Clifton, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Passaic Metal & Building Supplies Co. Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Passaic Metal & Building Supplies Co. Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material

respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Passaic Metal & Building Supplies Co. Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Passaic Metal & Building Supplies Co. Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve

collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Passaic Metal & Building Supplies Co. Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Passaic Metal & Building Supplies Co. Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates

directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PASSAIC METAL & BUILDING SUPPLIES CO. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

1. Plan description:

General:

The Passaic Metal & Building Supplies Co. Retirement Plan (the "Plan") is a defined contribution plan covering all full-time employees of Passaic Metal & Building Supplies Co. and its affiliates, Advance Fireproof Door, Inc., Northwest Building Supply, Inc., All County HVAC/R Supply, Inc. and Max Gurtman & Sons, Inc. (collectively referred to as the "Company"), who have 6 months of service and are age 20 or older. The Plan is subject to the provisions of ERISA. The Plan Administrator is responsible for the oversight of the Plan, determines the appropriateness of investment offerings and monitors investment performance. Participants should refer to the plan document or summary plan description for a more complete description of the Plan's provisions.

Contributions:

Each year, participants may contribute up to the maximum amount allowable by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a default investment fund selected by the Plan Administrator, which will be identified to the participant prior to the first automatic contribution. The Company contributes 25% of participant contributions that do not exceed 2.5% of eligible compensation. The Company may also contribute a discretionary amount of its annual net earnings (profit sharing) as determined by its Board of Directors. The Company made no profit sharing contributions for the year ended December 31, 2023.

Participant accounts:

Each participant's account is credited with the participant's contributions, Company contributions and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Each participant's interest in the Company matching contributions and the allocated portion of Company discretionary profit sharing contributions vests 20% after two years of service with the Company and 20% for each full year of service thereafter until a participant is fully vested after six full years of service. Thereafter, a participant's portion of such amounts is immediately 100% vested.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

1. Plan description (continued):

Notes receivable - participants:

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. Loans bear interest at the prime rate (as printed in the Wall Street Journal) plus 1% at the inception of the loan and provide for periodic repayment over a period of 1 to 30 years, based on the type of loan. Principal and interest is paid ratably through weekly payroll deductions. The entire unpaid principal balance of the loan is due upon the participant's termination of employment with the Company. The interest rate on loans outstanding at December 31, 2023 ranged from 5.25% to 10.50%.

Payment of benefits:

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to 100% of the value of his or her account or annual installments. For termination of service for other reasons, a participant would receive the value of his or her account as a lump-sum distribution.

Forfeited accounts:

At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$48,036 and \$25,972, respectively. These amounts are available to pay Plan expenses or reduce amounts otherwise required to be contributed to the Plan.

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition:

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or to transfer a liability in an orderly transaction between market participants at the measurement date. The investment in the pooled separate account at December 31, 2023 and 2022 relate to units of participation in mutual funds held by Voya Retirement Insurance and Annuity Company ("Voya"). The unit price is based on the Net Asset Value ("NAV") of the underlying mutual fund shares, which is determined daily. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the custodian.

PASSAIC METAL & BUILDING SUPPLIES CO. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

2. Summary of significant accounting policies (continued):

Investment valuation and income recognition (continued):

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable - participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded at December 31, 2023 and 2022.

Payment of benefits:

Benefits are recorded when paid.

Expenses:

Certain expenses related to maintaining the Plan are paid by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. During the year ended December 31, 2023, the plan accrued \$8,147 of audit fees to be paid from the forfeiture account. This amount is included in accrued expenses on the statement of net assets available for benefits.

Subsequent events:

The Plan's management has evaluated subsequent events through May 28, 2025, the date the financial statements were available to be issued.

On August 1, 2024, the Company adopted a resolution to terminate the Plan on the day prior to the consummation of the purchase agreement between the Company and Beacon Sales Acquisition Inc. The transaction was finalized on August 1, 2024, and the Plan was terminated effective July 31, 2024. All participants were fully vested in their account balances and the account balances will be liquidated and distributed to participants as soon as administratively practicable after that time.

3. Fair value measurements:

Accounting Standards Codification 820 – *Fair Value Measurement* ("ASC 820") defines fair value and establishes a framework for measuring fair value under generally accepted accounting principles. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

PASSAIC METAL & BUILDING SUPPLIES CO. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

3. Fair value measurements (continued):

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Pooled separate accounts: Valued at the daily closing price which is based on the Fund's NAV as reported by Voya who holds the Plan's units of participation in the mutual funds. The units in mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	December 31, 2023			
	Level 1	Level 2	Level 3	Total
Investments measured at net asset value ^(a)	\$ -	\$ -	\$ -	\$ 6,372,743

3. Fair value measurements (continued):

^(a)In accordance with ASC 820, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes the investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023 and 2022. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>December 31, 2023</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Pooled Separate Account	\$6,372,743	N/A	Daily	12 Months
<u>December 31, 2022</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Pooled Separate Account	\$6,913,813	N/A	Daily	12 Months

4. Fully Benefit-Responsive Investment Contracts:

The Plan holds a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made, plus earnings, less participant withdrawals, and administrative expenses. The following represents the contract value of the investment contract held by the Plan.

	<u>December 31, 2023</u>	<u>December 31, 2022</u>
Traditional investment contract	\$ 368,976	\$ 667,393
Total	\$ 368,976	\$ 667,393

For traditional investment contracts, the Plan owns only the contract itself. Traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1 percent. The crediting rate is reviewed on an annual basis for resetting. The contract cannot be terminated before the scheduled maturity date.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

4. Fully Benefit-Responsive Investment Contracts (continued):

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants. Subsequent to year-end, the Plan was terminated; however, this did not limit the Plan's ability to transact at contract value with the contract issuers.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

5. Investments:

Unaudited information certified by Voya:

The December 31, 2023 and 2022 statements of net assets available for benefits, the investment activities included on the statement of changes in net assets available for benefits for the year ended December 31, 2023, and the accompanying notes to the financial statements were prepared in part or entirely from information certified as complete and accurate by Voya (the "Trustee") in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of \$6,741,719 and 7,581,206 at December 31, 2023 and 2022, respectively, and the related net investment gain of \$869,115 for the year ended December 31, 2023.

6. Income tax status:

The Internal Revenue Service has determined and informed the Company by letter dated June 30, 2020, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code. Although the plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe the Plan is currently designed, and is currently being operated, in

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

6. **Income tax status (continued):**

compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. **Risks and uncertainties:**

The Plan invests in various mutual funds which are exposed to various risks such as stock market fluctuations, interest rates, economic conditions and world affairs. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of changes in net assets available for benefits.

Significant market disruptions, such as those caused by pandemics, natural disasters or environmental disasters, war, instability in the banking and financial services sectors, including bank failures, or other events, can adversely affect local and global markets and normal market operations. Any such disruptions could have an adverse impact on both the Plan's investments and the Plan's sponsor.

8. **Reconciliation of financial statements to Form 5500:**

The following is a reconciliation of the net assets available for benefits per the financial statements at December 31, 2023, to Form 5500:
