## **Independent Auditor's Report**

June 26, 2025

To the Plan Administrator and Plan Participants  
of the Omega Flex, Inc. 401(k) Profit Sharing Plan:

### **Opinion on the 2024 Financial Statements**

We have audited the accompanying financial statement of the Omega Flex, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Omega Flex, Inc. 401(k) Profit Sharing Plan as of December 31, 2024, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinion on the 2024 Financial Statements**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Omega Flex, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Responsibilities of Management for the 2024 Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Omega Flex, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Independent Auditor's Report**

(Continued)

### **Auditor's Responsibilities for the Audit of the 2024 Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Omega Flex, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Omega Flex, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.
- We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedule Required by ERISA**

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**Supplemental Schedule Required by ERISA (Continued)**

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**Prior Period Financial Statements**

The financial statements of Omega Flex, Inc. 401(k) Profit Sharing Plan as of and for the year ended December 31, 2023 were audited by other auditors whose report dated June 27, 2024 expressed an unmodified opinion on those statements.

**1. Plan Description**

*(a) Organization*

The Omega Flex, Inc. 401(k) Profit Sharing Plan (the “Plan”) is a defined contribution plan and was established effective January 1, 2005 for the benefit of employees of Omega Flex, Inc. (“Omega Flex” or “the Company”) and employees of its participating subsidiaries. The Plan was amended and restated effective October 8, 2021.

Under the terms of a trust agreement the Plan assets are held by Empower Trust Company, LLC (see Note 5). The Plan Administrator, as defined in the Plan document, has full authority to control and manage the operation and administration of the Plan.

The following description of the Plan provides only general information. Participants in the Plan should refer to the Plan document for a more complete description of the Plan’s provisions.

Substantially all employees of the Company and its domestic subsidiaries are eligible to participate, subject to the terms of the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”) and the Internal Revenue Code (the “IRC” or the “Code”).

*(b) Participants’ Contributions – 401(k) Account*

Participating employees may contribute to the Plan after the first of the month following the beginning of their employment with the Company. Participants are subject to automatic enrollment if no contrary election is made. The automatic deferral percentage is 3% of eligible compensation, increasing by 1% annually on the first day of the Plan year up to a maximum of 6%, unless otherwise elected by the participant. Contributions are made through payroll deductions which may range from 1% to 50% (subject to Code limitations) of such participant’s earnings, as defined, on a before-tax basis. On December 31, 2023, the Plan was amended to provide employee contributions the option to be designated as Roth contributions commencing in January 2024 (see Note 9).

Participants who are at least age 50 or older during a Plan year may make an additional “catch-up contribution” up to a specified dollar amount on a before-tax basis (subject to Code limitations).

The Plan accepts eligible rollover contributions from participants. If a participant has been a participant in another qualified plan, such participants may transfer his or her eligible account balance into the Plan.

*(c) Company Contributions – 401(k) Account*

To be eligible for a Company matching contribution, a participant must have completed one year of service.

The employer match formula is 50% of elective deferrals up to a maximum of 6% of eligible compensation per Plan year.

*(d) Company Contributions – Profit Sharing Account*

On an annual basis, the Company determines whether to make a discretionary profit sharing contribution to each eligible participant’s account (eligible participant is an employee that has completed one year of service), and determines the amount of such contribution. To receive the profit sharing contribution for a given year, a participant must work at least 1,000 hours of service, as defined, during the Plan year. Participants must be employed by the Company on the last day of the year to be eligible for the profit sharing contribution.

**Notes to the Financial Statements**  
**As of and For the Years Ended December 31, 2024 and 2023**

---

**Plan Description (continued)**

For the years ended December 31, 2024 and 2023, the Company made a profit sharing contribution of 3% of each eligible participant's compensation, to a maximum of \$345,000 and \$330,000 for 2024 and 2023, respectively. For those participants who had compensation above the Social Security Wage Base, as defined (\$168,600 for 2024 and \$160,200 for 2023), an additional contribution of 3% of compensation was also made on compensation in excess of the Social Security Wage Base (i.e. for 2024, a 6% contribution on compensation between \$168,600 and \$345,000, and for 2023, a 6% contribution on compensation between \$160,200 and \$330,000). Profit sharing contributions totaled \$472,975 for the year ended December 31, 2024 and \$474,226 for the year ended December 31, 2023.

For purposes of participant contributions and Company contributions, compensation is defined by the Plan document.

*(e) Participant Accounts*

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions, Plan earnings (losses) and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

*(f) Vesting*

Participant contributions and rollover contributions, and earnings or losses thereon are fully vested at all times. Company contributions and earnings or losses thereon are vested as follows:

<b>Number of Years of Credited Service</b>	<b>Vesting Percentage</b>
Less than 1 year	0%
1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

A participant becomes 100 percent vested upon death, disability or retirement.

*(g) In-Service and Hardship Withdrawals*

While a participant is employed with the Company, a participant may make withdrawals in cash of amounts applicable to participant and employer contributions and gains or losses thereon, subject to certain restrictions. A participant can take hardship withdrawals (for certain medical expenses, purchase of a principal residence, tuition payment for post-secondary education, payments to prevent eviction from a primary residence, expenses to repair a primary residence and expenses for disasters arising from federally declared disaster) as defined in the Plan document. Participant before-tax and Roth contributions and vested Company contributions can be withdrawn after attainment of age 59 1/2.

*(h) Benefit Payments*

A participant's account balance under the Plan may be distributed upon retirement in one of three ways (as defined by the Plan document): lump-sum distribution, in monthly installments, or partial distributions as elected (subject to limits imposed by the IRC).

**Omega Flex, Inc. 401(k) Profit Sharing Plan**  
**Notes to the Financial Statements**  
**As of and For the Years Ended December 31, 2024 and 2023**

---

**Plan Description (continued)**

Upon death, disability or termination of employment, a participant (or the participant's beneficiary) may elect to receive a lump-sum distribution equal to the participant's vested account balance. If a participant terminates employment and the participant's account balance does not exceed \$7,000 (\$5,000 prior to modification allowed by the SECURE 2.0 Act of 2022), the Plan administrator may authorize the benefit payment without the participant's consent. In circumstances when a terminated participant has a vested account balance less than \$1,000, the participant's vested account balance shall be distributed in a lump sum. In circumstances when a terminated participant has a vested account balance greater than \$1,000 but less than \$7,000 (\$5,000 prior to modification allowed by the SECURE 2.0 Act of 2022), if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the Plan administrator will pay the distribution in a direct rollover to an individual retirement account designated by the Plan administrator.

*(i) Notes Receivable from Participants*

An eligible participant may generally borrow up to 50 percent of the value of his or her vested account balance, subject to a minimum of \$1,000 and a maximum of \$50,000 reduced by the excess of the participant's highest outstanding participant loan balance during the 12 previous months over the newly initiated loan balance. Loans for the purchase of a "principal residence" must be repaid in one to twenty years, at the participant's option. Loans for all other purposes must be repaid in one to five years, at the participant's option. These loans are made at the prevailing market interest rates equal to prime rate plus one percent. For 2024 and 2023, the applicable loan rates ranged from 4.25% to 9.50%, respectively. No more than one loan from the Plan to a participant shall be permitted at any time. All principal and interest payments made by the participant are credited back to the participant's account.

*(j) Plan Expenses*

The Company or the Plan currently pays administrative expenses of the Plan, with the exception of certain investment fees, withdrawal fees and loan origination fees. However, the Company has the right to charge future expenses to the Plan.

**2. Summary of Significant Accounting Policies**

*(a) Basis of Presentation*

The accompanying financial statements have been prepared on the accrual basis in conformity with accounting principles generally accepted in the United States of America ("GAAP").

*(b) Use of Estimates*

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities as of the date of the financial statements and the reported amounts of additions and deductions during the reporting periods. These estimates include the fair values of investments. Actual results could materially differ from those estimates.

*(c) Investment Valuation and Income Recognition*

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments consists of the realized gains or losses and the unrealized appreciation or depreciation of those investments.

