Terra Millennium Corporation 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Terra Millennium Corporation 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021 and the period from November 1, 2020 through December 31, 2020, and the related notes to financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Terra Millennium Corporation 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021 and the period from November 1, 2020 through December 31, 2020, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of Terra Millennium Corporation 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental Schedules of Assets (Held at End of Year) as of December 31, 2021 and 2020, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the October 31, 2020 financial statement. Accordingly, we do not express an opinion on the October 31, 2020 financial statement.

Notes to Financial Statements

1. Description of the Plan

The following description of the Terra Millennium Corporation 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document and summary plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution savings plan covering all eligible employees of Terra Millennium Corporation and its subsidiaries (the Plan Sponsor, Company, or Employer) as defined in the Plan document. Effective November 1, 2017, hourly and non-hourly employees age 18 and older may enroll in the Plan starting on the first day of the next month after one year of service during which 1,000 hours of service was rendered. The Plan does not cover leased employees, reclassified employees, certain non-resident aliens, and those employees governed by a collective bargaining agreement. The Plan became effective November 1, 1997 and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan has arranged for Reliance Trust Company under MassMutual and Great-West Life & Annuity Insurance Company and the Great-West Trust Company, LLC (the trustees of the Plan) to serve as both trustee and custodian, and MassMutual and Great-West Trust Company, LLC, to provide record keeping services for the Plan.

Contributions

Participants may contribute up to 100% of their pre-tax or post-tax compensation as defined by the Plan, subject to the maximum amount allowable under the Internal Revenue Code (IRC) of \$20,500 for the year ended December 31, 2021. Participants who attained age 50 before the end of the Plan year were eligible to make catch-up contributions of \$6,500 for 2021. Under the provisions of the Plan effective November 1, 2017, the Company makes a safe harbor matching contribution equal to 100% of participants' elective deferrals but not exceeding 4% of the participant's compensation. The Company may also make a nonelective discretionary contribution. The Company did not make any nonelective discretionary contributions during the year ended December 31, 2021 or the period from November 1, 2020 through December 31, 2020.

Participant Accounts

Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contributions, and an allocation of Company contributions and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined. Participants may direct the investment of their account balance into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, the safe harbor matching contributions, and actual earnings thereon. Participants become vested in the Company's nonelective discretionary contributions based on years of service and vest 100% after six (6) years of credited service according to the schedule below.

Years of Service	Vested Percentage
Less than 2	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Nonelective discretionary contributions also become 100% vested when the participant reaches normal retirement age (60), when the participant incurs a disability as defined by the Plan, or upon the participant's death.

Notes Receivable from Participants

Effective November 1, 2017, a participant may borrow from his or her account up to an amount equal to the lesser of \$50,000 or 50% of his or her account balance, with a minimum loan amount of \$1,000. Loans are repayable over a period not to exceed five years, except for the purchase of a principal residence. Participant loans are collateralized by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates as determined periodically by the Plan Administrators. Interest repayments on notes receivable from participants are credited to the borrowing participant's account. Principal and interest are paid ratably through payroll deductions. The interest rate on outstanding notes receivable from participants as of December 31, 2021 and 2020 ranged from 4.25% to 6.50%, and maturities ranged through 2033.

Administrative Expenses

Expenses related to administrative, investment advisory services, and management fees are paid by the Plan. During the year ended December 31, 2021 and the period from November 1, 2020 through December 31, 2020, \$156,789 and \$19,725 of administrative expenses were paid by the Plan, respectively. Expenses related to maintenance of participant accounts and Plan administration are paid by the Company.

Payment of Benefits

Distributions and withdrawals are payable upon retirement, termination, disability, or death. If a participant's account balance is equal to or less than \$5,000, the balance is distributed as soon as administratively feasible in a lump-sum cash payment. Balances between \$1,000 and \$5,000 must be rolled over to an individual retirement plan designated by the administrator if the participant has not requested a distribution. If the account balance is over \$5,000, the participant can consent to either a distribution paid in the form of a lump-sum cash payment, a direct rollover into another qualified plan, installments over a period not longer than life expectancy, or postpone payment to a later date and remain in the Plan as described in the Plan document.

Forfeited Accounts

Forfeitures of non-vested participant account balances may be used to pay Plan administrative expenses or reduce future Employer contributions. As of December 31, 2021 and 2020, and October 31, 2020, forfeited non-vested account balances totaled \$30,056, \$289,500, and \$232,386, respectively. During the year ended December 31, 2021 and the period from November 1, 2020 through December 31, 2020, \$340,557 and \$0 was used to reduce employer contributions and \$69,239 and \$40 was used to pay administrative fees, respectively. During the year ended December 31, 2021 and the period from November 1, 2020 through December 31, 2020, amounts forfeited by participants totaled \$78,645 and \$56,433, respectively, and investment gains were \$71,707 and \$721, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides for investments in securities that are exposed to various risks, such as interest rate, currency exchange rate, credit and overall market fluctuation. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

Investments are stated at fair value or contract value, as applicable. Quoted market prices are used to determine the fair value of shares of the Plan's mutual funds, which represent the net asset value of shares held by the Plan at year-end. Investments in units of collective investment trusts and general investment accounts are valued based on net asset value (NAV) as a practical expedient, which is based on the aggregate NAV of the account in relation to the total number of units outstanding.

The guaranteed investment contract (GIC) is a traditional investment contract that is a fully benefit-responsive insurance contract and is valued at contract value. The fully benefit-responsive GIC is recorded at contract value, which is calculated as contributions plus earnings, less participant withdrawals and administrative expenses, which charges are contractually defined. The GIC is a contract between the issuer and the Plan and is designed to provide participants with preservation of capital plus competitive intermediate-term returns.

