Independent Auditor's Report

To the Plan Administrator
Inclusa, Inc. Employee Retirement Savings Plan
Stevens Point, Wisconsin

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Inclusa, Inc. Employee Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (in liquidation) as of October 7, 2024 and December 31, 2023, and the related statement of changes in net assets available for benefits (in liquidation) for the period ended October 7, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Inclusa, Inc. Employee Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of October 7, 2024 and December 31, 2023, and for the period ended October 7, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Inclusa, Inc. Employee Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Basis of Accounting

As further discussed in Note 1 to the financial statements, the governing body of Inclusa, Inc. Employee Retirement Savings Plan approved a plan of liquidation on August 23, 2023, and management determined liquidation is imminent. As a result, the Plan changed its basis of accounting from the going-concern basis to the liquidation basis of accounting in presenting the 2024 and 2023 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Inclusa, Inc. Employee Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Inclusa, Inc. Employee Retirement Savings Plan

Notes to Financial Statements

Note 1: Description of Plan

The following description of the Inclusa, Inc. Employee Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Plan Termination

On June 1, 2023, Inclusa, Inc. (the "Company") was acquired by Independent Care Health Plan, an affiliate of Humana Inc. ("Humana"). As a result, on August 23, 2023, the Company's board of directors approved a resolution to terminate the Plan effective December 9, 2023, at which time all participant and Company contributions into the Plan ceased. Employees of the Company transitioned to employment with Humana effective December 10, 2023, and eligible employees of the Company had the option to participate in the retirement plan sponsored by Humana subsequent to the employment transition. Plan assets were distributed to participants in accordance with each participant's directives. All of the assets of the Plan were liquidated effective October 7, 2024.

General

The Plan was a defined contribution plan covering all employees of the Company, except for nonresident aliens, leased employees, and union employees, who were age 21 or older. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Each year participants could contribute a minimum of 1% up to 90% of pretax annual compensation, as defined in the Plan, up to the annual maximum allowed by the Internal Revenue Service (IRS). Participants who attained age 50 before the Plan termination date were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Plan also allowed Roth contributions. Participants directed the investment of their contributions into various investment options offered by the Plan. The Plan also included an auto-enrollment provision through the Plan termination date, whereby all newly eligible employees were automatically enrolled in the Plan unless they affirmatively elected not to participate in the Plan. Automatically enrolled participants had their deferral rate set at 4% of eligible compensation with an automatic 1% contribution rate increase on January 1 of each year (through January 1, 2023), for participants deferring less than 15% of plan compensation if no election or waiver was made by the participant.

The Company could contribute a discretionary matching contribution equal to a percentage of the participant's elective deferral, as determined annually by the Company. Rollovers were not matched.

The Company could also contribute a discretionary profit sharing contribution, as determined annually by the Company. These contributions were allocated to each eligible participant who completed 1,000 hours of service during the plan year and were employed on the last day of the plan year. The allocation was made on the last day of the plan year in the same ratio as each eligible participant's compensation bears to the total of such compensation of all eligible participants.

Due to plan termination in 2023, during 2024, the Company made no discretionary matching or profit sharing contributions.

Note 1: Description of Plan (Continued)

Participant Accounts

Each participant's account was credited with the participant's contributions and the Company's discretionary matching contributions, and allocations of (a) the Company's discretionary profit sharing contribution and (b) plan earnings (losses). Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant was entitled was the benefit that can be provided from the participant's vested account.

Vesting

On January 1, 2017, participants in the Plan were fully and immediately vested in all contributions, plus actual earnings thereon.

Participants who entered the Plan after January 1, 2017, were immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and profit sharing contributions portion of their accounts plus actual earnings thereon was based on years of continuous service. Participants vested at a rate of 20% per year beginning with the first year of service. Participants became fully vested after five years of service or upon death or total and permanent disability. As of the plan termination date, all participants who were affected by the Plan's termination became 100% vested in their account balances.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant could elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount or in partial withdrawals. If the participant's vested account balance did not exceed \$1,000, it could be distributed only in a lump sum payment on the first distribution date after the participant terminated employment with the Company, or as soon as administratively feasible following that date. In addition, hardship distributions out of the participant's voluntary contributions account were permitted if certain criteria were met. The Plan also allowed for in-service distributions from all vested account balances upon attaining age 59 1/2.

Forfeitures

Plan forfeitures arose as a result of participants who terminated service with the Company before becoming 100% vested in the Company's discretionary contributions. These accounts were used to reinstate previously forfeited account balances of participants, if any, or to pay plan expenses, and any remaining forfeitures were used to reduce Company discretionary contributions in accordance with the plan document. At December 31, 2023, forfeited nonvested accounts totaled \$284. During 2024, forfeitures of \$284 were used to pay plan expenses.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

As discussed in Note 1, the Plan was terminated effective December 9, 2023. In accordance with accounting principles generally accepted in the United States of America (GAAP), the Plan changed its basis of accounting used to value plan assets from the going-concern basis to the liquidation basis. The change to the liquidation basis had no material impact on the accompanying financial statements.

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during 2024.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan were paid by the Plan, unless otherwise paid by the Company. Expenses that were paid by the Company are excluded from these financial statements. Fees related to the administration of the Plan were allocated proportionately to plan participants based on their respective account balances or allocated based on specific participant transactions, as defined. Investment-related expenses were also allocated proportionately to plan participants based on their respective account balances and are included in net investment income.

Subsequent Events

The Plan has evaluated subsequent events through June 18, 2025, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There were no investment assets as of October 7, 2024, due to liquidation of plan assets. There have been no changes in the methodologies used as of December 31, 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust funds: Valued at the quoted NAV of the underlying investments held by the common/collective trust, adjusted by an asset charge. The underlying investments include stocks, bonds, money market mutual funds and stable value funds which publish their daily NAV on active markets and transact at that price. The use of NAV as fair value is appropriate because the collective trust funds do not have finite lives, unfunded commitments relating to these types of investments, or significant restrictions on redemptions.

Note 3: Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2023. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2023 (in liquidation)			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 59,249,528	\$ -	\$ -	\$ 59,249,528
Common/collective trust fund	-	1,122,312	-	1,122,312
Total investment assets at fair value	\$ 59,249,528	\$ 1,122,312	\$ -	\$ 60,371,840

Note 4: Information Prepared and Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements, including investments held at October 7, 2024 and December 31, 2023, and net appreciation in fair value of investments and interest and dividends for the period ended October 7, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company ("Fidelity"), the Trustee of the Plan.

Note 5: Party-in-Interest Transactions

Certain plan investments were managed by Fidelity, the Trustee as defined by the Plan; and therefore, these transactions qualify as party-in-interest transactions.

Strategic Advisors, Inc. provided investment advisory services to the Plan, which qualify as party-in-interest transactions.

Note 6: Plan Termination

As disclosed in Note 1 - Plan Termination, the Company approved a resolution to terminate the Plan effective December 9, 2023, subject to the provisions of ERISA. As of the termination date, all participant and Company contributions into the Plan were ceased and all participants who were affected by the Plan's termination became 100% vested in their account balances.

Note 7: Tax Status

The Company adopted a non-standardized pre-approved profit sharing plan document with an IRS notification letter which states the non-standardized plan document is in compliance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter; however, the plan administrator believes the Plan was designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 8: Risks and Uncertainties

The Plan invested in various investment securities. Investment securities were exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it was at least reasonably possible that changes in values of investment securities could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
