Independent Auditor's Report

To the Plan Administrator and Participants
Johnson Controls of Puerto Rico, Inc. Savings and Investment Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Johnson Controls of Puerto Rico, Inc. Savings and Investment Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Johnson Controls of Puerto Rico, Inc. Savings and Investment Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Johnson Controls of Puerto Rico, Inc. Savings and Investment Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Johnson Controls of Puerto Rico, Inc. Savings and Investment Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Johnson Controls of Puerto Rico, Inc. Savings and Investment Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Johnson Controls of Puerto Rico, Inc. Savings and Investment Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2024 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Johnson Controls of Puerto Rico, Inc. Savings and Investment Plan

Notes to the Financial Statements

Note 1: Description of Plan

The following description of the Johnson Controls of Puerto Rico, Inc. Savings and Investment Plan (the Plan) provides only general information. Participants should refer to the Plan document provided to all participants for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Puerto Rico Internal Revenue Code of 1994, as amended (PR Code) and is covered by Employee Retirement Income Security Act of 1974, as amended (ERISA).

General

The Plan is a defined contribution plan covering employees of Johnson Controls of Puerto Rico, Inc., who are residents of Puerto Rico. The Plan is administered by the Employee Benefits Policy Committee appointed by Johnson Controls International plc (the Company).

Contributions, Eligibility, Investment Options, Vesting, and Forfeitures

Participants can designate an amount of their gross annual eligible compensation as defined in the Plan document. Participants are eligible to receive a Company matching contribution of one hundred percent (100%) on the first five percent (5%) of the participant's before-tax and/or after-tax contributions. In addition, participants may contribute amounts representing distributions from other employers' qualified retirement plans.

Participant contributions are deposited in the investment funds of their choice. Participants' contribution balances may be reallocated by participants among the investment programs at any time in increments of one percent (1%).

New employees will be automatically enrolled in the Plan at three percent (3%), unless an employee makes an election to not participate. Employees who are auto-enrolled into the Plan will have their deferral percentage automatically increased by one percent (1%) annually until a maximum of ten percent (10%) has been achieved.

Employees are 100% vested in their contributions plus actual earnings (losses) thereon. The vesting for Company contributions is based on years of service. Participants will be vested 0% if they have less than 1 year of service, 33% after 1 but less than 2 years of service, 66% after 2 but less than 3 years of service and 100% vested for 3 years of service or more.

At December 31, 2024 and 2023, the forfeited accounts totaled \$9,793 and \$9,557, respectively. These accounts will be used to reduce future Company contributions or to pay administrative expenses of the Plan in accordance with the plan document. For the year ended December 31, 2024, forfeitures were used to pay administrative expenses of \$254.

Payment of Benefits

For termination of service for any reason, a participant may receive the value of the vested interest in their account as a lump sum distribution. In addition, participants may be able to take voluntary, in-service withdrawals, which include hardship withdrawals.

Johnson Controls of Puerto Rico, Inc. Savings and Investment Plan

Notes to the Financial Statements

Note 1: Description of Plan (Continued)

Participant Accounts

Participant recordkeeping is performed by Fidelity Investments Institutional Retirement Services Company (Fidelity).

Each participant's account is credited with the participant's contributions and an allocation of the Company's contributions, expenses, and Plan earnings (losses) thereon. Allocations are based on participant earnings (losses) or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000, not to exceed 50% of their vested account balance. Loans are subject to certain limitations based on the Plan document. Only two loans per participant may be outstanding at any time. Each loan may be for a term up to five years. Regular payroll deductions are required to repay a loan. The loan will bear interest at a reasonable rate on the basis of rates charged by commercial lenders at the loan's inception. Interest rates range between 3.25% and 8.50% as of December, 31, 2024. Loans must be repaid in full following retirement or termination.

Note 2: Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable From Participants

The notes receivable from participants are measured at their unpaid principal balances plus accrued but unpaid interest. At the time of borrowing, the assets of the participant are sold proportionally to finance the loan. The loan is collateralized by the participant's assets in the Plan.

