INDEPENDENT AUDITORS' REPORT

To the Plan Administrator, Participants and Beneficiaries
of the b1BANK Employee Retirement Plan and Trust

Opinion

We have audited the financial statements of the b1BANK Employee Retirement Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material mistake when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

Note 1 – Description of Plan –

The following brief description of b1BANK Employee Retirement Plan and Trust (the “Plan” or “Plan Sponsor”) provides only general information. Participants should refer to the plan agreement for more complete information.

Description of Plan

The Plan is a defined contribution plan which covers all eligible employees of b1BANK (the “Bank”) who are at least 21 years of age and meet the service requirements as defined in the Plan. The Plan includes an automatic enrollment and deferral provision in which, upon meeting the eligibility requirements, an employee is automatically enrolled in the Plan to defer 4% of compensation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

On January 31, 2024, Business First Bancshares, Inc., parent bank holding company of b1BANK, the plan sponsor, completed the acquisition of Waterstone, headquartered in Katy, Texas. Effective May 14, 2024, \$1,156,637 of plan assets, including \$45,430 of participant loans, from Waterstone's retirement plan were transferred to and merged into the Plan.

Management and the Employee Retirement and Trust Committee of b1BANK oversee governance of the Plan, determine the appropriateness of the Plan's investment offerings, and monitor investment performance.

Contributions

Participants may contribute an amount equal to a percentage of their compensation earned during the plan year not to exceed the limits imposed by Section 401(k) of the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Bank will make a safe harbor matching contribution to participants of the Plan equal to 100% of the participant's elective deferral that does not exceed 4% of the participant's compensation. The Bank may also make discretionary matching and profit-sharing contributions to all eligible participants of the Plan. For the year ended December 31, 2024, the Bank made safe harbor matching contributions which totaled \$2,663,353. No discretionary matching or profit-sharing contributions were made for the year ended December 31, 2024.

Participant Accounts

Each participant's account is charged or credited with the participant's contribution and the allocation of the Bank's contribution, the Plan's investment earnings or losses and charged with certain Plan administrative expenses. Allocations are based upon participant earnings or account balances, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon and in the Bank's safe harbor matching contributions. Additionally, for plans combined as the result of an acquisition by the Bank, participants who transfer contributions into the Plan retain the vesting schedule of their prior plan.

b1BANK EMPLOYEE RETIREMENT PLAN AND TRUST

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000, or 50%, of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account. The loan interest rate is determined at two percent above the prime rate, as defined by the loan policy. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon retirement or termination of service, participants are entitled to receive a lump sum payment equal to the value of their vested account balance. Benefits are recorded when paid.

Forfeited Accounts

At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$3,213 and \$22,150, respectively, and are included in Investments, at Contract Value in the Statements of Net Assets. These accounts may be used to reduce employer contributions or to pay plan expenses. During the year ended December 31, 2024, the forfeited non-vested accounts of \$20,247 were used to pay plan expenses.

Revenue Sharing

At December 31, 2024 and 2023 there were \$21,060 and \$10,611 of revenue sharing account balances available, respectively. For the year ended December 31, 2024, \$6,087 was earned to pay future plan expenses. Revenue sharing accounts are used to pay plan expenses or are reallocated to participant's accounts.

Note 2 – Summary of Accounting Policies –

Basis of Accounting

The financial statements of the Plan are prepared in accordance with the accrual basis of accounting. At December 31, 2024 and 2023, all assets of the Plan are participant directed.

Investment Contracts Valuation and Income Recognition

Investments are reported at fair value, except fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management of the Plan sponsor determines the Plan's valuation policies utilizing information provided by the Plan custodian. See Note 5 for discussion of fair value measurements.

Contract value is the relevant measurement attribute for fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis of accounting. Dividends are recorded on the ex-dividend date. Net appreciation in the value of investments includes gains and losses on investments bought and sold during the year as well as held during the year.

b1BANK EMPLOYEE RETIREMENT PLAN AND TRUST

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. Participant loans as of December 31, 2024 mature between 2025 and 2029, depending on the individual participant loan agreement. As of December 31, 2024 and 2023, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. For the year ended December 31, 2024, deemed distributions totaled \$32,492.

Risks and Uncertainties

The Plan provides for various investment options in any combination of selected funds and Bank stock held by the custodian. These funds are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with these funds, it is a least reasonably possible that changes in the values of these funds will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Expenses

The Bank may pay certain administrative expenses (i.e., custodian fees, fund fees, loan fees, recordkeeping fees, and other similar expenses) of the Plan. If such expenses are not paid by the Bank, they are paid out of Plan assets. Fees for certain transactions, such as withdrawals and loan processing, are charged directly to the account of the participant reporting such a transaction and included in administrative expenses. Investment related expenses are included in Net Appreciation in Value of Investments in the Statement of Changes in Net Assets Available for Benefits.

Note 3 – Plan Termination –

Although they have not expressed any intent to do so, the Bank has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become fully vested in their accounts.

