## Independent Auditor's Report

---

To the Participants and Plan Administrator of  
Eastern Bank 401(k) Plan

### ***Opinion***

We have audited the financial statements of Eastern Bank 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Supplemental Schedule Required by ERISA***

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

## Notes to Financial Statements

As of December 31, 2024 and 2023 and for the Year Ended December 31, 2024

### 1. DESCRIPTION OF THE PLAN

The following brief description of the Eastern Bank 401(k) Plan (“the Plan”) provides only general information. Participants in the Plan should refer to the Summary Plan Description to the Plan (“Summary Plan Description”) for complete information, which is available to all employees of Eastern (as defined below) by filing a request with the Plan’s administrator at 195 Market Street, EP5-02, Lynn, Massachusetts 01901.

#### ***General***

The Plan is a defined contribution plan covering substantially all employees of Eastern Bankshares, Inc., including its subsidiaries (collectively, “Eastern” or the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

All assets acquired under this Plan as a result of participant and Company contributions, income and other additions will be administered, distributed, forfeited and otherwise governed by the provisions of this Plan. The Plan is administered by the Company for the exclusive benefit of participants in the Plan and their beneficiaries. The Plan assets are invested in various investment options offered by the Plan.

#### ***Eligibility***

To become eligible for participation, an employee must have reached 21 years of age and have completed 90 days of service. Participants become eligible for purposes of employer safe harbor nonelective contributions after completing one year of service and having attained age 21. An eligible employee who satisfies these requirements is entitled to participate commencing in the next payroll period. Part time, temporary or seasonal employees scheduled to work less than 1,000 hours per year are also eligible, but only if they complete a year of “eligibility service,” which is a full 12-month period following an employment date (or an anniversary of that date) in which 1,000 paid hours is credited.

In addition, and regardless of work schedule or whether they are making elective deferrals in the Plan, employees who are both age 21 and have one year of eligibility service (as defined above), will be entitled to share in a “safe harbor non-elective contribution” commencing on the first payroll period after satisfying these eligibility requirements.

#### ***Contributions***

Each year, participants may contribute to the Plan a percentage of their annual eligible compensation, on a pre-tax or after-tax Roth basis, as defined in the Plan, from 1% up to 75% of eligible compensation subject to the Internal Revenue Code (“IRC”) limitations and have the amount contributed to the Plan on their behalf. Participants who have attained age 50 before the end of the plan year are also eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes a safe harbor non-elective contribution equal to 3% of each participant’s eligible compensation. Company contributions are subject to certain Internal Revenue Service (IRS) compensation limitations.

The Plan provides for automatic enrollment for all new and rehired employees. Upon automatic enrollment, new hire contributions are invested as a pre-tax 401(k) deferral in the retirement age applicable Vanguard Target Retirement Date fund as a qualified default investment alternative pursuant to U.S. Department of Labor regulations, unless another investment option is chosen by the participant. Contributions for automatically enrolled rehired employees are invested according to their most recent investment elections on record with the Plan administrator or as a pre-tax 401(k) deferral in the applicable Vanguard Target Retirement Date fund if there are no elections on record. The amount withheld with respect to automatic deferrals is equal to 3% of eligible compensation. These employees may elect to waive deferral or change their percentage. In addition, if an employee is automatically enrolled but did not wish to be, the employee can elect to receive a refund of their deferrals within 90 days of the payroll in which deferrals began.

#### ***Participant Accounts***

Each participant’s account is credited with the participant’s contribution, the Company’s contribution and an allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on the participant’s earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

## Notes to Financial Statements (Continued)

### ***Vesting***

Participants are vested immediately in their elective deferral contributions and Eastern's contributions, plus actual earnings thereon.

### ***Notes Receivable from Participants***

Participants may borrow from their Plan accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Notes are required to be repaid within five years unless the note is to be used for the purchase of a primary residence in which case the note may be repaid within a period of no more than ten years. Participants may have up to two loans outstanding at any time. The notes are secured by the balance in the participant's Plan account and bear interest at a rate ranging from 4.25% to 9.50%. The note interest rate is set at the prime rate as published by *The Wall Street Journal* plus 1%. Principal and interest is paid ratably through payroll deductions.

On July 12, 2024, Eastern completed its acquisition of Cambridge Bancorp ("Cambridge"). Former Cambridge employees who were participants in Cambridge's 401(k) plan and were retained subsequent to the acquisition were permitted to transfer any outstanding note receivable balances to the Plan so long as they elected to rollover their entire plan balance to the Plan. Consequently, the amount of notes receivable from participants transferred to the Plan during the year ended December 31, 2024 was \$313,296.

### ***Payment of Benefits***

Upon termination of service, retirement, disability or death, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her Plan account in a lump-sum amount, installment payments or partial payments. In-service withdrawals from the participant's account are available upon reaching age 59.5. A participant may withdraw from their rollover account at any time. Hardship withdrawals are available from the participant's elective deferral account, excluding earnings thereon, in order to meet a participant's immediate and heavy financial need.

## **2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

### ***Basis of Accounting***

The financial statements of the Plan are prepared on the accrual basis of accounting.

### ***Use of Estimates***

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

### ***Investment Valuation and Income Recognition***

Investments are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by its investment managers and custodians.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### ***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged against participant accounts when incurred. Delinquent notes receivable from participants, if applicable, are reclassified as distributions based upon the terms of the Plan document.

## Notes to Financial Statements (Continued)

### **Contributions**

Contributions from Plan participants and the safe harbor contributions from the Company are recorded in the year in which the participant compensation is earned.

### **Payment of Benefits**

Benefit payments to participants are recorded when paid.

### **Administrative Expenses**

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the benefits paid to participants and processing of loans are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

## **3. FAIR VALUE MEASUREMENTS**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in these methodologies used at December 31, 2024 and 2023.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Eastern Bankshares, Inc. common stock:* Valued at the closing price reported on the Nasdaq Global Select Market on the last business day of the Plan year.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

## Notes to Financial Statements (Continued)

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total

Total investments at fair value	\$ 321,607,091	\$ —	\$ —	\$ 321,607,091

#### 4. TAX STATUS

The Plan adopted the Great-West Trust Company Defined Contribution Prototype Plan which received an opinion letter from the IRS dated March 31, 2014. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is tax-qualified under IRC Section 401(a), and the related trust is tax-exempt under provisions of Section 501(a) of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or the U.S. Department of Labor ("DOL"). The Plan's administrator, Eastern Bank, has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, as of the date of this filing, there are no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to examinations for years prior to December 31, 2021.

#### 5. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

#### 6. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

At December 31, 2024 and 2023, the Plan held 2,754,198 and 3,314,410 shares, respectively, of Eastern Bankshares, Inc.'s common stock with a fair value of \$47,509,917 and \$47,064,621, respectively.

Notes receivable from participants also qualify as party-in-interest transactions. At December 31, 2024 and December 31, 2023, the Plan had \$4,847,656 and \$5,326,285, respectively, in notes receivable from participants.

**Notes to Financial Statements (Continued)**

**7. PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will remain 100% vested in their accounts.

**8. SUBSEQUENT EVENTS**

The Plan has evaluated events subsequent to December 31, 2024, and through June 23, 2025, the date these financial statements were available to be issued, and has determined there are no material subsequent events requiring adjustment to or disclosure in the financial statements.
