INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
NuPath, Inc. 403(b) Retirement Plan
Woburn, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of NuPath, Inc. 403(b) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section —

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT (continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

INDEPENDENT AUDITOR'S REPORT (continued)

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

**INDEPENDENT AUDITOR'S REPORT
(continued)**

Supplemental Schedule Required by ERISA (continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion —

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to, or is derived from, the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by the qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
December 31, 2024 and 2023

1 – DESCRIPTION OF THE PLAN

General

NuPath, Inc. 403(b) Retirement Plan (the "Plan") is a defined contribution plan that was established on March 24, 1994 for the benefit of employees of NuPath, Inc. (the "Organization"). The Plan is funded by contributions from its participants and the Organization and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The following description of the Plan provides general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Eligibility for Participation

Employees are eligible to make voluntary deferral contributions upon their date of hire and are eligible to receive employer matching contributions after completing 1,000 hours of service. To be eligible for employer matching contributions, the participant must be employed on the last day of the Plan year.

Employee Elective Deferred Contributions

Employees participating in the Plan may elect to defer a specific dollar amount or percentage of their annual earnings as their contribution to the Plan, subject to the limitations described in the Internal Revenue Code. Employee contributions in the form of rollovers and transfers from other qualified retirement plans are allowed as defined in the Plan document.

Employer Matching Contributions

The Organization may make discretionary matching contributions to the Plan equal to an amount approved by the Board of Directors. For the years ended December 31, 2024 and 2023 the Organization made matching contributions to the Plan equal to 5% and 3%, respectively, of each participant's eligible compensation, limited to each participant's elective deferrals.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants hired prior to March 1, 2018 are also immediately vested in employer contributions plus actual earnings thereon. Participants with a date of hire on or after March 1, 2018 will vest in the Organization's matching contributions based on years of service. With respect to employer matching contributions, participants vest 33% after one year of service, 67% after two years of service, and are 100% vested after three years of service.

Participant Accounts

Accounts are maintained for each participant. Accounts are increased for contributions, transfers and for an allocation of investment income based on the relationship of each participant's account within each investment fund to the total fund. Accounts are decreased for withdrawals made by participants, administrative expenses, and for an allocation of investment losses based upon the relationship of each participant's account within each investment fund to the total fund.

Notes to Financial Statements
December 31, 2024 and 2023

1 – DESCRIPTION OF THE PLAN (continued)

Investment Options

The Plan was established with Fidelity Management Trust Company as its custodian. In March 2018, Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (“Principal”) was added as a custodian to the Plan. Beginning in March 2018, all employee and employer contributions to the Plan are invested in investments maintained by Principal. Upon enrollment into the Plan, a participant may direct employee and employer contributions in whole number percentages into a variety of mutual funds maintained by Principal.

Notes Receivable from Participants

A participant may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of (a) \$50,000 or (b) the greater of 50% of their vested account balance or \$10,000, both reduced by any outstanding loan balance on the date the new loan is made (including any deemed distributions). A participant may not have more than one loan outstanding at any time. Notes receivable from participants are secured by the balance in the participant’s account and bear interest at a rate commensurate with local prevailing lending interest rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

In-service Withdrawals

In-service withdrawals may only be made under the following circumstances:

- Hardship as defined in the Internal Revenue Code or in the Plan document
- Upon attainment of age 59 ½
- Termination of employment
- Withdrawal of employee rollover contributions

Retirement Benefits

The normal retirement age under the Plan is age 65. Certain participants may be eligible for early retirement subject to the provisions in the Plan document. A participant who becomes disabled as defined in the Plan document is eligible for disability retirement.

Payment of Benefits

Upon termination of service from the Organization, a participant may elect to receive the vested portion of their account in the form of a single lump sum or any other form of settlement available from the manager of the investment fund in which the participant’s account or portion thereof is invested.

Timing of Distributions

Distributions described above shall be made as soon as reasonably practicable following the date the participant’s application for distribution is received by the custodian.

As of December 31, 2024 and 2023, there were no distributions payable to participants.

Administrative Expenses

Substantially all of the administrative expenses incurred by the Plan are paid by the Organization. However, certain administrative fees may be paid by the Plan.

NUPATH, INC. 403(B) RETIREMENT PLAN

Notes to Financial Statements
December 31, 2024 and 2023

1 – DESCRIPTION OF THE PLAN (continued)

Forfeited Accounts

Forfeitures may be used to pay administrative expenses, pay future employer contributions, and/or be reallocated among eligible participants as directed by the Organization. For the years ended December 31, 2024 and 2023, there were no forfeitures included with the Plan assets.

Participant-Directed Contributions, Withdrawals and Transfers

The election to allocate contributions between the investment options, and any decision to change such allocation, is made by each participant as permitted by the custodians. Withdrawals and transfers are recorded at the time such transactions take place.

2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared utilizing the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (“GAAP”) requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period, and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investments

Investments are reported at fair value as described in Note 4. Security transactions are accounted for as of the date the securities are purchased or sold (trade date). Interest income is recorded as earned and may include amortization of discount and premium. Dividend income is recorded on the ex-dividend date or, for certain foreign securities, as soon as the investment funds are informed of the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains (losses) on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan provides for investment options in various accounts that are investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants’ account balances and the amounts reported in the accompanying Statements of Net Assets Available for Benefits.

Notes to Financial Statements

2 – SUMMARY OF ACCOUNTING POLICIES (continued)

Subsequent Events

The Plan Administrator evaluated events that occurred after December 31, 2024, the date of the Statement of Net Assets Available for Benefits, but before the date the financial statements were available to be issued, June 2, 2025, for potential recognition or disclosure in the financial statements. The Plan Administrator did not identify any subsequent events that had a material effect on the accompanying financial statements.

3 – INFORMATION CERTIFIED BY CUSTODIANS

Unaudited information included in the Plan's financial statements and supplemental Schedule of Assets (Held at End of Year) was prepared by the Plan's custodians and furnished to the Plan Administrator and includes all Plan assets (except for the effects of participant and employer contributions receivables, if any) and all investment transactions. The Plan Administrator has obtained certifications from the custodians that such information is complete and accurate.

4 – FAIR VALUE MEASUREMENTS

The Plan applies the provisions of GAAP, which establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), a lower priority to significant other observable inputs (Level 2 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under these provisions are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Notes to Financial Statements
December 31, 2024 and 2023

4 – FAIR VALUE MEASUREMENTS (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present by level, within the fair value hierarchy, the Plan investment assets at fair value, as of December 31, 2024 and 2023:

Description	Total 2024	Level 1	Level 2	Level 3
Money Market	\$ 102,843	\$ 102,843	\$ -	\$ -
Mutual Funds	8,553,943	8,553,943	-	-
Investments at Fair Value	\$ 8,656,786	\$ 8,656,786	\$ -	\$ -

Description	Total 2023	Level 1	Level 2	Level 3
Money Market	\$ 126,596	\$ 126,596	\$ -	\$ -
Mutual Funds	7,293,577	7,293,577	-	-
Investments at Fair Value	\$ 7,420,173	\$ 7,420,173	\$ -	\$ -

5 – NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants held by Principal at December 31 consisted of the following:

	Participants	Due Date	Interest	Amount
2024	35	Various through 9/7/2029	5.25%–10.50%	\$307,402

	Participants	Due Date	Interest	Amount
2023	32	Various through 11/3/2028	5.25%–10.50%	\$223,599

Notes receivable held by Principal are reported on the Statements of Net Assets Available for Benefits as Notes Receivable from Participants. Note repayments, including principal and interest, are paid ratably through payroll deductions. There were no notes receivable held by Fidelity during the years ended December 31, 2024 and 2023.

6 – PLAN TERMINATION

Although it has expressed no intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a termination of the Plan, all affected participants will become vested in their accounts.

NUPATH, INC. 403(B) RETIREMENT PLAN

Notes to Financial Statements
December 31, 2024 and 2023

7 – INCOME TAX STATUS

The Organization has adopted the Principal Life Insurance Company's Volume Submitter 403(b) Basic Plan Document for its Plan document. Principal Life Insurance Company obtained an advisory letter from the Internal Revenue Service indicating its Volume Submitter 403(b) Basic Plan Document is acceptable under Internal Revenue Code Section 403(b).

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2021.

8 – PARTY-IN-INTEREST TRANSACTIONS

Plan investments consist of shares of various accounts managed by Fidelity Investments and Principal. Fidelity Management Trust Company, a subsidiary of Fidelity Investments, and Principal are the custodians of the Plan's assets and, therefore, these transactions qualify as party-in-interest.

The Organization provides certain administrative and accounting services at no cost to the Plan. The Organization also pays for certain administrative costs of the Plan.

Custodial services were provided to the Plan by Fidelity Management Trust Company and by Principal during the years ended December 31, 2024 and 2023.
