INDEPENDENT AUDITOR'S REPORT

To the Plan Administrative Committee and Trustees
Country/IAA 401(k) Plan
Bloomington, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Country/IAA 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Country/IAA 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution, COUNTRY Trust Bank, as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Country/IAA 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Country/IAA 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Country/IAA 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Country/IAA 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule (Schedule 1) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

COUNTRY/IAA 401(K) PLAN
Notes to the Financial Statements
December 31, 2024 and 2023

1. Description of Plan

The following description of the Country/IAA 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General – The Plan, under Internal Revenue Code Section 401(k), is a defined contribution plan, originally effective January 1, 1990, covering substantially all of the employees of CC Services, Inc. (CCSI), Illinois Agricultural Auditing Association, and Illinois Agricultural Association (IAA). Effective April 1, 2014, the Plan was amended to remove Illinois Agricultural Auditing Association as an eligible employer. The sponsor of the Plan is CCSI. The Plan is subject to the provisions of the Department of Labor’s (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA).

Employees, other than temporary employees, are eligible to participate in the Plan immediately upon employment. “Special class” employees, who derive a substantial portion of their income from affiliate Country Farm Bureaus, are also immediately eligible to participate upon employment. Temporary employees are eligible to participate in the Plan upon reaching 21 years of age with one year and 1,000 hours worked. The Plan excludes employees who are members of a collective bargaining unit, those defined to be employee agents or financial representatives, leased employees, independent contractors, and those working as part of a third-party agreement with the Company.

Contributions – Each year, participants in the Plan may elect to defer compensation on a pre-tax or Roth basis (beginning January 1, 2021), as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified Plans. Participants direct the investment of these contributions into various investment options offered by the Plan. As of December 31, 2024, the Plan offered mutual funds and money market funds as investment options for participants.

Participant contributions can vary from a minimum of 2 percent to a maximum of 100 percent (effective June 1, 2022, replacing the previous maximum of 75 percent) of compensation as established by the committee appointed to administer the Plan. Eligible employees are automatically enrolled in the Plan at 2 percent of eligible compensation 60 days following employment unless an affirmative election to participate (or not) is received. Automatic enrollments escalate by 1 percent annually on the anniversary date and are capped at 10 percent of eligible compensation.

Company contributions are made at the option of management. For December 31, 2024 and 2023, management elected to make a matching contribution equal to 50 percent of the first 6 percent of compensation that a participant contributes to the Plan for a maximum equal to 3 percent of compensation, or \$1,200 if a “special class” employee as defined by the Plan. The matching percentage and annual limit may be increased by action of the Board of Directors of the Plan Sponsor or of the committee appointed to administer the Plan.

Effective January 1, 2021, management elected to make an enhanced benefit matching contribution for participants not eligible to participate in the Group Retirement Income Plan Number 10 with three months of employment and at least one hour of service. The enhanced benefit matching contribution is equal to 50 percent of the first 4 percent of compensation that a participant contributes to the Plan for a maximum equal to 4 percent of compensation. An additional enhanced benefit non-elective contribution of 4 percent of compensation is made to participants employed at year end that are not eligible to participate in the Group Retirement Income Plan No. 10 with three months of employment and at least 501 hours of service.

Additionally, under Section 401(k), special employer contributions can be made at the election of the Board of Directors of any employer participating in the Plan. No such contributions were made in 2024 or 2023.

The maximum contribution to the Plan in any year is subject to limits imposed by the Internal Revenue Code (IRC) and Income Tax Regulations.

Participant Accounts – Each participant’s account is credited with the participant’s contribution, if any, and allocation of (a) the Company’s contribution including any investment management fees, revenue sharing, or other income derived from Plan assets in excess of reasonable Plan expenses in a Plan Year, and (b) Plan earnings or losses. Allocations are based on participant earnings, account balances, or other participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting – Participants are immediately vested in employee contributions and the standard employer match plus actual earnings thereon.

Participants are 100 percent vested in the enhanced benefit employer matching contributions and the enhanced benefit employer non-elective matching contributions after three years of service or upon attaining normal retirement age.

Investment of Accounts – All of the contributions are held in trust and are invested in the investment funds provided by the Plan. The contributions are administered for the exclusive benefit of participants and beneficiaries by the investment custodian. The Plan Sponsor has entered into an agreement with the investment custodian governing the maintenance of the trust. The assets of the Plan are valued on a daily basis.

Plan Administration – The Plan is administered by the Country/IAA 401(k) Plan Administrative Committee which is appointed by the Plan’s Sponsor. The Committee serves without compensation.

