Independent Auditors' Report

To the Plan Administrator and Participants
Home BancShares, Inc. 401(k) and Employee Stock Ownership Plan
Conway, Arkansas

Opinion on the 2024 Financial Statements

We have audited the accompanying financial statements of the Home BancShares, Inc. 401(k) and Employee Stock Ownership Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2024, and the related statements of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024, and the changes in net assets available for benefits for the year then ended, and are in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Responsibilities of Management for the 2024 Financial Statements (cont.)

Management is responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2024 Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2024 Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

2023 Financial Statements

The financial statements of the Home BancShares, Inc. 401(k) and Employee Stock Ownership Plan as of December 31, 2023, were audited by other auditors whose report dated May 31, 2024, expressed an unmodified opinion on those statements.

**Home BancShares, Inc. 401(k) and Employee Stock Ownership Plan
Notes to Financial Statements
December 31, 2024**

1. Description of the Plan

The following description of the Home BancShares, Inc. 401(k) and Employee Stock Ownership Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution employee stock ownership plan which covers substantially all employees of Home BancShares, Inc. (the “Company”, “Plan Sponsor”, or “Employer”) and its subsidiary, who have attained age 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Contributions

Each year participants may contribute a portion of their annual compensation, as defined by the Plan and subject to Internal Revenue Service (the “IRS”) limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (“rollovers”). Participants are eligible to receive discretionary matching contributions upon meeting eligibility requirements to participate in the Plan. During the year ended December 31, 2024, participants received a match of 50% of the first 6% of their deferrals, in the amount of \$3,471,518. Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

The Employer may also make a discretionary contribution on a pro rata basis for all eligible participants. The Employer did not make a discretionary contribution for 2024. Participants are eligible to share in the allocation of employer contributions, if during the year the participant has been credited with at least 1,000 hours of service and is employed on the last day of the year, (unless termination of employment was a result of retirement, disability, or death).

Participants direct their contributions and employer contributions into various investment options offered by the Plan. One of the investment options is the Employer’s common stock.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and allocations of (a) the Employer’s contribution and (b) Plan earnings and losses, and charged with any benefit payments and administrative expenses, for which they are directly responsible. Plan earnings and losses are allocated based on participant account balances, as defined by the Plan. A participant is entitled to the benefit that can be provided from the individual participant’s vested account.

Payment of Benefits

Upon retirement, disability, death, or termination of employment, the total vested value of a participant’s account that exceeds \$7,000 is distributed to the participant or his or her beneficiary, as applicable, in a lump sum of cash unless the participant or the beneficiary elects certain other forms of distribution available under the Plan. If the vested value of a participant’s account is less than \$1,000, the total vested balance is distributed as an automatic lump sum payment in cash. For participant accounts greater than \$1,000 but not more than \$7,000, the vested value of the participant’s account may be rolled into an individual retirement account on behalf of the participant or distributed to the participant or his or her beneficiary, as applicable, in cash. Additionally, a participant may request certain in-service withdrawals, including hardship withdrawals, of all or a portion of his or her vested account balance at any time, subject to certain restrictions and limitations, as defined by the Plan document.

Notes Receivable from Participants

Participants may borrow, from their fund accounts, a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. A participant may have no more than two loans outstanding at a time. The notes receivable from participants are secured by the balance in the participant’s account and bear a reasonable rate of interest as defined by the Plan. Interest rates on all outstanding loans range from 5.00% to 10.50%. Principal and interest payments occur ratably through regular payroll deductions over a period not to exceed five years, unless the notes receivable were used to purchase a primary residence in which case the note receivable terms may exceed five years.

Vesting

Participants are always fully vested in their contributions plus actual earnings thereon. Employer contributions become fully vested after a participant has completed his or her fifth year of service based on a graduated vesting schedule as follows:

<u>Years of Service</u>	<u>Employer Contributions Vested Percentage</u>
Less than 1	0 %
2	25 %
3	50 %
4	75 %
5	100 %

Administrative Expenses

Processing fees of the Plan are charged against the individual participant account balance that was responsible for the expense. Administrative expenses are paid by the Plan or may be paid by the Employer at the Employer’s discretion. Administrative expenses paid by the Plan may be allocated to participants on a Pro Rata or Per Capita basis, at the Plan Administrator’s discretion.

