The Andis Company Pension Plan

**Scope and nature of the ERISA Section 103(a)(3)(C) audit**

We have performed audits of the financial statements of The Andis Company Pension Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of August 6, 2024 (liquidation basis) and August 31, 2023 (ongoing basis), and the related statements of changes in net assets available for benefits for the period from September 1, 2023 through August 6, 2024 (liquidation basis) and the year ended August 31, 2023 (ongoing basis) and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of August 6, 2024 and August 31, 2023, and for the period from September 1, 2023 through August 6, 2024 and the year ended August 31, 2023, stating that the certified investment information, as described in Note H to the financial statements, is complete and accurate.

**Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all

material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Basis for opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Emphasis of matter**

As described in Note A to the financial statements, on September 21, 2023, the Board of Directors of Andis Company, the Plan's sponsor, approved the termination of the Plan effective January 15, 2024, at which time it was determined liquidation is imminent. Accordingly, the Plan has changed its basis of accounting from the going concern basis used in presenting the Plan's August 31, 2023 financial statements to the liquidation basis used in presenting the Plan's August 6, 2024 financial statements. Our opinion is not modified with respect to this matter.

**Responsibilities of management for the financial statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's responsibilities for the audit of the financial statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they

would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other matter – supplemental schedule required by ERISA**

The supplemental schedule of reportable transactions for the period from September 1, 2023 through August 6, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment

information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**NOTE A - DESCRIPTION OF THE PLAN**

The following is a brief description of The Andis Company Pension Plan (the Plan). Reference should be made to the Plan document for more complete information.

***Plan Termination***

On September 21, 2023, the Board of Directors of Andis Company (the Company or Plan Sponsor) approved the Plan's termination effective January 15, 2024. The Company filed Form 500 (Standard Termination Notice Single-Employer Plan Termination) with the PBGC on October 30, 2023. In connection with the termination of the Plan, a lump sum payment window was offered in which eligible participants could elect to take a lump sum payment. Benefit payments totaling \$4,808,679 were distributed during the year in relation to this payment window. The Plan Sponsor also entered into an agreement with American United Life Insurance Company (American United) to transfer all Plan obligations to participants with regard to accrued benefits under the Plan. In connection with American United's assumption of such obligations, American United issued a group annuity contract for a total of \$9,443,423 on July 3, 2024. As a result of the forgoing, Andis Company no longer has any legal or financial obligations to pay participant benefits under the Plan.

On August 6, 2024, the Board of Directors of the Company resolved to transfer the remaining assets in the trust, totaling \$55,340, to the Andis Company 401(k) Plan.

All participants of the Plan became 100% vested at the time of the termination. The Plan Sponsor had the right under the Plan to discontinue contributions at any time and terminated the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA) and subject to the terms of the Plan. For any participant who did not elect a lump sum distribution, the Company purchased a group annuity contract from an insurance company that provided for the distribution of Plan benefits, and the insurance company will then be responsible for paying benefit distributions.

The following paragraphs describe the policies applicable to the Plan prior to its termination.

***General***

Effective August 31, 2023, the Andis Company Hourly Employees' Retirement Plan (the Hourly Plan) merged into the Plan. As a result of the plan merger, \$3,844,337 of assets were transferred into the Plan on August 31, 2023. Additionally, the Plan assumed a pension obligation of \$3,244,943, adjusting for the change in discount rate to 4.00%, effective August 31, 2023.

The Plan is a qualified, defined benefit, non-contributory plan administered by Reliance Trust Company, the trustee of the Plan, and is subject to provisions of ERISA. The Plan covers all employees of the Company not covered by a collective bargaining agreement. Effective December 31, 2013, the Plan was frozen, and no new participants may be admitted into the Plan.

Effective August 31, 2023, the Plan also covers all employees of the Company covered by a collective bargaining agreement.

***Pension and Death Benefits***

Full-time employees with five or more years of eligible service are fully vested and are entitled to annual pension benefits beginning at normal retirement age of 65. The Plan permits early retirement after ten years of eligible service at ages 55 to 64, subject to a reduced benefit based on actuarially equivalent factors. The Plan provides for pre-retirement death benefits to the spouse of vested employees. Participants may elect to receive a fixed or variable monthly payment.

**August 6, 2024 and August 31, 2023**

***Plan Freezing***

On September 30, 2013, the board of directors approved a resolution to freeze the Plan effective December 31, 2013. As a result, participants will not accrue any new benefits under the Plan on or after that date.

On August 27, 2018, the board of directors approved a resolution to freeze the Hourly Plan effective October 15, 2018. As a result, participants will not accrue any new benefits under the Hourly Plan on or after that date.

**NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

A summary of the Plan's significant accounting policies applied in the preparation of the accompanying financial statements follows.

***Basis of Accounting***

As a result of the approval by the Plan administrator to terminate the Plan effective January 15, 2024, the financial statements of the Plan as of and for the period from September 1, 2023 through August 6, 2024 are presented on the liquidation basis of accounting. This basis of accounting is considered appropriate when, among other things, liquidation of the Plan is deemed to be imminent. Under the liquidation basis of accounting, an entity accrues costs that it expects to incur and income it expects to earn through the remaining liquidation period.

The financial statements of the Plan as of and for the year ended August 31, 2023 are prepared using the accrual basis of accounting for an ongoing plan.

