## **REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS**

To the Plan Administrator and Plan Participants of  
Oppenheimer & Co. Inc. 401(k) Plan

### ***Opinion on the 2024 Financial Statements***

We have audited the financial statements of Oppenheimer & Co. Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for Plan benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024, and the changes in net assets available for benefits for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### ***Basis for Opinion on the 2024 Financial Statements***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Responsibilities of Management for the 2024 Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions,

including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the 2024 Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls. Misstatements are considered material if individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal controls. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal controls-related matters that we identified during the audit.

### ***2024 Supplemental Schedules Required by ERISA***

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held at end of year as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations

for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

***Other Matter***

***Auditor's Report on the 2023 Financial Statements***

The financial statements of the Plan as of and for the year ended December 31, 2023 were audited by predecessor auditors whose report dated June 10, 2024 expressed an unmodified opinion on those financial statements.

## Note 1 - Description of the Plan

The following description of the Oppenheimer & Co. Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

**General** - The Plan is a defined contribution plan covering all eligible employees of Oppenheimer & Co. Inc. and Oppenheimer Trust Company of Delaware (collectively, the "Company"). The Company is a subsidiary of Oppenheimer Holdings Inc. (the "Parent"). Employees of the Company who are at least 18 years of age shall be eligible to make elective deferrals into the Plan upon date of hire. Participants who are at least 18 years of age, who have completed one year of service, and who are employed on the last day of the Plan year shall be eligible to receive a discretionary contribution from the Company. Effective August 2, 2024, the BondWave LLC 401(k) Plan merged into the Company's Plan.

**Contributions** - Employees may make salary deferral contributions up to 50 percent of compensation subject to tax deferral limitations established by the Internal Revenue Code. Participants who have reached the age of 50 by the end of the Plan year may also make catch-up contributions to the maximum allowed by the Plan and Internal Revenue Service (IRS) guidelines. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan (excluding any after-tax contributions) or Individual Retirement Accounts (IRA’s).

The Company may contribute to the Plan a discretionary amount (the “Employer Discretionary Contribution”). The Employer Discretionary Contribution is determined by Oppenheimer Holdings Inc.’s Board of Directors and is subject to guidelines set forth in the Plan agreement and IRS guidelines.

During the Plan year ended December 31, 2024, as permitted under the plan agreement, the Plan adopted a new formula used in computing the discretionary contributions from the Company.

Employer Discretionary Contributions, including amounts allocated for rebates received, for the years ended December 31, 2024 and 2023 were determined as follows:

- 3.00% (2023: 3.00%) of the first \$30,000 of a participant’s eligible compensation
- 2.75% (2023: 2.75%) of the next \$10,000 of a participant’s eligible compensation
- 1.50% (2023: 1.50%) of the next \$25,000 of a participant’s eligible compensation
- 0.72% (2023: 0.6835%) of the next \$35,000 of a participant’s eligible compensation
- 0.365% (2023: 0.315%) of the next \$75,000 of a participant’s eligible compensation

## Notes to Financial Statements December 31, 2024 and 2023

### Note 1 - Description of the Plan (Continued)

The Plan receives rebates of certain mutual fund stockholder service fees. These rebates are placed in a non-settlor account. All amounts in the Plan's non-settlor account will be allocated to participants based on the formula outlined above.

To the extent that the total amount in the Plan's non-settlor account is less than the amount to be allocated, the Company will make up the shortfall. For the years ended December 31, 2024 and 2023, the total Employer Discretionary Contribution was \$4,939,711 and \$4,257,714, respectively.

**Vesting** - All participants are immediately and fully vested in all employee elective deferrals and rollovers and the income derived from the investment of such contributions.

Participants vest in employer discretionary contributions plus the income thereon upon the completion of service with the Company or an affiliate at the following rate:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	0 %
2 years but less than 3	20 %
3 years but less than 4	40 %
4 years but less than 5	60 %
5 years but less than 6	80 %
6 years or more	100 %

All years of service with the Company or an affiliate are counted to determine a participant's non-forfeitable percentage.

As of December 31, 2024 and 2023, forfeited non-vested accounts totaled \$316,010 and \$336,993, respectively. These accounts were used to reduce employer contributions for the 2024 and 2023 Plan years. Employer contributions were reduced by \$158,366 and \$189,763 from forfeited non-vested accounts during the years ended December 31, 2024 and 2023, respectively.

Notwithstanding the vesting schedule specified above, a participant shall be 100 percent vested in his or her Employer Discretionary Contribution upon the attainment of normal retirement age, death, or disability if still employed with the Company or an affiliate upon the occurrence of one of these events.

## Note 1 - Description of the Plan (Continued)

**Participant Accounts** - Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Participants may invest in Company Stock under the Plan to a maximum of twenty-five percent (25%) of their total account balance.

**Payment of Benefits** - Payment of vested benefits under the Plan will be made in the event of a participant's termination of employment, death, retirement, or financial hardship and may be paid in either a lump-sum distribution or over a certain period of time as determined by Internal Revenue Service (IRS) rules or by participant election.

**Termination** - While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the Plan document and the Employee Retirement Income Security Act of 1974 (ERISA). Upon termination of the Plan, participants become 100 percent vested in their accounts.

**Notes Receivable From Participants** - Active participants may borrow from their account balances a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. Interest is stated at a reasonable rate determined on the note date. The notes receivable and interest repayments are reinvested in accordance with the participant's current investment selection. Principal and interest is paid ratably through monthly payroll deductions.

**Party-in-Interest Transactions** - Certain plan assets are in investments of the Parent of the Company, therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

## Note 2 - Summary of Significant Accounting Policies

**Basis of Accounting** - The financial statements of the Plan are prepared on the accrual basis of accounting.

## **Note 2 - Summary of Significant Accounting Policies (Continued)**

**Use of Estimates** - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Investment Valuation and Income Recognition** - The Plan's investments are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for additional information on the fair value measurement methodologies used to value the Plan's assets. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**Notes Receivable From Participants** - Notes receivable from participants are recorded at their unpaid principal balances plus any accrued interest. Notes receivable from participants are written off when deemed uncollectible and recognized as a participant distribution. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023.

**Contributions** - Contributions from Plan participants and the discretionary contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

**Payments of Benefits** - Benefits are recorded when paid.

**Expenses** - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

## Note 2 - Summary of Significant Accounting Policies (Continued)

**Risk and Uncertainties** - The Plan invests in various securities including mutual funds, money market funds and Oppenheimer Holdings Inc. common stock. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility.

Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for Plan benefits.

**Subsequent Events** - The Plan has evaluated subsequent events through June 4, 2025, the date these financial statements were available to be issued.

## Note 3 - Tax Status

The Company has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although, the Plan has been amended since adopting the pre-approved Plan document, the Plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax. The Plan administration believes the Plan is no longer subject to tax examinations for years prior to 2021.

### Note 4 - Fair Value

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2024 and 2023.

Level 1 - The Plan's Level 1 investments included Oppenheimer Holding Inc. Common stock, money market funds and mutual funds. Common stock is valued at the closing price reported in the active markets in which the individual securities are traded. Share prices of each mutual and money market fund, referred to as the fund's Net Asset Value ("NAV"), are based on the closing market prices and accruals of securities in the respective fund's total portfolio (total value of the fund) divided by the number of fund shares currently issued and outstanding.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals. The Plan's Level 2 investments include the cash surrender value of life insurance policies.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. The Plan had no Level 3 investments at December 31, 2024 or 2023.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

There have been no changes in the valuation methodologies used at December 31, 2024 and 2023.
