INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
McKie Ford Lincoln, Inc. & Affiliates 401(k) Plan
Rapid City, South Dakota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of McKie Ford Lincoln, Inc. & Affiliates 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures related to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain other internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Assets Held at End of Year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MCKIE FORD LINCOLN, INC. & AFFILIATES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

(1) Nature of Business and Summary of Significant Accounting Policies

Nature of Business of Plan Sponsor

McKie Ford Lincoln, Inc. & Affiliates (the Plan Sponsor, Plan Administrator, or the Company), provides payroll and management services to several auto sales and rental companies under common control including McKie Ford Lincoln, Inc., 5 Star Car Rental, Inc., and MK Land, LLC.

Method of Accounting

The financial statements of McKie Ford Lincoln, Inc. & Affiliates 401(k) Plan (the Plan) are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in mutual funds, common stocks, and the money market funds are stated at fair value on a recurring basis as determined by Fidelity Management Trust Company (the Trustee) (Notes 5 and 7). Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Net Change in Fair Market Value of Investments

The net appreciation (depreciation) in fair market value of investments is composed of the realized gains and losses in securities that were sold or otherwise disposed of during the year, and the unrealized gains and losses in securities held at the end of the year.

Risks and Uncertainties

The Plan provides for various investment options. Investments are exposed to various risks, such as interest, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Market volatility of equity-based investments may substantially impact the value of such investments at any given time. It is possible that the value of the Plan's investments, both in total and in individual participant accounts, has changed significantly since December 31, 2024.

Payment of Benefits

Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

(1) Nature of Business and Summary of Significant Accounting Policies

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance has been recorded as of December 31, 2024 or 2023.

The Plan has evaluated subsequent events through June 18, 2025, the date which the financial statements were available to be issued.

(2) Description of the Plan

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which includes employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees of the Company who have completed three calendar months of service and have attained the age of eighteen are eligible to participate in the Plan. Upon meeting the Plan's eligibility requirements, employees may enter the Plan on the first day of the following month. Employees of the Company who have completed eleven months of service are eligible for matching contributions.

Contributions

Participating employees contribute an amount each pay period as provided for in their participation agreement. Employees may contribute up to 100 percent of their compensation, not to exceed certain limits established by the Internal Revenue Service (IRS). Matching contributions are 100 percent of the first 3 percent of compensation deferred to a maximum of \$800 annually. The Company can also provide a discretionary contribution which is determined annually. No discretionary contributions were made by the Company during the years ended December 31, 2024 and 2023.

The Plan instituted automatic enrollment for those employees eligible, the Plan Sponsor automatically withholds 5 percent of the employee's compensation upon becoming eligible to participate unless otherwise elected by the participant. Contributions are automatically invested in the appropriate target date fund unless the participant elects other investment options. The Plan also includes an automatic deferral increase, the increase is equal to one percent annually up to a maximum of 10 percent of compensation.

The Plan allows Roth elective deferrals. Contributions to Roth 401(k) accounts are made on an after-tax basis and are included in the participant's gross income. Future distributions of Roth elected contributions and earnings thereon will not be taxed, if certain criteria are met. Roth elective deferrals to the Plan are permanently designated as Roth elective deferrals in participant accounts. The participants' Roth deferrals and gains and losses attributable to such deferrals are accounted for separately.

(2) Description of the Plan

Payment of Benefits

Upon termination of service due to death, disability, retirement, or termination of employment, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account.

Participants with benefits in excess of \$1,000 may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Benefits not greater than \$1,000 are paid in one lump-sum upon termination of employment, death, disability or retirement. A participant with an account balance of greater than \$1,000, but less than \$5,000, may receive a rollover distribution into an individual retirement account set up by the Plan Administrator.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching contribution, as well as Plan earnings. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Investment Options

Upon enrollment to the Plan, a participant may direct employee and employer contributions to any of the funds offered by the Plan. Participants may change their investment options daily.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. The portion of the participants' accounts attributable to the Company's matching contributions and related earnings become 20 percent vested after two years of credited service, as defined, and continues to vest at the rate of 20 percent for each successive year of service until 100 percent vested after six years of service.

