Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **YOUNT, HYDE AND BARBOUR**

(2) EIN: **54-1149263**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		1000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? Yes No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

Independent Auditor's Report

To the Plan Administrator
MainStreet Bank 401(k) Plan
Fairfax, Virginia

Opinion

We have audited the financial statements of MainStreet Bank 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the years ended December 31, 2024 and 2023, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years ended December 31, 2024 and 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held (at end of year) at December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

MainStreet Bank 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the MainStreet Bank 401(k) Plan (“the Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution 401(k) profit sharing plan administered by MainStreet Bank (“the Bank or Plan Sponsor”), a wholly-owned subsidiary of MainStreet Bancshares, Inc. (the “Company”), pursuant to the provisions of Section 401(k) of the Internal Revenue Code. The Plan was established for the benefit of substantially all full-time employees electing to participate in the Plan. Employees are eligible to participate in the Plan on the first day of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

The Plan permits eligible employees through a salary deferral election to have the Company make annual contributions of up to 100% of eligible compensation. Employee rollover and employee Roth contributions are also permitted. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company makes safe harbor matching contributions of 100% of employees’ salary deferral amounts up to 5% of employees’ eligible compensation and 50% of employees’ salary deferral amounts on the next 2% of employees’ eligible compensation. Matching contributions are calculated on the employee’s compensation and 401(k) elective deferrals for that payroll period. The Plan also includes a qualified Roth 401(k) contribution feature whereby participants may elect to designate some or all of their elective deferral contributions as Roth 401(k) contributions. Roth 401(k) contributions are made in after-tax dollars and the decision to characterize the deferral as a Roth 401(k) contribution is made at the time the contribution is made.

Participants’ Accounts

Each participant’s account is credited with the participant’s contributions, the Company’s matching contributions and Plan earnings (based upon each participant’s investment elections) and is charged with an allocation of administrative expenses. Forfeitures are used to reduce the contributions required to be made by the Company. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediately in both their own contributions and the portion contributed by the Company, plus actual earnings thereon. The Plan has no forfeitures since participants are vested 100% on their initial day of enrollment.

Investment Options

Investment of all assets in the Plan is directed by individual participants. Participants are given the option to direct account balances and all contributions made into various investment options consisting of managed, indexed or individual equity or fixed income funds. Participants may choose to have any of their contributions (other than rollover contributions) and the contributions made by the Company invested in our employer stock. Participants may change their investment options daily.

Notes Receivable from Participants

The Plan document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant with sufficient collateral. The participants vested account balance will serve as the collateral for the loan. The minimum amount of a loan shall be \$1,000. The maximum amount of a participant's loans is determined by the lesser of \$50,000 or 50% of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years, except for loans for the purchase of a principal residence. Interest on the loans is charged at similar rates available from commercial lending institutions. Principal and interest is paid through payroll deductions.

Payment of Benefits

If the vested account, excluding rollover contributions, is \$5,000 or less, the participants vested account will be paid in a single sum. If the vested account, excluding rollover contributions, is greater than \$5,000, payment will be made under any of the options available under the Plan.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's investment valuations utilizing information provided by the investment advisors, custodians and insurance company. See Note 3 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the Plan year.

Benefit Payments

Benefit payments are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when incurred.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor. Fees related to the administration of notes receivable from participants are charged directly to the participant's accounts and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Note 3. Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets
- Level 3** Unobservable inputs supported by little or no market activity and that are significant to the fair value of the assets

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact purchases and sales at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Funds and Pooled Separate Accounts: Valued at the fair value of the funds share of the underlying investments. The NAV is based on the fair value of the underlying investments, which are traded at publicly quoted amounts.

Employer Common Stock: Valued at the closing price reported on the active market on which the Employer Common Stock is traded.

Employer Preferred Stock: Valued at the closing price reported on the active market on which the Employer Preferred Stock is traded.

The methods described above may produce a fair value calculation that is not indicative of net realizable value or future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Recurring Measurements

The following table presents the fair value measurements of assets recognized in the accompanying statements of Net Assets Available for Benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2024 and 2023:

	Net Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Employer Common Stock	\$ 6,457,204	\$ —	\$ —	\$ 6,457,204
Employer Preferred Stock	62,438	—	—	62,438
Mutual Funds	2,746,224	—	—	2,746,224
Collective Trust Funds	12,564,147	—	—	12,564,147
Pooled Separate Accounts	100,101	—	—	100,101
Total Investments Measured at Fair Value	<u>\$ 21,930,114</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 21,930,114</u>

	Net Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Employer Common Stock	\$ 7,943,530	\$ —	\$ —	\$ 7,943,530
Employer Preferred Stock	45,447	—	—	45,447
Mutual Funds	2,235,817	—	—	2,235,817
Collective Trust Funds	9,244,598	—	—	9,244,598
Pooled Separate Accounts	71,878	—	—	71,878
Total Investments Measured at Fair Value	<u>\$ 19,541,270</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 19,541,270</u>

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value to another.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2024 and 2023, there were no significant transfers in or out of levels.

Note 4. Investments

The Plan entered into a fully benefit-responsive investment contract with Principal Life Insurance Company. Principal Life Insurance Company maintains the contributions in a guaranteed fund. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%. The crediting rate is reviewed on a semi-annual basis for resetting. The guaranteed investment contract does not permit the custodian to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Contract value, as reported to the Plan by Principal Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. To terminate the contract, the Plan must provide at least 12 months' notice.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Bank has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in employer contributions, and earnings thereon, credited to their accounts.

Note 6. Tax Status

The Plan adopted a non-standardized form of a prototype plan sponsored by Principal Life Insurance Company. The prototype plan has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the prototype plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC).

U.S. generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions.

Note 7. Party-in-Interest Transactions

The Plan allows funds to be invested in the common stock or preferred stock of the Company, the parent company of the Plan Sponsor. Therefore, the Company is a party-in interest. Investment in employer securities is allowed by ERISA and the United States Department of Labor's Rules and Regulations, and the fair value of the employer common stock is based on quotes from an active market. Dividends received on Company stock were \$136,777 and \$124,350 for the year ended December 31, 2024 and 2023, respectively.

The Plan's investments are held in a trust account administered by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company. Active participants can purchase the common stock or preferred stock of the Company. At December 31, 2024 and 2023, participants held common stock of 356,752 and 320,174 shares, respectively and preferred stock of 2,582 and 1,971 shares, respectively.

Principal Trust Company provides certain administrative services to the Plan pursuant to an agreement between the Plan and Principal Trust Company. The expenses that can be paid from the participant's account have to meet certain requirements and must be paid from all accounts in a fair manner. The participant's share of these plan expenses is paid by a portion of the investment management fees and other expenses that apply to each specific investment in your account.

Certain plan investments were managed by Kestra Advisory Services for the year ended December 31, 2024. Kestra Advisory Services was a fiduciary as defined by the Plan, and therefore, these investment transactions qualify as party-in-interest transactions.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances.

Note 9. Subsequent Events

There are two types of subsequent events: (1) recognized events, which are events that provide additional evidence about conditions that existed at the date of the financial statements, including the estimates inherent in the process of preparing the financial statements, and (2) nonrecognized events, which are events that provide evidence about conditions that did not exist at the date of the financial statements but arose after that date. The Plan has evaluated subsequent events through June 20, 2025, the date the financial statements were issued. Effective January 1, 2025, the Plan was amended to provide for an automatic elective deferral contribution. The Plan did not identify any additional recognized or nonrecognized subsequent events that would have required adjustment to or disclosure in the Plan financial statements.
