## **INDEPENDENT AUDITOR'S REPORT**

June 24, 2025

To the Employee Benefit Administrative Committee  
The Northern Trust Company

### **Opinion**

We have audited the financial statements of The Northern Trust Company Thrift-Incentive Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, as well as the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Responsibilities of Management for the Financial Statements**

The Plan's management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

## **INDEPENDENT AUDITOR'S REPORT (CONTINUED)**

### **Responsibilities of Management for the Financial Statements (continued)**

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

The Plan's management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. *Reasonable assurance* is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting in error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS:

- We exercise professional judgment and maintain professional skepticism throughout the audit.
- We identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and we design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- We obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- We evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, and we evaluate the overall presentation of the financial statements.

**INDEPENDENT AUDITOR'S REPORT (CONTINUED)**

**Auditor's Responsibilities for the Audit of the Financial Statements (continued)**

- We conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Supplemental Schedules Required by ERISA**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for the purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

THE NORTHERN TRUST COMPANY  
THRIFT-INCENTIVE PLAN

NOTES TO FINANCIAL STATEMENTS

1. **Plan Description**

The following is a brief description of The Northern Trust Company Thrift-Incentive Plan (the Plan) provided for general information purposes only. Participants should refer to the Plan Sourcebook or the Plan document for more complete information.

- (a) **General** – The Plan is a defined contribution plan, the purpose of which is to provide retirement benefits to eligible U.S.-based employees of The Northern Trust Company (the Company) and any affiliates or subsidiaries which adopt the Plan.

The Plan is sponsored by the Company and is subject to applicable provisions of the Employee Retirement Income Security Act, as amended (ERISA), and the Internal Revenue Code (the Code).

- (b) **Plan Administration** – The Plan is administered by the Employee Benefit Administrative Committee of The Northern Trust Company (the Committee). As administrator of the Plan, the Committee interprets the provisions of the Plan and decides all questions arising in the administration of the Plan. The Committee may delegate any or all of its powers under the Plan.
- (c) **Eligibility** – Employees can make contributions after receipt of their first paycheck. Participating employees are eligible for the Company match on the first day of the month following six months of vesting service.
- (d) **Vesting** – Participants are always 100% vested in their own contributions and earnings. The Company matching contributions vest 20% annually until the participant is 100% vested at the end of five years.
- (e) **Employee Contributions** – Participants may elect to contribute from 1% to a maximum of 40% (in whole percentage points) of their base salary to the Plan; provided, however, certain highly compensated participants are limited to a maximum contribution rate of 20%. These contributions may be made on a before-tax, Roth, and/or after-tax basis. During 2024 and 2023, a participant's annual before-tax and/or Roth contributions could not exceed \$23,000 and \$22,500, respectively, except in the case of additional catch-up contributions. Participants who had attained age 50 before the end of the Plan year were eligible to contribute up to an additional \$7,500 in catch-up contributions to the Plan during both 2024 and 2023.

Newly hired employees are automatically enrolled in the Plan by the time they receive their fourth paycheck unless they make an alternative election. The initial contribution rate for participants who are automatically enrolled is 6% on a before-tax basis and increases by 1% annually in April until the participant is contributing 10%. These contributions are invested

in the target-date BlackRock LifePath® Index Fund nearest to the participant's projected retirement age of 65. Participants may elect to cancel or change this automatic enrollment before it becomes effective and may also make changes at any time to the contribution rate, before-tax, Roth and/or after-tax contribution basis, and how contributions are invested. Participants can split their contributions among any of the available investment funds, including additional BlackRock LifePath® Index target-date retirement funds, in increments of 1%. The Northern Trust Stock Fund, which is an investment option within the Plan that invests primarily in shares of Northern Trust Corporation common stock, is designated as an employee stock ownership plan (ESOP). The Former ESOP Fund, which also constitutes an ESOP, is an investment option within the Plan that holds shares of Northern Trust Corporation common stock from the Northern Trust Employee Stock Ownership Plan, which was merged into the Plan effective January 1, 2005. Participants may elect to have dividends on the shares of Northern Trust Corporation stock in these Funds reinvested quarterly in Northern Trust Corporation stock or paid to the participants annually in cash. Participant contributions may be limited in certain instances so as not to exceed certain maximum amounts established by the Code and related Internal Revenue Service (IRS) regulations.

Participants may direct their own contributions and related Company contributions into any of the Plan's fund options except for the Former ESOP Fund. Participants may change their elections and transfer balances between funds at any time, subject to certain restrictions affecting the Northern Trust Stock Fund and the Former ESOP Fund in accordance with Northern Trust Corporation's Securities Transactions Policy and certain fund trading restrictions that apply to all participants.

- (f) **Employer Contributions** – The Company makes a matching contribution of \$0.50 on every \$1.00 that a participant contributes up to 6% of eligible pay. This is equal to a maximum of 3% of eligible pay and is made to contributing participant accounts each pay period.
- (g) **Benefits, Withdrawals and Forfeitures** – Upon a termination for permanent disability, death, or the attainment of age 65, a participant or beneficiary is entitled to receive the participant's entire balance in the Plan. If a participant terminates for any other reason, the unvested portion of his or her employer contribution accounts will be forfeited. These forfeitures will be used to reduce the current year's employer contributions. Forfeitures amounted to \$1,098,704 and \$887,525 for the years ended December 31, 2024 and 2023, respectively. Participants may also elect to withdraw a portion of their accounts subject to various restrictions as outlined in the Plan. Prior to the attainment of age 59-1/2, a participant's before-tax and Roth contributions may only be withdrawn for reasons of financial hardship as defined by the Code and related IRS regulations.

NOTES TO FINANCIAL STATEMENTS

- (h) **Participant Loans** – Participants may borrow against the vested portion of their Plan accounts, excluding amounts attributable to the Former ESOP Fund. Participants can borrow a minimum of \$1,000, with additional increments of \$1.00. Loans must be paid back over a maximum of five years (fifteen years for home loans) and bear a reasonable rate of interest. All loans are subject to various restrictions as outlined in the Plan. However, in no case can a participant’s entire loan balance exceed the lesser of 50% of the vested account balance or \$50,000. For certain participants, balances in the Northern Trust Stock Fund may be unavailable for loans in accordance with Northern Trust Corporation’s Securities Transactions Policy. Loan interest rates are based on the prime interest rate plus 1%. Participant loans are valued at amortized cost. A nominal administrative fee for each new loan is deducted from the borrowing participant’s Plan account.
- (i) **Plan Termination** – Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants’ accounts will become fully vested.

2. **Summary of Significant Accounting Policies**

A summary of the Plan’s significant accounting policies, consistently applied in the preparation of the accompanying financial statements, is as follows:

- (a) **Basis of Accounting** – The financial statements of the Plan are presented under the accrual method of accounting, in accordance with U.S. generally accepted accounting principles (GAAP).
- (b) **Use of Estimates** – The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Actual results could differ from those estimates.
- (c) **Valuation of Investments** – The Plan’s investments are stated at fair value. Shares of mutual and collective trust funds are valued at their net asset value (NAV) per share, as reported by the fund manager. Northern Trust Corporation common stock is valued at the closing prices reported in the active markets in which the individual securities are traded.

The Plan’s policy is to recognize transfers between fair value levels as of the actual date of the event or change in circumstance that caused the transfer. This policy is the same for both transfers into and out of the levels.

- (d) **Fully Benefit-Responsive Investment Contracts** – Fully benefit-responsive investment contracts held in a defined contribution plan are required to be measured at contract value. Contract value is a relevant measurement because it represents the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As

NOTES TO FINANCIAL STATEMENTS

of December 31, 2024 and 2023, the Plan held fully benefit-responsive investment contracts through the Stable Value Portfolio consisting of wrapper contracts (synthetic Guaranteed Investment Contracts (GICs)). The key objective of the Stable Value Portfolio is to preserve principal, maintain a stable crediting rate, and provide liquidity at contract value for participant withdrawals and transfers in accordance with the provisions of the Plan.

In a wrapper contract structure, the underlying investments are owned by the Stable Value Portfolio and held in trust for plan participants. Wrapper contracts amortize the realized and unrealized gains and losses on the underlying fixed income investments over the duration of the investments through adjustments to the future interest crediting rate. The crediting rates typically reset on a monthly or quarterly basis and are influenced by a number of factors including the prevailing market rates, generated returns and duration of the underlying investments, as well as the amount and timing of participant contributions, transfers and withdrawals.

Certain events limit the ability of the Plan to transact at contract value with the issuer. These events may include material adverse changes to the provisions of the Plan or its termination and are not probable of occurring in the foreseeable future. Examples of events that would permit a contract issuer to terminate a contract upon short notice may include the Plan's loss of its qualified status, material breaches of responsibilities, or material and adverse changes to the provisions of the Plan.

- (e) **Participant Loans** – Participant loans are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Interest from notes receivable from participants is recorded when it is earned.
- (f) **Other Liabilities** - On February 29, 2024, due to an administrative error, the Company deposited \$9,578,336 to The Northern Trust Company Master Retirement Savings Trust which is recorded in Other Liabilities on the Statements of Net Assets Available for Benefits as the Company is seeking corrective action.
- (g) **Investment Income Recognition** – Purchases and sales of securities are reflected on a trade-date basis. Dividends are recorded on the ex-dividend date. Income from investments is recorded as earned on an accrual basis. At the time investments are sold, the difference between the original cost (computed on an average cost basis) and the proceeds received is recorded as a realized gain or loss in the financial statements. The unrealized appreciation (depreciation) of investments represents the change in the market value from the beginning of the Plan year (or date the investments were purchased, if later) to the end of the Plan year (or date the investments were sold, if earlier).