Forfeitures

Forfeitures are used to reduce the administrative expenses of the Plan or employer contributions. Non-vested account balances are forfeited, unless participants return to employment and contribute the distribution received at termination within a specified time. Forfeited, non-vested account balances totaled \$9,081 and \$9,642 at December 31, 2024 and 2023, respectively. During the year ended December 31, 2024, the Plan paid administrative fees totaling \$14,899 from forfeited non-vested accounts.

Participant Notes Receivable

Loans may be made from the participants' accounts upon an electronic request submitted to the trustee. Participants may borrow up to a maximum amount equal to the lesser of 50 percent of their vested benefit or \$50,000, with a minimum of \$1,000. Loans bear interest commensurate with prevailing rates as determined by the Plan Administrator. Loans are repaid in equal amounts over the repayment term. Repayment terms are five years or less except for loans to acquire a principal residence, which are paid over a reasonable time period not to exceed ten years, as determined by the Trustee.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

(3) Administrative Expenses

The Plan's expenses are paid by either the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying Statement of Changes in Net Assets Available for Benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) of fair value of investments presented in the accompanying Statement of Changes in Net Assets Available for Benefits.

(4) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

(5) Investments -- Information Certified by Trustee

Fidelity Management Trust Company (the Trustee) holds the Plan's investments, executes investment transactions, and performs all related accounting functions. The Trustee determined the fair value of investments at December 31, 2024 and 2023.

In accordance with Section 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator has received certification from the Trustee as to the accuracy and completeness of certain financial information of the Plan as of and for the years ended December 31, 2024 and 2023. The Trustee has certified information contained in the following:

Statements of Net Assets Available for Benefits
Statement of Changes in Net Assets Available for Benefits (except for contributions, benefits paid to participants and administrative expenses)
Supplemental Schedule of Assets Held at Year End

The Plan invests in mutual funds, a money market account, and self-directed brokerage accounts with underlying assets consisting of any combination of stock, bond, fixed income securities, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks.

(6) Income Tax Status

The Plan uses a volume submitter plan document sponsored by the Trustee. The Plan received an opinion letter from the IRS, dated June 30, 2020, stating that the volume submitter plan document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS and the volume submitter plan has been amended since receiving the opinion letter. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

MCKIE FORD LINCOLN, INC. & AFFILIATES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

(6) Income Tax Status

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the Department of Labor or IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Recurring Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level One: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level Two: Inputs include
 1. quoted prices for similar assets or liabilities in active markets;
 2. quoted prices for identical or similar assets or liabilities in inactive markets;
 3. inputs other than quoted prices that are observable for the asset or liability;
 4. inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability
- Level Three: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds: Valued at quoted market prices in an active market.

Money Market Fund: Valued at carrying value, which approximates fair value, based on the amount of net contributions plus any investment earnings allocated to the account.

Self-Directed Brokerage Accounts: Valued at the closing price reported on the active market on which the individual securities are traded.

	<u>\$ 10,403,846</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 10,403,846</u>

(8) Participant Withdrawals

As of December 31, 2024, and 2023, Plan assets include terminated participants with account balances totaling \$1,445,628 and \$2,269,081, respectively.

(9) Related Party Transactions and Party in Interest Transactions

Fees for legal and professional services rendered to the Plan may be paid by the Company at its discretion. The Plan allows participants to take out loans against their account balances. Certain investments of the Company are issued by the Trustee.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

COMMUNICATION WITH THOSE CHARGED WITH GOVERNANCE

June 18, 2025

CONFIDENTIAL

Plan Administrator and Management
Mckie Ford Lincoln, Inc & Affiliates 401(k) Plan
Rapid City, South Dakota

We have audited the financial statements of McKie Ford Lincoln, Inc. & Affiliates 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] for the year ended December 31, 2024 and have issued our report thereon dated June 18, 2025. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Fidelity Management Trust Company, the trustee, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America (GAAP). Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated March 24, 2025. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 1 to the financial statements. No new accounting policies were adopted, and the application of existing policies was not changed during the year. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. No such estimates were included in the financial statements.

