## INDEPENDENT AUDITOR'S REPORT

To the Plan Administrative Committee of the  
La Jolla Institute for Immunology Retirement Savings Plan:

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements***

We have performed an audits of the financial statements of the La Jolla Institute for Immunology Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information regarding assets so held is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### ***Opinion on the Financial Statements***

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified to by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion on the Financial Statements***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor’s Responsibilities for the Audit of the Financial Statements***

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information and to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that were identified during the audit.

***Other Matter – Supplemental Schedule Required by ERISA***

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

# LA JOLLA INSTITUTE FOR IMMUNOLOGY RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024

---

## 1. PLAN DESCRIPTION

The following description of the La Jolla Institute for Immunology Retirement Savings Plan (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan document for a more complete description of the Plan's provisions.

**General** - The Plan is a 403(b) defined contribution plan which was established for the benefit of the employees of the La Jolla Institute for Immunology (the "Institute" and the "Plan Sponsor") and meets all the requirements for plan qualifications under Section 403(b) of the Internal Revenue Code (IRC). Employees of the Institute, as defined in accordance with universal availability standards and the Plan document, are eligible to enroll on their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

**Contributions** - Each year, participants may contribute pretax and Roth deferrals up to 100 percent of annual compensation, subject to certain limitations under the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans, as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Institute may make discretionary nonelective contributions up to 15 percent of eligible compensation for tenured faculty and senior management, and up to 10 percent of eligible compensation for all other employees. Employees who have completed one year of service with at least 1,000 hours during the Plan year are eligible to receive discretionary Institute nonelective contributions. For the year ended December 31, 2024, the Institute contributed \$3,328,251 in discretionary nonelective contributions.

**Participant Accounts** - Each participant's account is credited with the participant's contributions and Institute contributions, as well as allocations of investment earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting** - Participants are immediately vesting in all Institute contributions.

**Plan Loans** - Plan loans were made available to participants with loans issued directly from funds owned by Teachers Insurance and Annuity Association of America (TIAA) and not directly from a participant's account. Generally, participants borrowed a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance subject to annuity contract and Plan provisions. Loan terms range from one to five years in one-year increments (up to ten years for the purchase of the participant's primary residence). The loans are collateralized using the participant's TIAA Traditional Annuity account balances in an amount equal to 110 percent of the outstanding loan balances. Loans bear interest at rates that may be fixed or variable depending on the annuity contract provisions and state insurance regulations. Principal and interest are paid ratably by the participant to TIAA and each payment will reduce amounts collateralized by the borrowing participant's TIAA Traditional Annuity account.

# LA JOLLA INSTITUTE FOR IMMUNOLOGY RETIREMENT SAVINGS PLAN

## NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024

---

As of December 31, 2024 and 2023, participants had outstanding loan balances of \$2,775 and \$2,638, respectively. These loans were collateralized by the TIAA Traditional Annuity account balances of \$3,053 and \$2,902 as of December 31, 2024 and 2023, respectively. The collateralized balance is not available for transfer, withdrawal, retirement or survivor benefits. Because the Plan loan relationship is between TIAA and the participant, Plan loans are not considered to be Plan assets. However, both the statements of net assets available for benefits and statement of changes in net assets available for benefits reflect the collateral associated with non-distributable Plan loans in default status.

**Payment of Benefits** - On termination of service for any reason, a participant, or their beneficiaries, as applicable, may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, installment payments, apply their participant account to the purchase of an annuity contract, or convert the account's annuity contract holdings into an income option, as allowed in the underlying annuity contract. The Plan provides for a mandatory cash-out following severance of employment for account balances less than \$5,000. As of December 31, 2024 and 2023, there was \$413,971 and \$0, respectively, allocated to participants who had elected to withdraw from the Plan, but had not yet been paid.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Basis of Accounting** - The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America.

**Estimates** - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Institute to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Contributions** - Contributions from Plan participants and the nonelective contributions from the Institute are recorded in the year in which the participant contributions are withheld from compensation.