***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, disclosure of contingent assets and liabilities and the actuarial present value of accumulated Plan benefits at the date of the financial statements. Actual results could differ from those estimates.

***Investment Valuation and Revenue Recognition***

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

***Funding Policy***

The Company annually contributes amounts to fund at least the minimum required under ERISA as determined by actuarial computations. The Plan has met or exceeded the minimum funding requirements for the period from September 1, 2023 through August 6, 2024 and the year ended August 31, 2023.

**NOTES TO FINANCIAL STATEMENTS - CONTINUED**  
**August 6, 2024 and August 31, 2023**

***Administrative Expenses***

Expenses incurred in the administration of the Plan are paid by the Plan.

***Payment of Benefits***

Benefit payments to participants are recorded upon distribution.

**NOTE C - FAIR VALUE MEASUREMENTS**

U.S. GAAP establishes a framework for measuring fair value that provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for instruments measured at fair value and their classification in the valuation hierarchy as of August 6, 2024 and 2023. There have been no changes in methodology used as of August 6, 2024 and 2023.

*Money Market Fund* - Valued at the holding amount.

*Mutual Funds* - Valued at the net asset value of shares held by the Plan at year-end, which is obtained from an active market.

*U.S. Government and Agency Securities* - Valued using quoted market prices from active market makers and inter-dealer brokers.

**The Andis Company Pension Plan**

**NOTES TO FINANCIAL STATEMENTS - CONTINUED**

**August 6, 2024 and August 31, 2023**

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of August 31:

	2023			
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 606,504	\$ -	\$ -	\$ 606,504
Mutual funds	2,969,144	-	-	2,969,144
U.S. government and agency securities	11,043,517	-	-	11,043,517
Total assets at fair value	\$ 14,619,165	\$ -	\$ -	\$ 14,619,165

**NOTE D - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS**

As a result of the Plan's termination (see Note A), all benefits were settled in 2024. Distributions include the monthly annuities prior to the settlement of the Plan as well as the distributions arising from the Plan termination, which include lump-sum payments for participants who elected a lump-sum distribution, and the annuity payment purchases for participants who elected or were already enrolled for annuity payments. As a result, there was no actuarial valuation performed as of September 1, 2023.

Prior to the Plan's termination, the Plan elected to present its actuarially computed present value of accumulated plan benefits as of the beginning of the Plan year. Accumulated plan benefits were those future periodic payments that were attributable under the Plan's provisions to the service employees have rendered. The actuarial present value of accumulated plan benefits was determined by the Plan's actuary in an amount that results from applying actuarial assumptions to reflect the time value of money and the probability of payment between the valuation date and the expected date of payment.

The actuarial present value of accumulated Plan benefits as computed by independent actuaries as of September 1, 2022, the Plan's most recent valuation date, was as follows using assumptions for an ongoing plan:

	2022
Actuarial present value of accumulated plan benefits	
Vested benefits	
Participants currently receiving payments	\$ 6,674,919
Other participants	4,325,803
Total actuarial present value of accumulated plan benefits	\$ 11,000,722

The following actuarial assumptions used in the September 1, 2022 valuation above were based on the presumption that the Plan would continue.

The actuarial cost method used is the unit credit cost method based on Plan assumptions. The significant actuarial assumptions used in the September 1, 2022 actuarial computation were as follows:

Mortality basis	Pri-2012 mortality table, scale MP-2021 on September 1, 2022.
Assumed investment return	5.75% per annum on September 1, 2022.
Discount rate	5.75% on September 1, 2022.
Retirement age	65 on September 1, 2022.

## The Andis Company Pension Plan

### NOTES TO FINANCIAL STATEMENTS - CONTINUED

August 6, 2024 and August 31, 2023

#### NOTE E - INCOME TAX STATUS

The Plan obtained a determination letter dated March 30, 2018, in which the Internal Revenue Service (IRS) stated that the Plan is designed in accordance with applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter, however, the Plan Administrator believes the Plan is currently being operated in compliance with applicable requirements of the IRC and the trust is exempt from federal income tax.

As disclosed in Note A, under the plan to terminate, a determination letter request filing was submitted to the IRS on October 31, 2023. A response from the IRS has not been received; however, the Company does not believe the termination of the Plan affects qualified tax status.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect balances and the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would be material to the financial statements.

#### NOTE G - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Transactions involving the funds administered by Reliance Trust Company, the trustee and custodian of the Plan, are considered party-in-interest transactions. These transactions are not, however, considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

#### NOTE H - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

- Investments, at fair value, as shown in the accompanying statements of net assets available for benefits as of August 6, 2024 (liquidation basis) and August 31, 2023 (ongoing basis).
- Investment income, as shown in the accompanying statements of changes in net assets available for benefits for the period from September 1, 2023 through August 6, 2024 (liquidation basis) and the year ended August 31, 2023 (ongoing basis).

- Schedule of reportable transactions for the period from September 1, 2023 through August 6, 2024, as shown on schedule H, line 4j - schedule of reportable transactions.

**NOTE I - SUBSEQUENT EVENTS**

The Plan evaluated its August 6, 2024 financial statements for subsequent events through June 16, 2025, the date the financial statements were available to be issued. The Company is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