**Notes to the Financial Statements**  
**As of and For the Years Ended December 31, 2024 and 2023**

---

**Summary of Significant Accounting Policies (continued)**

*(d) Notes Receivable from Participants*

Notes receivable from participants (participant loans for Form 5500 reporting purposes) are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

*(e) Risks and Uncertainties*

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

*(f) Contributions*

Salary deferral contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation. Employer profit sharing contributions are determined by the Company on an annual basis based on the formula describe in Note 1 to the financial statements and are recorded in the year in which the underlying compensation is earned.

*(g) Payment of Benefits*

Benefits are recorded when paid.

*(h) Forfeitures*

Forfeitures of terminating participants are used to reduce Company contributions or to pay Plan expenses. As of December 31, 2024 and 2023, there were \$6,037 and \$10,677, respectively, in forfeitures available to reduce Company contributions or to pay Plan expenses. For the year ended December 31, 2024, \$15,018 was used to reduce the Company's contributions and \$0 was used to pay Plan expenses. For the year ended December 31, 2023, \$47,244 was used to reduce the Company's contributions and \$0 was used to pay Plan expenses. In March 2025, \$8,498 of forfeitures were used to reduce the Company's 2024 matching contributions.

**3. Investments and Fair Value Measurements**

The Plan applies FASB ASC 820, *Fair Value Measurement* ("ASC 820"). FASB ASC 820 provides a framework for measuring fair value and the disclosures about fair value measurements of assets and liabilities. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

**Omega Flex, Inc. 401(k) Profit Sharing Plan**  
**Notes to the Financial Statements**  
**As of and For the Years Ended December 31, 2024 and 2023**

**Investments and Fair Value Measurements (continued)**

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of December 31, 2024 and 2023.

*Registered investment companies:* Valued at the daily closing price as reported by the fund. Registered investment companies (mutual funds and money market fund) held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The mutual funds and money market fund held by the Plan are deemed to be actively traded.

*Collective investment fund:* Valued at the net asset value (NAV) or equivalent based on units of the collective investment fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the collective investment fund less its liabilities. This practical expedient is not used when it is determined to be probable that the collective investment fund will sell the investment for an amount different than the reported NAV.

*Omega Flex, Inc. stock:* Common stock is traded on a national exchange and is valued at the last reported sales price on the last business day of the Plan year.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023.

Description	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total

**Notes to the Financial Statements**  
**As of and For the Years Ended December 31, 2024 and 2023**

**Investments and Fair Value Measurements (continued)**

Description	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 26,011,963	\$ -	\$ -	\$ 26,011,963

Investments measured at NAV (a)				504,158
Investments at fair value				<u>\$ 26,986,423</u>

(a) In accordance with Subtopic 820-10 as amended by ASU 2015-07, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The Company evaluates the significance of various inputs to assess the appropriate classification of the Plan's investments within the fair value hierarchy. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. Transfers between levels are evaluated for their significance based upon the nature of the investments and size of the transfer relative to the net assets available for benefits. For the years ended December 31, 2024 and 2023, there were no transfers between levels within the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as of December 31, 2024:

<u>Investment</u>	<u>Fair Value</u>	<u>Unfunded Commitment</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Collective investment fund	\$ 226,434	\$ -	Daily	Daily

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as of December 31, 2023:

<u>Investment</u>	<u>Fair Value</u>	<u>Unfunded Commitment</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Collective investment fund	\$ 504,158	\$ -	Daily	Daily

The JP Morgan Stable Asset Income Fund (the "Stable Asset Fund"), a collective investment fund, seeks to provide capital preservation, liquidity, and current income levels that are typically higher than those provided by money market funds. The Stable Asset Fund provides liquidity on a daily basis for Plan permitted, participant-directed activity. Participants may not withdraw funds from the Stable Asset Fund for investment into options deemed to be competing with the Stable Asset Fund. Participant transfers from the Stable Asset Fund to a non-competing fund must remain in a non-competing fund for a period of ninety days before a transfer to a competing fund may be made. The Stable Asset Fund is redeemable at NAV under agreements with the underlying fund. Generally, requests for complete or partial withdrawals that are not for participant-directed activity must be given to the trustee of the Stable Asset Fund in writing one year prior to the withdrawal. However, it is possible that these redemption rights may be restricted by the fund in the future in accordance with underlying fund agreement.

