested in various investment options offered by the Plan's trustee. Each participant's account is credited with the participant's contributions and earnings on these contributions. Allocation of plan earnings is based on the investment types and account balances and is allocated based on the proportion of each participant's account balance as it relates to all participant account balances in that investment type.

The Company also makes matching contributions of up to 100% of the first 4% of plan compensation. The matching contributions are paid each pay period. The Company may also elect to make non-elective profit sharing contributions. Profit-sharing contributions of 3% of plan compensation were paid each pay period during the plan years ending September 30, 2024 and 2023.

Participant contributions, including \$13,639 and \$37,002 of rollovers, totaled \$1,284,756 and \$1,177,983; matching contributions, totaled \$478,799 and \$440,655; and profit sharing contributions totaled \$376,060 and \$327,787 during the plan years ending September 30, 2024 and 2023, respectively.

## NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2024 AND 2023

### Note 1. Description of Plan (Concluded)

#### Vesting

Participants are immediately vested in their 401(k) elective deferral and rollover contributions to the Plan. Participants hired prior to October 1, 2008 are also immediately vested in employer matching and discretionary contributions. Vesting in employer matching and discretionary contributions for participants hired after October 1, 2008 is based on years of service. At September 30, 2024, the vesting schedule for employer contributions is as follows:

<u>Years of Service</u>	<u>% Vested</u>
0 – 1 year	0%
1 year	0%
2 years	100%

#### Payment of Benefits

The Plan provides for benefit payments upon termination, death, disability, age 59 1/2 in-service distributions or normal retirement, based on the vested balance in the participant's account. Hardship withdrawals and participant loans are also permitted if certain conditions are met as outlined in the Plan Document. There were no significant benefits payable to terminated participants who have withdrawn from the Plan as of September 30, 2024 or 2023.

#### Notes Receivable – Participant Loans

Participants may borrow up to one-half of their vested account balance up to a maximum of \$50,000 (except as adjusted under the CARES Act and CAA). The notes are secured by a portion of the participant's vested account balance and bear interest at a reasonable rate. Notes are generally repaid within five years.

#### Administrative Expenses

The Company pays for certain administrative costs of the Plan, and the remaining administrative costs of the Plan are paid from the assets of the Plan and allocated to the Plan participants.

#### Forfeitures

A participant who terminates and has vested in the employer matching and discretionary contributions retains the vested portion, and the nonvested portion is forfeited when vested amounts are distributed. Forfeitures may first be used to pay Plan expenses. Any forfeitures remaining after paying Plan expenses are used to offset employer contributions. Forfeitures applied to offset administrative expenses and employer contributions were \$0 for both the year ended September 30, 2024 and 2023. Forfeitures available to offset administrative expenses and employer contributions were \$49,157 and \$12,987 at September 30, 2024 and 2023, respectively.

### Note 2. Summary of Significant Accounting Policies

#### Basis of Accounting

The Plan's financial statements are prepared on the accrual basis.

## RARE, INC. 401(K) PLAN

### NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2024 AND 2023

#### Note 2. **Summary of Significant Accounting Policies (Concluded)**

##### **Investment Valuation and Income Recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

##### **Notes Receivable - Participant Loans**

Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of September 30, 2024 or 2023.

##### **Payment of Benefits**

Benefits are recorded when paid.

##### **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

#### Note 3. **Income Tax Status**

The Plan has adopted a volume submitter plan designed by Fidelity. The volume submitter plan obtained its latest determination letter on June 30, 2020 in which the Internal Revenue Service stated that the volume submitter plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (Code). The volume submitter plan has been amended since receiving its latest determination letter. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, no provision for income taxes has been included in the Plan's financial statements.

In line with generally accepted accounting principles in the United States of America, the Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of September 30, 2024 and 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there is no audit in progress for any tax period.

## NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2024 AND 2023

### Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, are described below.

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset;
- Inputs that are derived principally from or corroborated by observable market data by correction or other means.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2024 or 2023.

Mutual Funds: Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded and are classified within level 1 of the fair value hierarchy.

Common Collective Trusts (CCT): Valued at the Net Asset Value (NAV) of the underlying investments as determined by Fidelity or the CCT's vendor/pricing agent.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30, 2024:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual Funds	\$ 18,250,758	\$ 18,250,758	\$ -	\$ -

Total Investments at Fair Value	<u>\$ 18,297,624</u>

(1) The Common Collective Trust assets are valued by Fidelity or the CCT's vendor/pricing agent at net asset value, and in accordance with ASU 2015-07 have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

#### Note 5. Information Certified by the Plan Trustee

The following information included in the assets and income of the Plan as of, and for the years ended September 30, 2024 and 2023 was obtained from data that has been prepared and certified as complete and accurate by Fidelity.

Additionally, the trustee certified the net appreciation (depreciation) in fair value of the investments for the years ended September 30, 2024 and 2023 and the information included in the supplemental schedule of assets held at end of year.

#### Note 6. Plan Termination

## NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2024 AND 2023

### Note 7. Administration of Plan Assets

Certain transactions that are considered party-in-interest transactions relate to normal management and administrative services, and the payment of expenses related thereto. Certain administrative functions are performed by officers or employees of the Company. No such officers or employees receive compensation from the Plan. Certain Plan investments are managed by Fidelity, the trustee of the Plan and a party-in-interest to the Plan. Fees paid by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments.

### Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

### Note 9. Reconciliation of Financial Statements to Form 5500

Form 5500 reports Plan assets on a cash basis; US GAAP uses an accrual basis. The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at September 30, 2024 and 2023:
