INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of  
Natural History Museum Foundation Retirement Plan

***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of Natural History Museum Foundation Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Natural History Museum Foundation Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Natural History Museum Foundation Retirement Plan's ability to continue as a going concern for one year after the date financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditors' Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Natural History Museum Foundation Retirement Plan’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Natural History Museum Foundation Retirement Plan’s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter - Supplemental Schedule Required by ERISA***

The supplemental Schedule H, line 4i-Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## NATURAL HISTORY MUSEUM FOUNDATION RETIREMENT PLAN

### NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

#### NOTE A - DESCRIPTION OF THE PLAN

The following description of the Natural History Museum Foundation Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

##### 1. General

Effective January 1, 1985, the Plan was established for the benefit of all employees of the Los Angeles County Museum of Natural History Foundation (the "Foundation" or "Employer") and meets all requirements for plan qualification under Section 403(b) of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

##### 2. Eligibility

All employees are eligible to participate in the Plan and are eligible to receive a discretionary matching contribution and a non-elective employer contribution on the first day of employment. The Plan has an automatic deferral provision. This provision allows the Foundation to withhold 3% from employee compensation as a participant deferral to the Plan, unless the employee elects a different percentage through a salary reduction agreement. A participant's auto deferral rate will automatically increase by 1% up to a maximum of 10%, on the first day of each plan year, unless otherwise elected by the participant.

##### 3. Contributions

Participants may elect to contribute, on a tax-deferred basis or make Roth contributions, up to the maximum deferral limit per Section 402(g)(1) of the IRC. Additional "catch-up" contributions can be made beginning in the plan year in which a participant will be at least age 50 by the end of the plan year.

The Foundation may make Employer discretionary matching and non-elective contributions to the Plan. For the year ended December 31, 2024, the Foundation made an Employer discretionary non-elective contribution equal to 3% of a participant's eligible compensation totaling \$879,615. No Employer discretionary matching contributions were made during the year ended December 31, 2024. "Catch-up" contributions are excluded from the discretionary matching contribution.

##### 4. Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, prior Employer safe harbor contributions, and Employer discretionary matching contributions, as well as an allocation of Employer discretionary non-elective contributions and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

## NATURAL HISTORY MUSEUM FOUNDATION RETIREMENT PLAN

### NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

#### NOTE A - DESCRIPTION OF THE PLAN (Continued)

5. **Vesting**

Participant deferral contributions, rollovers, prior Employer fixed and safe harbor matching contributions, and actual earnings thereon are 100% vested at all times. Vesting for the Employer discretionary matching and non-elective contributions and actual earnings thereon is 100% after one year of service.

6. **Notes Receivable from Participants**

Participants may borrow from their account a minimum of \$1,000 up to a maximum of 50% of their vested account balance, not to exceed \$50,000. Participants may not have more than two loans outstanding at any time. Loans must be repaid within five years of the date of issuance or fifteen years for the purchase of a principal residence. Loans shall bear an interest rate equal to prime plus 1%.

7. **Investment Options**

Investments are held with Teachers Insurance and Annuity Association of America and College Retirement Equities Fund ("TIAA" and "CREF"), and Voya Retirement Insurance and Annuity Company and Voya Institutional Trust Company (collectively "Voya"). The Employer remits contributions to participants' accounts held with Voya. A participant may direct all such contributions, as desired, in any of a variety of investment options held by Voya as chosen by the Employer. Additionally, participants may transfer and direct existing TIAA and CREF balances to any of a variety of investment options held by Voya.

8. **Benefit Payments**

Upon termination of employment, a participant is entitled to receive installments or to receive a lump sum equal to the participant's vested account balance. Upon termination of service due to death, disability, or retirement, a participant or a participant's beneficiary, in the case of death, is entitled to receive a benefit payment equal to the total value of the participant's account balance. Additionally, participants may receive distributions upon attaining age 59½ or financial hardship if certain criteria are met.

9. **Plan Administration**

The Foundation is the plan sponsor and the plan administrator. The administrator of the Plan is responsible for carrying out the duties imposed under ERISA.

## NATURAL HISTORY MUSEUM FOUNDATION RETIREMENT PLAN

### NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

#### NOTE A - DESCRIPTION OF THE PLAN (Continued)

##### 10. Forfeitures

Forfeitures of terminated participants' non-vested accounts are used to pay reasonable plan expenses or may be used to reduce future employer contributions. As of December 31, 2024 and 2023 forfeitures available totaled \$60,461 and \$49,727, respectively, and are included in net assets available for benefits.

##### 11. Plan Termination

Although it has not expressed any intent to do so, the Foundation has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Employer contributions.

#### NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

##### 1. Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

##### 2. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

##### 3. Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit responsive investment contract which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note D for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes gains and losses on investments bought and sold as well as held during the year.

## NATURAL HISTORY MUSEUM FOUNDATION RETIREMENT PLAN

### NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

#### NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

##### 4. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

##### 5. Payment of Benefits

Benefits are recorded when paid.

##### 6. Administrative Expenses

Administrative expenses incurred by the custodians in the performance of their duties are paid from the assets of the Plan unless otherwise paid by the Foundation. Expenses that are paid by the Foundation are excluded from these financial statements. Fees related to the administration of notes receivable from participants and other participant specific fees are charged directly to participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation/depreciation in fair value of investments.

##### 7. Contributions

Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

#### NOTE C - INFORMATION CERTIFIED BY CUSTODIANS

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2024 and 2023, net appreciation in fair value of investments, and interest and dividends for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Voya and TIAA and CREF (the custodians of the Plan).

#### NOTE D - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

## NATURAL HISTORY MUSEUM FOUNDATION RETIREMENT PLAN

### NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

#### NOTE D - FAIR VALUE MEASUREMENTS (Continued)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Mutual funds:* Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The NAV for mutual funds is a publicly available quoted price in an active market.

*Variable annuity contracts – at quoted prices:* The fair values of the Plan's investments held in CREF variable annuity contracts are valued at the daily closing price quoted on the NASDAQ Stock Market.

*Group annuity contract:* Amounts allocated to the Voya Fixed Plus Account III ("Voya Fixed Account") are held in the Voya general account. Amounts are credited with declared rates of interest, subject to a minimum rate described in the contract. The Voya Fixed Account transacts at contract value and is subject to percentage limitations or equity wash restrictions on transfers. Contract value approximates fair value. Full contract surrenders may be paid in five annual payments. The minimum guaranteed interest rate is 1.00%. The Voya Fixed Account seeks to provide stability of principal.

## NATURAL HISTORY MUSEUM FOUNDATION RETIREMENT PLAN

### NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

#### NOTE D - FAIR VALUE MEASUREMENTS (Continued)

*Pooled separate account* – The pooled separate account consists of units held in the TIAA Real Estate Account. Values of units held are principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally utilizing external appraisals, which are estimates of property values based on a professional’s opinion. The TIAA Real Estate Account sometimes holds securities as well. These are generally priced using values obtained from independent pricing sources. Daily unit values of the TIAA Real Estate Account are quoted on the NASDAQ Stock Market. Transfers out of the TIAA Real Estate Account are limited to one per calendar quarter. There are no unfunded commitments as of December 31, 2024. The TIAA Real Estate Account seeks to generate favorable total returns primarily through the rental income and appreciation of a diversified portfolio of directly held, private real estate investments and real estate related investments while offering investors guaranteed, daily liquidity

*Fixed annuity contract - non-fully benefit responsive (non-FBR)*: The Plan’s investment in the TIAA Traditional Annuity is a non-fully benefit responsive guaranteed fixed-annuity contract. The fixed-annuity contract is valued at contract value, which approximates fair value, and is the accumulated cash contributions, interest credited, and transfers in, less withdrawals and transfers out. The participant’s principal, plus a specified rate of interest, are guaranteed by TIAA’s claims-paying ability. The TIAA Traditional Annuity is offered through a variety of contract types, including Retirement Annuities (RA), Group Retirement Annuities (GRA) and Retirement Choice (RC). The type of contract through which a participant invests determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant’s account, and the options for receiving income upon retirement. The Plan is invested in the RA contract.

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The minimum interest rate is generally 3% during the accumulation phase. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA’s Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years.

