Report of Independent Auditors

To the Administrator of Thermo Fisher 401(k) Retirement Plan for Employees of Puerto Rico

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Thermo Fisher 401(k) Retirement Plan for Employees of Puerto Rico (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified

investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Plan Description

The following description of the Thermo Fisher 401(k) Retirement Plan for Employees of Puerto Rico (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan for the benefit of certain Puerto Rico employees of Thermo Fisher Scientific Inc. (the “Plan Sponsor” or the “Company”). Banco Popular is the trustee of the Plan, who has appointed Fidelity Management Trust Company (“Fidelity”) as its agent. Fidelity serves as the asset custodian and recordkeeper of the Plan. Prior to January 1, 2024, T. Rowe Price Trust Company (“T. Rowe Price”) served as the asset custodian and recordkeeper of the Plan. As of December 31, 2023, \$710,000 of Plan assets held by T. Rowe Price were liquidated and in transit to Fidelity. These amounts were received by Fidelity on January 2, 2024, and are included in investments receivable in the accompanying Statements of Net Assets Available for Benefits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility

Puerto Rico employees (as defined by the Plan) of the Company and its participating subsidiaries are generally eligible to participate in the Plan upon their date of hire (or rehire), and receive Company matching contributions upon one year of service.

Contributions

Participants may make pre-tax contributions to the Plan from their annual compensation after any required withholding (e.g., after deduction of all applicable income and employment taxes), which is limited to the maximum specified annual dollar under the Puerto Rico Code (\$15,000 for 2024). Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions subject to Puerto Rico Code and Plan limitations. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company’s non-discretionary matching contribution is equal to 100% of the first 6% of eligible compensation that a participant contributes to the Plan. The Company’s matching contribution is invested into various investment options, including investment funds, according to the participant’s investment elections. Employee contributions and Company match are recorded on a bi-weekly basis.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and Company matching contributions, as well as an allocation of Plan earnings/(losses). Participant accounts are charged with an allocation of recordkeeping fees that are paid by the Plan, which are shared by participants equally, and other fees based on specific participant transactions, as defined (Note 2). The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their pre-tax (including catch-up) contributions, Company matching contributions, and contributions from rollovers of previous employers’ eligible qualified plans, plus and any income or losses on those balances.

Notes Receivable from Participants

Participants may borrow from their account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the account balance. The loans are secured by the balance in the participant’s account with terms generally up to five years, except when use of the proceeds is for the purchase of a primary residence, for which terms can be up to 15 years. The loan interest rate, determined as of the beginning of each calendar month, is set at the prime rate as established in the Wall Street Journal. The interest rates on existing loans range from 3.25% to 8.50% at December 31, 2024 and 2023. Principal and interest are repaid through payroll deductions for current employees.

Benefit Payments and Plan Withdrawals

Upon termination of service, a participant (or beneficiary) may elect to receive the participant’s account balance in either a lump-sum payment or periodic installments. Withdrawals may be made under certain other circumstances in accordance with the Plan document.

Forfeited Accounts

Forfeited nonvested accounts, which can be used to reduce future employer contributions, were not material for any period presented.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and the disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Shares of mutual funds are valued at net asset value at year-end. The Plan's interests in common collective trusts are valued based on the net asset value per share as provided by the trustee of the fund, which is used as a practical expedient to estimate fair value. See Note 4 for more information on valuation of the Plan's investments.

Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

In the Statement of Changes in Net Assets Available for Benefits, the Plan presents the net appreciation/(depreciation) in the fair value of its investments, which consists of realized gains/losses and the change in unrealized appreciation/depreciation on investments. The cost of investments is determined using the average-cost basis for calculating realized gains or losses.

The Plan's T. Rowe Price Stable Value Common Trust Fund invests in investment contracts through a collective trust. This fund's investments meet the fully benefit-responsive investment contract criteria and therefore the underlying investment and related transactions are reported at contract value. The T. Rowe Price Stable Value Common Trust Fund's net asset value is therefore computed on a contract value basis. This net asset value represents the Plan's fair value as the net asset value is the basis upon which the Plan transacts with the fund.

In connection with the transition of asset custodians effective January 1, 2024 (Note 1), amounts that were liquidated and in transit from T. Rowe Price to Fidelity as of December 31, 2023 are reported as investments receivable in the accompanying Statements of Net Assets Available for Benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based on the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefits Paid to Participants

Benefits are recorded when paid.

Administrative Expenses

Expenses associated with the recordkeeping of the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fidelity earns a fee for recordkeeping services provided to the Plan, which are included in administrative expenses. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Risks and Uncertainties

The Plan invests in various investment securities, including mutual funds and common collective trusts, which are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Subsequent Events

The Plan has evaluated events through June 17, 2025, the date the financial statements were available to be issued, and no subsequent events requiring accrual or disclosure have occurred that are not otherwise disclosed herein.

Notes to Financial Statements
December 31, 2024 and 2023

Note 3. Tax Status

The Plan has received a favorable determination letter dated October 26, 2020, from the Puerto Rico Department of Treasury. The Plan has been amended since receiving the determination letter; however, the Plan administrator and Plan's ERISA counsel believe that the Plan has been designed and operated in compliance with the applicable requirements of the Puerto Rico Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Puerto Rico Department of Treasury. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

Note 4. Fair Value Measurements

The fair value accounting guidance requires that assets and liabilities carried at fair value, excluding assets measured at the net asset value per share (or its equivalent) practical expedient, be classified and disclosed in one of the following three categories:

Level 1: Quoted market prices in active markets for identical assets or liabilities.

Level 2: Observable market based inputs or unobservable inputs that are corroborated by market data such as quoted prices, interest rates and yield curves.

Level 3: Inputs are unobservable data points that are not corroborated by market data.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The following tables present information about the Plan's investments measured at fair value on a recurring basis:

(In thousands)	December 31, 2024	Level 1	Level 2	Level 3	Not subject to leveling (1)

(b) Redemption frequency is daily for all asset categories.

Note 5. Information Certified by the Asset Custodian

Certain information disclosed in the accompanying financial statements, including investments at fair value and notes receivable from participants as of December 31, 2024, and 2023 and the net appreciation/(depreciation) in the fair value of investments, dividend income, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information provided by Fidelity and T. Rowe Price for 2024 and 2023, respectively, the asset custodian of the Plan (Note 1). The plan administrator has obtained certifications from the asset custodian that such information is complete and accurate.

Note 6. Parties-in-Interest and Related-party Transactions

Certain Plan investments are invested in or managed by Fidelity and T. Rowe Price Retirement Services, an affiliate of T. Rowe Price. Effective January 1, 2024, Fidelity replaced T. Rowe Price as the asset custodian of the Plan (Note 1). Therefore, transactions in these investments qualify as party-in-interest transactions. Notes receivable and related interest from participants also qualify as party-in-interest transactions.

Note 7. Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In such event, the assets of the Plan would be distributed to participants in accordance with Plan provisions.

Note 8. Reconciliation of Financial Statements to Form 5500