Net appreciation (depreciation) in fair value of investments includes realized and unrealized gains or losses on investments and is recognized in income currently. Amounts invested may earn interest and dividends, which in turn are reinvested. Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable

Notes receivable from participants are stated at the unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. Defaulted notes receivable are recognized as a distribution when the participant has a distributable event.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan Administrators have evaluated events occurring subsequent to year end through October 11, 2022, which is the date the financial statements were available to be issued.

3. Fair Value Measurements

Fair value is based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In order to increase consistency and comparability in fair value measurements, the fair value hierarchy prioritizes observable and unobservable inputs used to measure fair value into three broad levels. These levels, in order of highest priority to lowest priority, are described as follows:

- Level 1 Quoted prices (unadjusted) in active markets that are accessible at the measurement date for assets or liabilities.
- Level 2 Observable prices other than Level 1 that are based on inputs quoted in less active markets or other observable inputs that can be corroborated by observable market data; and
- Level 3 Unobservable inputs supported by little or no market data for financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

The following tables summarize the fair values of the Plan's investments and the levels of inputs under which those investments were valued as of December 31, 2021 and 2020 and October 31, 2020:

Investments at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 38,403,597	\$ -	\$ -	\$ 38,403,597
Collective investment trusts - at NAV practical expedient*				29,938,372
General investment accounts - at NAV practical expedient*				5,208,815
Guaranteed investment contract - at contract value*				12
Total				\$ 73,550,796
Investments at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 36,481,461	\$ -	\$ -	\$ 36,481,461
Collective investment trusts - at NAV practical expedient*				25,331,680
Guaranteed investment contract - at contract value*				8,962,107
Total				\$ 70,775,248
Investments at Fair Value as of October 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 31,599,754	\$ -	\$ -	\$ 31,599,754
Collective investment trusts - at NAV practical expedient*				22,103,395
Guaranteed investment contract - at contract value*				8,847,531
Total				\$ 62,550,680

**The values for collective investment trusts, general investment accounts, and the guaranteed investment contract are provided above to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.*

The fair value methods used by the Plan may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following tables summarize investments measured at NAV as a practical expedient as of:

December 31, 2021	Fair value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective investment trusts	\$ 29,938,372	-	Daily	Daily
General investment accounts	\$ 5,208,815	-	Daily	Daily
December 31, 2020	Fair value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective investment trusts	\$ 25,331,680	-	Daily	Daily
October 31, 2020	Fair value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective investment trusts	\$ 22,103,395	-	Daily	Daily

4. Fully Benefit-Responsive Guaranteed Investment Contract

MassMutual Blended Stable Value Fund

The MassMutual Blended Stable Value Fund is a fully benefit-responsive guaranteed investment contract issued by Massachusetts Mutual Life Insurance Company (MassMutual). The contract guarantees a specified rate of return to the participants in the Plan. The guaranteed rate is reset on a quarterly basis and is never allowed to be set below a guaranteed minimum interest rate established by the contract. The assets under the contract are backed by the general assets of MassMutual, and accordingly the contract is considered to be a traditional guaranteed investment contract.

By definition, the MassMutual Blended Stable Value Fund is a group annuity contract. The Plan may transact at contract value, according to the terms defined in the contract, at any time.

Certain events limit the ability of the Plan to transact at contract value with the issuer of the contract. Such events include participant-initiated withdrawals or transfer requests directly or indirectly arising out of corporate acts such as spin-offs, divestitures, corporate relocations, layoffs, retirement incentive programs, partial or total Plan terminations, or the liberalization of Plan withdrawal or transfer rules. The Plan Administrator does not believe that the occurrence of any event, which would limit the Plan's ability to transact at contract value with participants, is probable.

If the Plan Sponsor terminates the contract, MassMutual will pay out the value of that Plan's interest in the contract, subject to a surrender charge. Termination of the Plan's interest is made pursuant to the Plan Sponsor's request. The contract with MassMutual terminates on the date when 1) no guaranteed investment balances have been established that are accepting deposits and 2) there are no guaranteed investment balances with a value greater than zero under the contract. Provisions relating to annuities in the course of payment will continue to govern payment of such annuities until the final payment under each such annuity is made.

5. Federal Income Tax Status

The Plan is designed to constitute a qualified plan under Section 401(a) and Section 401(k) of the IRC and is, therefore, considered to be exempt from federal income taxes. The Plan has obtained a favorable opinion letter from the Internal Revenue Service dated March 31, 2014, stating that the Plan is qualified under the appropriate sections of the IRC. The Plan Sponsor believes that the Plan continues to operate in accordance with the requirements to qualify for tax-exempt status. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by taxing authorities. The Plan's management analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions for tax years for which the applicable statutes of limitations have not expired; however, there are currently no audits for any tax periods in progress.

6. Information Certified by the Trustees

The Plan Administrators have elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under that election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Reliance Trust Company under MassMutual and Great-West Life & Annuity Insurance Company and the Great-West Trust Company, LLC, the trustees of the Plan, except for comparing such information certified by the trustees to information included in the Plan's financial statements and supplemental schedules:

- All investment assets held by the Plan
- Notes receivable from participants
- The recording of transactions related to all investment assets and notes receivable from participants, including related earnings (losses) and interest and dividends.

7. Exempt Party in Interest Transactions

Certain investments of the Plan are managed by MassMutual and the Great-West Trust Company, LLC, affiliates of the Trustees and/or Plan. These transactions qualify as exempt party-in-interest transactions. The notes receivable from participants are also exempt party-in-interest transactions.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the statements of net assets available for benefits as of December 31, 2021 and 2020, and October 31, 2020, to Form 5500:
