## INDEPENDENT AUDITOR'S REPORT

To the Audit & Compliance Committee of Kearny Bank and the Plan Participants of the Kearny Bank Employees' Savings Plan

### **Opinion**

We have audited the accompanying financial statements of the Kearny Bank Employees' Savings Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Supplemental Schedule Required by ERISA**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

## **Kearny Bank Employees' Savings Plan**

---

Notes to Financial Statements  
December 31, 2024 and 2023

### **Note 1 – Description of the Plan**

The following brief description of the provisions of the Kearny Bank Employees' Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Agreement for more complete information.

The Plan's assets were held by Reliance Trust Company, trustee, for the period from January 1, 2023 to November 17, 2023. For the period from November 18, 2023 to December 31, 2023, and for the year ended December 31, 2024, the trustee was Empower Trust Company, LLC.

#### *Participation:*

The Plan is a voluntary defined contribution plan which covers all eligible employees who have elected to participate. All employees are eligible to participate in the Plan after performance of 250 hours of service in a consecutive three-month period and attainment of the age of 21. The participant becomes eligible the first day following the eligibility month. New Plan participants who have not made a prior election waiving their right to participation or adjusting their deferral percentage are automatically enrolled in the Plan upon their date of eligibility at a deferral rate of 6%. Contributions are allocated into a default fund unless otherwise elected by the participant. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

#### *Contributions:*

Kearny Bank ("Employer Company") has voluntarily agreed to make a matching contribution based upon the following matching schedule: 100% match on the first 1% participant deferral plus 50% on the next 5% participant deferral, for a maximum Employer Company match of 3.5%. A participant may also elect to contribute voluntarily up to 75% of his or her salary, subject to applicable limits established in the Internal Revenue Code ("Code"), which will not be matched by the Employer Company beyond the extent noted above. Compensation is defined as wages, tips and other compensation on Form W-2, excluding reimbursements or other expenses, allowances, fringe benefits (cash or non-cash), moving expenses, deferred compensation and welfare benefits.

A participant may make "catch-up" contributions, up to the maximum amount allowed by the Code, if the maximum annual amount of regular contributions is made and the participant is age 50 or older. The maximum allowable catch-up contribution for the years ended December 31, 2024 and 2023 was \$7,500.

Effective January 1, 2024, if a participant is eligible for a distribution from an account and is a current employee, the participant may elect to roll over all or a portion of the distribution to a designated Roth contribution account in the Plan (referred to as an In-Plan Roth Rollover). The participant may only roll over the distribution directly.

#### *Participant Accounts:*

Each participant's account is credited with the participant's and Employer Company's contributions, an allocation of the Plan's earnings (including appreciation or depreciation of Plan assets) and charges for administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Loan and disbursement processing fees are charged to the respective participant accounts. Other administrative expenses are allocated based on transactions made.

#### *Vesting:*

Participants are 100% vested immediately in both the participant and Employer Company contributions, including rollover contributions, and actual earnings thereon.

#### *Retirement:*

Upon termination of employment, a participant may leave his or her account with the Plan and generally defer commencement of receipt of his or her vested balance until April 1 of the calendar year following the calendar year in which he or she attains age 73, except to the extent that the vested account balance as of the date of termination is less than \$1,000, in which case the participant's interest in the Plan will be cashed out. In addition, the Plan allows for hardship distributions if certain criteria are met. Terminated participants may continue to change investment instructions with respect to their remaining account balance. Participants may also receive distributions in the form of lump-sums and/or annuities. Normal retirement age is 65.

#### *Disability:*

If a participant is disabled in accordance with the definition of disability under the Plan, he or she will be entitled to the same withdrawal rights as if terminating employment.

#### *Pre-Retirement Death:*

Upon death, the value of a participant's account will be payable to his or her beneficiary. This payment will be made pursuant to the election of the participant or the designated beneficiary.