NOTES TO FINANCIAL STATEMENTS

- (h) **Contributions** – Contributions from the Company are accrued based upon the funding provisions of the Plan.
- (i) **Administrative Expenses** – During 2024 and 2023, certain administrative expenses were paid by the Plan, as authorized by Plan documents and the Committee. The remaining 2024 and 2023 administrative expenses were paid by the Company.
- (j) **Payment of Benefits** – Benefit payments are recorded when paid.

3. **Investments**

The Plan follows the guidance issued under the Financial Accounting Standards Board Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements*, which defines fair value and provides a framework for measuring fair value including a hierarchy of valuation inputs based on the extent to which the inputs are observable in the marketplace. Observable inputs reflect market data obtained from sources independent of the reporting entity. Unobservable inputs reflect the entity's own assumptions about how market participants would value an asset or liability based on the best information available. Financial instruments are categorized within the hierarchy based on the lowest level input that is significant to their valuation.

Level 1 inputs are quoted, active market prices for identical assets or liabilities. The Plan's Level 1 investments at December 31, 2024 and 2023 included Northern Trust Corporation common stock and mutual funds. Common stock shares are valued at the closing price reported in the active markets in which the individual securities are traded. Share prices of each mutual fund, referred to as the fund's NAV, are calculated daily by the fund's manager based on the closing market prices and accruals of securities in the fund's total portfolio (total value of the fund) divided by the number of fund shares currently issued and outstanding. Redemptions in these funds occur by contract at the respective fund's redemption date NAV.

Level 2 inputs are observable inputs other than Level 1 prices, such as quoted active market prices for similar assets or liabilities, quoted prices for identical or similar assets in inactive markets, and model-derived valuations in which all significant inputs are observable in active markets. The Plan's Level 2 investments as of December 31, 2024 and 2023 consisted of certain collective trust funds. The NAVs of the funds are calculated on a scheduled basis using the closing market prices and accruals of securities in the funds (total value of the funds) divided by the number of fund shares currently issued and outstanding. Redemptions of the collective trust funds occur by contract at the respective fund's redemption date NAV.

Level 3 inputs are unobservable inputs for an asset or liability, including inputs from internally developed pricing models due to little or no market activity. The Plan had no Level 3 assets or liabilities at December 31, 2024 or 2023.

NOTES TO FINANCIAL STATEMENTS

4. **Related-Party Transactions**

Certain Plan investments are shares of funds managed by the Company or one of its affiliates. The Company or one of its affiliates serves as trustee, investment adviser, custodian or administrator for these funds. The Plan also holds investments in shares of Northern Trust Corporation common stock. These transactions qualify as exempt party-in-interest transactions, in accordance with ERISA. There have been no identified prohibited transactions with a party-in-interest.

5. **Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. At certain points in recent years, the impacts of higher inflation, higher interest rates, and geopolitical events have caused significant volatility in U.S. and non-U.S. markets. As a result, it is at least reasonably possible that changes in the values of investment securities could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

6. **Reconciliation of Financial Statements to Schedule H of Form 5500**

The following are reconciliations of December 31, 2024 and 2023 net assets available for benefits per the financial statements to Schedule H of Form 5500.

<b>Description</b>	<b>2024</b>	<b>2023</b>

Net Assets Available for Benefits per Schedule H of Form 5500	<u>\$ 3,325,452,837</u>	<u>\$ 2,920,709,237</u>

7. **Tax Status**

The Plan obtained its latest determination letter on January 27, 2017, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator does not have any reason to believe that the Plan is not designed or being operated in accordance with the applicable requirements of the Code.

U.S. GAAP requires the Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan's management has analyzed the tax positions taken by the Plan, and has concluded that as of

THE NORTHERN TRUST COMPANY  
THRIFT-INCENTIVE PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions for the preceding three-year period up to and including the 2021 Plan year; however, there are currently no audits for any tax periods in progress.

8. **Legal Proceedings**

In 2021, Plan participants filed a putative class action complaint, purportedly on behalf of participants and beneficiaries who participated in the Plan and invested in any of the Northern Trust Focus Target Retirement Trusts, which had previously been offered as investment options under the Plan, between June 2015 and September 2021. The complaint named as defendants The Northern Trust Company, as Plan sponsor, and the Northern Trust Employee Benefit Administrative Committee, and asserted claims under ERISA for breach of fiduciary duty, breach of co-fiduciary duty, failure to monitor, prohibited transactions, and excessive fees. In 2024, the parties reached a class-wide settlement wherein Northern Trust agreed to pay a gross settlement amount of \$6,900,000 to resolve and be fully released from all claims asserted in and/or related to the litigation. Northern Trust did not admit any wrongdoing as part of the settlement and is not required to make any changes going forward. The settlement is currently proceeding through a public court approval process, which is scheduled to be completed in 2025. The Plan was not a defendant in the litigation and as such, will not bear any costs associated with this matter.

9. **Subsequent Events**

The Plan has evaluated subsequent events through June 24, 2025, the date the financial statements were issued, and determined that no subsequent events occurred that require adjustments to, or disclosure in, the financial statements.
