Independent Auditor's Report

The Plan Administrator
Thrall Enterprises, Inc. Employee Savings Plan
Chicago, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We performed audits of the financial statements of Thrall Enterprises, Inc. Employee Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, elected to have the audits of Thrall Enterprises, Inc. Employee Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier which is regulated, supervised, and subject to periodic examination by a state or federal agency, provided the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the years then ended stating the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Thrall Enterprises, Inc. Employee Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, which raise substantial doubt about Thrall Enterprises, Inc. Employee Savings Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining the Plan's transactions are presented and disclosed in the financial statements in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report including our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Thrall Enterprises, Inc. Employee Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, which raise substantial doubt about Thrall Enterprises, Inc. Employee Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) on page 14 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule agreed to or derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and;
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Thrall Enterprises, Inc. Employee Savings Plan
Notes to the Financial Statements
For the Years Ended December 31, 2024 and 2023

Note 1 – Description of the Plan

The following brief description of Thrall Enterprises, Inc. Employee Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan instrument for complete information.

General

The Plan is a defined contribution plan covering substantially all eligible employees of Thrall Enterprises, Inc. and Nazdar Company (the Companies). The Plan is subject to the provisions of ERISA. Employees who are at least 18 years of age and have completed two months of service are eligible to participate in the Plan. Temporary employees will become eligible for the Plan once they have reached age 21 and have completed at least 1,000 hours of service in one year. Eligible employees are automatically enrolled with an initial deferral percentage equal to 4% of salary unless they elect a different deferral percentage or opt-out. In addition, the auto-enroll deferral percentage is increased 1% each year on May 1st unless the participant later elects a different deferral percentage.

Pursuant to the Setting Every Community Up for Retirement Enhancement Act of 2019, as of January 1, 2021 part-time employees are eligible to enroll in the Plan once they reach three consecutive years of service with at least 500 hours in each year and may enroll beginning in 2024. These employees may still be excluded when completing annual nondiscrimination and coverage testing.

Contributions

Each year, participants may contribute up to a maximum amount of their pretax or after-tax annual compensation, as defined by the Internal Revenue Service and recorded in the plan document. Participants who have attained age 50 before the end of the plan year may make additional catch-up contributions. Participants may also contribute amounts representing rollovers from other qualified plans. The Companies' matching contributions are at the discretion of the Board of Directors and may range up to a maximum of 6% of annual compensation, as defined. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Companies' matching contributions, if any, allocations of plan earnings (losses), and charged with an allocation of administrative expenses, if applicable. Allocations are based on participant account balances or earnings, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their deferral contributions plus actual earnings or losses thereon. Vesting in the Companies' discretionary matching contributions plus actual earnings or losses thereon is based on years of continuous service. A participant is 100 percent vested after 3 years of service. Participants also become fully vested in the event of death, disability, retirement, or Plan termination.

Note 1 – Description of the Plan (Continued)

Notes Receivable from Participants

Participants are allowed to take up to two general purpose loans against their individual vested account balances. Generally, a participant may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of 50 percent of the participant's vested balance or \$50,000. Loans are secured by the participant's account balance and must be repaid over one to five years, or over ten years if the loan is for the purchase of a primary residence. Interest is charged on these loans at a rate equal to prime plus 2%. The interest rate to be utilized for any new loans is computed and documented within the first five business days of the next month following any change in the prime rate as reported by Reuters. Interest rates on current outstanding loans range from 5.25% to 10.50%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant or beneficiary may receive benefits based on the participant's vested account balance. Benefits may be paid in a lump sum, installment payments, or an annuity. The Plan allows involuntary rollovers of vested account balances under \$5,000 to an individual retirement plan designated by the plan administrator.

Forfeited Accounts

Forfeited non-vested accounts totaled \$21,650 and \$17,847 as of December 31, 2024 and 2023, respectively. Forfeitures can be used to pay Plan administrative expenses or to reduce the Companies' matching contributions. For the years ended December 31, 2024 and 2023, \$19,719 and \$4,265, respectively, of forfeitures were used to reduce employer match contributions.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP), which requires management to make estimates and assumptions affecting certain reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plans' investments are reported at fair value except for the collective trust, which is reported at contract value. Fair value is the price which would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balance. Delinquent loans are reclassified based on the terms of the Plan document.

For the Years Ended December 31, 2024 and 2023

Note 2 – Summary of Significant Accounting Policies (Continued)

Payment of Benefits

Benefits are recorded when paid.

Plan Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Companies. Expenses paid by the Companies are excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. During the years ended December 31, 2024 and 2023, the Companies reimbursed the Plan for administrative expenses in excess of expenses incurred, resulting in credits of \$32,895 and \$1,488, respectively.

Subsequent Events

Subsequent events have been evaluated by management through May 19, 2025, which is the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy prioritizing the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices observable for the asset or liability;
- Inputs derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair measurement level within the fair value hierarchy is based on the lowest level of any input significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Notes to the Financial Statements
For the Years Ended December 31, 2024 and 2023

Note 3 – Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Money market fund: Valued at the daily closing price as reported by the fund (Level 1 inputs).

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds registered with the Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded (Level 1 inputs).

The following tables set forth the Plan's investments by level within the fair value hierarchy as of December 31:

2024	Level 1	Level 2	Level 3	Total
Money market fund	\$ 2,653,459	\$ -	\$ -	\$ 2,653,459
Mutual funds	74,999,241	-	-	74,999,241
	<u>\$ 77,652,700</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 77,652,700</u>
2023	Level 1	Level 2	Level 3	Total
Money market fund	\$ 3,274,257	\$ -	\$ -	\$ 3,274,257
Mutual funds	68,703,643	-	-	68,703,643
	<u>\$ 71,977,900</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 71,977,900</u>

Note 4 – Collective Trust

The Plan invests in a collective trust, which invests in benefit-responsive investment contracts issued by insurance companies and other financial institutions, fixed income securities, and money market funds. The fund may also invest in futures contracts, option contracts, and swap agreements. The contracts and securities purchased for the fund are backed solely by the financial resources of the issuers of such contracts and securities.

Thrall Enterprises, Inc. Employee Savings Plan
Notes to the Financial Statements
For the Years Ended December 31, 2024 and 2023

Note 4 – Collective Trust (Continued)

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

Certain events limit the Plan's ability to transact at contract value with Fidelity. Such events include the following: (a) amendments to the plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on completing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe any events limiting the Plan's ability to transact at contract value with plan participants or the issuer are probable of occurring.

The guaranteed investment contract does not permit Fidelity to terminate the agreement prior to the scheduled maturity date.

Note 5 – Tax Status

Established November 1, 1985, the Plan adopted a volume submitter defined contribution plan of Fidelity Management & Research Company. The Plan received an opinion letter dated June 30, 2022 from the Internal Revenue Service as to the volume submitter plan's qualified status; the plan opinion letter has been relied upon by this Plan. The Plan was most recently restated on November 15, 2021.

Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes the Plan is designed and operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified, and the related trust is tax exempt.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position which more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Notes to the Financial Statements
For the Years Ended December 31, 2024 and 2023

Note 7 – Certified Information

At December 31, 2024 and 2023, the Plan’s investments were maintained by Fidelity Management Trust Company (the trustee). The trustee supplied the plan administrator with a certification as to the completeness and accuracy of all information relating to investments as of December 31, 2024 and 2023, and income and expenses on such investments for the years then ended. The certified information includes total investments of \$79,080,230 and \$73,845,308 at December 31, 2024 and 2023, respectively, and the activity reported on the statements of changes in net assets available for benefits for the years then ended, exclusive of the contract value adjustments presented in Note 10.

Note 8 – Parties-in-Interest Transactions

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the plan, any party rendering service to the plan, the employer, and certain others. The Plan holds certain investment funds managed by the plan trustee. Such investments and the Plan’s payment of fees qualify as party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Companies. No such officer or employee receives compensation from the Plan. Some professional fees for the administration and audit of the Plan are paid directly by the Companies.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to numerous risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible changes in the values of investment securities will occur in the near term and such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 – Reconciliation of Financial Statements to Form 5500
