## Independent Auditor's Report

The Board of Directors  
Alscott, Inc. 401(K) Retirement Plan  
Boise, Idaho

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Alscott, Inc. 401(K) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Alscott, Inc. 401(K) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Alscott, Inc. 401(K) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Alscott, Inc. 401(K) Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Alscott, Inc. 401(K) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Alscott, Inc. 401(K) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter – Supplemental Schedule Required by ERISA**

The supplemental schedule H, line 4i-schedule of assets held at end of year as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Note 1 - Description of Plan**

The following brief description of the Alscott, Inc. 401(K) Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

### **General**

The Plan is a defined contribution plan established on January 1, 1994, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Alscott, Inc. is the Plan Administrator and Sponsor. Reliance Trust Company serves as trustee of the Plan. T Rowe Price Services, Inc. is the third-party record keeper for the Plan.

Employees of Alscott, Inc. as well as J.B. Scott, Shore Lodge Whitetail, LLC, Hops Ops LLC, Alscott Antone Ranch, LLC, and 2A Armament, LLC which are participating employers under a controlled group, are covered under the Plan.

During 2023, 2A Armament, LLC, ceased operations and as such the Plan was amended effective January 1, 2024, to remove 2A Armament, LLC, as a participating employer. All account balances for 2A Armament, LLC participants prior to 2A Armament, LLC, ceasing operations were fully vested.

Effective January 1, 2024, the Plan was amended to comply with recent legislative and regulatory changes.

### **Eligibility**

Employees are eligible to participate in the Plan following the completion of six months of consecutive service during which 750 hours of service are completed with the Sponsor, or related participating employers, provided they have attained the age of 18. If an employee does not attain eligibility during the initial six months of employment, the employee may attain eligibility after being employed for a consecutive 12-month period during which the employee has 1,000 or more hours of service.

Employees who have not attained the service requirements above are considered long-term, part-time employees if they have attained the age of 18 and have completed at least 500 hours of service per year for three consecutive years. Effective January 1, 2024, long-term, part-time employees are eligible to participate in the plan.

### **Entry Date**

Employees may enter the Plan on the first day of the month following the date they satisfy the Plan's eligibility requirements. Long-term, part-time employees may enter the Plan on the first day of January or July following or coinciding with the date they satisfy the Plan's eligibility requirements.

**Employee Contributions**

Participants may elect to defer any percentage or dollar amount as outlined by the Plan, up to the maximum deferrable amount allowed by the Internal Revenue Service. A participant may elect to have all or a portion of any cash bonus deferred as an elective contribution and may modify salary reduction contributions at any time during the Plan year and will become effective as soon as administratively feasible. The Plan allows participants to designate contributions as either regular or Roth 401(k) contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing lump-sum distributions from other qualified defined benefit or contribution plans (rollovers). If a vested or terminated participant again becomes an eligible employee after having incurred a break in service, the employee shall become an active participant immediately upon reemployment.

**Employer Contributions**

The Sponsor provides a safe harbor matching contribution equal to 100% of each participant's elective deferral up to 3% of eligible compensation, plus 50% of each participant's elective deferral above 3%, but not exceeding 5% of eligible compensation. The Sponsor may also make non-elective contributions at its discretion each year; however, no such contributions were made in 2024.

**Notes Receivable from Participants**

Participants may borrow from their fund accounts, a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The notes are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions over a period not to exceed five years, unless the proceeds of the note were used to acquire the participant's residence. A participant may have no more than two outstanding loans at any one time.

**Participant Accounts**

Each participant's account is credited on an ongoing basis with (a) the participant's contribution, (b) the Sponsor's matching contribution, and (c) Plan investment income and realized and unrealized gains or losses. The Sponsor's matching contribution is allocated based upon participant contributions. Earnings are allocated based upon individual account balances.

**Investment Options**

Upon enrollment in the Plan, a participant may direct employee and employer contributions in any of the funds offered by the Plan. Participants may change their investment options daily.

**Vesting**

Participants are vested immediately in their accounts attributed to elective deferrals, rollover contributions, Sponsor-provided safe harbor contributions, and actual earnings thereon.

### **Payment of Benefits**

Upon termination of service due to death, disability or retirement, a participant (or beneficiary) may elect to receive either a lump-sum cash payment or any form of distribution at the discretion of the participant (or beneficiary). For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. A terminated employee with a balance of less than \$5,000 may have the balance automatically rolled over into an IRA by the Plan upon termination. Distributions may be made at the participant's election prior to termination upon attainment of age 59 ½ or hardship as defined in the Plan document.

### **Plan Termination**

Although the Sponsor has expressed no intent to do so, the Plan gives the Sponsor the right to discontinue its contributions at any time and to terminate the Plan, subject to the provisions set forth in ERISA.

## **Note 2 - Significant Accounting Policies**

### **Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting.

### **Use of Estimates**

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

### **Investment Valuation and Income Recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

The classification of investment earnings reported in the statement of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

**Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when incurred. Delinquent notes receivable are recorded as distributions based upon the terms of the Plan document.

**Payments of Benefits**

Benefits payments to participants are recorded upon distribution. There were no amounts allocated to the accounts of participants who have elected to withdraw from the Plan but have not been paid as of December 31, 2024 and 2023.

**Expenses**

All significant Plan expenses are paid by the Plan's Sponsor and are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan (e.g., loan origination fees) that are paid by the Plan from participant assets are recorded as deductions in the accompanying statement of changes in net asset available for benefits. In addition, certain investment related expenses are included in net appreciation in fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

**Note 3 - Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds (including money market mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments, which are the only assets recorded at fair value as of December 31, 2024 and 2023:

	2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 14,646,973	\$ -	\$ -	\$ 14,646,973
Money market mutual fund	1,426,492	-	-	1,426,492
Investments at fair value	\$ 16,073,465	\$ -	\$ -	\$ 16,073,465
	2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 13,098,864	\$ -	\$ -	\$ 13,098,864
Money market mutual fund	1,349,099	-	-	1,349,099
Investments at fair value	\$ 14,447,963	\$ -	\$ -	\$ 14,447,963

**Note 4 - Certified Information**

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplementary information, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust Company (the trustee of the Plan).

**Note 5 - Tax Status**

The Plan uses a pre-approved plan document sponsored by DST Retirement Solutions LLC, which received an opinion letter from the Internal Revenue Service (IRS), dated June 30, 2020, stating that the pre-approved document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**Note 6 - Related Party and Party-in-Interest Transactions**

Certain Plan investments consist of mutual funds managed by T. Rowe Price Services, Inc., which is the third-party record keeper as defined by the Plan. Fees for investment related expenses are included in net appreciation in fair value of investments. These transactions are exempt party-in-interest transactions under ERISA.

**Note 7 - Risks and Uncertainties**

The Plan utilizes various investment instruments. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or global conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

**Note 8 - Reconciliation of Financial Statements to Form 5500**

There are no reconciling items for the benefits paid to participants per the financial statements for the years ended December 31, 2024 and 2023, to the Schedule H of the Form 5500.

**Note 9 - Subsequent Events**

The Plan Sponsor has evaluated subsequent events through June 25, 2025, the date which the financial statements were available to be issued.