**Investment Valuation and Income Recognition** - The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investments are valued daily. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation of investments consists of both the realized and unrealized gains and losses and unrealized appreciation and depreciation of those investments.

**Notes Receivable from Participants** - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

# LA JOLLA INSTITUTE FOR IMMUNOLOGY RETIREMENT SAVINGS PLAN

## NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024

---

**Administrative Expenses** - Certain administrative expenses incidental to the administration of the Plan may be paid by the Plan, unless otherwise paid by the Institute. Administrative expenses paid by the Institute are excluded from these financial statements.

Most investment options have fees which reduce the overall return on assets. The net appreciation of investments is reflected net of these fees.

**Benefits Payable to Participants** - Benefits are recorded when paid.

**Subsequent Events** - The Institute has evaluated subsequent events through June 16, 2025, which is the date that the financial statements were available to be issued, and determined that there were no subsequent events or transactions that required recognition or disclosure in the financial statements.

### 3. FAIR VALUE

The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

**Mutual funds** – This category consists of publicly traded funds of registered investment companies. The net asset value (“NAV”) of the mutual fund's shares is quoted on the exchange where the fund is traded and therefore classified as Level 1 within the valuation hierarchy.

**Self-directed brokerage account** – This account allows a participant to buy or sell investments such as money market funds, mutual funds, and common stock. The fair value of the brokerage account is the aggregation of the fair value of the underlying assets, all of which are actively traded, therefore, classified as Level 1 within the valuation hierarchy.

# LA JOLLA INSTITUTE FOR IMMUNOLOGY RETIREMENT SAVINGS PLAN

## NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024

---

*Variable annuities* – The fair values of accumulation units held by the Plan in TIAA and College Retirement Equities Fund (CREF) variable annuity accounts are based on each account's daily NAV, as provided by TIAA and CREF, is used as a practical expedient to estimate fair value. The NAV is based on underlying investments using market quotations or prices obtained from independent pricing sources. The variable annuities do not have any unfunded commitments related to their investments.

*TIAA Traditional Annuity Account* – This is a nonbenefit-responsive annuity contract. The TIAA Traditional Annuity is reported at contract value which approximates fair value. The contract value of the TIAA Traditional Annuity represents the accumulated cash contributions and interest credited to the Plan's contracts, less any withdrawals and transfers. Contract value approximates a discounted cash flow value calculated using an appropriate risk-adjusted market discount rate which correlates closely with TIAA Traditional Annuity's historical crediting rates. As these investments are contract-based, observable prices for identical or similar investments do not exist and certain contracts carry liquidity restrictions. The TIAA Traditional Annuity is classified as Level 3 in the fair value hierarchy.

For each contribution, TIAA continues to record a contractual liability for the current contribution and does not consider such liability to have any embedded gain or loss. The TIAA Traditional Annuity is an unallocated fixed rate guaranteed annuity offered by TIAA, an insurance company. Contributions to the TIAA Traditional Annuity purchase a contractual or guaranteed amount of future benefits for the participant. The guarantees and returns of the TIAA Traditional Annuity are backed by the claims-paying ability of TIAA. The Plan holds Retirement Annuity (RA) and Group Retirement Annuity (GRA) contracts that are subject to fair value reporting.

The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as guaranteed minimum interest rate, additional amounts paid, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

For accumulating RA and GRA contracts, the crediting interest rates were 5.25 percent and 6.75 percent as of December 31, 2024 and 2023, respectively. The guaranteed minimum rate of interest for RA and GRA contracts is three percent. Additionally, the discretionary rate applied to contributions received during a reporting period may vary from the discretionary rate applied to account balances at the end of the prior reporting period. Participant liquidity restrictions apply to the TIAA Traditional Annuity in the RA and GRA contracts. For RA contracts, withdrawals are available in the form of a lifetime payout annuity or in periodic installments over a 10-year period. For GRA contracts, lump sum withdrawals are available only within 120 days after termination of employment and are subject to a surrender charge of 2.5 percent and all other withdrawals are spread over periodic installments over a 10-year period.

