## INDEPENDENT AUDITORS' REPORT

To the Plan Administrator  
North West Handling Systems, Inc.  
401(k) Retirement Plan  
Renton, Washington

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of North West Handling Systems, Inc. 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of September 30, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended September 30, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of North West Handling Systems, Inc. 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of September 30, 2024 and 2023, and for the year ended September 30, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of North West Handling Systems, Inc. 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about North West Handling Systems, Inc. 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of North West Handling Systems, Inc. 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about North West Handling Systems, Inc. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Other Matter - Supplemental Schedule Required by ERISA**

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of September 30, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**NOTE A.--DESCRIPTION OF PLAN**

The following description of North West Handling Systems, Inc. (Company) 401(k) Retirement Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

*General:* The Plan is a defined contribution 401(k) plan established by Northwest Handling Systems, Inc., effective October 1, 1975 which covers substantially all employees of the Company excluding employees covered under a collective bargaining agreement and employees hired as installers of conveyor projects. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees were eligible to participate in the Plan upon reaching 21 years of age and after completing one year of service in which at least 1,000 hours are worked. The entry dates were April 1 and October 1 following completion of eligibility requirements. Effective July 1, 2022 the plan was amended and restated for Cycle 3 restatements, to change the eligibility requirement to age 18 and completing 90 days of service and to change entry date to the first day of the month following eligibility requirements being met. The Plan was most recently amended effective January 1, 2024 to incorporate an automatic salary deferral feature at 1% of compensation, in addition to revising the vesting of non-elective profit sharing and discretionary matching contributions to 100% vested after one year of service. The Plan also adopted the Long-Term, Part Time (LTPT) provision elections effective January 1, 2024. LTPT participants are excluded from automatic enrollment, the Company match and nondiscrimination testing. See also Note J.

*Contributions:* The Plan is a contributory plan which allows for Company discretionary matching and non-elective profit sharing contributions and participant elective deferrals. Participants may contribute up to 80% of annual compensation, to the maximum allowed by law. Effective January 1, 2024, new participants will be automatically enrolled at a deferral rate of 1% of compensation. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. All participants who are eligible to make elective deferral contributions may elect to designate all, or a portion of their deferrals as Roth elective deferrals. Participants may also contribute amounts representing distributions from other qualified retirement plans. The Company may make a discretionary matching contribution equal to a percentage of salary deferrals, not exceeding 6% of Plan compensation. For the year ended September 30, 2024, the Company matched 50% of the first 6% of Plan compensation. In addition to general eligibility requirements, employees must be employed on the last day of the Plan year and complete 1,000 hours of service, except in the case of death, disability or termination of employment after Normal retirement age, to participate in the Company contributions. Contributions are subject to certain limitations.

**NOTE A.--DESCRIPTION OF PLAN (Continued)**

*Participant Accounts:* Each participant's account is credited with the participant's contributions, Company contributions, and an allocation of Plan earnings (losses) and charged with an allocation of certain administrative expenses. Allocations are based on participant compensation or account balances, or specific participant transactions, as applicable as defined by the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

*Vesting:* Participants are immediately vested in their rollover contributions and elective deferrals plus actual earnings thereon. Prior to January 1, 2024, vesting in the Company contributions portion of their accounts plus earnings thereon was based on years of continuous service at a rate of 20% per year after two years of service. A participant was 100% vested after six years of credited service or upon death or becoming disabled. Effective January 1, 2024, vesting in the Company contributions portion of their accounts plus earnings thereon was amended to make participants 100% vested after one year of service. Any participant in the Plan who does not work one hour of service after December 31, 2023 shall be subject to the six year vesting schedule that was in effect on the day they terminated.

*Retirement:* The normal retirement date is the date the participant reaches age 65. Benefits must begin by April 1 following the calendar year in which the participant attains age 70-1/2. Early retirement is not permitted.

*Notes Receivable from Participants:* The Plan does not allow participant loans.

*Payment of Benefits:* On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in her or her account or substantially equal installments or annuity payments (for distributions of transferred pension assets.)

For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or may continue to participate in the plan investments and benefits will be provided upon retirement or death, if the vested account is more than \$5,000. For terminated participants, with balances under \$5,000, the balance will be paid out in a single sum as a direct rollover to an IRA unless the participant elected a lump sum distribution, or rollover to another Plan or IRA of the participant's choice. In service distributions are allowed at age 59 ½. Qualified reservist distributions are also allowed. Hardship distributions are allowed in accordance with the provisions of the Plan. Distributions are allowed from rollover contributions at any time.

**NOTE A.--DESCRIPTION OF PLAN (Continued)**

*Forfeited Accounts:* Upon termination, participants' non-vested account balances are forfeited. Forfeitures may be used to reduce the employer contributions and any remaining forfeitures will be used to offset Plan administration expenses. At September 30, 2024 and 2023, forfeited non-vested accounts totaled \$13,553 and \$12,299, respectively. During 2024, \$707 was forfeited from participant accounts and \$0 was used.

*Investment Options:* Participants direct their contributions and account balances in a variety of investment options including mutual funds and collective trust funds. The Plan sponsor periodically reviews the investment fund options available to participants and changes them as warranted. Participants may change their investments at any time.

*Plan Expenses:* Expenses of maintain the Plan may be paid by the Company or the Plan Mutual fund expenses, including 12(b) (1) and revenue sharing fees, are deducted from each fund's earnings to arrive at net appreciation or depreciation in fair value of investments as reported in the accompanying statement of changes in net assets available for benefits. Custodial and administrative expenses are paid with revenue sharing fees, and distribution expenses from participants are deducted from accounts of the respective Plan participants. Certain other expenses are paid by the Company.

**NOTE B.--SUMMARY OF ACCOUNTING POLICIES**

*Basis of Accounting:* The financial statements of the Plan are prepared on the accrual basis of accounting.

*Use of Estimates:* The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the financial statements and disclosures. Accordingly, actual results may differ from those estimates.

*Investment Valuation and Income Recognition:* Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's committee determines the Plan's valuation utilizing information provided by investment advisors and the trustee and custodian. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

*Payment of Benefits:* Benefits are recorded when paid.

**NOTE C.--CERTIFIED INFORMATION**

Certain information related to investments disclosed in the accompanying financial statements and ERISA required supplemental schedule, including investments held at September 30, 2024 and 2023, and net appreciation (depreciation) in fair value of investments, dividend income, other income, and interest income, for the year ended September 30, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Bank of America, N.A. (the trustee and custodian of the Plan).

**NOTE D.--RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as foreign currency exchange rate, interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

**NOTE E.--FAIR VALUE MEASUREMENTS**

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- |         |   |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.   |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none"><li>• Quoted prices for similar assets or liabilities in active markets;</li><li>• Quoted prices for identical or similar assets or liabilities in inactive markets;</li></ul> |

**NORTH WEST HANDLING SYSTEMS, INC.**  
**401(K) RETIREMENT PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**SEPTEMBER 30, 2024 AND 2023**

---

**NOTE E.--FAIR VALUE MEASUREMENTS (Continued)**

- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3      Inputs to the valuation methodology are unobservable and significant to fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2024 and 2023.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Collective trust funds:* Valued at NAV of units held by the Plan at year end. The NAV, as provided by the trustee and custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The net asset value of a collective trust is calculated based on a compilation of primarily observable market information. The number of units of the trust that are outstanding on the calculation date is derived from observable purchase and redemption activity in the trust.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

**NOTE F.--RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

Certain Plan investments are in funds managed by the trustee and custodian Bank of America, N.A.; therefore, these transactions qualify as party-in-interest transactions. Revenue sharing and plan expenses through Merrill Lynch also qualify as party in interest transactions. Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

**NOTE G.--PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the respective accounts of the participants under the Plan shall become fully vested and non-forfeitable.

**NOTE H.--TAX STATUS**

The plan was amended and restated on July 1, 2022, and adopted a non-standardized pre-approved profit sharing/money purchase plan with CODA which received a favorable determination letter from the Internal Revenue Service (IRS) on June 30, 2020 which stated that the plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC).

The Plan has been amended since the date of this determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination.

The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of September 30, 2024 and 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**NOTE I.--OPERATIONAL ERROR**

For the year ended September 30, 2024, it was discovered that errors were made related to eligible compensation used for calculating the discretionary matching contribution. The discretionary matching contribution did not include one commission payroll. As a result, the plan sponsor made a qualified non-elective contribution of \$3,511 to the affected participant accounts in order to remedy the errors in accordance with prescribed IRS and DOL methods during 2025.

**NOTE J.--SUBSEQUENT EVENTS**

Effective November 11, 2024, the Plan adopted, as part of the Secure 2.0 Act, the ability to offer increased catch up limits to eligible participants, allow Emergency Expense Withdrawals for active employees only, and to offer Disaster Relief Withdrawals for active employees only.

Effective April 1, 2025, the Plan was amended to allow Roth rollover contributions.

The Plan has evaluated subsequent events through June 23, 2025, the date the financial statements were available to be issued.
