Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **WIPFLI, LLP**

(2) EIN: **39-0758449**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		500000

Independent Auditor's Report

To the Plan Administrator
Idaho National Laboratory Employee Investment Plan
Idaho Falls, Idaho

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Idaho National Laboratory Employee Investment Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of September 30, 2024, and the related statement of changes in net assets available for benefits for the year ended September 30, 2024 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Idaho National Laboratory Employee Investment Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of September 30, 2024 and for the year ended September 30, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP);
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Idaho National Laboratory Employee Investment Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Idaho National Laboratory Employee Investment Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Idaho National Laboratory Employee Investment Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Idaho National Laboratory Employee Investment Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of September 30, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2023 Financial Statements

We have audited the statement of net assets available for benefits of Idaho National Laboratory Employee Investment Plan as of September 30, 2023, and the related statement of changes in net assets available for benefits for the year ended September 30, 2023 (not presented herein), and in our report dated July 10, 2024, we expressed an unmodified opinion on those financial statements.

Independent Auditor's Report

To the Plan Administrator
Idaho National Laboratory Employee Investment Plan
Idaho Falls, Idaho

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Idaho National Laboratory Employee Investment Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of September 30, 2024, and the related statement of changes in net assets available for benefits for the year ended September 30, 2024 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Idaho National Laboratory Employee Investment Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of September 30, 2024 and for the year ended September 30, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP)
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Idaho National Laboratory Employee Investment Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Idaho National Laboratory Employee Investment Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Idaho National Laboratory Employee Investment Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Idaho National Laboratory Employee Investment Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of September 30, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2023 Financial Statements

We have audited the statement of net assets available for benefits of Idaho National Laboratory Employee Investment Plan as of September 30, 2023, and the related statement of changes in net assets available for benefits for the year ended September 30, 2023 (not presented herein), and in our report dated July 10, 2024, we expressed an unmodified opinion on those financial statements.

Idaho National Laboratory Employee Investment Plan

Notes to Financial Statements

Note 1: Description of Plan

The following description of the Idaho National Laboratory Employee Investment Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan. Prior to February 1, 2005, Bechtel BWXT Idaho, LLC (BBWI) was the sole Plan sponsor. As of February 1, 2005, the Plan was amended to include Battelle Energy Alliance, LLC (BEA) and any other Department of Energy-Idaho contractor (DOE), which adopts and maintains the Plan in accordance with its terms; additionally, the plan administrator became BEA. Effective May 1, 2005, the Plan sponsors were amended to include CH2M-WG Idaho, LLC. Effective June 1, 2016, Fluor Idaho, LLC (Fluor) replaced CH2M-WG Idaho, LLC and Idaho Treatment Group, LLC (ITG). Effective as of January 1, 2022, Fluor Idaho, LLC was replaced by Idaho Environmental Coalition (IEC) as the Plan Sponsor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

Eligible employees include all employees that perform covered services except for the following:

- 1) Employee under a collective bargaining agreement unless the agreement provides coverage.
- 2) Employee who is a leased employee.
- 3) Any person who is recorded as an independent contractor.
- 4) An employee who is hired or rehired by BBWI on or after May 1, 2005, by ITG on or after October 1, 2011, or by Fluor Idaho on or after June 1, 2016 unless an employee is hired as a transfer employee directly from another plan sponsor without an interruption in service.
- 5) As of February 10, 2017, any employee of BEA who is categorized as a Postdoctoral Researcher Employee on or after October 1, 2013, regardless of date of hire.
- 6) Effective as June 1, 2016, an employee of Fluor Idaho, LLC if eligible to participate in the AMWTP Employee Investment Plan.
- 7) Effective as of January 1, 2022, an Employee of IEC shall not be eligible to participate in the Plan if such Employee is eligible to participate in the AMWTP Employee Investment Plan.

Employees become eligible on date of hire. Part-time and temporary employees in covered services are eligible the first day of the month following an eligibility year in which they have completed 1,000 hours of service. Covered services are services in a job classification covered by the sponsors' contract with the U.S. Department of Energy (DOE).