Should a participant fail to make a loan payment when due (including retirement or termination), the participant is given a grace period to cure the delinquency through the end of the calendar quarter following the calendar quarter in which the default arose. If the participant fails to cure the delinquency, a deemed distribution occurs in accordance with the provisions of the Plan document.

Johnson Controls of Puerto Rico, Inc. Savings and Investment Plan

Notes to the Financial Statements

Note 2: Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments include both realized and unrealized gains or losses on the investments held by the Plan.

Administrative Expenses

Administrative expenses are mostly paid by the Company. Expenses for participant loans and hardship withdrawals are allocated on a participant basis. Other expenses that are offset against forfeitures are specifically charged to the Plan, as applicable. Certain investment management fees are included within net appreciation in fair value of investments.

Benefit Payments

Benefit payments to participants are recorded when paid.

Subsequent Events

Management has evaluated subsequent events through June 17, 2025, the date which the financial statements were available to be issued.

Note 3: Investments at Fair Value

GAAP specifies a three-tier fair value hierarchy, which prioritizes the inputs used in estimating fair value. These tiers include Level 1, defined as observable inputs such as quoted market prices in active markets; Level 2, defined as inputs other than quoted market prices in active markets that are either directly or indirectly observable; and Level 3, defined as unobservable inputs in which little or no market data exists, therefore, requiring an entity to develop its own assumptions.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used as of December 31, 2024 and 2023. Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: The fair value for mutual funds is determined by direct quoted market prices. Mutual funds are open-ended investment companies that obtained proper registration from the U.S Securities and Exchange Commission. The funds publish daily their net asset value (NAV) after the close of trading on regulated financial exchanges. The NAV represents the current market value of the fund's holdings after deducting the fund's liabilities.

Johnson Controls of Puerto Rico, Inc. Savings and Investment Plan

Notes to the Financial Statements

Note 3: Investments at Fair Value (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The fair values of receivables approximate their carrying values.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2024 and 2023:

December 31, 2024	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 18,703,821	\$ -	\$ -	\$ 18,703,821
Total investments at fair value	\$ 18,703,821	\$ -	\$ -	\$ 18,703,821

December 31, 2023	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 16,765,456	\$ -	\$ -	\$ 16,765,456
Total investments at fair value	\$ 16,765,456	\$ -	\$ -	\$ 16,765,456

Note 4: Investment Certification

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Fidelity Management Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related activity in the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023, the statement of changes in net assets available for benefits for the year ended December 31, 2024, and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2024.

Note 5: Tax Status

To comply with the requirements of the PR Code, the Plan was submitted to the Puerto Rico Secretary of the Treasury for the issuance of a favorable determination letter regarding its qualification under Section 1165 of the PR Code, as a qualified profit sharing plan with a cash or deferred arrangement. The Plan was informed by a letter dated December 21, 2016 that it qualified and is entitled to exemption from local income taxes. The Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the PR Code.

Notes to the Financial Statements

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7: Parties-In-Interest Transactions

Transactions involving notes receivable from participants and the funds administered by Fidelity Management Trust Company, the custodian of the Plan, are considered party-in-interest transactions. These transactions are not, however, considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

Note 8: Risks and Uncertainties

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 9: Prohibited Transactions

The Company is required to remit employee contributions to the Plan at the earliest date such amounts can be reasonably segregated from the Company's general assets, but no later than 15 days of the following month after receipt from participants. As reported on Schedule H, Line 4a - Schedule of Delinquent Participant Contributions, certain contributions from participants during the Plan year ended December 31, 2024, totaling \$1,678, were remitted outside the requirement and corrected in 2025 and certain contributions from participants during Plan year ended December 31, 2023, totaling \$19,722, were remitted outside the requirement and corrected in 2024. These transactions constitute a prohibited transaction as defined by ERISA.
