## **Independent Auditors' Report**

To the Plan Administrator of  
GridPoint, Inc. 401(k) Plan

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of GridPoint, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of GridPoint, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of GridPoint, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about GridPoint, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of GridPoint, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about GridPoint, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other Matters – Supplemental Schedules Required by ERISA**

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Notes to Financial Statements

December 31, 2024 and 2023

### NOTE 1 - DESCRIPTION OF PLAN

The following description of the GridPoint, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

**General** - The Plan, which was adopted with an effective date of January 1, 2006 and subsequently amended and restated effective January 1, 2023, is a defined contribution plan under Section 401(k) of the Internal Revenue Code ("IRC") covering all regular (not temporary) employees of GridPoint, Inc. ("GridPoint") or (the "Company"). The Plan excludes from participation those who are residents of Puerto Rico, independent contractors, and individuals working for GridPoint not classified as a common law employee. The anniversary date for the Plan is January 1 of each year, and a plan year is the 12-month period commencing January 1 and ending December 31 of each year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Assets of the Plan are held by Fidelity Management Trust Company ("Fidelity"), the Plan's trustee (the "Trustee").

**Eligibility** - Employees are eligible to participate in the Plan upon the employee's date of hire. An employee is eligible to participate in the Plan on the employment commencement date, unless the employee is a temporary or seasonal employee. Full-time employees and part-time employees are eligible to participate in the Plan. There is no minimum age an employee must attain to become a participant in the Plan for purposes of making elective deferrals. Employees have the option to make voluntary contributions on pretax or post-tax basis.

**Contributions** - The Plan is funded by the employees' contributions, which equal the total salary reduction elections of all participants. Participants may elect to defer up to 90 percent of their annual "compensation" (as defined in the Plan document) earned by eligible employees in the preceding 12 months (subject to statutory limitations). Maximum contribution limits are adjusted annually by the Internal Revenue Service ("IRS"). Catch-up contributions, as defined in the Plan, are permitted for eligible participants age 50 or older. Participants may also contribute amounts representing distributions from other qualified retirement plans. The Plan permits Roth contributions of salary and rollovers of Roth contributions from other plans. Additionally, the Plan includes an auto-enrollment in the Plan unless participants affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 2 percent of eligible compensation.

Effective January 1, 2023, the Plan was amended and restated to be a safe harbor plan. Under safe harbor provisions, the Company is required to provide a matching contribution. The Company matches 100 percent of the first 3 percent of the eligible participant's compensation contributed to the Plan and 50 percent of the next 2 percent of the eligible participant's compensation contributed to the Plan. On an annual basis, the Company will provide a true-up safe harbor matching contribution, as necessary, to ensure participants receive the maximum safe harbor matching contribution for each plan year. A true-up safe harbor matching contribution would be made in the event the safe harbor matching contributions made to a participant's account throughout the year are less than the maximum amount that could have been made based on the participant's contributions for the full plan year. Safe harbor matching contributions totaled \$836,560 for the year ended December 31, 2024. In addition, the Company may make nonelective discretionary contributions. There were no nonelective discretionary contributions made during the year ended December 31, 2024.

**Rollovers from Other Plans** - For eligible employees or participants, the Plan allows rollover contributions from all qualified plans. A separate account is maintained by the Plan for a participant's rollover contribution, which is nonforfeitable at all times. The account shares in the income and gains and losses of the funding vehicles in which it is invested.

**Participant Accounts** - Each participant's account is credited with the participant's contributions, any employer matching contributions and allocations of (a) plan earnings and (b) administrative expenses. Allocations are based on participant compensation, participant earnings, account balances, or specific participant transactions, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Investment Elections** - Participants may direct the investment of their contributions and any employer matching contributions into various investment options offered by the Plan. Participants may change their investment elections and their total contribution percentage via an automated system at any time.

### NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

**Vesting** - Participants are immediately vested in all contributions into the Plan plus earnings thereon.

**Payment of Benefits** - On termination of service due to severance from employment, death, disability, attaining age 59 ½ years, or retirement, a participant with a vested balance of less than \$1,000 will receive a lump-sum distribution. Participants or their beneficiaries with a vested balance greater than \$1,000 but less than or equal to \$5,000, who have not affirmatively elected to have their balance distributed, will have that amount rolled over to an individual retirement plan designated by the plan administrator. Participants or their beneficiaries who have balances greater than \$5,000 may elect to receive a lump-sum amount equal to the value of the participant's vested interest in their account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account automatically as a lump-sum distribution. Hardship distributions are permitted, provided that the withdrawal is to satisfy a heavy financial need. In-service withdrawals are also allowed for participants who are at least 59 ½ years old. A participant's benefits shall be distributed or must begin to be distributed no later than April 1 of the calendar year following the later of (i) the calendar year in which the participant attains the age 70 ½ or (ii) the calendar year in which the participant retires.

**Notes Receivable from Participants** - Loans to plan participants are permitted. Participants may borrow funds from their participant accounts up to a maximum amount equal to the lesser of \$50,000 or 50 percent of their vested account balances. Loans must be repaid in five years unless the proceeds are used to acquire a primary residence, in which case the loan must be repaid in ten years.

The loans are collateralized by the balance in the participant's account and bear interest at a reasonable rate as determined by the plan administrator. The applicable interest rate was 8.5 percent for the years ended December 31, 2024 and 2023. Principal and interest payments are paid by the participant.

### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Basis of Accounting** - The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") as applied to benefit plans. The Plan's financial statements are prepared on the accrual basis of accounting.

**Use of Estimates** - The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Risks and Uncertainties** - The Plan invests in various investment funds. Investments in general are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

**Investments Valuation and Income Recognition** - The Plan's investments consist of mutual funds and money market funds and are stated at fair value.

Net appreciation in fair value of investments included in the accompanying statement of changes in net assets available for benefits includes realized gains or losses from the sale of investments and unrealized appreciation or depreciation in fair value of investments, and certain fees. Net unrealized appreciation or depreciation in the fair value of investments represents the net change in the fair value of the investments held during the period. The net realized gains or losses on the sale of investments represent the difference between the sale proceeds and the fair value as of the beginning of the period or the cost of the investment if purchased during the year. Fees included in net appreciation of investments represent fees charged by the trustee for services provided in connection with recordkeeping and investment management.

## NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

**Notes Receivable from Participants** - Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when incurred. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan documents.

**Plan Termination** - Although it has not expressed any intent to do so, GridPoint has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

**Payment of Participant Benefits** - Benefits paid to participants are recorded when the cash is disbursed.

**Administrative Expenses** - All administrative expenses may be paid out of the Plan, unless paid by GridPoint. Administrative expenses paid by the Plan totaled \$47,829 for the year ended December 31, 2024.

**Subsequent Events** - In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through June 20, 2025, the date the accompanying financial statements were available to be issued.

## NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under U.S. GAAP are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- a. Quoted prices for similar assets or liabilities in active markets.
- b. Quoted prices for identical or similar assets or liabilities in inactive markets.
- c. Inputs other than quoted prices that are observable for the asset or liability.
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

The Plan's valuation methodology used to measure the fair values of mutual funds (which includes fixed income, U.S. equities, and international equities) and money market funds were derived from quoted market prices as substantially all of these instruments have active markets and are classified within Level 1 of the valuation hierarchy.

The Plan had no investments classified within the Level 2 or 3 of the valuation hierarchy as of December 31, 2024 and 2023. There have been no changes to the methodologies used at December 31, 2024 and 2023.

## NOTE 5 - RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

All expenses related to the Trustee and recordkeeping in connection with the operation of the Plan are paid by the Plan and included in the statement of changes in net assets available for benefits. All other costs are paid out of the Plan's assets, except to the extent the Company elects to pay such expenses directly. Certain plan investments are managed by an affiliate of Fidelity. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party-in-interest transactions.

## **GRIDPOINT, INC. 401(K) PLAN**

Notes to Financial Statements

December 31, 2024 and 2023

### **NOTE 6 - TAX STATUS**

The Plan obtained its latest determination letter dated June 30, 2020, in which the IRS stated that the Plan, as then designed, complied with the applicable requirements of the Internal Revenue Code ("IRC") and is therefore exempt from federal income taxes. Although the Plan has been amended since the date of this opinion letter, GridPoint, Inc. and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore that the Plan is qualified, and the related trust is tax exempt.

U.S. GAAP requires the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan performed an evaluation of uncertain tax positions for all open tax years and determined that there were no matters that would require recognition in the financial statements or that may have any effect on its tax-exempt status. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021. It is the Plan's policy to recognize interest and/or penalties related to uncertain tax positions, if any, in income tax expense. As of December 31, 2024 and 2023, the Plan had no accruals for interest and/or penalties.