Note 1: Description of Plan (Continued)

Contributions

Each year, participants may contribute up to 50% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

Plan sponsor contributions are as follows:

Plan Design		BEA	Fluor (Previous CWI Employee)	Fluor (Previously ITG Employee)
Argonne (Hired pre 2/1/2005)	Match	None	N/A	N/A
	Profit Share	9% of participant earnings	N/A	N/A
Legacy (Hired pre 5/1/2005 BEA - active plan participant)	Match	60% of participant deferrals not to exceed 8% of participant earnings	60% of participant deferrals not to exceed 8% of participant earnings	60% of participant deferrals not to exceed 8% of participant earnings
	Profit Share	None	None	None
New (Hired on or after 5/1/2005 Fluor and after 2/1/2005 BEA - no pension plan)	Match	100% of up to 3% of participant deferrals plus 60% above 3% of participant deferrals not to exceed 6% of participant earnings	100% of up to 3% of participant deferrals plus 60% above 3% of participant deferrals not to exceed 6% of participant earnings	N/A
	Profit Share	4.2% of participant earnings	4.2% of participant earnings	N/A

All employees of Fluor as of May 2016 are in a separate plan. During the year ended September 30, 2024, the Plan made matching contributions of \$33,458,442 and a \$29,279,374 profit sharing contribution to the Plan. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Idaho National Laboratory Employee Investment Plan

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Contributions (Continued)

Effective June 10, 2022, all eligible fire and pro force employees automatically receive an additional 1.5% profit sharing amount on top of the previous amounts permitted in the above chart. They also become eligible for matching contributions of half a percent for each percent contributed from 7-9% for up to a total of 1.5%. Legacy BEA employees do not qualify for the additional profit sharing or match amounts.

Investment Options

Participant contributions and sponsors matching and profit sharing contributions are allocated among the available investment options as directed by each participant. By designating these investment alternatives for participants, allowing frequent fund transfers and providing the necessary fund information to participants, it is intended that the Plan be treated as an ERISA 404(c) Participant-Directed Account Arrangement.

Participant Accounts

Each participant's account is credited with the participant's contributions, sponsors' matching contributions, and allocations of (a) the sponsors' profit sharing contribution and (b) plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan regardless of the balance in the participant account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their voluntary contributions plus actual earnings thereon. Vesting in the Plan sponsor contribution portion of their accounts plus actual earnings thereon is based on years of continuous service.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 9.50%, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are paid ratably through payroll deductions. As of September 30, 2024, participant notes receivable have maturities through 2039.

Idaho National Laboratory Employee Investment Plan

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments over a period not to exceed participant life expectancy or the life expectancies of participant and beneficiary. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In addition, hardship distributions out of the participant's voluntary contributions account are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59 1/2.

Forfeitures

At September 30, 2024 and 2023, forfeited nonvested accounts totaled \$83,787 and \$65,317, respectively. These accounts will be used to reduce future Plan contributions or to pay administrative expenses of the Plan in accordance with the plan document. Also, during the year ended September 30, 2024, Plan contributions were reduced by \$263,860 from forfeited nonvested accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts (FBRICs)). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

FBRICs are reported at contract value, which is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan.

Idaho National Laboratory Employee Investment Plan

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies (Continued)

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of September 30, 2024 and 2023. Delinquent participant notes receivable are recorded as benefit payments on the basis of the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the sponsors. Fees paid by the Plan include fees related to Plan administration and professional fees. Expenses that are paid by the sponsors are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are allocated proportionately to plan participants and are included in net investment income.

Subsequent Events

The Plan has evaluated subsequent events through June 9, 2025, which is the date the financial statements were available to be issued. The Company determined there were no such events requiring recognition or disclosure in the financial statements.

Note 3: Information Prepared and Certified by Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at September 30, 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended September 30, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Vanguard Fiduciary Trust Company, (the Trustee of the Plan).

Idaho National Laboratory Employee Investment Plan

Notes to Financial Statements

Note 4: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of September 30, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

Stable value collective trust fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that are valued at the NAV of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities' liquidations will be carried out in an orderly business matter.

