INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrative Committee of
EOG Resources, Inc. Savings and Retirement Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of EOG Resources, Inc. Savings and Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EOG RESOURCES, INC. SAVINGS AND RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 1 – DESCRIPTION OF PLAN

The following description of the EOG Resources, Inc. Savings and Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. A copy of the Plan document is available from EOG Resources, Inc. (EOG).

General: The Plan, as amended and restated effective January 1, 2016, and most recently amended effective March 27, 2020, is a tax-qualified defined contribution pension plan established on August 31, 1999, and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is intended to comply with section 401(a) of the Internal Revenue Code of 1986, as amended (the Code) and all applicable regulations promulgated under such section. The Plan is funded by participant and EOG contributions. EOG is the employer and serves as the sponsor of the Plan.

Charles Schwab Trust Bank (Trustee) serves as the trustee of the Plan and Schwab Retirement Plan Services, Inc. (SRPS) serves as record-keeper of the Plan. The Trustee and SRPS are affiliates of each other and are each wholly owned subsidiaries of The Charles Schwab Corporation (Schwab). The assets of the Plan are held and managed by the Trustee.

The Plan is an ERISA Section 404(c) plan. As such, the participants in the Plan may direct the investment of their account balances into the various investment options offered through the Plan. At December 31, 2024 and 2023, the Plan offered 13 mutual funds, one money market fund and 17 collective trust funds, of which 13 are managed retirement trust funds.

A committee (the "Plan Administrator") appointed by the EOG Board of Directors administers the Plan.

Eligibility: Employees, as defined in the Plan, are eligible to participate in the Plan beginning on the later of the date the employee attains age 18 or the date the employee completes one hour of service, except for employees who are nonresident aliens who receive no earned income from EOG that constitutes income from sources within the United States of America.

Participant Accounts: Each participant has an individual account in the Plan, which includes one or more subaccounts based upon contribution type. Each participant's account is credited with the participant's contributions and rollovers, employer contributions (matching and retirement) and investment earnings and charged with withdrawals and investment losses. Participant accounts may also be charged with an allocation of certain administrative expenses. The benefit to which a participant is entitled is the amount of the participant's vested benefit.

Contributions: Participants can contribute between 1% and 50% of their considered compensation as defined by the Plan (generally defined as base salary, overtime pay and any annual cash bonus) in any combination of pretax salary deferrals, Roth elective deferrals and/or after-tax contributions subject to certain limits prescribed by the Code. Participants age 50 or older may contribute additional pre-tax and/or Roth catch-up contributions, subject to Code limits. Participants may also contribute eligible amounts representing distributions from other qualified plans.

Participants may direct the investment of their account balances into any combination of investments offered by the Plan. The default investment election for the Plan is the applicable Schwab Managed Retirement Trust Fund, a set of 13 collective trust funds invested according to asset allocation models that align the investment's risk and return with future expected retirement dates in five-year windows. Notice of such default investment is provided to participants in compliance with United States Department of Labor (DOL) guidance.

EOG RESOURCES, INC. SAVINGS AND RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Eligible employees who have not made an affirmative election to participate or opt out of participation in the Plan are automatically enrolled in the Plan after 30 days of employment at a pretax deferral rate of 6%. Participants may change their pretax deferral rate at any time. Contributions for which there is not a participant election shall be invested in the default investment election, which is the applicable Schwab Managed Retirement Trust Fund that corresponds to the applicable participant's estimated retirement date in five-year windows. A notice is provided to all new employees regarding the automatic enrollment provision in compliance with DOL guidance.

EOG matches pretax and Roth contributions dollar for dollar on the first 6% of considered compensation that an eligible participant contributes to the Plan as a pretax salary deferral and/or a Roth elective deferral. All employer matching contributions are allocated according to the participant's investment elections. The default investment election for employer matching contributions is the applicable Schwab Managed Retirement Trust Fund that corresponds to the applicable participant's estimated retirement date in five-year windows.

