Administrators and Participants  
Groschopp 401(k) Profit Sharing Plan  
Sioux Center, IA 51250

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Groschopp 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years ended December 31, 2024 and 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Groschopp 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Groschopp 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in

accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Groschopp 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Groschopp 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Groschopp 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment

information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedules Required by ERISA**

The supplemental schedule of Schedule of Assets Held at End of Year are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

**Note A – Description of Plan**

The following description of the Groschopp 401(K) Profit Sharing Plan is provided for general purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan covering all eligible employees of Groschopp, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Eligible employees become active participants for purposes of 401(k) elective deferral contributions on the first day of the month following 3 months of service. Participants may also elect Roth 401(k) after-tax deferrals. Employees have the option to complete enrollment forms to select a different deferral percentage or elect not to defer.

Participants may change their deferral elections at any time during the Plan year. Participants who have reached age 50 by the end of the Plan year are eligible to make catch-up contributions. Participants may also rollover amounts representing distributions from other qualified plans.

The Company may elect to provide an annual matching or discretionary contribution. Eligible employees become active participants in the Plan for purposes of these Company contributions when they have completed one year of service, defined as 1,000 hours. When the Company elects an annual matching contribution, the percentage elected will apply for the entire plan year and cannot exceed \$100 per year per participant. When the Company makes a discretionary contribution, employees are eligible if they are employed on the last day of the Plan year when the contribution is approved and have worked 1,000 or more hours of service in the plan year, except in the case of death, normal retirement or total disability, as defined in the Plan.

Contributions are subject to certain limitations by the Internal Revenue Code.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions as well as the participant's share of the Company contributions, allocated forfeitures, Plan earnings, and administrative expenses.

Participants may self-direct their accounts into any of the available investment options selected by Plan administration and may change their investment choices at any time during the Plan year. If a participant does not provide direction as to how contributions and account balances should be invested, then the contributions and account balances will be directed to Principal LifeTime Portfolios, sub advised by Principal Global Investors, based on the participant's age.

Discretionary Company matching contributions are allocated based on a percentage of participant deferrals. Discretionary Company profit sharing contributions and forfeitures are allocated based on the proportion that each participant's compensation bears to the total of all participant's compensation. Net earnings of the Plan are allocated based on the participant's choices of investment options and their relative account value within that option.

Groschopp 401(K) Profit Sharing Plan  
Notes to Financial Statements

**Note A – Description of Plan (Continued)**

Vesting

Participants are fully vested in their contributions, rollovers, and the earnings thereon. Vesting in Company contributions and the earnings thereon is based on years of continuous service as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than One Year	0 %
One Year	20 %
Two Years	40 %
Three Years	60 %
Four Years	80 %
Five Years	100 %

At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$1,171 and \$523, respectively. These amounts are reallocated to participants in the year subsequent to the forfeiture in the same manner as employer contributions.

Payment of Benefits

On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may elect to receive their vested benefits in either a lump-sum distribution or installment payments. The Plan requires that in the event of a mandatory distribution greater than \$1,000 but less than \$5,000, if a participant does not elect to have such distribution paid directly to an "eligible retirement plan" or received directly, then the administrator shall pay the distribution in a direct rollover to an individual retirement plan designated by the administrator. Account balances less than \$1,000 will be distributed in lump-sum. The Plan allows for hardship withdrawals to satisfy a participant's immediate and heavy financial need, as defined by the Plan.

Participant Loans

Loans are not available to participants under this plan.

**Note B – Summary of Significant Accounting Policies**

Preparation of the Financial Statements and Use of Estimates

The financial statements of the Plan are prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America and, necessarily, include amounts that are based on judgments and estimates made by management. Actual results could vary from these estimates.

Payment of Benefits

Benefits are recorded when paid.

Groschopp 401(K) Profit Sharing Plan  
Notes to Financial Statements

**Note B – Summary of Significant Accounting Policies, Continued**

Investment Valuation and Income Recognition

Investments are stated at fair value, defined as the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date.