The financial statements are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Audit Risks

In designing our audit procedures, professional standards require us to evaluate the financial statements and assess the risk that a material misstatement could occur. Areas that are potentially more susceptible to misstatements, and thereby require special audit considerations, are designated as “significant risks.” We previously communicated to you via our engagement letter noted above, the following significant risks of material misstatement that we identified as part of our audit planning process:

1. Management override of controls through erroneous allocation among participant accounts.

We did not identify any additional significant risks of material misstatement during our audit that should be communicated to you.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. No such disclosures exist.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements.

Reportable Findings

For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgement is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determined are sufficiently important to merit management’s attention. All reportable findings are included in our separate report titled “Communication of Internal Control Related Matters” dated the same date as this letter.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor’s report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated the same date as this letter.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a “second opinion” on certain situations. If a consultation involves application of an accounting principle to the Plan’s financial statements or a determination of the type of auditor’s opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan’s auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

Our responsibility for the ERISA-required supplementary schedule accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplementary schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of Plan Administrator and management of the Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Sincerely,

A handwritten signature in cursive script that reads "Ketel Thorstenson, LLP".

COMMUNICATION OF INTERNAL CONTROL RELATED MATTERS
DECEMBER 31, 2024

810 Quincy Street
P.O. Box 3140, Rapid City, South Dakota 57709
Telephone (605) 342-5630 • e-mail: info@ktllp.com

COMMUNICATION OF INTERNAL CONTROL RELATED MATTERS

June 18, 2025

CONFIDENTIAL

To the Plan Administrator
McKie Ford Lincoln, Inc. & Affiliates 401(k) Plan
Rapid City, South Dakota

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of McKie Ford Lincoln, Inc. & Affiliates 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as of and for the year ended December 31, 2024, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's system of internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing our opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform an ERISA Section 103(a)(3)(C) audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Fidelity Management Trust Company that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit also did not include a consideration of internal control relating to the investment information.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. In addition, because of inherent limitations in internal control, including the possibility of management override of controls, misstatements due to error or fraud may occur and not be detected by such controls. However, as discussed below, we identified a certain deficiency in internal control that we consider to be a significant deficiency.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency presented in Exhibit I as #1 to be a significant deficiency.

A reportable finding is an indication of deficiencies in internal control identified during the audit that have not been communicated to management by other parties and that, in the auditor's professional judgment, are of sufficient importance to merit management's attention. We consider the deficiencies presented in Exhibit I as #1 - #2 in the Plan's internal control to be reportable findings.

This communication is intended solely for the information and use of management, the Plan Administrator, and others within the Plan, and is not intended to be, and should not be, used by anyone other than these specified parties.

Note that this letter, by its nature, is critical in that it contains only our comments and recommendations on deficiencies and inefficiencies. It does not include our observations of the many strong features of the Plan's operation.

We would like to take this opportunity to express our appreciation for the cooperation and assistance provided to us during our audit. If you have any questions concerning the matters discussed in this letter or wish to discuss any other phase of our audit, please feel free to contact us.

Very truly yours,

KETEL THORSTENSON, LLP
Certified Public Accountants

Significant Deficiency and Reportable Finding:

1. Preparation of the Financial Statements

Finding, Analysis, & Effect: The Plan does not have an internal control system designed to provide for the preparation of the financial statements being audited, including the related footnote disclosures. As auditors, we were requested to draft the financial statements and accompanying notes to the financial statements. This circumstance is not unusual in a company of your size. This control deficiency could result in a misstatement to the financial statements that would not be prevented or detected by your Plan's internal control.

Recommendation: It is the responsibility of management and those charged with governance to make the decision whether to accept the degree of risk associated with this condition because of cost or other considerations.

Other Reportable Finding:

2. Lack of Documentation

Finding, Analysis, & Effect: During distribution testing, we noted no demographic documentation was maintained for one participant as the participant had no balance at the Plan's year end.

Recommendation: Plan management should retain all personnel files for individuals with balances in the plan for the year.