Notes to Financial Statements

Note 4: Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of September 30, 2024 and 2023. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of September 30, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,155,706,538	\$ -	\$ -	\$ 1,155,706,538
Self-Directed Brokerage Accounts	11,265,645	-	-	11,265,645
Total investment assets in the fair value hierarchy	\$ 1,166,972,183	\$ -	\$ -	1,166,972,183
Investment assets measured at NAV (a)				887,249,101
Total investment assets at fair value				\$ 2,054,221,284

	Assets at Fair Value as of September 30, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 911,763,349	\$ -	\$ -	\$ 911,763,349
Self-Directed Brokerage Accounts	9,503,972	-	-	9,503,972
Total investment assets in the fair value hierarchy	\$ 921,267,321	\$ -	\$ -	921,267,321
Investment assets measured at NAV (a)				706,540,610
Total investment assets at fair value				\$ 1,627,807,931

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Idaho National Laboratory Employee Investment Plan

Notes to Financial Statements

Note 4: Fair Value Measurements (Continued)

Stable Value Collective Trust Fund

The common collective trust funds' objective is to provide a moderate level of stable income without principal volatility while seeking to maintain adequate liquidity and returns superior to shorter-maturity instruments. To achieve this, the fund invests in a variety of investment contracts and instruments that are not expected to experience significant price fluctuations in most economic or interest rate environments. However, there is no assurance that this objective can be achieved. As of September 30, 2024 and 2023, there are no unfunded commitments on the fund. The fund is able to be redeemed, with written notice, on a daily basis for the year ended September 30, 2024. The funds require a one-day redemption notice period.

Note 5: Guaranteed Investment Account

The Plan maintains a guaranteed investment contract with Vanguard Fiduciary Trust Company which was determined to be a fully benefit-responsive investment contract and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

The Plan owns a promise to receive interest at crediting rates that are announced in advance and guaranteed for a specific period of time as outlined in the group annuity contract. The contract is backed by the full faith and creditworthiness of the issuer. Guarantees are based on the claims-paying ability of the issuer and not on the value of the securities within the insurer's general account. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against the contract value for credit risk of the contract issuer or otherwise. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses.

The interest crediting rate is based on the earnings of the underlying assets and is subject to a minimum rate provision, but may never fall below 1 percent after deduction for any expenses. There are no events that allow the issuer to terminate the contract or require the plan sponsor to settle at an amount different than contract value. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants or the issuer are probable of occurring. The interest crediting rate is reset per contract provisions. Past interest rates are not indicative of future interest rates. Key factors that could influence future interest crediting rates are changes in economic and market conditions, interest rates, and default or credit failures of the securities in the insurer's general assets.

Note 6: Related-Party Transactions and Party-in-Interest Transactions

Certain plan investments are managed by Vanguard Fiduciary Trust Company. Transactions with the Trustee qualify as party-in-interest transactions. Fees incurred and paid by the Plan for the investment management and administrative services for the year ended September 30, 2024 were \$541,700.

Idaho National Laboratory Employee Investment Plan

Notes to Financial Statements

Note 6: Related-Party Transactions and Party-in-Interest Transactions (Continued)

The Plan pays Battelle Energy Alliance, LLC, a party-in-interest, fees related to direct labor and administrative costs for accounting services provided to the Plan. Administrative fees paid under this agreement for the year ended September 30, 2024 were \$263,983.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Sponsors have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in the plan sponsor's contributions.

Note 8: Tax Status

The IRS has determined and informed the Plan by a letter dated October 1, 2015, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

The Plan intends to correct certain isolated operational errors related to employer match contribution suspensions that are to occur subsequent to specific in-service withdrawals under the IRS's Employee Plans Compliance Resolution System. The estimate for corrections related to these errors is considered immaterial to the financial statements. No provision for income taxes has been included in the Plan's financial statements related to the foregoing matters because the plan administrator believes that the Plan continues to be qualified and the tax status of the related trust continues to be exempt.

Note 9: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10: Reclassification

Certain reclassifications have been made to the 2023 financial statements to conform to the 2024 presentation. The change had no effect on the 2023 results of operations.