Net appreciation or depreciation of investments is reported on the statement of changes in net assets available for benefits and consists of both realized and unrealized gains or losses for these investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividend income is recorded on the ex-dividend date.

Administrative Expenses

Contract administration fees are paid using Plan assets. Certain other expenses incurred in connection with the general administration of the Plan are paid by the Company and, as such, are not recorded in the accompanying financial statements.

Unaudited Information Prepared and Certified by the Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rule and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Life Insurance Company, the custodian of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023, to the schedule of assets held as of December 31, 2024, and to the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2024.

**Note C – Investments**

The Plan’s trustees have provided certifications to the plan administrator regarding the accuracy and completeness of certain information related to investment holdings of the Plan and the income and expenses of the Plan. The following information certified by the trustees has been used in the preparation of the accompanying financial statements as of December 31, 2024, and December 31, 2023. This information is unaudited.

Groschopp 401(K) Profit Sharing Plan  
Notes to Financial Statements

**Note D – Related-Party Transactions and Party in Interest Transactions**

Certain Plan investments are shares of mutual funds managed by Principal Life Insurance Company, the custodian of the Plan and therefore a party-in-interest. Fees paid by the Plan for investment management services to the trustee amounted to \$66,828 and \$13,402 for the years ended December 31, 2024 and 2023, respectively. Due to the relationship between Principal Life Insurance Company and its investment partners, all partners and their investments are parties-in-interest.

**Note E – Fair Value Measurements**

GAAP defines fair value, establishes a framework for measuring fair value, and requires disclosures about fair value measurements. Fair value is based on an exit price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP also establishes a hierarchal disclosure framework which prioritizes and ranks the level of market price observability used in measuring financial instruments at fair value. Market price observability is affected by a number of factors, including the type of instrument and the characteristics specific to the instrument. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets.
- quoted prices for identical or similar assets or liabilities in inactive markets.
- inputs other than quoted prices that are observable for the asset or liability.
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024.

Groschopp 401(K) Profit Sharing Plan  
Notes to Financial Statements

**Note E – Fair Value Measurements, Continued**

*Guaranteed Investment Contracts:* Value based on discontinuance value which is the amount the plan participant would receive if they transfer or surrender their funds out of the guaranteed interest account. Due to the nature of how the discontinuance value is calculated, there are no assumptions to report making required disclosures of such assumptions under ASU 2011-04, as amended by ASU 2013-09, non-applicable. Guaranteed interest accounts held by the Plan are not considered to be benefit responsive investment contracts.

*Pooled Separate Accounts:* Valued at the NAV of units of a mutual fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the separate account, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	\$12,185,873	\$ -	\$ -	\$12,185,873
Guaranteed Investment Contracts	-	-	153,041	153,040
<b>Total Assets at Fair Value</b>	<b>\$12,185,873</b>	<b>\$ -</b>	<b>\$ 153,041</b>	<b>\$12,338,913</b>

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	\$11,668,121	\$ -	\$ -	\$11,668,121
Guaranteed Investment Contracts	-	-	260,365	260,365
<b>Total Assets at Fair Value</b>	<b>\$11,668,121</b>	<b>\$ -</b>	<b>\$ 260,365</b>	<b>\$11,928,486</b>

Total purchases of Level 3 securities amounted to \$45,388 and \$19,479 for the years ended December 31, 2024 and 2023, respectively.

Total sales of Level 3 securities amounted to \$51,901 and \$25,124 for the years ended December 31, 2024 and 2023, respectively.

Groschopp 401(K) Profit Sharing Plan  
Notes to Financial Statements

**Note F – Tax Status**

The Company adopted a Prototype Standardized Profit Sharing Plan with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Service on March 31, 2014, stating that the Plan is designed in accordance with applicable sections of the Internal Revenue Code. Subsequent to this determination by the Internal Revenue Service, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator and Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the US Department of Revenue and IA Department of Revenue. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

**Note G – Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become fully vested in their account balances.

**Note H – Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

**Note I – Subsequent Events**

The Plan has evaluated subsequent events through June 19, 2025, the date the financial statements were available to be issued.