The RA contract generally does not allow lump-sum cash withdrawals and transfers must be spread over 10 annual installments. When a participant’s accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the Statement of Changes in Net Assets Available for Benefits.

Certain contract types contain liquidity restrictions on the redemption of TIAA Traditional Annuity accumulations, which could impact the value realized upon exiting the contract. The TIAA Traditional Annuity seeks to provide guaranteed principal and interest plus possible additional amounts. There are no unfunded commitments as of December 31, 2024.

**NATURAL HISTORY MUSEUM FOUNDATION RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

**NOTE D - FAIR VALUE MEASUREMENTS (Continued)**

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

*Assets at Fair Value as of December 31, 2024*

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Assets in the fair value hierarchy:				
Mutual funds	\$ 37,311,583	\$ -	\$ -	\$ 37,311,583
Variable annuity contracts	7,849,063	-	-	7,849,063
Pooled separate account	51,625	-	-	51,625
Group annuity contract	-	1,314,360	-	1,314,360
Fixed annuity contract	-	-	4,812,508	4,812,508
	<u>\$ 45,212,271</u>	<u>\$ 1,314,360</u>	<u>\$ 4,812,508</u>	<u>\$ 51,339,139</u>

*Assets at Fair Value as of December 31, 2023*

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Assets in the fair value hierarchy:				
Mutual funds	\$ 32,003,398	\$ -	\$ -	\$ 32,003,398
Variable annuity contracts	6,982,140	-	-	6,982,140
Pooled separate account	182,928	-	-	182,928
Group annuity contract	-	1,398,360	-	1,398,360
Fixed annuity contract	-	-	4,696,823	4,696,823
	<u>\$ 39,168,466</u>	<u>\$ 1,398,360</u>	<u>\$ 4,696,823</u>	<u>\$ 45,263,649</u>

Changes in the fair value of Level 3 assets include distributions totaling \$103,161 and net transfers to other funds totaling \$863 during the year ended December 31, 2024.

**NATURAL HISTORY MUSEUM FOUNDATION RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

**NOTE D - FAIR VALUE MEASUREMENTS (Continued)**

The following table represents information about significant unobservable inputs related to the Plan's investment in assets categorized as Level 3 in the ASC 820 fair value hierarchy at December 31, 2024:

Type	Fair Value	Principal Valuation Technique	Significant Unobservable Inputs	Range of Significant Input Values
TIAA Traditional Annuity - Non-FBR	\$ 4,812,508	Discounted cash flow; Theoretical transfer (exit value)	Risk-adjusted discount rate applied	RA - 3.65% - 6.50%

**NOTE E - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT**

The Plan holds an investment in the fully benefit-responsive TIAA Traditional Annuity Contract (the "Annuity Contract"). The Annuity Contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions plus earnings, less participant withdrawals, and administrative expenses. The following represents the traditional investment contract held by the Plan:

	December 31,	
	<u>2024</u>	<u>2023</u>
Traditional investment contract	\$ 289,993	\$ 280,282

The Annuity Contract is a guaranteed annuity offered by TIAA as an investment option to the Plan participants and is backed by the claims-paying ability of TIAA. The Annuity Contract is offered through a variety of contract types, including Supplemental Retirement Annuities (SRA) and Group Supplemental Retirement Annuities (GSRA).

TIAA is contractually obligated to repay the principal and interest at specified interest rates that are guaranteed to the Plan. The crediting rates are based on formulas established by the contract and provides for a guaranteed minimum rate of interest of 3%. TIAA's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Participants may request withdrawals without limitation. There are no liquidity restrictions or unfunded commitments as of December 31, 2024.

## NATURAL HISTORY MUSEUM FOUNDATION RETIREMENT PLAN

### NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

#### **NOTE F - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

Investments are held by Voya and TIAA and CREF, custodians and recordkeepers. Therefore, transactions with these entities qualify as party-in-interest transactions. Notes receivable from participants and the related interest income are also considered party-in-interest transactions.

