Independent Auditor's Report

To the Plan Administrator
GCI 401(k) Plan
Anchorage, Alaska

Opinion

We have audited the financial statements of GCI 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2024, and schedule of delinquent participant contributions for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including

comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

GCI 401(k) Plan
Notes to Financial Statements
December 31, 2024 and 2023

(1) Description of Plan

The following description of the GCI 401(k) Plan ("Plan") provides general information only. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Benefits are not guaranteed by the Pension Benefit Guaranty Corporation.

General

The Plan is a defined contribution plan sponsored by GCI Communication Corp. ("GCICC "and "Plan Sponsor"), a wholly owned subsidiary of Liberty Broadband Corporation ("Liberty Broadband"). The Plan covers employees of GCICC and the following affiliated companies, United Utilities, Inc. ("UUI"), and Unicom, Inc. ("Unicom") (collectively, the "Company"). Employees of participating employers are eligible to make employee deferral contributions immediately after their date of hire, and are eligible to share in Company matching contributions, if any, on the first entry date after completing one year of service, as defined in the Plan document. The entry dates are the first day of each quarter during the year. GCICC and affiliated companies are parties-in-interest to the Plan.

On November 12, 2024, Liberty Broadband entered into a definitive agreement (the "Merger Agreement") under which Charter Communications, Inc. ("Charter") has agreed to acquire Liberty Broadband (the "Merger"). At the special meeting held on February 26, 2025, the stockholders of Liberty Broadband approved the adoption of the Merger Agreement, pursuant to which, among other things, Liberty Broadband will combine with Charter. As a condition to closing the Merger, Liberty Broadband has agreed to divest the GCI business by way of a distribution to the holders of Liberty Broadband common stock prior to the closing of the Merger (the "GCI Divestiture"). The GCI Divestiture has not yet been completed as of June 17, 2025. The Merger and associated GCI Divestiture is not expected to have an impact to the Plan.

Contributions

The Plan provides for a qualified cash or deferred arrangement as defined in Section 401(k) of the Internal Revenue Code of 1986 ("Code"). A participant may elect the following methods to make employee contributions:

1. Salary Reduction Contributions, which will not be included in the participant's current earnings for federal income tax purposes but rather are taxable upon distribution, or
2. Roth 401(k) Contributions, which will be included in the participant's current earnings for federal income tax purposes and are not taxable upon distribution.

Eligible employees of the Company may elect, if certain requirements are met, to reduce their eligible compensation in any amount up to 50% of such compensation subject to a maximum of \$23,000 in 2024 and \$22,500 in 2023. Contributions may be made as salary reduction or Roth 401(k) contributions or a combination of both.

Compensation considered for all Plan purposes is subject to a compensation ceiling of \$345,000 and \$330,000 in 2024 and 2023, respectively. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions of no more than \$7,500 per year for the years ended December 31, 2024 and 2023. Participant catch-up contributions are not eligible for Company matching contributions.

The Plan allows up to 100% matching of employee contributions. Company matching contributions made to the Plan may be invested in any Plan offered investment choice at any time by the participant. The Plan currently offers various mutual funds, common stock of Liberty Broadband and other investments through a self-directed brokerage account option. For the years ended December 31, 2024 and 2023, the Company matched 100% of participant's contributions, up to a maximum match of 10% of each participant's eligible compensation, for employees of GCICC, UUI, and Unicom.

Matching amounts contributed to the Plan by the Company are not taxed to the participant until distribution. Plan earnings on Company matching contributions are taxable to the employee either upon distribution or, in the case of certain qualifying Liberty Broadband common stock distributions, upon eventual disposition of the stock.

**GCI 401(k) Plan
Notes to Financial Statements
December 31, 2024 and 2023**

Rollovers

Participants may elect to rollover amounts from other qualified plans or individual retirement accounts in the Plan, provided that certain conditions are met.

Participant Accounts

Each participant account is credited with the participant's contributions, employer matching contributions and allocations of Plan earnings and losses, as determined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participant contributions and rollover contributions are always fully vested.

The participant's interest in the Company matching contribution portion of their account ("Matching Account") is vested based upon years of service with the Company, as defined in the Plan document.

The vesting schedule is as follows:

Years of service	Vested percentage
Less than 1	0 %
1 or more but less than 2	33 %
2 or more but less than 3	66 %
3 or more	100 %

Any portion of a participant's account which is forfeitable shall be forfeited on the earlier of the date a terminated participant receives a distribution or the date on which the participant experiences five consecutive one-year breaks in service (as defined in the Plan document).

A participant's interest in their Matching Account fully vests without regard to the number of years of service when the participant, while still employed: (i) attains Normal Retirement Age (as defined in the Plan document); (ii) dies; or (iii) becomes totally and permanently disabled. A participant's interest in their Matching Account fully vests upon termination or partial termination of the Plan.

If a participant terminates participation for any reason other than attainment of Normal Retirement Age and retirement, death or disability while any portion of his or her account in the Plan is forfeitable, receives a distribution of his or her vested account balance attributable to Company matching contributions, and again becomes an eligible employee, the participant may repay that entire distribution before the earlier of five consecutive one-year breaks in service or five years from his reemployment date. Upon such repayment, the value of that participating employee's account previously forfeited will be restored.

