To whom it may concern,

Please use this letter as statement of the situation that our company does not have over 100 active participants in our 401k plan. Our Financial Management Company as listed below made the mistake of putting all new hires into an auto enrollment so all employees that came and went during that year and counted toward the employment active list ficticioulsy. To support how much this report was in error. At this time we only have 68 active participants in our plan. This should not create an audit or the need for an opinion letter. I am requesting that you re-consider the need for such a letter to be generated since we just performed this the year before for the same reasons. The reason it happened again in 2024 was because the problem rolled over from the previous year before we were able to correct it.

Sincery Yours,