#### **NOTE G - TAX STATUS**

The Foundation is a tax-exempt organization under IRC Section 501(c)(3) and adopted a 403(b) volume submitter plan, which received a favorable opinion letter dated March 31, 2017. The Internal Revenue Service (IRS) stated that 403(b) volume submitter plan, as then designed, is in compliance with the applicable requirements of the IRC. The plan has been amended since receiving the latest opinion letter, however, the administrator and advisors believe that the Plan is currently designed and operated in compliance with the applicable provisions of the IRC. Administration errors, if any, which are insignificant or operational in nature, are handled by the administrator in accordance with applicable IRS correction programs. Therefore, the plan administrator believes that the Plan was qualified and no provision for income taxes has been reflected in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### **NOTE H - RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

#### **NOTE I - SUBSEQUENT EVENTS**

Plan management has evaluated subsequent events through June 16, 2025, the date the financial statements were available to be issued.

INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of  
Natural History Museum Foundation Retirement Plan

***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of Natural History Museum Foundation Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Natural History Museum Foundation Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Natural History Museum Foundation Retirement Plan's ability to continue as a going concern for one year after the date financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditors' Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Natural History Museum Foundation Retirement Plan’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Natural History Museum Foundation Retirement Plan’s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter - Supplemental Schedule Required by ERISA***

The supplemental Schedule H, line 4i-Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## NATURAL HISTORY MUSEUM FOUNDATION RETIREMENT PLAN

### NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

#### NOTE A - DESCRIPTION OF THE PLAN

The following description of the Natural History Museum Foundation Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

##### 1. General

Effective January 1, 1985, the Plan was established for the benefit of all employees of the Los Angeles County Museum of Natural History Foundation (the "Foundation" or "Employer") and meets all requirements for plan qualification under Section 403(b) of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

##### 2. Eligibility

All employees are eligible to participate in the Plan and are eligible to receive a discretionary matching contribution and a non-elective employer contribution on the first day of employment. The Plan has an automatic deferral provision. This provision allows the Foundation to withhold 3% from employee compensation as a participant deferral to the Plan, unless the employee elects a different percentage through a salary reduction agreement. A participant's auto deferral rate will automatically increase by 1% up to a maximum of 10%, on the first day of each plan year, unless otherwise elected by the participant.

##### 3. Contributions

Participants may elect to contribute, on a tax-deferred basis or make Roth contributions, up to the maximum deferral limit per Section 402(g)(1) of the IRC. Additional "catch-up" contributions can be made beginning in the plan year in which a participant will be at least age 50 by the end of the plan year.

The Foundation may make Employer discretionary matching and non-elective contributions to the Plan. For the year ended December 31, 2024, the Foundation made an Employer discretionary non-elective contribution equal to 3% of a participant's eligible compensation totaling \$879,615. No Employer discretionary matching contributions were made during the year ended December 31, 2024. "Catch-up" contributions are excluded from the discretionary matching contribution.

##### 4. Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, prior Employer safe harbor contributions, and Employer discretionary matching contributions, as well as an allocation of Employer discretionary non-elective contributions and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

## NATURAL HISTORY MUSEUM FOUNDATION RETIREMENT PLAN

### NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

#### NOTE A - DESCRIPTION OF THE PLAN (Continued)

5. **Vesting**

Participant deferral contributions, rollovers, prior Employer fixed and safe harbor matching contributions, and actual earnings thereon are 100% vested at all times. Vesting for the Employer discretionary matching and non-elective contributions and actual earnings thereon is 100% after one year of service.

6. **Notes Receivable from Participants**

Participants may borrow from their account a minimum of \$1,000 up to a maximum of 50% of their vested account balance, not to exceed \$50,000. Participants may not have more than two loans outstanding at any time. Loans must be repaid within five years of the date of issuance or fifteen years for the purchase of a principal residence. Loans shall bear an interest rate equal to prime plus 1%.

7. **Investment Options**

Investments are held with Teachers Insurance and Annuity Association of America and College Retirement Equities Fund ("TIAA" and "CREF"), and Voya Retirement Insurance and Annuity Company and Voya Institutional Trust Company (collectively "Voya"). The Employer remits contributions to participants' accounts held with Voya. A participant may direct all such contributions, as desired, in any of a variety of investment options held by Voya as chosen by the Employer. Additionally, participants may transfer and direct existing TIAA and CREF balances to any of a variety of investment options held by Voya.