Forfeitures

Forfeitures of matching contributions are available to be reallocated as an offset to future discretionary matching contributions. Forfeitures of profit-sharing contributions are available to be reallocated as additional profit-sharing contributions. Unallocated forfeitures were \$0 and \$2,355 at December 31, 2024 and 2023, respectively. During 2024, forfeitures of approximately \$296,000 were used to offset employer contributions.

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, all participants would become fully vested in the Employer’s matching portion of their account. Employee contributions and their related earnings are always 100% vested.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements were prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

Payment of Benefits

Benefit payments are recorded when paid.

Valuation of Investments and Income (Loss) Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation/depreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes Receivable

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Excess Contribution Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding increase in distributions. The Plan distributed the 2024 excess contributions to the applicable participants prior to March 15th of the subsequent year.

Use of Estimates

In preparing financial statements in conformity with GAAP, management of the Plan is required to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. Fair Value Measurements

FASB ASC 820, *Fair Value Measurement*, defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. FASB ASC 820 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following describes the valuation methodologies used for assets measured at fair value:

- *Mutual Funds and Money Market Fund*: Valued at the daily closing price as reported by the fund. Mutual funds and money market fund held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds and money market fund held by the Plan are deemed to be actively traded.
- *Home BancShares, Inc. common stock*: Valued at the closing price reported on the New York Stock Exchange (NYSE).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Income Tax Status

The individualized plan, adopted by the Employer, obtained its latest favorable determination letter on January 14, 2020, in which the IRS has stated that the Plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since the applicable date of the favorable determination letter. Nevertheless, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax jurisdictions; however, there are currently no audits for any tax periods in progress.

5. Risks and Uncertainties

The Plan primarily invests in various investment securities which are exposed to various risks, such as market and credit risk. Due to the level of risk associated with such investment securities and the level of uncertainty related to changes in the value of such investments, it is at least reasonably possible that changes in risk in the near term could materially affect the participants' account balances and the amount reported in the statements of net assets available for benefits.

6. Related-Party and Party-in-Interest Transactions

Centennial Bank's Trust Department, the trustee of the Plan, is an affiliate of the Plan Sponsor. All transactions in Home BancShares, Inc. common stock qualify as party-in-interest transactions because the Company is the plan sponsor. Notes receivable from participants are also defined by ERISA as party-in-interest transactions. For the years ended December 31, 2024 and 2023, dividends of \$890,922 and \$931,411, respectively, were received by the Plan from the Company. The Plan held 1,120,278 and 1,267,146 shares valued at \$31,704,224 and \$32,225,053 December 31, 2024 and 2023, respectively.

7. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	December 31,	
	2024	2023
Net assets available for benefits per financial statements	\$ 150,092,951	\$ 127,191,579
Excess contribution payable	231,975	219,039
Net assets available for benefits per the Form 5500	<u>\$ 150,324,926</u>	<u>\$ 127,410,618</u>

[Table of Contents](#)

The following is a reconciliation of net increase per the financial statements for the year ended December 31, 2024 to Form 5500:

	December 31, 2024
Net increase per financial statements	\$ 22,901,372
Excess contribution payable at December 31, 2024	231,975
Excess contribution payable at December 31, 2023	(219,039)
Net increase per Form 5500	<u>\$ 22,914,308</u>

8. Concentrations

The Plan invests in various investment securities. Home BancShares, Inc. common stock represented approximately 21.4% and 25.7% of the total investments at December 31, 2024 and 2023, respectively.

9. Subsequent Events

The Plan has evaluated, for consideration of recognition or disclosure, subsequent events that have occurred through the date of issuance, June 6, 2025, and has determined that no significant events have occurred after December 31, 2024, but prior to issuance of these financial statements.