There is no guarantee, however, that TIAA will always be financially able to fulfill its various guarantees related to this investment.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

---

Money market variable annuity accounts: Accounts in this category invest in high-quality, short-term instruments to achieve high current income and capital preservation. These accounts primarily invest in commercial paper, bank obligations, and U.S. Government-issued securities that are classified as first-tier securities.

Real estate variable annuity account: This account invests in real estate, primarily office, industrial, retail and multi-family residential properties. This account obtains a long-term rate of return through rental income and appreciation of real estate and real estate related investments.

The following table sets forth a summary of purchases and transfers of the Plan's Level 3 investment, TIAA Traditional Annuity Account, for the year ended December 31, 2024:

Purchases	\$	293,642

#### 4. FINANCIAL DATA CERTIFIED BY THE CUSTODIANS

The Institute has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was obtained by management and agreed to or derived from information certified as complete and accurate by Principal Trust Company and TIAA and CREF, an insurance company and issuer of certain annuity contract investments of the Plan (collectively, the "Custodians") and was not subjected to any auditing procedures performed by the independent public accountants:

- a. Investments, at fair value and contract value, and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023.

# LA JOLLA INSTITUTE FOR IMMUNOLOGY RETIREMENT SAVINGS PLAN

## NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024

---

- b. Net appreciation of investments, interest and dividend income on investments, and interest income on notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024.
- c. Investments, fully benefit-responsive investment contract, and participant loans as listed in the accompanying Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024.

### 5. NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 less the highest outstanding loan balance during the prior 12 months or 50 percent of their vested account balance. Loans are generally issued with a maturity of up to five years. The term of any loan for the purpose of purchasing a primary residence shall not exceed 10 years. The loan interest rate is set at one percent above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions.

### 6. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Principal Life Insurance Company (Principal) totaling \$1,723,994 and \$2,269,188 as of December 31, 2024 and 2023, respectively. Principal maintains the contributions in a general account. The account is credited with earnings based on a contractual crediting rate and charged for participant withdrawals and administrative expenses. Principal is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with Principal. Such interest rates are reset on a quarterly basis.

The Principal Fixed Income Guaranteed Option meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings or losses, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on Principal's ability to meet its financial obligations. Principal's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with Principal. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemptions under ERISA. The Institute believes that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with Principal and that would also limit the Plan's ability to transact at contract value with participants.

# LA JOLLA INSTITUTE FOR IMMUNOLOGY RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024

---

## 7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include domestic and global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

## 8. PLAN TERMINATION

The Institute has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

## 9. TAX STATUS

The Plan is a volume submitter 403(b) plan which is the subject of a favorable tax opinion letter from the IRS dated March 31, 2017. The Institute believes the Plan has been operated in accordance with the applicable provisions of the IRC and, accordingly, believes that the Plan is exempt from income taxes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Institute has taken a significant uncertain position that more likely than not would not be sustained upon examination by the IRS. The Institute has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## 10. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by the Custodians. Transactions with the Custodians qualify as party in interest transactions for which exemptions exist. During the year ended December 31, 2024, TIAA and CREF received indirect compensation of \$85,045. During the year ended December 31, 2024, Principal received direct compensation of \$178,101 for administration fees, which was paid by participants through the Plan as well as indirect compensation. The Plan also uses a third party administrator and investment advisor, which received indirect compensation of \$42,594 and \$71,162, respectively, during the year ended December 31, 2024.

The Plan maintains a revenue credit program with Principal. Under the program, Principal will determine the monthly expected revenue that it expects to receive in connection with the Plan's investment holdings. Principal will calculate and credit the monthly expected revenue as a fee adjustment to participant accounts pro rata based on the fair market value of each investment option in each participant's account. During the year ended December 31, 2024, Principal credited \$4,757 in monthly expected revenue to the participants' accounts as a fee adjustment, which is included in the net appreciation of investments in the statement of changes in net assets available for benefits.
