## INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants  
Table Talk Pies, Inc. Retirement Savings Plan:

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Table Talk Pies, Inc. Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 (in liquidation) and 2023 (ongoing), and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Table Talk Pies, Inc. Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 (in liquidation) and 2023 (ongoing), and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Table Talk Pies, Inc. Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Table Talk Pies, Inc. Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Table Talk Pies, Inc. Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Table Talk Pies, Inc. Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter—Supplemental Schedule Required by ERISA**

The supplemental schedule of assets in liquidation (held at year end) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# TABLE TALK PIES, INC. RETIREMENT SAVINGS PLAN

## NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2024 (IN LIQUIDATION) AND 2023 (ONGOING)

---

### 1. DESCRIPTION OF THE PLAN

The following description of the Table Talk Pies, Inc. Retirement Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

**General** – The Plan is a defined contribution plan established on January 1, 1993 covering all employees of Table Talk Pies, Inc. (the “Company”) who have reached the age of twenty-one and completed three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Management is responsible for the oversight of the Plan, determining the appropriateness of the Plan’s investment offerings and monitoring investment performance.

In May 2024, the Plan merged in the balance of the A&V Carries, Inc. 401(k) Plan.

**Plan Termination** - Effective June 14, 2024, coinciding with the Rise Baking Company acquisition of Table Talk Pies, Inc., the Table Talk Pies, Inc. Retirement Savings Plan was terminated and all participants became 100% vested in their respective employer contribution account balances. The Plan’s termination also ceased employee and employer contributions into the Plan and ceased new notes receivable from participants from the Plan. The Company plans to distribute any remaining funds in 2025.

**Contributions** – Each year, participants may contribute up to 60% of compensation to the maximum allowed by the Internal Revenue Code (the “Code”). The Company makes a non-discretionary matching contribution of 50% of the participant’s elective deferral contribution for the Plan year, up to 10% of the participant’s eligible compensation. The Plan allows participants who are projected to be age fifty or older by the end of the Plan year and who are making deferral contributions to the Plan to make catch-up contributions of up to \$7,500. The Company may make discretionary profit-sharing contributions, determined on an annual basis. In 2024 they made \$133,721 of discretionary match funded by the forfeitures. There were no additional discretionary contributions made to the Plan for the years ended December 31, 2023. All contributions are subject to certain limitations imposed by the Plan and the Code.

Effective January 1, 2024, the Plan was amended to change the Company’s non-discretionary matching contribution to a safe-harbor matching contribution of 100% of the first 3% and 50% of the next 2% of eligible participant compensation contributed to the Plan.

**Participant Accounts** – Individual accounts are maintained for each Plan participant. Each participant’s account is credited with the participant’s contribution, related employer-matching contribution, an allocation of the Company’s discretionary contributions, if any, and the participant’s share of Plan’s earnings and expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

**Investment Options** – Participants may direct their contributions to a variety of options, including a money market and mutual funds held at Fidelity Management Trust Company (“Fidelity”). These options offer various objectives and degrees of financial risk.

## 1. DESCRIPTION OF THE PLAN (CONTINUED)

**Notes Receivable from Participants** – Participants may borrow from their accounts a minimum of \$1,000 up to the lesser of \$50,000 or one-half of their vested account balance. Note terms range from one to five years, except for notes issued to purchase a primary residence, which may be offered over a term of up to ten years. The notes are secured by the balance in the participant’s account and bear interest at a rate, which professional lenders would charge, as determined by the Plan Administrator. The maximum amount of loans outstanding per participant at any one time is one. The outstanding notes currently bear interest at 5.25%. Principal and interest are paid ratably through payroll deductions.

**Vesting** – Participants are immediately vested in their deferral contributions and rollovers, including the earnings on these amounts. Participants are also fully vested upon reaching their normal retirement age, death or total disability. Vesting in the remainder of their accounts is based on years of continuous service, as follows:

Years of Service	Vesting Percentage
less than 3	0%
3 or more	100%

**Payment of Benefits** – Upon retirement, disability, death or termination of employment, the participant shall become entitled to the vested value of his or her account. The Plan also provides for in-service withdrawals for qualified participants. Distributions will be paid by lump sum or in installments over several years. Upon financial hardship, a participant may request an amount up to the value of any of his or her deferral accounts, but not the earnings thereon.

**Forfeited Accounts** – Forfeitures are used to reduce the Company’s administrative expenses or fund future employer contributions. Forfeited non-vested accounts totaled \$43,104 and \$168,500 as of December 31, 2024 and 2023, respectively. For the years ended December 31, 2024 forfeitures totaling \$133,721 were used to fund discretionary employer match contributions. For the year ended December 31, 2023, there were no forfeited non-vested accounts used to pay employer contributions. As the Plan liquidated, the Company will distribute the remainder of the forfeiture account to participants.

**Expenses** – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivables from participants are charged directly to the participant’s account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments. Administrative expense paid by the Plan to Fidelity or its affiliates totaled \$24,683 and \$11,090 for the years ended December 31, 2024 and 2023, respectively.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Basis of Accounting** – As a result of the resolution to terminate the Plan, the Plan's financial statements as of and for the year ended December 31, 2024 are reported on the liquidation basis of accounting in accordance with US GAAP. Under the liquidation basis of accounting, assets are stated at their net realizable cash value and liabilities are stated at their anticipated settlement amount. At December 31, 2024 the net realizable cash value of investments is fair value.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

*Use of Estimates* – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

*Payment of Benefits* – Benefit payments to participants are recorded when paid.

*Notes Receivable from Participants* – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the plan document. Interest income is recorded on the accrual basis.

*Investment Valuation and Income Recognition* – The Plan’s investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s Management determines the Plan’s valuation policies utilizing information provided by the investment advisers and trustees. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

*Risk and Uncertainties* – The Plan provides for various investment options. These investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain securities, it is at least reasonably possible that changes in the values of investments will occur in the near term, and those changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

## 3. INVESTMENT INFORMATION CERTIFIED BY FIDELITY MANAGEMENT TRUST COMPANY

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net change in fair value of investments, dividend income, and interest income on notes receivable from participants for the years ended December 31, 2024 and 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

## 4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

#### 4. FAIR VALUE MEASUREMENTS (CONTINUED)

- Level 2: Inputs to the valuation method include quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets and liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation method are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2024 and 2023.

*Mutual funds* – valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Money Market funds* – valued at the daily closing price as reported by the fund. Money Market funds held by the Plan are invested in at least 99.5% of the fund's total assets in cash, U.S. Government securities and repurchase agreements that are fully collateralized. The money market funds held by the plan are deemed actively traded.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money market funds	\$ 62,555	\$ -	\$ -	\$ 62,555

Total investments at fair value	<u>\$ 7,318,488</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 7,318,488</u>

## 5. INCOME TAX STATUS

Effective January 15, 2021, the Plan adopted a non-standardized pre-approved Profit Sharing plan document sponsored by Fidelity, which has been determined by the Internal Revenue Service, in an opinion letter dated June 30, 2020, to be in accordance with applicable sections of the Internal Revenue Code (the Code). The plan administrator believes the Plan is designed and currently being operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## 6. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of money market and mutual funds managed by affiliates of Fidelity. Fidelity is the recordkeeper, custodian and trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

## 7. RECONCILIATION OF FINANCIAL STATEMENTS TO 5500