## **Kearny Bank Employees' Savings Plan**

---

Notes to Financial Statements  
December 31, 2024 and 2023

### *Notes Receivable from Participants:*

In accordance with the Plan, the minimum amount a participant can borrow is \$1,000. The maximum amount a participant can borrow is the lesser of (i) \$50,000 or (ii) one-half (1/2) of the vested balance of the participant's account. Interest rates charged on participant loans range between 4.25% and 10.50% as of December 31, 2024, which are commensurate with the Prime Rate plus 2%, fixed for the term of the loan. Prior to October 23, 2023, interest rates charged on participant loans were calculated commensurate with the Prime Rate plus 1%, fixed for the term of the loan. Principal and interest are paid ratably through payroll deductions. Loan terms range from one to five years or greater for the purchase of a primary residence. The Plan limits the number of participant loans outstanding to an individual participant at a given time to two loans.

### **Note 2 – Summary of Significant Accounting Policies**

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

#### *Basis of Accounting:*

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

#### *Valuation of Investments and Income Recognition:*

The Plan's investments are stated at fair value. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes gains and losses on investments bought and sold as well as held during the year.

#### *Investment Fees:*

Net investment returns reflect certain fees paid by the investment funds to their affiliated investment advisors, transfer agents, and others as further described in each fund prospectus or other published documents. These fees are deducted prior to allocation of the Plan's investment earnings activity and thus are not separately identifiable as an expense.

#### *Notes Receivable from Participants:*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

#### *Payments of Benefits:*

Benefit payments are recorded when paid.

#### *Administrative Costs:*

Significant administrative costs of the Plan, other than administrative and loan fees, have been absorbed by the Employer Company. Such costs are primarily related to professional fees, such as audit or legal, and the use of Employer Company personnel to administer and account for the Plan. Such expenses are not included in these financial statements.

#### *Estimates:*

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### *Plan transfers:*

Plan transfers represent distributions from a separate qualified plan sponsored by the Employer Company, as a means to diversify investment holdings from the Kearny Bank Employee Stock Ownership Plan.

## **Kearny Bank Employees' Savings Plan**

---

Notes to Financial Statements  
December 31, 2024 and 2023

### **Note 3 – Fair Value Measurement**

The Plan measures its investments at fair value on a recurring basis in accordance with U.S. GAAP Accounting Standards Codification (“ASC”) Topic 820, *Fair Value Measurement* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements).

Fair value is defined as the price that would be received to sell an asset or the price that would be paid to transfer a liability in an orderly transaction between market participants at the measurement date. The framework that the authoritative guidance establishes for measuring fair value includes a hierarchy used to classify the inputs used in measuring fair value. The hierarchy prioritizes the inputs used in determining valuations into three levels. The level in the fair value hierarchy within which the fair value measurement falls is determined based on the lowest level input that is significant to the fair value measurement.

The three levels of the fair value hierarchy under ASC Topic 820 are described below:

- Level 1:* Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. These generally provide the most reliable evidence and are used to measure fair value whenever available.
- Level 2:* Inputs to the valuation methodology include significant inputs, other than Level 1 inputs, that are observable either directly or indirectly for substantially the full term of the asset through corroboration with observable market data. Level 2 inputs include quoted market prices in active markets for similar assets or liabilities, quoted market prices in inactive markets for identical or similar assets or liabilities, and other observable inputs. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3:* Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

*Employer Company Common stock:* Valued at the closing price reported on the active market on which the individual securities are traded.

*Mutual funds:* Valued at the unadjusted quoted market prices, which represent a daily Net Asset Value (“NAV”) of shares held by the Plan at year end. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Collective trust:* Valued by the trustee using the NAV of the collective trust times the number of units held by the Plan. The NAV is used as a practical expedient to estimate fair value and is based on the fair value of the underlying assets held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. There are no unfunded commitments related to its investments, or significant restrictions on redemptions. The Plan may redeem its investment on a daily and immediate basis.