8. **Benefit Payments**

Upon termination of employment, a participant is entitled to receive installments or to receive a lump sum equal to the participant's vested account balance. Upon termination of service due to death, disability, or retirement, a participant or a participant's beneficiary, in the case of death, is entitled to receive a benefit payment equal to the total value of the participant's account balance. Additionally, participants may receive distributions upon attaining age 59½ or financial hardship if certain criteria are met.

9. **Plan Administration**

The Foundation is the plan sponsor and the plan administrator. The administrator of the Plan is responsible for carrying out the duties imposed under ERISA.

## NATURAL HISTORY MUSEUM FOUNDATION RETIREMENT PLAN

### NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

#### NOTE A - DESCRIPTION OF THE PLAN (Continued)

**10. Forfeitures**

Forfeitures of terminated participants' non-vested accounts are used to pay reasonable plan expenses or may be used to reduce future employer contributions. As of December 31, 2024 and 2023 forfeitures available totaled \$60,461 and \$49,727, respectively, and are included in net assets available for benefits.

**11. Plan Termination**

Although it has not expressed any intent to do so, the Foundation has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Employer contributions.

#### NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**1. Basis of Presentation**

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

**2. Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

**3. Investment Valuation and Income Recognition**

Investments are reported at fair value (except for the fully benefit responsive investment contract which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note D for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes gains and losses on investments bought and sold as well as held during the year.

## NATURAL HISTORY MUSEUM FOUNDATION RETIREMENT PLAN

### NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

#### NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

##### 4. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

##### 5. Payment of Benefits

Benefits are recorded when paid.

##### 6. Administrative Expenses

Administrative expenses incurred by the custodians in the performance of their duties are paid from the assets of the Plan unless otherwise paid by the Foundation. Expenses that are paid by the Foundation are excluded from these financial statements. Fees related to the administration of notes receivable from participants and other participant specific fees are charged directly to participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation/depreciation in fair value of investments.

##### 7. Contributions

Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

#### NOTE C - INFORMATION CERTIFIED BY CUSTODIANS

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2024 and 2023, net appreciation in fair value of investments, and interest and dividends for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Voya and TIAA and CREF (the custodians of the Plan).

#### NOTE D - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

## NATURAL HISTORY MUSEUM FOUNDATION RETIREMENT PLAN

### NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

#### NOTE D - FAIR VALUE MEASUREMENTS (Continued)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Mutual funds:* Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The NAV for mutual funds is a publicly available quoted price in an active market.

*Variable annuity contracts – at quoted prices:* The fair values of the Plan's investments held in CREF variable annuity contracts are valued at the daily closing price quoted on the NASDAQ Stock Market.

*Group annuity contract:* Amounts allocated to the Voya Fixed Plus Account III ("Voya Fixed Account") are held in the Voya general account. Amounts are credited with declared rates of interest, subject to a minimum rate described in the contract. The Voya Fixed Account transacts at contract value and is subject to percentage limitations or equity wash restrictions on transfers. Contract value approximates fair value. Full contract surrenders may be paid in five annual payments. The minimum guaranteed interest rate is 1.00%. The Voya Fixed Account seeks to provide stability of principal.

#### NOTE D - FAIR VALUE MEASUREMENTS (Continued)

*Pooled separate account* – The pooled separate account consists of units held in the TIAA Real Estate Account. Values of units held are principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally utilizing external appraisals, which are estimates of property values based on a professional’s opinion. The TIAA Real Estate Account sometimes holds securities as well. These are generally priced using values obtained from independent pricing sources. Daily unit values of the TIAA Real Estate Account are quoted on the NASDAQ Stock Market. Transfers out of the TIAA Real Estate Account are limited to one per calendar quarter. There are no unfunded commitments as of December 31, 2024. The TIAA Real Estate Account seeks to generate favorable total returns primarily through the rental income and appreciation of a diversified portfolio of directly held, private real estate investments and real estate related investments while offering investors guaranteed, daily liquidity

*Fixed annuity contract - non-fully benefit responsive (non-FBR)*: The Plan’s investment in the TIAA Traditional Annuity is a non-fully benefit responsive guaranteed fixed-annuity contract. The fixed-annuity contract is valued at contract value, which approximates fair value, and is the accumulated cash contributions, interest credited, and transfers in, less withdrawals and transfers out. The participant’s principal, plus a specified rate of interest, are guaranteed by TIAA’s claims-paying ability. The TIAA Traditional Annuity is offered through a variety of contract types, including Retirement Annuities (RA), Group Retirement Annuities (GRA) and Retirement Choice (RC). The type of contract through which a participant invests determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant’s account, and the options for receiving income upon retirement. The Plan is invested in the RA contract.

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The minimum interest rate is generally 3% during the accumulation phase. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA’s Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years.

The RA contract generally does not allow lump-sum cash withdrawals and transfers must be spread over 10 annual installments. When a participant’s accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the Statement of Changes in Net Assets Available for Benefits.

Certain contract types contain liquidity restrictions on the redemption of TIAA Traditional Annuity accumulations, which could impact the value realized upon exiting the contract. The TIAA Traditional Annuity seeks to provide guaranteed principal and interest plus possible additional amounts. There are no unfunded commitments as of December 31, 2024.

**NOTE D - FAIR VALUE MEASUREMENTS (Continued)**

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

*Assets at Fair Value as of December 31, 2024*

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

**NOTE D - FAIR VALUE MEASUREMENTS (Continued)**

The following table represents information about significant unobservable inputs related to the Plan's investment in assets categorized as Level 3 in the ASC 820 fair value hierarchy at December 31, 2024:

Type	Fair Value	Principal Valuation Technique	Significant Unobservable Inputs	Range of Significant Input Values
TIAA Traditional Annuity - Non-FBR	\$ 4,812,508	Discounted cash flow; Theoretical transfer (exit value)	Risk-adjusted discount rate applied	RA - 3.65% - 6.50%

**NOTE E - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT**

The Plan holds an investment in the fully benefit-responsive TIAA Traditional Annuity Contract (the "Annuity Contract"). The Annuity Contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions plus earnings, less participant withdrawals, and administrative expenses. The following represents the traditional investment contract held by the Plan:

	December 31,	
	<u>2024</u>	<u>2023</u>
Traditional investment contract	\$ 289,993	\$ 280,282

The Annuity Contract is a guaranteed annuity offered by TIAA as an investment option to the Plan participants and is backed by the claims-paying ability of TIAA. The Annuity Contract is offered through a variety of contract types, including Supplemental Retirement Annuities (SRA) and Group Supplemental Retirement Annuities (GSRA).

TIAA is contractually obligated to repay the principal and interest at specified interest rates that are guaranteed to the Plan. The crediting rates are based on formulas established by the contract and provides for a guaranteed minimum rate of interest of 3%. TIAA's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Participants may request withdrawals without limitation. There are no liquidity restrictions or unfunded commitments as of December 31, 2024.

## NATURAL HISTORY MUSEUM FOUNDATION RETIREMENT PLAN

### NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

#### **NOTE F - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

Investments are held by Voya and TIAA and CREF, custodians and recordkeepers. Therefore, transactions with these entities qualify as party-in-interest transactions. Notes receivable from participants and the related interest income are also considered party-in-interest transactions.

#### **NOTE G - TAX STATUS**

The Foundation is a tax-exempt organization under IRC Section 501(c)(3) and adopted a 403(b) volume submitter plan, which received a favorable opinion letter dated March 31, 2017. The Internal Revenue Service (IRS) stated that 403(b) volume submitter plan, as then designed, is in compliance with the applicable requirements of the IRC. The plan has been amended since receiving the latest opinion letter, however, the administrator and advisors believe that the Plan is currently designed and operated in compliance with the applicable provisions of the IRC. Administration errors, if any, which are insignificant or operational in nature, are handled by the administrator in accordance with applicable IRS correction programs. Therefore, the plan administrator believes that the Plan was qualified and no provision for income taxes has been reflected in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### **NOTE H - RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

#### **NOTE I - SUBSEQUENT EVENTS**

Plan management has evaluated subsequent events through June 16, 2025, the date the financial statements were available to be issued.