**As of and For the Years Ended December 31, 2024 and 2023**

---

**Investments and Fair Value Measurements (continued)**

Due to the nature of the investments held by the investment vehicles, changes in market conditions and the economic environment could have significantly impacted the NAV of the investment vehicles, and consequently, the fair value of the Plan's interest in the investment vehicles. Furthermore, changes in the liquidity provisions of the funds could have significantly impacted the fair value of the Plan's interest in the investment vehicles.

**4. Omega Flex, Inc. Stock Fund**

All fund options within the Plan are intended to be participant directed, which means that each participant may invest his or her contributions, and any Company matching and profit sharing contributions in any one of the investment funds offered under the Plan from time to time. In addition to a number of funds offered by the Plan trustee, participants may elect to invest a portion of their contributions in an Omega Flex, Inc. stock fund that invests primarily in the common stock of Omega Flex, Inc. The Omega Flex, Inc. stock fund also includes the Fidelity Money Market Treasury Portfolio fund to provide liquidity. As of December 31, 2024 and 2023, the Plan held \$298,029 and \$470,302, respectively, of Omega Flex, Inc. common stock and \$8,856 and \$10,984, respectively, of Fidelity Money Market Treasury Portfolio fund in the Omega Flex, Inc. Stock Fund.

**5. Related Party Transactions**

The Omega Flex, Inc. Stock Fund holds shares of Omega Flex, Inc. common stock. The Plan also permits notes receivable from participants. The Plan invests in registered investment companies and a collective investment fund managed by J.P. Morgan. Reliance Trust Company served as trustee through April 24, 2023, Empower Trust Company, LLC was named trustee effective April 24, 2023, and J.P. Morgan and Empower Institutional, an affiliate of Empower Trust Company, LLC, perform plan advisory and recordkeeping services. These transactions qualify as party-in-interest transactions.

The Plan's service providers receive revenue from mutual fund service providers for services provided to the funds. This revenue may be used to offset certain amounts owed to these providers for administrative services provided to the Plan. If the revenue received by the service providers from such mutual fund service providers exceeds the amount owed as agreed to by the service providers and the Plan for administrative services, the service providers or their affiliates are to remit the excess to the Plan. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants.

For the years ended December 31, 2024 and 2023, approximately \$52,000 and \$45,000, respectively, of revenue from mutual fund service providers was deposited into the Plan and is recorded as part of the net appreciation in fair value of investments on the statements of changes in net assets available for benefits. The Plan or Plan Sponsor may make a payment to service providers or their affiliates for administrative expenses not covered by revenue sharing. For the years ended December 31, 2024 and 2023, amounts of approximately \$937 and \$0, respectively, were utilized to pay expenses. For the years ended December 31, 2024 and 2023, approximately \$52,000 and \$45,000, respectively, were credited directly to participant accounts. As of December 31, 2024, and 2023, there was approximately \$16,000 and \$17,000, respectively, in unallocated revenue sharing accounts available to pay Plan expenses and/or to allocate to participants.

**6. Plan Termination**

The Plan has no termination date and it is the Company's current intention to continue the Plan indefinitely. However, the Company may terminate, amend, modify or suspend the Plan at any time subject to the provisions of ERISA. In the event of a plan termination, participants would become fully vested in the balance of their accounts and the Plan assets would be distributed in accordance with the terms of the Plan.

**7. Tax Status of the Plan**

The Plan was amended and restated effective October 8, 2021, with the adoption of a Great-West Trust Company LLC defined contribution preapproved plan. The defined contribution preapproved plan received a favorable opinion letter from the Internal Revenue Service (“IRS”) on June 30, 2020. The opinion letter stated that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2021.

**8. Excess Contributions Payable**

Contributions received from participants for 2024 and 2023 are net of payments of \$22,333 and \$721, respectively, made in 2025 and 2024, respectively to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. These amounts are also included in the Plan’s statements of net assets available for benefits as excess contributions payable as of December 31, 2024 and 2023, respectively.

**9. Plan Amendments**

Effective April 24, 2023, the Plan sponsor removed Reliance Trust Company as trustee of the Plan and appointed Empower Trust Company, LLC as the trustee of the Plan.

On December 31, 2023, the Plan was amended to provide employee contributions the option to be designated as Roth contributions commencing in January 2024.