### Note 3 – Fair Value Measurement (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes the valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain investments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Employer Company Common Stock	\$ 7,808,279	\$ —	\$ —	\$ 7,808,279
Mutual funds	48,519,080	—	—	48,519,080
Total investments at fair value	56,327,359	—	—	56,327,359
Collective trust measured at net asset value*	—	—	—	5,215,411
Total fair value investments	\$ 56,327,359	\$ —	\$ —	\$ 61,542,770

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Employer Company Common Stock	\$ 9,620,753	\$ —	\$ —	\$ 9,620,753
Mutual funds	41,828,945	—	—	41,828,945
Total investments at fair value	51,449,698	—	—	51,449,698
Collective trust measured at net asset value*	—	—	—	5,759,768
Total fair value investments	\$ 51,449,698	\$ —	\$ —	\$ 57,209,466

\*Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The NAV amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

#### Investments Measured Using NAV per Share Practical Expedient:

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2024 and 2023, respectively. There are no participant redemption restrictions for this investment; the redemption notice period is applicable only to the Plan.

Investment	Fair Value December 31, 2024	Fair Value December 31, 2023	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period

## **Kearny Bank Employees' Savings Plan**

---

Notes to Financial Statements  
December 31, 2024 and 2023

### **Note 4 – Related Party Transactions and Exempt Party-in-Interest Transactions**

The Plan holds 1,102,864 and 1,072,548 shares of Kearny Financial Corp. (“KRNY”) common stock at December 31, 2024 and 2023, respectively. The fair market value and cost of the shares held by the Plan at December 31, 2024 was \$7,808,279 and \$10,918,608, respectively. The fair market value and cost of the shares held by the Plan at December 31, 2023 was \$9,620,753 and \$11,169,674, respectively. As of December 31, 2024 and 2023, approximately 12% and 17%, respectively, of the Plan’s net assets were invested in KRNY common stock. During 2024, the Plan purchased 177,469 shares of stock at an aggregate cost of \$1,191,381 and sold 147,153 shares of stock for total proceeds of \$983,239. During 2023, the Plan purchased 138,256 shares of stock at an aggregate cost of \$1,121,853 and sold 127,627 shares of stock for total proceeds of \$1,052,538. The Plan received \$471,712 and \$461,717 in dividends on Employer Company common stock during 2024 and 2023, respectively. The Employer Company pays for fees for accounting and other administrative services. Additionally, certain employees and officers of the Employer Company, who are also participants in the Plan, perform administrative services for the Plan at no cost. Participants paid for administrative fees and loan fees to Reliance Trust Company and Pentegra Retirement Services for the period January 1, 2023 to November 17, 2023. Beginning November 18, 2023, participants paid for administrative fees and loan fees to Empower Retirement, LLC.. The Vanguard Group may invest in the common stock of KRNY via their mutual funds. Notes receivable from participants held by the Plan also reflect party-in-interest transactions, which are secured by participant’s account balances.

### **Note 5 – Plan Termination**

Although it has not expressed any intent to do so, the Employer Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Disbursements to participants would be made in accordance with the Plan Agreement and applicable ERISA regulations.

### **Note 6 – Income Tax Status**

The Plan has adopted a prototype non-standardized 401(k) profit sharing plan prepared by Pentegra Retirement Services, Inc. The prototype plan obtained its latest opinion letter dated June 30, 2020, in which the Internal Revenue Service (“IRS”) stated that the prototype plan, as then designed, complied with the applicable requirements of the Code. The Plan has been amended since receiving the letter, however, the Plan’s administrator and the Plan’s legal advisors believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, they believe that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability, or asset, if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability, or asset, or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2021.

### **Note 7 – Risks and Uncertainties**

The Plan holds investments in KRNY common stock, mutual fund shares and a collective trust whose values are exposed to various risks, such as interest rate, market and credit. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investments and the level of uncertainties related to changes in the value of investments, it is at least reasonably possible that changes in risk in the near term would materially affect investment assets reported in participant account balances and in the statements of net assets available for benefits.

As of December 31, 2024 and 2023, the Plan had investments of \$25.3 million and \$24.1 million, respectively, which were concentrated in three investments.

### **Note 8 – Subsequent Events**

The plan has evaluated subsequent events for recognition or disclosure through June 20, 2025, the date the financial statements were available to be issued.

The secure 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management continues evaluating the impact of the implementation of this legislation on the plan.