Notes Receivables from Participants – Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 (reduced by the excess, if any, of the participant’s highest outstanding note balance during the one-year period ending on the day before the date on which such note is made over the participant’s outstanding balance of notes on the date such note was made) or 50 percent of the participant’s vested balance. The participant may have only one outstanding loan at a time. The minimum amount of a loan is \$1,000. Note terms range from one to 5 years and up to 10 years for the purchase of a primary residence. The notes are secured by the balance in the

participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits – On termination of service, for any reason, an employee will receive a lump-sum amount equal to the value of the participant's account or an installment payout as per the provisions of the Plan and/or participant direction. The Plan provides for an automatic lump sum distribution of account balances of \$1,000 or less. The Plan also allows for financial hardship withdrawals of all or part of the participant's elective deferral or rollover contributions, excluding any earnings thereon, if the participant can prove financial hardship and is unable to meet their financial needs another way. The Plan allows for in-service distributions from all account balances if the participant has attained age 59 ½. Rollover contributions may be withdrawn at any time.

Forfeited Accounts – Forfeited amounts, if any, are used to reduce employer contributions made during the plan year. The Plan had \$188,864 and \$110,691 forfeitures at December 31, 2024 and 2023, respectively. The Company utilized \$165,115 of forfeitures to reduce the employer contributions during the year ended December 31, 2024.

2. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Cash – Cash held by the Plan represents cash temporarily held for the purpose of satisfying pending trades.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as deemed distributions based upon the terms of the Plan document.

Payment of Benefits – Benefits are recorded when paid for financial statement purposes.

Investment and Administrative Expenses – The Plan’s expenses are paid either by the Plan or the employers, as provided by the Plan document. Expenses paid directly by the employers are excluded from these financial statements. Certain fees are charged to the Plan for services provided by the investment custodian of the Plan and are netted with investment earnings.

Revenue Sharing Credits – Plan expenses paid by the Plan are first offset by revenue sharing credits or other income received from Plan assets. To the extent revenue sharing credited to the Plan exceeds plan expenses and any applicable thresholds, such amounts will be allocated to participant accounts as additional investment earnings. No revenue sharing credits were allocated to participants in 2024 and 2023.

Subsequent Events – The Plan has evaluated subsequent events through June 18, 2025, the date on which the financial statements were available to be issued.

3. Information Certified by COUNTRY Trust Bank, the Investment Custodian

Certain information, as noted below, related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments, notes receivable from participants held, and due from brokers – securities sold, due to brokers – securities purchased (as applicable), as of December 31, 2024 and 2023, net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2024 and 2023, was obtained by management and agreed to or derived from the information certified as complete and accurate by COUNTRY Trust Bank, investment custodian of the Plan.

4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820-10 establishes a framework for measuring fair value under generally accepted accounting principles. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1 Inputs to the valuation methodology are based on unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2024.

The following is a description of the valuation methodologies used for assets measured at fair value:

- *Mutual Funds*: Valued at quoted market prices, which represent the net asset value of shares held by the Plan. Several of the Plan's mutual fund investments are subject to various holding period restrictions as imposed by the mutual fund companies.
- *Money Market Fund*: Valued at the total of invested deposits plus earnings thereon, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<i>Assets Included in the Fair Value Hierarchy:</i>				
Mutual Funds	\$ 1,075,109,699	\$ -	\$ -	\$ 1,075,109,699

Total Investments, at Fair Value	<u>\$ 1,138,838,936</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,138,838,936</u>

The following table sets forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<i>Assets Included in the Fair Value Hierarchy:</i>

Total Investments, at Fair Value	<u>\$ 999,835,704</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 999,835,704</u>

5. Administrative Expenses and Party-In-Interest Transactions

A transaction with a Plan service provider or a participant of the Plan qualifies as a party-in-interest transaction. Service provider fees, either directly or indirectly paid by the Plan, are paid to the investment custodian, investment advisor, and record keeper. Of these fees, \$93,503 and \$86,271 for 2024 and 2023, respectively, are included in administrative expenses on Exhibit B. Other investment fees are netted with investment earnings. Certain expenses incurred in the administration of the Plan were also paid by the Plan sponsor.

Notes receivable from participants are considered to be both party-in-interest and a related-party transaction.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, all of the interests of the participants would be fully vested and nonforfeitable.

7. Tax Status

The Plan obtained its latest determination letter on August 15, 2013, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended and restated since receiving this determination letter, the plan administrator and the pre-approved plan provider believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, and other such techniques. Due to the level of risk associated with certain investment securities and the valuation techniques used for these investments, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