In addition, employer retirement contributions under the Plan are funded solely by EOG based on a formula under which participants are assigned "points" representing a combination of the participant's age and years of service with EOG. EOG contributes a percentage of the participant's considered compensation according to the participant's points as of the beginning of each Plan year as described below:

<u>Points = (Age + Years of Service)</u>	<u>Contribution Percentage</u>
< 40	3% of considered compensation
40 – 49	5% of considered compensation
50 – 59	7% of considered compensation
60 +	9% of considered compensation

All employer retirement contributions are allocated according to the participant's investment elections. The default investment election for employer retirement contributions is the applicable Schwab Managed Retirement Trust Fund that corresponds to the applicable participant's estimated retirement date in five-year windows.

A temporary employee is eligible to receive employer matching contributions and employer retirement contributions in the Plan beginning on the later of the date the temporary employee attains age 18 or the date the employee completes 1,000 hours of employment during a period of 12 consecutive months.

Vesting: Vesting is the participant's ownership in and right to the assets in the participant's account. Participants are immediately 100% vested in their participant contributions and actual earnings or losses thereon. Participants become 20% vested in their employer matching and employer retirement contributions subaccounts after one year of service and vest an additional 20% for each year of service thereafter. Participants are 100% vested in their employer matching after five years of service. Participants automatically become 100% vested in their employer matching regardless of length of service upon i) reaching age 65, ii) disability as defined by the Plan, iii) death while an employee, or iv) termination of the Plan.

EOG RESOURCES, INC. SAVINGS AND RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Distributions: Participants may receive a distribution of 100% of their account upon retirement or disability subject to limitations set forth in the Plan. If a participant dies, the participant's spouse or designated beneficiary or beneficiaries is/are entitled to receive 100% of the remaining amount in the participant's account as of the date of death. Participants may also receive distribution of the vested balance in their account upon severance from service subject to limitations defined by the Plan. Alternate payees may receive distribution of the vested balance in their account following the Plan's determination of the qualified status of a domestic relations order. Distributions to participants of vested balances other than EOG Resources, Inc. Money Purchase Pension Plan (MPPP) subaccount balances are made in the form of a single lump-sum payment or, if the participant elects, periodic payments, or as a direct rollover to an eligible retirement plan or individual retirement account. Distributions to participants of vested MPPP subaccount balances are made in the form of a single life annuity, if the participant is single, or a qualified joint and survivor annuity, if the participant is married, or if the participant elects (with spousal consent, if married) in the form of a single lump-sum payment, periodic payments or as a direct rollover to an eligible retirement plan or individual retirement account.

In-Service Withdrawals: Participants who are active EOG employees and who are at least age 59½ are entitled to withdraw their vested balance in their account, other than balances in their MPPP subaccount or employer retirement contributions subaccount, as an in-service withdrawal. Participants who are active EOG employees and who are at least age 62 are entitled to withdraw the entire vested balance in their account. All participants who are active EOG employees may receive financial hardship withdrawals subject to limitations defined by the Plan.

Notes Receivable from Participants: Participants who are active employees of EOG may borrow from their Plan account, other than amounts in their MPPP subaccount or employer retirement contributions subaccount, a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000, reduced by the participant's highest outstanding loan balance from the Plan during the preceding one-year period, or 50% of the borrowing participant's vested account balance. The loan is fully secured by a pledge of the vested account balance in the borrowing participant's Plan account. Loan terms may not exceed five years, except for loans used for the purchase of a primary residence, which may be longer if the agreed-upon term is reasonable as determined by the Plan Administrator. Principal and interest are repaid ratably through payroll deductions. Loans bear interest at rates that are commensurate with market rates for similar loans. Participants may have no more than one loan outstanding at any time. Participant loans are reflected as Notes Receivable from Participants in the Statements of Net Assets Available for Benefits. At December 31, 2024 and 2023, such loans had maturities ranging from one year to 15 years and interest rates ranging from 4.25% to 9.50%.

Forfeitures: Any unvested balance in the account of a participant who has severed service and incurred a forfeiture under the terms of the Plan, and any adjustments to the employer contributions as a result of Code limitations, are transferred to the forfeiture account. Such account is included in the general assets of the Plan. Under the terms of the Plan, the forfeiture account is used to reduce employer contributions, restore previously forfeited amounts, if any, and/or pay Plan administrative expenses. During 2024, a total of \$1,359,000 was used to reduce employer contributions. At December 31, 2024 and 2023, the forfeiture account balances were \$43,736 and \$32,098, respectively.

Administrative Expenses: During 2024, the Plan incurred administrative expenses totaling \$226,904 of which \$0 was paid with funds from the reduction in compensation account (see Note 2 - Summary of Significant Accounting Policies - Investment Valuation, Income Recognition and Payment of Benefits). EOG may elect to have any administrative expenses paid by the Plan.

NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Plan Termination: Although it has not expressed any intent to do so, EOG has the right under the Plan to discontinue its contributions at any time or to partially or totally terminate the Plan subject to the provisions set forth in the ERISA. In the event the Plan is terminated, participants shall become 100% vested in the balance in their account.

Subsequent Events: Plan management has evaluated subsequent events for recognition and disclosure through June 17, 2025, which is the date the financial statements were available to be issued.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates: The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation, Income Recognition and Payment of Benefits: Investments in EOG common stock, mutual funds and money market funds are stated at fair value based on quotations obtained from national securities exchanges. Investments in collective trust funds are stated at fair value as determined by the issuer based on the fair value of the underlying investments.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on an accrual basis. Benefit payments are recorded when paid. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Plan investment fund management and advisor fees are asset-based fees that are charged to fund investors. Fees are deducted from income earned by the fund investment and are not separately reflected in the financial statements. Such fees were reflected as a reduction of investment return for such fund investments. Any portion of the asset-based fees which is, returned to (or shared with) Schwab is credited to the participant accounts that held the investment(s) that generated the asset-based fees. All asset-based fees and fee sharing arrangements are required to be disclosed to EOG.

Excess Contributions Payable to Participants: Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability on the Statements of Net Assets Available for Benefits with a corresponding reduction to participant contributions on the Statement of Changes in Net Assets Available for Benefits. The Plan distributed the 2024 and 2023 excess contributions to the applicable participants prior to March 15, 2025 and March 15, 2024, respectively.

Notes Receivable from Participants: Notes Receivable from Participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Risks and Uncertainties: The Plan provides for investments in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities occurring in the near term could materially affect the amounts reported in the financial statements and individual participant account balances.

NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 3 – CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by the Trustee.

NOTE 4 – FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

Investments measured at fair value on a recurring basis are summarized below:

	2024

EOG RESOURCES, INC. SAVINGS AND RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Investments in EOG common stock, mutual funds and money market funds are stated at fair value based on quotations obtained from national securities exchanges. Investments in collective trust funds are stated at fair value as determined by the issuer based on the fair value of the underlying investments. The collective trusts provide for daily redemptions by the Plan at reported values per share, with no advance notice requirement. There were no trust level transfers between Level 1 and Level 2 investments during the years ended December 31, 2024 and 2023. There have been no changes in methodologies used at December 31, 2024 and 2023.

NOTE 5 – RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

EOG, the Trustee and SRPS are parties-in-interest as defined by ERISA. Certain Plan investments are shares of EOG common stock and mutual funds and collective trust funds managed by the Trustee or an affiliate of the Trustee and are party-in-interest transactions. Effective September 2003, all investments in EOG common stock were frozen and new investments in EOG common stock are no longer permitted. At December 31, 2024 and 2023, the Plan held 138,150 shares and 146,428 shares, respectively, of EOG common stock with a fair value of \$16,934,427 and \$17,710,467, respectively. During 2024, purchases and sales of EOG common stock totaled \$9,279 and \$1,077,628, respectively. Also, during 2024, the Plan recognized dividend income of \$736,864 from this related-party investment. Investment management fees are included as a reduction of the return earned on each fund. These transactions qualify as exempt party-in-interest transactions. There have been no known prohibited transactions with parties-in-interest. Notes receivable from participants also reflect party-in-interest transactions.

NOTE 6 – FEDERAL INCOME TAX STATUS

The Plan obtained its most recent favorable determination letter from the IRS dated October 25, 2017, in which the IRS stated that the Plan and related trust were qualified and exempt, respectively, under the applicable sections of the Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. U.S. GAAP requires plan management to evaluate tax positions taken by the Plan. The sponsor of the Plan has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is not currently under audit and the sponsor of the Plan believes it is no longer subject to U.S. federal income tax audits for years prior to 2021.