Payment of Benefits

A participant or beneficiary may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account upon attaining the age of 59-1/2, termination due to death, disability or retirement, or any other termination of employment.

Participants who terminate with vested benefits less than \$1,000 will automatically receive the value of the vested balance in their account as a lump-sum distribution. Participants who terminate with vested benefits greater than \$1,000 and less than \$7,000 will automatically receive the value of the vested balance in their account as a rollover into an Individual Retirement Account. The limit was \$5,000 prior to January 1, 2024. These automatic distributions occur unless the participant actively elects

**GCI 401(k) Plan
Notes to Financial Statements
December 31, 2024 and 2023**

a different form of distribution. Participants may request to receive Liberty Broadband common and preferred stock held in their account as an in-kind distribution.

Forfeitures

If a participating employee terminates employment for any reason other than attainment of Normal Retirement Age and retirement, death or disability, that portion of his or her account attributable to Company matching contributions which has not vested will be forfeited. All forfeited amounts are used to pay Plan administrative expenses or to reduce future Company matching contributions. During 2024 and 2023, employer contributions were reduced by \$337,000 and \$195,000, respectively, from forfeited nonvested accounts. At December 31, 2024 and 2023, \$86,000 and \$117,000, respectively, had been forfeited but had not yet been used to pay Plan administrative expenses or reduce the Company's matching contributions.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the portion of their vested account. Loan transactions are treated as a transfer to/(from) the appropriate investment fund (from)/to the participant's loan. Loan terms range from one to five years. Loans are secured by the vested balance in the participant's account and accrue interest at a fixed rate calculated at the loan date. Loans bear a reasonable rate of interest, as determined by the Plan Administrator, based on prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. The interest rate is fixed throughout the duration of the loan. Participant loans have interest rates bearing 4.25% to 9.50%. Principal and interest are paid ratably through semi-monthly payroll deductions.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The Plan financial statements are based on the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan to make estimates and assumptions, such as those regarding the fair value of investments, that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Estimates are based on past experience and other considerations reasonable under the circumstances. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Employee and Company matching contributions are recorded in the period in which the Company makes the payroll deductions from the participants' earnings.

Payment of Benefits

Benefits are recorded when paid.

(3) Administration of Plan Assets

Fidelity Management Trust Company is the Plan's trustee and Fidelity Investments Institutional Operations Company, Inc. is the Plan's recordkeeper (collectively "Fidelity"). Administrative expenses related to the Plan are reported on the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2024 and 2023 and were paid by the Plan to the recordkeeper and asset trustee. The asset trustee charges trade fees for all transactions in common stock investments. Trade fees for mutual fund investments, if any, are described in each fund's prospectus. Company employees provide administrative support to the Plan, but no employee receives compensation from the Plan and the Company is not reimbursed for these expenses.

(4) Amendment or Termination

The Plan Sponsor's Board of Directors has reserved the right to amend or terminate the Plan. No amendment may reduce the accrued benefits of any participant or give the Company any interest in the trust assets of the Plan. In the event of termination of the Plan, a participant in the Plan becomes fully vested in his or her Matching Account.

(5) Investments

Investments are reflected in the accompanying financial statements at fair value. Fair value represents the closing prices at December 31, 2024 and 2023 for those securities having readily available market quotations.

The following closing market prices have been used to value the stock of Liberty Broadband:

	December 31,	
	2024	2023
Liberty Broadband Series C common stock	\$ 74.76	80.59
Liberty Broadband Preferred Stock	\$ 24.27	22.05

(6) Fair Value Measurements

Following are descriptions of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the quoted Net Asset Value ("NAV") of shares held by the Plan at year-end. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified as Level 1.

Common and preferred stocks: The fair value of these investments is based on the closing price per the principal stock exchange on which they are traded and are classified as Level 1.

Collective trust: The Morley Stable Value Fund is valued based on the reported NAV. The NAV is used as a practical expedient to estimate fair value. As of December 31, 2024, the Morley Stable Value Fund is no longer an investment option available in the Plan.

Self-directed brokerage accounts: This asset category represents a separate brokerage account that offers a wide range of investment opportunities including mutual funds, common stocks listed on major U.S. exchanges and fixed-income securities, including government bonds, corporate bonds and certificates of deposit. The fair value of common stocks and other exchange

traded investments that are publicly traded is based on the closing price per the principal stock exchange on which they are traded and are classified as Level 1. The fair value of certain fixed-income securities, including corporate bonds and certificates of deposit, is based on observable market information and yields available on comparable securities of issuers with similar credit ratings and may include benchmarking, sector grouping and matrix pricing and are classified as Level 2.

(7) Income Taxes

The Plan is qualified under Section 401(a) of the Code pursuant to a favorable opinion letter dated June 30, 2020, issued by the IRS on the form of the Volume Submitter Plan document. The Plan Administrator believes the Plan is currently designed and is operated in compliance with the applicable requirements of the Code.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the