Note 4 – Tax Status –

The Plan has adopted a non-standardized pre-approved profit sharing plan with CODA which received a favorable determination from the Internal Revenue Service on June 30, 2020. The Plan itself has not separately applied for recognition of tax-exempt status. However, the Plan administrator believes the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. With few exceptions, the Plan is no longer subject to income tax examinations for years prior to 2021.

b1BANKEMPLOYEE RETIREMENT PLAN AND TRUST

Note 5 – Fair Value Measurements –

The fair value measurement accounting literature provides a framework for measuring fair value. That framework provides a fair value hierarchy that provides the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels. Level 1 inputs to the valuation methodology are based on unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access. Level 2 inputs are based primarily on quoted prices for similar assets in active or inactive markets and/or based on inputs that are derived principally from or corroborated by observable market data by correlation or other means. Level 3 inputs are unobservable and are based on assumptions market participants would utilize in pricing the asset.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2024 and 2023.

Registered Investment Company Accounts: The registered investment company accounts (“RIAs”) are valued at the net asset value (“NAV”) of shares held by the Plan at year-end, based upon quoted market prices.

Common and Collective Trusts: The Common and Collective Trust accounts (“CCTs”) are valued at the NAV held by the Plan at year-end, based upon quoted market prices, when available. Due to the unique investments that may be allowed in these funds, use of the NAV is a practical expedient for measuring these funds at fair value and the accounts are excluded from the Fair Value disclosure table below.

Employer Stock: The employer stock is an account comprised of common stock of Business First Bancshares, Inc and short term investments. The fair value of the fund is derived from the fair value of the common stock based on quoted market prices in an active market.

Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

b1BANKEMPLOYEE RETIREMENT PLAN AND TRUST

The following table sets forth the level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

*Certain investments that were measured at net asset value per share ("NAV") practical expedient of the fund have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

b1BANK EMPLOYEE RETIREMENT PLAN AND TRUST

The following tables summarize investments measured at fair value based on NAV per share practical expedient as of December 31, 2024 and 2023.

- (a) These investments seek to provide high total investment return. The funds invest in a portfolio of equity, debt and money market securities.

NOTE 6 - Fully Benefit-Responsive Investment Contract

In October 2020, the Plan entered into a benefit-responsive investment contract with Great-West Life & Annuity Insurance Company (GWI), specifically the Group Unallocated Fixed Deferred Annuity contract (the "Contract"). The Contract, a traditional guaranteed investment contract, maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by GWI. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The guaranteed interest contract issuer is contractually obligated to repay the principal and interest earned at a specified interest rate that is guaranteed to the Plan.

The guaranteed investment contract is fully benefit-responsive, and as such contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest contract. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

b1BANKEMPLOYEE RETIREMENT PLAN AND TRUST

The fair value of the investment contract was \$2,295,942 and \$2,602,091 at December 31, 2024 and 2023, respectively. The average crediting interest rate is calculated by dividing the annual interest credited to the participants during the plan year by the average annual fair value of the investment. The separate account guaranteed interest contract does not allow the crediting interest rate below zero percent.

<u>Average Yields</u>	<u>2024</u>	<u>2023</u>
Based on actual earnings	1.38%	1.15%
Based on interest rate credited to participants	1.45%	1.30%

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) complete or partial termination of the Plan, (2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including offering a competing fund (a fund with similar investment strategies and assets as the Contract) without the approval of GWI. The guaranteed interest contract permits contract termination with sufficient notice or with other violations of the contractual terms. The Plan administrator does not believe that any events have occurred which would limit the Plan's ability to transact at contract.

Note 7 – Party-In-Interest Transactions –

A portion of the Plan's assets are invested in Business First Bancshares, Inc. stock, the parent company of the Plan Sponsor, for which Reliance Trust serves as the independent fiduciary for the common stock fund. The Plan also holds notes receivable representing participant loans. Empower Advised Group, LLC & Empower Annuity Insurance Company of America ("Empower") serves as investment manager for the Plan and Empower is also the plan's recordkeeper, respectively. Gallagher Benefits Services serves as investment advisor for the Plan. Sentinel Pension and Payroll provides administration and accounting services to the Plan. The Plan Sponsor also pays directly, certain administrative expenses of the Plan. All of these transactions qualify as party-in-interest transactions. The Plan Sponsor believes that all of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 8 – Subsequent Events –

On October 1, 2024, Business First Bancshares, Inc., parent bank holding company of b1BANK, the plan sponsor completed the acquisition of Oakwood Bancshares, Inc. ("Oakwood"), the holding company for Oakwood Bank, located in the Dallas, Texas region. Effective May 6, 2025, \$4,274,381 of plan assets including \$130,596 from Oakwood's retirement plan, Oakwood Bank 401(k) Plan, were transferred to and merged into the Plan.

The Plan has evaluated subsequent events through June 20, 2025, the date the financial statements were available to be issued, and have determined that no additional disclosures are required.
